The Provision of Consultancy Services of an International Substation Engineer in Suleimaniyah - Iraq

Background:

The Government of Republic of Iraq received an ODA loan from Japan International Cooperation Agency (JICA) in the amount of 14,747 million Japanese Yen towards the cost of Electricity Sector Reconstruction Project in Kurdistan Region on June 11, 2008. Kurdistan region consists of 3 Governorates; Erbil, Sulaimaniyah and Dohuk. The Regional Ministry of Electricity in Kurdistan Region (RMEK) is the implementing agency of this project. The project consists of five subprojects as described in the below table;

Sub Project	Description of the subproject
1	Procurement, delivery and commissioning of Testing Equipment for Substations for the 3 Governorates
2	Procurement, delivery, installation and commissioning of (132/33kV, 132/11kV and 33/11kV) Mobile Substations for the 3 Governorates
3	Procurement, delivery, installation and commissioning of equipment for Distribution network rehabilitation for the 3 Governorates
4	Construction of a 132/33 kV, 2x63MVA Substation in Sulaimaniyah Governorate
5	Construction of 132kV line from Sulaimaniyah to Chwarta Substation

UNDP-Iraq has signed an agreement with RMEK to provide technical assistance for procurement of equipment and installation under the above subprojects as well as the supervision and monitoring of the above equipment delivery, installation, commissioning and acceptance. Under the same agreement with RMEK, UNDP-Iraq is responsible for preparation of bidding documents, awarding of turnkey contracts and to manage them as the owner's engineer for construction of a new 132/33kV substation (SS) and a 132kV transmission line in Sulaimaniyah Governorate.

UNDP intends to obtain services of an International Substation Engineer (ISE) through an international Consulting Company for a period of one year (renewable) to assist the Project Team in implementation of the subproject 4 (Construction of a 132/33 kV, 2x63MVA Substation in Sulaimaniyah Governorate).
