

INVITATION TO BID

ITB-032/17

**Renovation of Al-Eqtedar and Al-Bahja schools in Al-Khalis District,
Diyala Governorate, Iraq**

Iraq

United Nations Development Programme

February 2017

Section 1. Letter of Invitation

Erbil, Iraq
01 February, 2017

ITB-032/17 – Renovation of El-Eqtedar and Al-Bahja schools in Al-Khalis District, Diyala Governorate, Iraq

Dear Sir/Madam

The United Nations Development Programme (UNDP) hereby invites you to submit a Bid to this Invitation to Bid (ITB) for the above-referenced subject.

This ITB includes the following documents:

- Section 1 – This Letter of Invitation
- Section 2 – Instructions to Bidders (including Data Sheet)
- Section 3 – Scope of Works
- Section 4 – Bid Submission Form
- Section 5 – Documents Establishing the Eligibility and Qualifications of the Bidder and Joint Venture;
- Section 6 – Technical Bid Form
- Section 7 – Price Schedule Form - Bill of Quantities (BOQs);
- Section 8 - Drawings
- Section 9 – Form for Performance Security
- Section 10 – Form for Bid Security
- Section 11 – General Terms and Conditions for Civil Work

Your offer, comprising of a Technical Bid and Price Schedule, together in a sealed envelope, should be submitted in accordance with Section-2, latest by: **15th February by 1400 hours**.

The bidders are required to conduct the physical site visit for complete understanding of Scope of Work prior sending the formal bid to UNDP. The site visit will be conducted on **6th February, 2017 between 10:00am till 12:00pm**

Focal Person: Eng. Emad Nayeem Chiad
Mobile: 0770 552 89 13

Should you require any clarification, kindly communicate with the contact person identified in the attached Data Sheet as the focal point for queries on this ITB.

UNDP looks forward to receiving your Bid and thanks you in advance for your interest in UNDP procurement opportunities.

Yours sincerely,

Mohammedsiddig Mudawi
Operations Manager- Head of Operations Service Cente

Section 2: Instruction to Bidders

Definitions

- a) *"Bid"* refers to the Bidder's response to the Invitation to Bid, including the Bid Submission Form, Technical Bid and Price Schedule and all other documentation attached thereto as required by the ITB.
- b) *"Bidder"* refers to any legal entity that may submit, or has submitted, a Bid for the supply of goods and provision of related services requested by UNDP.
- c) *"Contract"* refers to the legal instrument that will be signed by and between the UNDP and the successful Bidder, all the attached documents thereto, including the General Terms and Conditions (GTC) and the Appendices.
- d) *"Country"* refers to the country indicated in the Data Sheet.
- e) *"Data Sheet"* refers to such part of the Instructions to Bidders used to reflect conditions of the tendering process that are specific for the requirements of the ITB.
- f) *"Day"* refers to calendar day.
- g) *"Goods"* refer to any tangible product, commodity, article, material, wares, equipment, assets or merchandise that UNDP requires under this ITB.
- h) *"Government"* refers to the Government of the country where the goods and related services provided/rendered specified under the Contract will be delivered or undertaken.
- i) *"Instructions to Bidders"* refers to the complete set of documents which provides Bidders with all information needed and procedures to be followed in the course of preparing their Bid
- j) *"ITB"* refers to the Invitation to Bid consisting of instructions and references prepared by UNDP for purposes of selecting the best supplier or service provider to fulfil the requirement indicated in the Schedule of Requirements and Technical Specifications.
- k) *"LOI"* (Section 1 of the ITB) refers to the Letter of Invitation sent by UNDP to Bidders.
- l) *"Material Deviation"* refers to any contents or characteristics of the bid that is significantly different from an essential aspect or requirement of the ITB, and (i) substantially alters the scope and quality of the requirements; (ii) limits the rights of UNDP and/or the obligations of the offeror; and (iii) adversely impacts the fairness and principles of the procurement process, such as those that compromise the competitive position of other offerors.
- m) *"Schedule of Requirements and Technical Specifications"* refers to the document included in this ITB as Section 3 which lists the goods required by UNDP, their specifications, the related services, activities, tasks to be performed, and other information pertinent to UNDP's receipt and acceptance of the goods.

¹ Note: *this Section 2 - Instructions to Bidders shall not be modified in any way. **Any necessary changes to address specific country and project information shall be introduced only through the Data Sheet.***

- n) “Services” refers to the entire scope of tasks related or ancillary to the completion or delivery of the goods required by UNDP under the ITB.
- o) “Supplemental Information to the ITB” refers to a written communication issued by UNDP to prospective Bidders containing clarifications, responses to queries received from prospective Bidders, or changes to be made in the ITB, at any time after the release of the ITB but before the deadline for the submission of Bid.

A. GENERAL

1. UNDP hereby solicits Bids as a response to this Invitation to Bid (ITB). Bidders must strictly adhere to all the requirements of this ITB. No changes, substitutions or other alterations to the rules and provisions stipulated in this ITB may be made or assumed unless it is instructed or approved in writing by UNDP in the form of Supplemental Information to the ITB.
2. Submission of a Bid shall be deemed as an acknowledgement by the Bidder that all obligations stipulated by this ITB will be met and, unless specified otherwise, the Bidder has read, understood and agreed to all the instructions in this ITB.
3. Any Bid submitted will be regarded as an offer by the Bidder and does not constitute or imply the acceptance of any Bid by UNDP. UNDP is under no obligation to award a contract to any Bidder as a result of this ITB.
4. UNDP implements a policy of zero tolerance on proscribed practices, including fraud, corruption, collusion, unethical practices, and obstruction. UNDP is committed to preventing, identifying and addressing all acts of fraud and corrupt practices against UNDP as well as third parties involved in UNDP activities. (See [http://www.undp.org/about/transparencydocs/UNDP Anti Fraud Policy English FINAL june 20 11.pdf](http://www.undp.org/about/transparencydocs/UNDP%20Anti%20Fraud%20Policy%20English%20FINAL%20june%2011.pdf) and http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/ for full description of the policies)
5. In responding to this ITB, UNDP requires all Bidders to conduct themselves in a professional, objective and impartial manner, and they must at all times hold UNDP’s interests paramount. Bidders must strictly avoid conflicts with other assignments or their own interests, and act without consideration for future work. All Bidders found to have a conflict of interest shall be disqualified. Without limitation on the generality of the above, Bidders, and any of their affiliates, shall be considered to have a conflict of interest with one or more parties in this solicitation process, if they:
 - 5.1 Are, or have been associated in the past, with a firm or any of its affiliates which have been engaged UNDP to provide services for the preparation of the design, Schedule of Requirements and Technical Specifications, cost analysis/estimation, and other documents to be used for the procurement of the goods and related services in this selection process;
 - 5.2 Were involved in the preparation and/or design of the Programme/project related to the goods and related services requested under this ITB; or
 - 5.3 Are found to be in conflict for any other reason, as may be established by, or at the discretion of, UNDP.

In the event of any uncertainty in the interpretation of what is potentially a conflict of interest, Bidders must disclose the condition to UNDP and seek UNDP’s confirmation on whether or not

such conflict exists.

6. Similarly, the following must be disclosed in the Bid:

- 6.1 Bidders who are owners, part-owners, officers, directors, controlling shareholders, or key personnel who are family of UNDP staff involved in the procurement functions and/or the Government of the country or any Implementing Partner receiving the goods and related services under this ITB; and
- 6.4 Others that could potentially lead to actual or perceived conflict of interest, collusion or unfair competition practices.

Failure of such disclosure may result in the rejection of the Bid.

- 7. The eligibility of Bidders that are wholly or partly owned by the Government shall be subject to UNDP's further evaluation and review of various factors such as being registered as an independent entity, the extent of Government ownership/share, receipt of subsidies, mandate, access to information in relation to this ITB, and others that may lead to undue advantage against other Bidders, and the eventual rejection of the Bid.
- 8. All Bidders must adhere to the UNDP Supplier Code of Conduct, which may be found at this link: <http://web.ng.undp.org/procurement/undp-supplier-code-of-conduct.pdf>

B. CONTENTS OF BID

9. Sections of Bid

Bidders are required to complete, sign and submit the following documents:

- 9.1 Bid Submission Cover Letter Form (see ITB Section 4);
- 9.2 Documents Establishing the Eligibility and Qualifications of the Bidder (see ITB Section 5);
- 9.3 Technical Bid (see prescribed form in ITB Section 6);
- 9.4 Price Schedule (see prescribed form in ITB Section 7);
- 9.5 Bid Security, if applicable (if required and as stated in the DS nos. 9-11.
- 9.6 Any attachments and/or appendices to the Bid (including all those specified under the **Data Sheet**)

10. Clarification of Bid

- 10.1 Bidders may request clarification of any of the ITB documents no later than the number of days indicated in the **Data Sheet** (DS no. 16) prior to the Bid submission date. Any request for clarification must be sent in writing via courier or through electronic means to the UNDP address indicated in the **Data Sheet** (DS no. 17). UNDP will respond in writing, transmitted by electronic means and will transmit copies of the response (including an explanation of the query but without identifying the source of inquiry) to all Bidders who have provided confirmation of their intention to submit a Bid.
- 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner,

but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Bid, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Bid

- 11.1 At any time prior to the deadline for submission of Bid, UNDP may for any reason, such as in response to a clarification requested by a Bidder, modify the ITB in the form of a Supplemental Information to the ITB. All prospective Bidders will be notified in writing of all changes/amendments and additional instructions through Supplemental Information to the ITB and through the method specified in the **Data Sheet** (DS No. 18).
- 11.2 In order to afford prospective Bidders reasonable time to consider the amendments in preparing their Bid, UNDP may, at its discretion, extend the deadline for submission of Bid, if the nature of the amendment to the ITB justifies such an extension.

C. PREPARATION OF BID

12. Cost

The Bidder shall bear any and all costs related to the preparation and/or submission of the Bid, regardless of whether its Bid was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

13. Language

The Bid, as well as any and all related correspondence exchanged by the Bidder and UNDP, shall be written in the language (s) specified in the **Data Sheet** (DS No. 4). Any printed literature furnished by the Bidder written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Bid, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Bid Submission Form

The Bidder shall submit the Bid Submission Form using the form provided in Section 4 of this ITB.

15. Technical Bid Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Bidder shall structure the Technical Bid as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the ITB, manufacturing capacity of plant if Bidder is a manufacturer, authorization from the manufacturer of the goods if Bidder is not a manufacturer, and proof of financial stability and

adequacy of resources to complete the delivery of goods and provision of related services required by the ITB (see ITB Clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the ITB as a Joint Venture or Consortium.

- 15.2 Technical Specifications and Implementation Plan – this section should demonstrate the Bidder’s response to the Schedule of Requirements and Technical Specifications by identifying the specific components proposed; how each of the requirements shall be met point by point; providing a detailed specification and description of the goods required, plans and drawings where needed; the essential performance characteristics, identifying the works/portions of the work that will be subcontracted; a list of the major subcontractors, and demonstrating how the bid meets or exceeds the requirements, while ensuring appropriateness of the bid to the local conditions and the rest of the project operating environment during the entire life of the goods provided. Details of technical bid must be laid out and supported by an Implementation Timetable, including Transportation and Delivery Schedule where needed, that is within the duration of the contract as specified in the **Data Sheet** (DS no. 29 and 30).

Bidders must be fully aware that the goods and related services that UNDP require may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP’s policies and procedures. All bidders are therefore required to submit the following in their bids:

- a) A statement of whether any import or export licenses are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users;
- b) Confirmation that the Bidder has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their bid be rendered the most responsive; and
- c) Complete documentation, information and declaration of any goods classified or may be classified as “Dangerous Goods”.

- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the technical bid, clearly defining their roles and responsibilities. CVs should establish competence and demonstrate qualifications in areas relevant to the requirements of this ITB.

In complying with this section, the Bidder assures and confirms to UNDP that the personnel being nominated are available to fulfil the demands of the Contract during its stated full term. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to render the Bid non-responsive. Any deliberate substitution of personnel arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Bidder, shall be made only with UNDP’s acceptance of the justification for substitution, and UNDP’s approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

- 15.4 Where the **Data Sheet** requires the submission of the Bid Security, the Bid Security shall be included along with the Technical Bid. The Bid Security may be forfeited by UNDP, and reject

the Bid, in the event of any or any combination of the following conditions:

- a) If the Bidder withdraws its offer during the period of the Bid Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Bid Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
- c) In the case the successful Bidder fails:
 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per ITB Clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering effective the contract that may be awarded to the Bidder.

16. Price Schedule

The Price Schedule shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the goods and related services, and the detailed breakdown of such costs. All goods and services described in the Technical Bid must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Bid but not priced in the Price Schedule, shall be assumed to be included in the prices of the items or activities, as well as in the final total price of the bid.

17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Bids are quoted in different currencies, for the purposes of comparison of all Bid:

- 17.1 UNDP will convert the currency quoted in the Bid into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Bid; and
- 17.2 In the event that the Bid found to be the most responsive to the ITB requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

18. Documents Establishing the Eligibility and Qualifications of the Bidder

- 18.1 The Bidder shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Bidder Information Forms. In order to award a contract to a Bidder, its qualifications must be documented to UNDP's satisfactions. These include, but are not limited to the following:
 - a) That, in the case of a Bidder offering to supply goods under the Contract which the Bidder did not manufacture or otherwise produce, the Bidder has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
 - b) That the Bidder has the financial, technical, and production capability necessary to perform the Contract; and
 - c) That, to the best of the Bidder's knowledge, it is not included in the UN 1267 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

18.2 Bids submitted by two (2) or more Bidders shall all be rejected by UNDP if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this ITB; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Bid of, another Bidder regarding this ITB process;
- e) they are subcontractors to each other's bid, or a subcontractor to one bid also submits another Bid under its name as lead Bidder; or
- f) an expert proposed to be in the bid of one Bidder participates in more than one Bid received for this ITB process. This condition does not apply to subcontractors being included in more than one Bid.

19. Joint Venture, Consortium or Association

If the Bidder is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Bid, they shall confirm in their Bid that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Bid; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all entities that comprise the joint venture.

After the bid has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another Bid, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Bid.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the ITB, both in the bid and in the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the ITB, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the ITB.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If the Bid of a joint venture is determined by UNDP as the most responsive Bid that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity, who shall sign the contract for and on behalf of all the member entities.

20. Alternative Bid

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative bid shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative bid.

21. Validity Period

- 21.1 Bid shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Bid valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.
- 21.2 In exceptional circumstances, prior to the expiration of the Bid validity period, UNDP may request Bidders to extend the period of validity of their Bid. The request and the responses shall be made in writing, and shall be considered integral to the Bid.

22. Bidder's Conference

When appropriate, a Bidder's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Bidders are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Bidder. Minutes of the Bidder's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the ITB unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the ITB.

D. SUBMISSION AND OPENING OF BID

23. Submission

- 23.1 The Technical Bid and the Price Schedule must be submitted together and sealed together in one and the same envelope, delivered either personally, by courier, or by electronic method of transmission. If submission will not be done by electronic means, the Technical Bid and Price Schedule must be sealed together in an envelope whose external side must:
- a) Bear the name of the Bidder;
 - b) Be addressed to UNDP as specified in the **Data Sheet** (DS no.20); and
 - c) Bear a warning not to open before the time and date for Bid opening as specified in the **Data Sheet** (DS no. 24).

If the envelope is not sealed nor labeled as required, the Bidder shall assume the responsibility for the misplacement or premature opening of Bid due to improper sealing and labeling by the Bidder.

- 23.2 Bidders must submit their Bid in the manner specified in the **Data Sheet** (DS nos. 22 and 23). When the Bid is expected to be in transit for more than 24 hours, the Bidder must ensure that sufficient lead time has been provided in order to comply with UNDP's deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Bid is the actual date and time when the said Bid has physically arrived at the UNDP premises indicated in the **Data Sheet** (DS no. 20).
- 23.3 Bidders submitting Bid by mail or by hand shall enclose the original and each copy of the Bid, in separate sealed envelopes, duly marking each of the envelopes as "Original Bid" and the others as "Copy of Bid". The two envelopes, consisting of original and copies, shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS no. 19). In the event of any discrepancy between the contents of the "Original Bid" and the "Copy of Bid", the contents of the original shall govern. The original version of the Bid shall be signed or initialed by the Bidder or person(s) duly authorized to commit the Bidder on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Bid.
- 23.4 Bidders must be aware that the mere act of submission of a Bid, in and of itself, implies that the Bidder accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 10.

24. Deadline for Submission of Bid and Late Bids

Bid must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS no. 20 and 21).

UNDP shall not consider any Bid that arrives after the deadline for submission of Bid. Any Bid received by UNDP after the deadline for submission of Bid shall be declared late, rejected, and returned unopened to the Bidder.

25. Withdrawal, Substitution, and Modification of Bid

- 25.1 Bidders are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Bid to the requirements of the ITB, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of goods and related services to be provided, may result in the rejection of the Bid. The Bidder shall assume any responsibility regarding erroneous interpretations or conclusions made by the Bidder in the course of understanding the ITB out of the set of information furnished by UNDP.
- 25.2 A Bidder may withdraw, substitute or modify its Bid after it has been submitted by sending a written notice in accordance with ITB Clause 23, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Bid must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with ITB Clause 23 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".

- 25.3 Bid requested to be withdrawn shall be returned unopened to the Bidders.
- 25.4 No Bid may be withdrawn, substituted, or modified in the interval between the deadline for submission of Bid and the expiration of the period of Bid validity specified by the Bidder on the Bid Submission Form or any extension thereof.

26. Bid Opening

UNDP will open the Bid in the presence of an ad-hoc committee formed by UNDP of at least two (2) Members. If electronic submission is permitted, any specific electronic Bid opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Bidders' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Bid shall be rejected at the opening stage, except for late submission, for which the Bid shall be returned unopened to the Bidder.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Bid, and the recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Bidder to influence UNDP in the examination, evaluation and comparison of the Bid or contract award decisions may, at UNDP's decision, result in the rejection of its Bid.

In the event that a Bidder is unsuccessful, the Bidder may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Bidder's submission, in order to assist the Bidder in improving the bid presented to UNDP. The content of other bid and how they compare to the Bidder's submission shall not be discussed.

E. EVALUATION OF BID

28. Preliminary Examination of Bid

UNDP shall examine the Bid to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Bidder is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Bid are generally in order, among other indicators that may be used at this stage. UNDP may reject any Bid at this stage.

29. Evaluation of Bid

- 29.1 UNDP shall examine the Bid to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Bidder without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Bids on the basis of their responsiveness to the Schedule of Requirements and Technical Specifications and other documentation provided, applying the procedure indicated in the **Data Sheet** (DS No. 25). Absolutely no changes may be made by UNDP in the criteria after all Bids have been received.

29.1 UNDP reserves the right to undertake a post-qualification exercise, aimed at determining, to its satisfaction the validity of the information provided by the Bidder. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following:

- a) Verification of accuracy, correctness and authenticity of the information provided by the bidder on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the ITB requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the bidder, or any other entity that may have done business with the bidder;
- d) Inquiry and reference checking with other previous clients on the quality of performance on on-going or previous contracts completed;
- e) Physical inspection of the bidder's plant, factory, branches or other places where business transpires, with or without notice to the bidder;
- f) Testing and sampling of completed goods similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Bid

To assist in the examination, evaluation and comparison of bids, UNDP may, at its discretion, ask any Bidder to clarify its Bid.

UNDP's request for clarification and the Bidder's response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Bid shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Bid, in accordance with ITB Clause 35.

Any unsolicited clarification submitted by a Bidder in respect to its Bid, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Bid.

31. Responsiveness of Bid

UNDP's determination of a Bid's responsiveness will be based on the contents of the Bid itself.

A substantially responsive Bid is one that conforms to all the terms, conditions, and specifications of the ITB without material deviation, reservation, or omission.

If a Bid is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

32.3 Provided that a Bid is substantially responsive, UNDP may waive any non-conformities or omissions in the Bid that, in the opinion of UNDP, do not constitute a material deviation.

32.4 Provided that a Bid is substantially responsive, UNDP may request the Bidder to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Bid related to documentation requirements. Such omission shall not be related to any aspect of the price of the Bid. Failure of the Bidder to comply with the request may result in the rejection of its Bid.

32.5 Provided that the Bid is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) If there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) If there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

32.6 If the Bidder does not accept the correction of errors made by UNDP, its Bid shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Bid

33.1 UNDP reserves the right to accept or reject any Bid, to render any or all of the Bids as non-responsive, and to reject all Bids at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Bidder(s) of the grounds for UNDP's action. Furthermore, UNDP is not obligated to award the contract to the lowest price offer.

33.2 UNDP shall also verify, and immediately reject their respective Bid, if the Bidders are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protect/)

34. Award Criteria

Prior to expiration of the period of Bid validity, UNDP shall award the contract to the qualified and eligible Bidder that is found to be responsive to the requirements of the Schedule of Requirements

and Technical Specification, and has offered the lowest price (See DS No. 32).

35. Right to Vary Requirements at the Time of Award

At the time of award of Contract, UNDP reserves the right to vary the quantity of the goods and/or related services, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

36. Contract Signature

Within fifteen (15) days from the date of receipt of the Contract, the successful Bidder shall sign and date the Contract and return it to UNDP.

Failure of the successful Bidder to comply with the requirement of ITB Section F.3 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Bid Security if any, and on which event, UNDP may award the Contract to the Bidder with the second highest rated Bid, or call for new Bid.

37. Performance Security

A performance security, if required, shall be provided in the amount and form provided in Section 8 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Bidder and UNDP.

38. Bank Guarantee for Advanced Payment

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that the Bidder requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total Bid price, or exceed the amount of USD 30,000, UNDP shall require the Bidder to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in template provided by UNDP.

39. Vendor Protest

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Bidder believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: <http://www.undp.org/procurement/protest.shtml>.

Instructions to Bidders

DATA SHEET

The following data for the supply of goods and related services shall complement / supplement the provisions in the Instruction to Bidders. In the case of a conflict between the Instruction to Bidders and the Data Sheet, the provisions in the Data Sheet shall prevail.

Section 3: Scope of Work

Section 3a: Required Services

1. The Contractor is requested to perform the following services:

Renovation of Al-Eqtedar and Al-Bahja schools in Al-Khalis District, Diyala Governorate/Iraq

The proposed services focus on rehabilitating the two schools of Al-Khalis district, these schools were subject to minor and secondary damages in their structure due to the effects of the crisis and attacks upon the liberation operations took place in the newly liberated areas.

The Contractor is required to perform the required **Civil works**, finishing works, including painting, replacement of tiles, doors, windows and fencing; **Sanitary works** sewage piping, water tanks and washbasins and connections; **Electrical works** including installation of main distribution board, lightings, electrical cables and connections, and installing new AC Split units, water boiler, ventilation and ceiling fans.

The Contractor shall visit the designated sites of the four schools in Al-Khalis district to become familiar with the condition of the work areas, the structures, the vicinity and the free space available for doing the work and storage of materials of construction. It is the bidders' responsibility to do research about the conditions of the site before they submit bids.

In general, the Contractor should become familiar with all prevailing conditions and circumstances which may affect the manner in which he will perform the work.

The Contractor shall implement the Project based on a detailed work plan which shall be approved by the Project Engineer. The contractor is expected to produce/performance works which conforms in quality/quantity and accuracy of detailed specification. The Contractor is to institute a quality control system to ensure adequate monitoring of the works progress at all times

To perform the proposed services, the Contractor will work in close coordination and consultation with the technical team and UNDP Project Engineer.

The Contractor is required to perform/execute construction and supply and installation of all other requirements according to the Bill of Quantities, and Technical Specifications.

The Contractor shall visit the designated site to become familiar with the condition of the work areas, the vicinity and the free space available for doing the work and storage of materials required for the execution of work. It is the bidders' responsibility to do research about the terrain and geographical conditions of the site before submitting bids.

In general, the Contractor should become familiar with all prevailing conditions and circumstances which may affect the manner in which he will perform the work.

The prices proposed by the Contractor in the bill of quantities after the site visit shall be considered to include all that is required to carry out the work under the local conditions and the foreseeable and unforeseeable expenses which will be required to complete the work.

The Contractor shall implement the Project based on a detailed work plan which shall be approved by the Project Engineer. The contractor is expected to produce/performance works which conforms in quality/quantity and accuracy of detailed specification. The Contractor is to institute a quality control system to ensure adequate monitoring of the works progress at all times.

2. TERMS OF DELIVERY

The renovation works to be executed is to be completed within **75 Calendar Days** from the date of site handover.

Section 3b: Related Services

S. No.	Item/s to be Supplied ⁴	Qty.	Description/ Specifications of Goods	Related Services	Contract Duration
1	Renovation of Al-Eqtedar and Al-Bahja schools in Al-Khalis District, Diyala Governorate/Iraq	Lump Sum	As per BoQs	As per BoQs	75 Calendar Days

Section 6: Technical Bid Form

ITB-032/17 - Renovation of Al-Eqtedar and Al-Bahja schools in Al-Khalis District, Diyala Governorate/Iraq

Name of Bidding Organization / Firm:	
Country of Registration:	
Name of Contact Person for this Bid:	
Address:	
Phone / Fax:	
Email:	

SECTION 1: EXPERTISE OF FIRM/ ORGANISATION

This section should fully explain the Bidder's resources in terms of personnel and facilities necessary for the performance of this requirement.

1.1 Brief Description of Bidder as an Entity: Provide a brief description of the organization / firm submitting the Bid, its legal mandates/authorized business activities, the year and country of incorporation, and approximate annual budget, etc. Include reference to reputation, or any history of litigation and arbitration in which the organization / firm has been involved that could adversely affect or impact the delivery of goods and/or performance of related services, indicating the status/result of such litigation/arbitration.

1.2. Financial Capacity: Based on the latest Audited Financial Statement (Income Statement and Balance Sheet) describe the financial capacity (liquidity, stand-by credit lines, etc.) of the bidder to engage into the contract. Include any indication of credit rating, industry rating, etc.

1.3. Track Record and Experiences: Provide the following information regarding corporate experience within at least the last five (5) years which are related or relevant to those required for this Contract.

Name of project	Client	Contract Value	Period of activity	Types of activities undertaken	Status or Date Completed	References Contact Details (Name, Phone, Email)
<i>Please fill here</i>	<i>Please fill here</i>	<i>Please fill here</i>	<i>Please fill here</i>	<i>Please fill here</i>	<i>Please fill here</i>	<i>Please fill here</i>

⁸ *Technical Bids not submitted in this format may be rejected.*

SECTION 2 - SCOPE OF SUPPLY, TECHNICAL SPECIFICATIONS, AND RELATED SERVICES

This section should demonstrate the Bidder's responsiveness to the specification by identifying the specific components proposed, addressing the requirements, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; and demonstrating how the proposed bid meets or exceeds the specifications.

2.1.Scope of Supply: Please provide a detailed description of the goods to be supplied, indicating clearly how they comply with the technical specifications required by the ITB (see below table); describe how the organization/firm will supply the goods and any related services, keeping in mind the appropriateness to local conditions and project environment.

Item No	Description/ Specification of Goods	Source/ Manufacturer	Country of Origin	Qty.	Quality Certificate/ Export Licenses, etc. (indicate all that applies and if attached)

A supporting document with full details may be annexed to this section

2.2.Technical Quality Assurance Mechanisms: The bid shall also include details of the Bidder's internal technical and quality assurance review mechanisms, all the appropriate quality certificates, export licenses and other documents attesting to the superiority of the quality of the goods and technologies to be supplied.

2.3.Reporting and Monitoring: Please provide a brief description of the mechanisms proposed for this project for reporting to the UNDP and partners, including a reporting schedule.

2.4.Subcontracting: Explain whether any work would be subcontracted, to whom, how much percentage of the work, the rationale for such, and the roles of the proposed sub-contractors. Special attention should be given to providing a clear picture of the role of each entity and how everyone will function as a team.

2.5.Risks / Mitigation Measures: Please describe the potential risks for the implementation of this project that may impact achievement and timely completion of expected results as well as their quality. Describe measures that will be put in place to mitigate these risks.

2.6 Implementation Timelines: The Bidder shall submit a Gantt chart or Project Schedule indicating the detailed sequence of activities that will be undertaken and their corresponding timing.

2.7.Partnerships (Optional): Explain any partnerships with local, international or other organizations that are planned for the implementation of the project. Special attention should be given to providing a clear picture of the role of each entity and how everyone will function as a team. Letters of commitment from partners and an indication of whether some or all have successfully worked together on other previous projects is encouraged.

2.8.Anti-Corruption Strategy (Optional): Define the anti-corruption strategy that will be applied in this project to prevent the misuse of funds. Describe the financial controls that will be put in place.

2.9Statement of Full Disclosure: This is intended to disclose any potential conflict in accordance with the definition of "conflict" under Section 4 of this document, if any.

2.10Other: Any other comments or information regarding the bid and its implementation.

SECTION 3: PERSONNEL

3.1 Management Structure: Describe the overall management approach toward planning and implementing the contract. Include an organization chart for the management of the contract, if awarded.

3.2 Staff Time Allocation: Provide a spreadsheet will be included to show the activities of each personnel involved in the implementation of the contract. Where the expertise of the personnel is critical to the success of the contract, UNDP will not allow substitution of personnel whose qualifications had been reviewed and accepted during the bid evaluation. (If substitution of such some personnel is unavoidable, substitution or replacement will be subject to the approval of UNDP. No increase in costs will be considered as a result of any substitution).

3.3 Qualifications of Key Personnel. Provide the CVs for key personnel (Team Leader, Managerial and general staff) that will be provided to support the implementation of this project. CVs should demonstrate qualifications in area of expertise relevant to the Contract. Please use the format below:

Name:		
Role in Contract Implementation:		
Nationality:		
Contact information:		
Countries of Relevant Work Experience:		
Language Skills:		
Education and other Qualifications:		
Summary of Experience: <i>Highlight experience in the region and on similar projects.</i>		
Relevant Experience (From most recent):		
Period: From – To	Name of activity/ Project/ funding organization, if applicable:	Job Title and Activities undertaken/Description of actual role performed:
<i>e.g.</i>		
<i>Etc.</i>		
<i>Etc.</i>		
References (minimum of 3):	<i>Name</i> <i>Designation</i> <i>Organization</i> <i>Contact Information – Address; Phone; Email; etc.</i>	
Declaration:		
<p>I confirm my intention to serve in the stated position and present availability to serve for the term of the proposed contract. I also understand that any willful misstatement described above may lead to my disqualification, before or during my engagement.</p> <p>_____</p> <p>_____</p>		
Signature of the Nominated Team Leader/Member		Date Signed

Section 7: Price Schedule Form

The Bidder is required to prepare the Price Schedule as indicated in the Instruction to Bidders.

1. All prices/rates quoted must be exclusive of all taxes, since the UNDP is exempt from taxes as detailed in Annex II, Conditions of Contract, Section, and Clause 18.
2. The rates shall be used for the price analyses and evaluation purposes or any other requirements during the project implementation and shall be fixed and firm for the duration of the contract and any claim for price adjustment will not be entertained. The prices shall be inclusive of all facilities, office running cost, communication, transportation, and company overheads etc.
3. The price of the items in the schedules (unless otherwise indicated) include: Supply of new and best quality materials approved by the supervisor engineer, manpower, instruments and installation, purchase or hire of machines and equipment used in the execution of the work and transport materials from stored areas and whatever necessary to provide best quality workmanship required for the respective works.
4. The General Technical Specifications (GTS) of Iraq applies to all items unless otherwise stated as well as supervisor engineer instructions and approval.
5. No new items shall be added unless otherwise expressly allowed for in the Schedules.
6. Offers are expected to reflect realistic prices. Any gross deviations from the prevailing market prices or unethical manipulations may cause the offeror to be disqualified.
7. UNDP has the right to increase or decrease for any item quantity or minor modifications to the structures for the same unit price in the BOQ or to omit any item / structure considered not necessary without any compensation to the contractor.
8. Any damage resulted from defect in execution by the Contractor on the executed works during the defects liability period (one year after Substantial completion of the work) should be repaired by the contractor and at his own expense and during a week after receiving a notice in writing from UNDP.
9. If the Contractor fails to deliver the services within the time period(s) stipulated by the contract, UNDP shall, without prejudice to its other remedies under the contract, invoke Section 5: Special Conditions, Liquidated Damages.
10. All electrical, sanitary and drinking water net installations should be tested and approved by the supervisor engineer upon completion of the works.

Renovation of Al-Iqtedar School in Al-Khales district/Al-Aswed - Diyala Governorate

جدول الكميات الخاص بترميم مدرسة الاقتدار الواقعة في قضاء الخالص / قرية الاسود

General Note:

1. All works according to the instructions by the Supervision Engineer or his representative.
2. All the materials and equipment's supplied by the Contractor must be of best quality (according to Iraqi standards) and in the case of equipment, in perfect working order. The Contractor must provide samples of material for testing and approval by the Supervision engineer before supplying.
3. Removal of surplus material from site to an approved dumping area by local authorities.
4. The Contractor must pay all the costs for the samples including any laboratory tests required.

#	Items Descriptions	Unit	Quantity	Unit Price	Total USD
A	Roof Works أعمال التسطیح				
1	Supply ,remove and reapply new mastic, the works include to remove the old mastic by opening and cleaning the joints . The new mastic shall pass the test according to ASTM C794 and C1521. The price include to prepare a mock up sample for water penetration before applying the material. Also the contractor shall fill the gaps between the concrete slab and the walls with cement and to make chamfer	m2	1300	0	0.00

	تجهيز المواد والعدد والعمل على قلع الماسنك وتنظيف السطح وإعادة الماسنك باستخدام ماسنك موافق عليه من قبل المهندس المشرف بعد اجراء الفحص . شاملا المد والكي والخبن وعمل حشوات من مونة السمنت عند التقاء البلاطات الكونكريتية مع الستائر.				
B	Painting and plastering Works أعمال الصبغ والليخ				
1	Supply and paint emulsion paint (Pentalite paint -type Yoqout , Marjan, Atlas or equivalent) the works include one prime coat, two putty coats for the entire painted areas and three finishing coats with the color as per supervising engineering instruction. تجهيز المواد والطلاء بثلاث طبقات من الصبغ المستحلب (البنتلايت) من النوعية الممتازة وصبغ الجدران وكذلك السقوف المبيضة بالجص باستخدام البنتلايت 3 طبقات محلي المنشاء الى حد الاشباع ويكون اختيار اللون والتكنيك بحسب توجيهات المهندس المشرف باستخدام اصباغ نوع ياقوت او مرجان او اطلس او مايعادلها من ناحية الجودة وحسب المواصفات الفنية (يشمل السعر كافة المعالجات اللازمة للسطوح بما يظهرها بمظهر صقيل)	m2	1900	0.00	0.00
2	Supply and paint the skirting walls up to 1.2 m height with oil paint (local paint or equivalent), of one prime coat(Pentalite paint or equivalent) ,two putty coats for the entire painted areas undercoat layer and three finishing coats, including preparation works, putty coats all needed to complete the work تجهيز المواد والعدد اللازمة والقيام بالصبغ بالاصباغ الدهنية (البوية المطفية او اللماعة) بثلاث طبقات او حد التغطية للجدران بارتفاع 1.2 م باستخدام اصباغ الحديثة او ما يعادلها .ويشمل السعر طبقة اساس من البنتلايت المحلي واجراء كافة اعمال التصليح والصفل للجدران المتضررة قبل عملية الصبغ وحسب المواصفات الفنية وتوجيهات المهندس المشرف.(للجدران و لسقوف المجاميع الصحية والحانوت والمطابخ)	m2	500	0.00	0.00
3	Removal the old damaged cements mortar for the interior and exterior walls and ceiling , however the removal cement mortal shall not effect the walls and ceiling structure and according of the supervising engineer instructions تجهيز مواد والعدد اللازمة لقلع الليخ القديم المتضرر للجدران الداخلية والخارجية والسقوف والاسيجة ولحد ظهور الطابوق او الكونكريت شاملا السعر استخدام كافيات الالات الخاصة بقلع الليخ مع مراعاة عدم تضرر البناء وحسب توجيهات المهندس المشرف	m2	1400	0.00	0.00
4	<u>Cement Mortar plastering:</u> - 20mm thick smooth-finished ready mixed plastering (cement -sand 1:3) in two coats over one slurry coat, including to POLISH cement mortar all the areas which will be painted by emulsion and liquid cement mortar all necessary angle beads and wire mesh, thickness gage. All according to Iraqi specifications الليخ تجهيز مواد واكساء الجدران الخارجية للمدرسة وبضمنها(الكاسرات) بالليخ بمونة السمنت والرمل (3:1) بسمك 20ملم وبموجب المواصفات , ويكون الليخ صقيل لجميع الواجه التي يكون انهاهاها بالصبغ المستحلب .شاملا السعر نثر اوجه البناء بشربت السمنت قبل عملية الليخ	m2	1400	0.00	0.00

C	Steel and Wooden work :	أعمال الخشب والشبابيك			
1	Supply tools and materials and maintain wooden and metal windows and replace the damaged parts with new parts, paint 3 layers by oil paint (Type; Yaqut, Merjan or AlKanz, or any Equivalent) the price include changing hinges, locks handles with new one and all the needed works to complete the works and as directed by supervising engineer	m2	100	0.00	0.00
	تجهيز المواد والعدد والعمل على صيانة الشبابيك الحديد والخشب وتعويض القطع الناقصة بقطع جديدة وبنفس المقطع والقياس مع الصبغ ثلاث طبقات بالاصباغ الدهنية نوع (مرجان او ياقوت او الكنز أو ما يعادلها) وتعويض النرمادات باخرى جديدة وحسب توجيهات المهندس المشرف				
2	Supply tools and materials and maintain metal doors and replace the damaged parts with new parts, paint 3 layers by oil paint (Type; Yaqut, Merjan or AlKanz, or any Equivalent) with replacement of the hinges with new as directed by supervising engineer	m2	50	0.00	0.00
	تجهيز المواد والعدد والعمل على صيانة الابواب الحديد وتعويض القطع الناقصة بقطع جديدة وبنفس المقطع والقياس مع الصبغ ثلاث طبقات بالاصباغ الدهنية نوع (مرجان او ياقوت او الكنز أو ما يعادلها) وتعويض النرمادات باخرى جديدة وحسب توجيهات المهندس المشرف				
3	Remove the doors and gates (steel and wooden) as specified by the supervision engineer.	m2	14	0.00	0.00
	تجهيز العدد والادوات لرفع الابواب الداخلية والخارجية واطاراتها (حديد – خشب) وبموجب المواصفات الفنية بما في ذلك رفع الانقاض ومخلفات الهدم خارج موقع العمل للمناطق المسموح بها وحسب توجيهات المهندس المشرف				
4	Supply and install hollow metal(gauge 16) coated sliding steel door (2X3.6)m dimension partitioning every 20cm (4cm X 4cm x 2mm) , and covered with steel plate on both sides the frame shall be 1.5 inch and 4mm thickness. the work including all necessary fixings,, hinges fittings, locks with key, glazing, insulation foam, accessories, mastic, hardware and painting with anti-rust paint and 3 layers of oil paints, locks, connections accessories, , concrete columns (50X50)cm and all the required to complete the work.	m2	14	0.00	0.00
	تجهيز وتثبيت ابواب حديدية كاملة كبس وجهين (كيج 16) مع اطرات مكبوسة ويشمل السعر مستلزمات التثبيت والنرمادات -على ان لا تقل عن ثلاثة لكل باب واليديات والكيلونات(نوع اصلي) من النوعية الجيدة أو من مناشئ معروفة والزجاج الابيض الشفاف سمك (4 ملم) ومصدات الابواب والصبغ بطيقتين بمانع الصدأ ثم الانتهاء بالصبغ الدهني بثلاث طبقات وطبقة من الفلين كبطانة للابواب وكل ما يتطلبه العمل وبموجب المخططات والمواصفات الفنية ذات العلاقة وبموافقة المهندس المشرف				
D	Water and sanitation Works	أعمال الصحيات والماء			

1	Supply tools and materials to remove the old sewer pipes, toilet seats and all related accessories and any damaged or undesired old sanitary works. Price includes concrete demolition and removing trash off-side as directed by the supervising engineer.	no.	6	0.00	0.00
	تجهيز المواد والعدد اللازمة لقلع المجاري القديمة والمقاعد وملحقاتها من كليات وتقاسيم وعكوس وتوصيلات للمرافق الصحية واي تاسيسات صحية غير مرغوب فيها او متضررة شاملا السعر تكسير الصب ورفع المخلفات خارج موقع العمل وحسب توجيهات المهندس المشرف				
2	Supply and Install eastern type Toilet (52 * 60) cm, White, complete with galvanized flush tank with 32mm galvanized water pipes, chrome tap 15mm for each toilet, fitting, chrome plated 13mm stop and valve . Price to include waste pipes to nearest manhole, water pipe from the system, the price include painting the water tank and water pipes by oil paint and thermal white color	no.	6	0.00	0.00
	تجهيز وتركيب وفحص مراحيض شرقية فرفورية من النوع العميق بيضاء او ملونة طول (52) سم على الاقل مع الكلي خزان الماء العالي من الحديد المغلوق النازل من الخزان قطر (32) ملم وحفنة كروم قطر (15) ملم لكل مرحاض يطلي خزان الماء والانبوب النازل بالصبيغ الدهني وباللون الابيض الحراري وتكون المراحيض من مصنوعات جيدة وبموافقة المهندس.				
3	Supply materials to pour concrete manholes as the dimensions below by using SRC and mix ratio (1:1.5:3), Poly-Ethylene covers. Price includes sulphate resistance cement plastering for the exterior side before painting with asphalt 20/30 Grade, slope works in the manhole base per the required specifications				
	تجهيز المواد وصب احواض تفتيش بابعاد المبينة ادناه ذات قاعدة وجدران كونكريتية مسلحة وباستعمال السمنت المقاوم ونسبة خلط 1:1.5:3 مع اغطية محكمة من الالمين او البلاستيك المضغوط , شاملا السعر انهاء الاسطح الخارجية بالليخ بمونة السمنت المقاوم للاملاح والرمل ثم الطلاء بمادة القير السبالي درجة 30/20 وعمل الانحدارات اللازمة في قاعدة المنهول وكما مبين في المواصفات				
A	40x40 cm سم 40*40	no.	5	0.00	0.00
B	60x60 cm سم 60*60	no.	1	0.00	0.00
4	Supply, installation, testing and commissioning of UPVC of SN8 drainage 6 bar and ventilation pipes down to manholes with all required fittings including excavation, back filling, incasing with sulphate resistant cement concrete and roof vent caps, including connections as follow				
	تجهيز وتركيب وفحص انابيب مجاري بلاستيكية UPVC تتحمل ضغط 10 جو على الأقل من نوعية جيدة مع كافة الملحقات والتقاسيم والعكوس.(سعودي او مصري الامل شريف الاصلي او ما يعادلها) يتضمن العمل الحفريات والتغليف بالرمل التنظيف من كافة الجوانب.والصب بالكونكريت :-				

A	Plastic pipes, UPVC, Dia 100ml (4 inches)	l.m.	12	0.00	0.00
	انابيب بلاستيك UPVC قطر 110 ملم (4 انج)				
B	Plastic pipes, UPVC, Dia 160 ml (6 inches)	l.m.	6	0.00	0.00
	انابيب بلاستيك UPVC قطر 160 ملم (6 انج)				
5	and install hot and cold galvanized steel pipes Supply cold) water supplied for & hot) sch40 first class for the inside walls Washbasins and bathrooms. Pipes installed after painting covering by glass fiber and painting with anti-corrosion with all work requirements and submitted prior to work . accessories. Samples to be if required Work includes walls/concrete digging				
	اولا. تاسيس ماء حار وبارد للمغاسل والحمامات باستعمال انابيب مغلونة درجة اولى مدفونة ضمن الجدران والارضيات ومغلقة بالصوف الزجاجي مع صبغها قبل التغليف بصبغ مانع للصدأ مع استخدام كافة المتطلبات من عكوس وتقاسيم واقفال. ثانيا. تقدم نماذج من المواد المستعملة للموافقة المسبقة عليها. ثالثا. يشمل السعر الحفريات مع تكسير الجدران والكونكريت اذا تطلب الامر.				
A	Galvanized pipes, Dia 1/2 inches	l.m.	45	0.00	0.00
	انابيب مغلونة قطر 2/1 انج				
B	Galvanized pipes, Dia 3/4 inches	l.m.	40	0.00	0.00
	انابيب مغلونة قطر 4/3 انج				
6	Supply and install White Vitreous with semi pedestal/ with stand Wash Basin, size (40 *56) cm complete with all fittings, valves, waste pipes to nearest floor traps , connection to water system, the price also includes the chrome mixer ,mirror, and soap holder or any other necessary parts.	no.	2	0.00	0.00
	تجهيز وتركيب مغاسل فرفورية بيضاء مع السداد والسلسلة والتنبيت والتوصيلات مع وضع قفلين براص/ مطلي بالكروم والخلاط منشأ تركي اصلي ثقيل والصونده والبالوعة وتكون المغاسل من مصنوعات جيدة توافق عليها لجنة الاشراف وتكون المغاسل بالقياسات والملحقات المبينة ادناه :- مغسلة(4056x)سم مع خلاط وبراكيتات مع المرايا وحمالة الصابون				
7	Supply and install 4" PVC Floor Trap. Price to include siphon to be fixed in reinforced concrete, (15*15) double chrome plated cover one grated and one-closed. and all other fittings needed to comply.	no.	3	0.00	0.00
	سيفون ارضي للمغاسل تجهيز ونصب سيفون تصريف ارضي (كلي) من البلاستيك UPVC قطر 100ملم مع مشبك بلاستيك مضغوط ويثبت في الارضية بمستوى الكاشي مع الربط مع الانابيب والعزل الجيد بالخرسانة ذات سمك 15سم من جميع الجهات				

	Supply and install steel tower for the water toilets tanks by using 5 inches I section as columns and 3 inches angle shape as horizontal beams steel sections, 50 cm cantilevers from sides with guard rail at 70 cm height for the tanks maintenance, paint by anti rust and 3 layers of oil paint. Base fixed to the ground by concrete base (1.5x3x0.15) m, mix ratio (1:2:3) with wire mesh Tower dimensions from bottom (2.5x1.2) with service ladder. service area will be concerned by Jagger plate.as instructed and approved by the Supervising Engineer.				
8	عمل برج من الحديد لخزانات مياه المرافق الصحية للطلاب باستخدام حديد الشيلمان (5) انج ثقيل كاعمدة وحديد الزاوية (3) انج ثقيل كمفاصل رابطة وجسور عرضية مع عمل حافات بعرض (50) سم لجوانب البرج مع عمل محجر بارتفاع (70) سم لغرض صيانة الخزانات شاملا السعر الصبغ بمانع الصدأ والبوية والتثبيت بالارض بواسطة حفر اساس بعمق (60 سم) وبابعاد (3*1.5) والتربيع بالجلمود بسمك (10)سم ووضع طبقة تسويه بنسبة خلط (3:1) سمك (5سم) وعمل صبة كونكريتية بنسبة خلط (3:2:1) سمك (15 سم) مع وضع طبقة من ال(بي ار سي) سمك (6ملم) محرز ويكون البرج من الاسفل بابعاد (2.5 * 1.2) م مع وجود سلم خدمي (cat leader) مع تغليف المنطقة الخدميه باستخدام حديد الجكر بليت وحسب توجيه وموافقة المهندس المشرف	I.s.	1	0.00	0.00
9	Supply and Install Water tap - regular type- as approved by the Supervisor Engineer. حفريات ماء اعتيادية (Water tap) نوع تركي براص وبموافقة المهندس المشرف	no.	12	0.00	0.00
10	Supply and install galvanized water tank of 1000-liter capacity and gauge 16 plate, at the height 50 cm from the ground floor. Work includes all installation and connections with sanitary unit, cover diameter 50 cm, replacing the damaged tap, pipes, with all the required works to complete the Job. Tank dimensions (1x1x1)m تجهيز ونصب وفحص خزان ماء من صفائح الحديد المغلون كيج(16) على الأقل مع قواعد خرسانية مع الشيلمان بارتفاع 50 سم عن سطح الارض او توضع على الابراج مع انبوب تفريغ وانبوب الماء الفائض مع غطاء بابعد (قطر 50) سم مع طوافة اعتيادية مع عمل قفل خروج وقفل دخول لكل خزان علما ان ابعاد الخزان (1*1*1) م	no.	4	0.00	0.00
E	أعمال الكاشي Tiling Works				
1	Supply and install porcelain tiles anti slip for the sanitation unit floors size (20X20X0.8 cm) , the water absorption shall be 0.5 to 0.9% , the price include the all the material needed to install , filling with white cement and polishing the porcelain tiles and installation of 10 cm ceramic skirting, with all the required works complete the Job. تجهيز مواد وعدد وتثبيت ارضية للحمامات من السيراميك الذي يمنع الانزلاق بابعد (20*20) سم باستعمال مونة السمنت والرمل (3:1) مع الشربة بمونة السمنت الابيض. ويراعى قص السيراميك بدقه وبصوره مستقيمه وفي حالة عدم توفر الابعاد المثبتة في الكشف والمخططات على المهندس المشرف تحديد الابعاد والالوان	I.m.	80	0	0.00

	Supply and install ceramic tiles (25X40X1cm) for the sanitary, kitchen and cafeteria walls. The water absorption shall be 10 to 15 % the price include all the material needed to install , filling with white cement and polishing				
2	تجهيز مواد واكساء جدران وقواطع المرافق الصحية الداخلية والمطبخ والحانوت بالكاشي السيراميك باستعمال مونة السمنت والرمل (3:1) مع الشربة بمونة السمنت الابيض. شاملا السعر تجهيز وتنشيت شرائط اركان من الالمنيوم الخاص باركان جدران السيراميك. ويراعى قص الكاشي بدقه وبصوره مستقيمة . وفي حالة عدم توفر الابعاد المثبتة في الكشف والمخططات على المهندس المشرف تحديد الابعاد والالوان	m2	170	0	0.00
F	أعمال السياج والأعمال الخارجية Fence Works external				
1	Supply materials and tools required for complete removal of the old damaged cement mortar for the interior and exterior walls and ceilings. Cement mortar removal must not affect walls and ceilings, and according to the directions of the Supervising Engineer	m2	1730	0.00	0.00
	تجهيز مواد والعدد اللازمة لقلع الليخ القديم المتضرر للجدران الداخلية والخارجية والسقوف والاسيجة ولحد ظهور الطابوق او الكونكريت شاملا السعر استخدام كافات الالات الخاصة بقلع الليخ مع مراعاة عدم تضرر البناء وحسب توجيهات المهندس المشرف				
2	<u>Cement Mortar plastering</u> : - 20mm thick smooth-finished ready mixed plastering (cement -sand 1:3) in two coats over one slurry coat, including to POLISH cement mortar all the areas which will be painted by emulsion and liquid cement mortar all necessary angle beads and wire mesh, thickness gage. All according to Iraqi specifications	m2	1800	0.00	0.00
	<u>الليخ تجهيز مواد واكساء الجدران الخارجية للمدرسة وبضمنها (الكاسرات)</u> بالليخ بمونة السمنت والرمل (3:1) بسمك 20 ملم وبموجب المواصفات , ويكون الليخ صقيل لجميع الواجه التي يكون انهاءها بالصيغ المستحلب .شاملا السعر نثر اوجه البناء بشربت السمنت قبل عملية الليخ				
3	Supply tools and materials necessary to paint the exterior walls, columns and walk ways by plastic paint; type Spies, BTEC or any equivalent. price includes paint with prime layer basis of the same type, appropriate color. Price must include all work requirements of refining surfaces and as directed by the Supervising Engineer.	m2	1800	0.00	0.00
	تجهيز المواد والعدد اللازمة والقيام بصيغ الجدران والاعمدة والممرات الخارجية بالاصباغ البلاستيكية (خارجي) نوع سايبس او بيتيك او ما يعادلها ويشمل السعر الطلاء بطبقة اساس اولية من نفس منشاء الصيغ وبلون مناسب وكل ما يتطلبه العمل من تصفيه وصقل السطوح وحسب توجيهات المهندس المشرف				

4	Supply and install hollow metal coated sliding steel door (2X3.6)m dimension partitioning every 20cm (4cm X 4cm x 2mm) , and covered with steel plate 1.5mm thickness on both sides the frame shall be 1.5 inch and 2mm thickness. the work including all necessary fixings,, hinges fittings, locks with key, glazing, insulation foam, accessories, mastic, hardware and painting with anti-rust paint and 3 layers of oil paints, locks, connections accessories, , concrete columns (50X50)cm and all the required to complete the work.	no.	1	0	0
5	ابواب من الحديد مع الاطار يشمل العمل كلفة ملحقات التثبيت والزمادات والكيلون مع الطلاء وطبقة واحدة بمانع الصدا وثلاث طبقات من الاصباغ الدهنية وبموجب المخططات والمواصفات الفنية بابعاد (2*3.6) م للباب (فردة والاخرى سلايد) مع نقشة من الحديد تحدد بموجب مترسم يقدم من المهندس المشرف مع السكة والبولبرينات مع صب اعمدة كونكريتية مسلحة (50 * 50) سم للتثبيت مع انهاءاتها وكل ما يتطلبه العمل الجيد وحسب توجيهات المهندس المشرف	m2	70	0.00	0.00
6	Supply materials, tools and manpower to remove ground and yards concrete per the specifications including removing debris and all obstacle materials with all work requirements to complete the Job.	m2	80	0	0.00
	تجهيز المواد والعدد والعمل على تطبيق (بيهارتون) مقررص خاص بالارصفة عند مدخل المدرسة وباشكال هندسية مختلفة واللوان يحددها المهندس المشرف ولايقل سمكها عن 6 سم شاملا السعر فرش الرمل والاسمنت تحت المقرنص مع الحدل الجيد وملء المفاصل بخليط الرمل والاسمنت الجاف والرش بالماء وحسب توجيهات المهندس المشرف .				
G	الأعمال الكهربائية Electrical works				
1	L.T Cables : Feeding cables copper unarmored (PVC) isolated with grounding suspended on the wall using cable clamps , the price including , installation of cables with all accessories ,clamps , terminal , installation according to pithing area, according to technical specification and attaching drawings.				

	كابلات الضغط الواطئ: كابل مغذي نحاسي غير مسلح معزول ومغلف بـ (PVC) مع سلك ارضي يعلق على الجدار بواسطة قفائص ومد الكابل شاملا القفائص وترامل الربط والانتهاء حسب تفاصيل المنطقة التي يمر بها والمواصفات الهندسية والمخططات المرفقة.

A	Waterproof wall mounted electrical fitting with glass cover with economic lamp not less than 28watt with all accessories.	no.	12	0.00	0.00
	مصباح مطري مع القاعدة والغطاء زجاجي لايتأثر بالحرارة مع مصباح اقتصادي لا يقل عن 28 واط وجميع ملحقاته يثبت على الجدران الخارجية سعودي				
B	Supply Metal box dimension 40cm *30cm including a photo cell ,contactor and selector switch to operate external lighting manually and automatic , wiring and other installation accessories .under supervise engineers instructions control,	no.	1	0.00	0.00
	تجهيز ونصب صندوق حديد بأبعاد 40سم×30سم يحتوي على خلية ضوئية من منشاء جيد وكوندكترات وجوزات مع سيلكتر خاصة بتشغيل الاضاءة الخارجية اوتوماتيك ويدوي واطفاء مع اسلاك الربط والتسليم كاملا وحسب توجيهات المهندس المشرف .				
4	Sub - Distribution Board SDB:18 circuits Supply, test, and operate Sub distribution board metal enclosure, anti-rust paint with good locking door waterproof IP 55 according to technical specification and supervise engineers instructions, Main Circuit Breaker: MCCB 3*150Amps CB 16 Amps /No 2 CB 20 Amps /No 6 CB 25 Amps /No 3 CB 32 Amps /No7	no.	1	0.00	0.00
	لوحة التوزيع الفرعية SDB : جوزة تاسيس ظاهري او دفن 18 جوزة تجهيز وفحص وربط وتشغيل لوحة توزيع الفرعية مع وكافة المتطلبات لأكمال العمل وحسب موافقة المهندس المشرف . وتشتمل اللوحة على القواطع التالية: قاطع رئيسي 3*150امبير وقواطع الفرعية قاطع سعة (16) امبير عدد / 2 قاطع سعة (20) امبير عدد / 6 قاطع سعة (25) امبير عدد / 3 قاطع سعة (32) امبير عدد / 7				
5	Sub Distribution Board SDB: 6 circuits Supply, test, and operate Sub distribution board metal enclosure, anti-rust paint with good locking door waterproof IP 55 according to technical specification and supervisor engineers instruction. The SDB will include the following breakers: Main Circuit Breaker MCCB 3*100Amps CB 10 Amps /No 3 CB 16 Amps /No 2 CB 32 Amps /No1	No.	1	0.00	0.00

	<p>لوحة التوزيع الفرعية، SDB : جورة تأسيس ظاهري او دفن 6 جورة تجهيز وفحص وربط وتشغيل لوحة توزيع الفرعية ذات هيكل معدني مقاوم للصدأ وكافة المتطلبات لأكمال العمل حسب موافقة المهندس المشرف . وتشتمل اللوحة على القواطع التالية: قاطع رئيسي 3*100 امبير وقواطع الفرعية قاطع سعة (10) امبير عدد 3/ قاطع سعة (16) امبير عدد 2 / قاطع سعة (32) امبير عدد 1</p>				
6	<p>Socket switches : Supply materials, install, test and operation switch black using best quality wires superficial or Siemens type the price includes installation boxes switches wiring, and earthling according to specification and drawings</p> <p>نقاط مأخذ القوى بلك سويچ تجهيز مواد وتأسيس وفحص وتشغيل نقطة مأخذ القوى باستخدام اسلاك اردني اصلية ظاهري او وسيمنز شاملة الصناديق والمآخذ والمفاتيح واسلاك التوصيل والتثبيت والتأريض ... الخ حسب المواصفات وكما مبين في المخططات</p>				
A	<p>13Amps socket using 3*2.5mm2 wires سعة 13 امبير باستخدام اسلاك نحاسية اردني قياس 2.5×3 ملم</p>	no.	36	0.00	0.00
B	<p>15Amps socket using 3*2.5mm2 wires سعة 15 امبير باستخدام اسلاك نحاسية اردني قياس 2.5×3 ملم</p>	no.	10	0.00	0.00
7	<p>Lighting fixture :Supply, install, test and operation Economic spider lamp 105watt with big holder, wall an ceiling mounted type all accessories , boxes, switches, wiring using copper wires superficial or Siemens type the price includes installation boxes switches wiring, and earthling according to specification and drawings</p> <p>تر اكيب الانارة : تجهيز وفحص وتشغيل مصباح اقتصادي 105 واط عنكبوتي مع قاعدة هولدر كبيرة صالح للتثبيت على الجدار والسقف مع جميع ملحقاتها الصناديق والمآخذ والمفاتيح مع التسليك باستخدام اسلاك نحاسية ظاهريه اردنية او سيمنز دفن قياس 3×1.5 ملم 2 مغلفة بمادة البلاستيك من النوع الجيد شاملة المفاتيح واسلاك التوصيل والتثبيت والتأريض ... الخ حسب المواصفات الفنية المعتمدة وكما يلي</p>	No	61	0.00	0.00
8	<p><u>Ceiling , vertical, wall types fans</u> Supply, install, test and operation ceiling fans type Panasonic or equivalent with all accessories demission 140cm (56inch) with installing boxes, switches, wiring using copper wires(3*1.5mm2) superficial or Siemens type the price includes installation boxes Regulator wiring, and earthling according to specifications</p>	no.	10	0.00	0.00

	<p>المراوح السقفية والعمودية والجدارية: تجهيز وفحص وتشغيل مروحة سقفية نوع باناسونيك أو ما يعادلها مع جميع ملحقاتها وحسب المواصفات الفنية المعتمدة بقطر 140 سم (56 انج) مع التسليك باستخدام اسلاك نحاسية ظاهري او سيمنس دفن المنشا اردني قياس 3×1.5 ملم 2 اردني مغلفة بمادة البلاستيك من النوع الجيد شاملة المنظم و الصناديق والمآخذ والمفاتيح واسلاك التوصيل والتثبيت والتأريض وحسب المواصفات الكهربائية والميكانيكية</p>				
9	<p><u>Wall mounted Exhaust fans:</u> Supply, install, test and operation wall mounted fans size 6 inches exhaust fan with all accessories demission with boxes, switches, wiring using copper wires(3*1.5mm2) exposed Siemens type the price includes operation switches , earthling and Shutter dampers according to Electrical and mechanical <u>specifications</u></p> <p>مفرغات الهواء الجدارية : مفرغات الهواء الجدارية : تجهيز وتثبيت مفرغات هواء جدارية للقاعة والمطبخ حجم 6 انج مع التسليك باستخدام اسلاك نحاسية ظاهريه سيمنس دفن بقياس 3×1.5 ملم 2 مغلفة بمادة البلاستيك من النوع الجيد داخل انابيب من البلاستيك مع مفتاح التشغيل والمزودة بسداد الغلق (Shutter Damper) وحسب ما مثبت في المواصفات الميكانيكية والكهربائية المعتمدة</p>	no.	8	0.00	0.00
10	<p>Supply, install, test and operation water heater isolated type cover with painted enclosure, with heater element and heat regulator ,safety valve installing all required pipe line with Crum locks valve to be ready to connect to electrical source through electrical cable 3*4mm2 with earthling line and 32 amps operation switch with power indications lamp capacity 120 Liters</p> <p>تجهيز ونصب وتشغيل سخانات ماء كهربائية من النوع المعزول المغلف بغلاف مطلي بالمينا مع عنصر التسخين ومنظم الحرارة وصمام الامان وتوصيلات الماء المرنة واقفال كروم زاوية , بحيث تكون جاهزة للربط بالمصدر الكهربائي القريب منها باستخدام كابل 3×4 ملم 2 مع التأريض مع مفتاح التشغيل 32 امب يحتوي على مصباح اشارة سعة 120 لتر</p>	no.	2	0.00	0.00
12	<p>Supply, install, test and operation water cooler with 2 tab manufactured from stainless steel sheet plats heavy duty type capacity 75liters/hour with cooling fan (220V 50Hz) pressing type taps with all pipe line connection according to technical specifications .</p> <p>براد ماء مصنوع من صفائح الحديد الغير قابل للصدأ (Stainless steel) نوعية 2 حنفيه ذو خزان بسعة لاتقل عن 75 لتر بالساعة ويجب ان تتضمن برادات الماء مضخة تبريد ذات مواصفات (220فولت /50هرتز) وحنفيه (تفتح بالضغط) شامل السعر جميع التوصيلات المائية والكهربائية وحسب المواصفات</p>	no.	3	0.00	0.00

13	supply, install, test and operation water Pump 1Hp and 1inch size Q=0.75m3/h and H =15m with fluting mechanical switch but on high level of water tank , on the roof , electrical connecting level switch the price including make concert foundation 40cm to water pam and Aluminum closing enclosure removable 75liters/hour with cooling fan (220V 50Hz) pressing type taps with all during pump maintenance.	no.	3	0.00	0.00
	تجهيز ونصب وفحص مضخة الماء واحد حصان واحد انج وطوافة ميكانيكية توضع للمستوى العالي توضع على خزان السطح مع الربط الكهربائي وكافة الاسلاك ويشمل العمل ايضا قواعد المضخات من الكونكريت بسمك لا يقل عن 40 سم مع قفص من الالمنيوم يثبت بالبراغي ويمكن رفعه عند الصيانة مع بوابة ((يتحمل المقاول اجور الربط المضخة مع المصدر الخارجي))				
14	and operation 3KVA Electrical Supply, install, test Gasoline Generator single phase type Tiger or Equivalent, gasoline operation, electrical starter , and required accessories, price includes manual with all mm2 according to 6*2 connection to MDB using cable supervising Engineers instructions of the	no.	1	0.00	0.00
	تجهيز ونصب وتشغيل مولدة كهربائية قدرة 12 امبير (نوع تاكر أو مايعادلها) تعمل بالبنزين وتشغيل بالسلف معا والسحب مع كل متطلبات العمل. يكون السعر شاملا كافة أعمال الربط الكهربائي وإيصال القدرة إلى لوحة التوزيع الرئيسية MDB باستخدام كابل 6×2 ملم 2 وحسب توجيه المهندس المشرف.				
15	Supply and install water filter (water cleaning device RO GTDS) a fifth stage of cleaning with water storage , 50 installation pipes to water coolant and connection and each .stage of filtration outlet , supply 10 spear filter for .alterable delivers to school administration	no.	1	0.00	0.00
	First stage: sediment filter Second Stage: granular activated carbon sediment filters .C85 .Third stage: color correction filter CTO Fourth stage: membrane filter 50G RO Fifth stage: last activated carbon filter Storage: 3.2G				
	Tabs :stain less steel reversed tab				
	Pump: SML -880680PSI 12 GPM				
	Electrical transformer: 24V /1.2Amp				

	<p>تجهيز ونصب مرشح ماء (جهاز تنقية الماء RO بدرجة 50 G TDS) ذو خمس مراحل مع الخزان والربط والتثبيت وإيصال انبوب الصرف اقرب كلي والخروج الى البراد شاملا السعر تجهيز فلاتر عدد 10 من كل نوع فلتر قابل للتبديل تسلم الى ادارة المدرسة.</p> <p>لمرحلة الاولى: مرشح الرواسب PP5 μm بدقة 5 ميكرون</p> <p>المرحلة الثانية: مرشح الكربون المنشط الحبيبي C85</p> <p>المرحلة الثالثة: مرشح تصحيح الألوان CTO</p> <p>المرحلة الرابعة: الغشاء الترشيحي RO G50</p> <p>المرحلة الخامسة: مرشح الكربون المنشط الأخير</p> <p>الخزان: G3.2</p> <p>الحنفية: حنفية الفولاذ المقاوم للصدأ (ستانلس ستيل) المعقوفة المضخة: SML-8806 80 PSI/0.12 GPM</p> <p>المحول الكهربائي: V/1.2 A24</p>

C units free stand cooling ,Tons Wall mounted 2400BTU , 2 type floor with all connection accessories, pipes and heating type cover and isolated ,connecting outdoor unit with are required tools and works ,as indoor unit, and other drain. pipes electrical protection , wiring, west water includes man power and material 32 amps C.B price the , , using cable 3*4mm2 inside 25mm2 PVC pipe and galvanized steel for the stand floor shall be from the with T shape 50mmX50mmX5mm, painted outer door finishing paint , make a white with prime paint and cage for outdoor units</p> <p>تجهيز,نصب,تشغيل و فحص وحدة تكييف Split Air Conditioner Cooling/Heating- Wall Mounted Unit - Free Stand (جداري) 2 طن تدفئة وتبريد (BTU2400) نوع بلازمه كاملة غير منقوصة مع أنابيبها المغلفة والمعزولة الواصلة بين الوحدة الخارجية والداخلية ,كما تحتوي على تدفئة مع كافة الأعمال الضرورية مثل الحماية الكهربائية ,أسلاك السيطرة ,التوصيلات الكهربائية ,الربط بمصدر القدرة وأنابيب تصريف الماء المتكثف Drain وكما ورد في المخططات وحسب المواصفات مع أجهزة الحماية الكهربائية وتجهيز قاطع دورة سعة 32 أمبير ويشمل السعر اجور التأسيس [باستعمال اسلاك قياس (3*4) ملم 2 تمرر داخل انابيب بلاستيكية وجهاز الحماية نوع منوار مع القفص للوحدة الخارجية والتثبيت او التعليق بالجدار .</p>	no.	5	0.00	0.00
Total Cost estimation for Al-Eqtedar:					0.00

Renovation of Al-Bahja School in Al-Khales district - Diyala Governorate

الكشف الخاص بمدرسة البهجة الواقعة في قضاء الخالص / ناحية المنصورية / قرية سراجق

General Note:

- 1 All works according to the instructions by the Supervision Engineer or his representative.
2. All the materials and equipment's supplied by the Contractor must be of best quality (according to Iraqi standards) and in the case of equipment, in perfect working order. The Contractor must provide samples of material for testing and approval by the Supervision engineer before supplying.
3. Removal of surplus material from site to an approved dumping area by local authorities.
4. The Contractor must pay all the costs for the samples including any laboratory tests required.

#	Items Descriptions	Unit	Quantity	Unit Price	Total USD
A	Concrete Works				
1	Supply equipment and tools to remove the fence the price include removing of rubble and construction waste, demolition materials and obstacles the contractor shall remove all the material to authorized dump by the Local Authority as directed by the Supervising Engineer. تجهيز العدد والادوات لهدم السياج وبموجب المواصفات الفنية بما في ذلك رفع الانقاض ومخلفات البناء ورفع المواد التي تعترض الهدم ثم التعديل والتسوية ورفع الانقاض خارج موقع العمل للمناطق المسموح بها وحسب توجيهات المهندس المشرف	m3	210	0	0
2	Supply tools, equipment's to remove the reinforced concrete foundations including removing all debris, sewage water, etc... which obstacle the excavation area , site preparation, leveling and lining new foundations on the ground as per instructions of supervising engineer المسلحة للبناءية غير تجهيز العدد والادوات لرفع الاسس الكونكريتية الانقاض المرغوب فيها وبموجب المواصفات الفنية بما في ذلك رفع ومخلفات البناء ورفع المواد التي تعترض الحفر وسحب المياه الاسنة ثم التعديل والتسوية ورفع الانقاض خارج موقع العمل السطحية ثم التخطيط بموجب الخرائط التصميمية للاسس. للمناطق المسموح بها وحسب توجيهات المهندس المشرف	m3	60	0	0
3	<u>Exterior Fence Works (Concrete Hollow block with 20x40 cm columns every 4 m and height minimum 2.0 m. Supply materials, man power and all the work requirements to construct exterior fence around the school :</u> اعمال السياج الخارجي (بناء بالكتل الكونكريتية (البلوك)) مع اعمدة بابعاد (40*20) سم تجهيز المواد والأيدي العاملة وجميع التفاصيل اللازمة بموجب المخططات والمواصفات للعناصر التالية لإنشاء السياج الخارجي حول المدرسة:-	l.m.	296	0.00	0.00

Excavate the foundations with 60 cm width, 80 cm depth by excavator. Price includes (but not limited to) provide tools and equipment to control the water table level until completion of pouring concrete process, construction by brick under NGL, backfilling by clean soil, adding clonidine to the back filling layers, with all the required works to complete the Job. In case excavations exceeded the mentioned depth, the contractor will substitute the difference in height with lean concrete (1:2:4) without any additional charges				
الحفريات الترابية للأسس حسب المخططات بعرض (0.6) م وعمق (0.8) م باستخدام الحفارة ، ويشمل السعر تجهيز المواد والمعدات اللازمة لسحب المياه الجوفية إن ظهرت لحين إكمال عملية الصب والبناء تحت مستوى التربة و ردم الجوانب وكذلك يشمل اسناد جوانب الحفر ونقل مخلفات الحفر الغير ملائمة الى خارج الموقع واعادة ردم الجوانب من الخارج والداخل لغاية منسوب الارض الطبيعية بالتراب التنظيف و معالجة طبقات الردم لجوانب الاسس بمحلول قاتل الأرضية وحسب المواصفات وموافقة المهندس المشرف , وفي حالة تجاوز الحفر العمق المشار اليه في المخططات يتحمل المقاول صب خرسانة ضعيفة بنسبة خلط 4:2:1 لتعويض الحفر الزائد .				
Supply, laying and compact a sub-base layer under the foundation not to exceed 20 cm thickness to reach 95% compaction. Each layer not to exceed 10 cm				
تجهيز وفرش وحمل طبقات من مزيج الحصى والرمل الخابط (سبيس) بسمك لا يتجاوز 10 سم للطبقة الواحدة فوق طبقة التربة وبسمك كلي لا يقل عن 20 سم لتعطي كثافة مساوية الى 95% من الكثافة الجافة العظمى.				
Pour 10 cm thick of lean concrete with portions 1 : 2 : 4 under the foundation. Cement used is SRC sulphat resistance concrete.				
تحت الأساس (كونكريت عادي بنسبة خلط 4:2:1 وبسمك 10 سم - كطبقة التعمية باستعمال السمنت المقاوم للاملاح				
Supply and cast Reinforced concrete for foundation of (30x60) cm using sulphate resistant cement and (1:1.5:3) mix ratio, the work includes works of the wooden frames works , reinforcement, bitumen 20/30 Grade, and all accessories with all the required works to complete the Job. reinforcement details: 6 bars - dia. 12mm @20 layers; Tying bars dia. 10 mm @20				
خرسانة مسلحة سمك (30) سم وعرض (60) سم باستعمال السمنت المقاوم للاملاح (C26) بنسبة خلط 3:1.5:1 يشمل السعر حديد التسليح والقوالب وطلاء اوجه الكونكريت الملاصقة للتربة بالقيصر السيلي في درجة 30/20 ومن أجود الأنواع وجميع التفاصيل اللازمة بموجب المخططات والمواصفات لاسس السياج الخارجي. التسليح (6*12 ملم) 3 فوق و3 تحت مع اتربة كل 20 سم سمك 10 ملم				
Building 40 cm width by using (20x20x40) cm solid blocks type A and cement –sand mortar (1:3) under foundation level, both sides of wall must be				

	plastered by S.R.cement mortar before paint it by 2 layers of asphalt 20/30 Grade				
	البناء بالبلوك الكهربائي (20*20*40) سم الجيد القياسي ومونة السمنت المقاوم للاملاح 3:1، تحت البادلو مع عمل تدرج بعرض 40 سم سافين مع ليخ جانبي البناء بمونة السمنت المقاوم للاملاح والرمل والطلاء بطبقتين من القير السيالي درجة 30/20				
	foundation (D.P.C.): Supply and cast plain concrete 15 cm height, same as wall thickness with brick columns, mix ratio (1:1.5:3) with Sika additive				
	مانع الرطوبة : تجهيز مواد وعمل كونكريت عادي بنسبة خلط 3:1.5:1 كمانع الرطوبة (D.P.C). باستعمال مادة السيكاسمك 15 سم وبعرض السياج مع الاعمدة الطابوقية				
	Supply and Build the wall by using (20x20x40) cm solid blocks Type A and cement –sand mortar (1:3) above foundation level the work includes installation of block column of (40x40)cm dimension each 4 m, and expansion joints (double columns) each 12 m.				
	البناء باستخدام بلوك كهربائي بابعد (20*20*40) سم الجيد القياسي ومونة السمنت الاعتيادي 3:1، فوق البادلو مع عمل اعمدة تقوية طابوقية كل 4م وعمل مفصل تمدد كل 12م (دلك مزدوجة)				
	Concrete cover above the fence with dimensions (34x10) cm				
	صب غطاء كونكريتي فوق السياج وبابعد (10x34) سم				
	Plastering 20mm thick smooth-finished ready mixed plastering in two coats over one slurry coat, including all necessary angle beads and wire mesh, thickness gage, plaster stop on both sides complete,.				
	الليخ مساطر بمونة السمنت والرمل (3:1) بسمك 20 ملم لجانبي الجدار وحسب ما محدد				
	Fine rendering by using white cement and crushed stone powder for both sides of plastered wall. Color to be specified by the supervising engineer				
	النثر الناعم المكبوس بالسمنت الابيض والغبرة لجانبي السياج الملوخة بمونة السمنت وباللون الذي يحدده المهندس المشرف.				
4	Remove the old damaged gypsum plaster for the interior walls and ceilings, if there is moisture it must be dried and painted with liquid cement mortar before applying the plaster. Gypsum plaster removal must not affect walls and ceilings structure, and according to the directions of the Supervisor Engineer.	m2	2150	0.00	0.00
	تجهيز مواد العدد اللازمة والعمل على قلع البياض القديم للجدران الداخلية والسقوف ولحد ظهور الطابوق او الكونكريت مع تجفيف مناطق المرطوبة ان وجدت والشربة بمونة السمنت المقاوم والرمل شاملا السعر استخدام كافات الالات الخاصة بقلع البياض مع مراعاة عدم تضرر البناء وحسب توجيهات المهندس المشرف				

5	Supply equipment and tools to remove the reinforced concrete including the removing of rubble and construction waste, materials obstacles demolition then remove debris off-site to permitted waste areas and to cut rebar using a special cutting machines and as directed by the Supervisor Engineer				
	تجهيز العدد والادوات لرفع الخرسانة المسلحة وبموجب المواصفات الفنية بما في ذلك رفع الانقاض ومخلفات البناء ورفع المواد التي تعترض الهدم ثم التعديل والتسوية ورفع الانقاض خارج موقع العمل للمناطق المسموح بها مع قطع حديد التسليح باستخدام الات القطع الخاصة وحسب توجيهات المهندس المشرف				
a	Roof slab	m2	625	0	0.00
	خرسانة سقوف				
b	Beams and lintels	m3	60	0	0.00
	خرسانة جسور و جسور فوق الابواب				
6	Supply and cast reinforced concrete with compressive strength C26 Mpa for roof , beams, Cantilevers ,lintel beam (drop beam) 25 cm and parapets , the work includes works of the wooden framework, reinforcement and all accessories with all the required works to complete the Job.				
	الاعمال الخرسانية فوق مستوى مانع الرطوبة				
	تجهيز مواد وصب خرسانة مسلحة (C26) باستخدام السمنت البورتلاندي الاعتيادي بنسبة خلط 1:3:1.5 ويشمل السعر حديد التسليح والقوالب وجميع التفاصيل اللازمة بموجب المخططات والمواصفات للعناصر التالية:-				
a	Beams, steel reinforcement :calculate quantities which is the exposed parts	m3	47	0.00	0.00
	للجسور وتحتسب الذرعة للجزء المتدلي والبارز				
b	Roofs 20cm	m3	125	0.00	0.00
	وبسمك (20) سم للسقوف وتحتسب الذرعة لكامل المساحة الأفقية				
c	Cantilevers	m3	7	0.00	0.00
	الخارجية المظلات (الكاسرات) وعتبات الشبابيك				
d	Parapets (12x40)cm	m3	6	0.00	0.00
	سم 40 الستائر (مردات المياه) بعرض 12 سم وارتفاع				
7	Supply materials and tools required to completely remove the old damaged concrete tiles to identified location out of site. Removal must not affect the roof slab structure and should be performed under the directions of the Supervising engineer.	m2	294	0	0
	تجهيز مواد والقيام بقطع الشتاكر المتضرر القديم ورفع التراب القديم خارج موقع العمل وتنظيف السطح بالكامل مع مراعاة عدم تضرر الكونكريت او العقادة من جراء الرفع وحسب توجيهات المهندس المشرف				
B	Roof finishing works أعمال أنهاءات السطح				
1	Supply materials, manpower to complete the roofing works. Samples submitted to the supervising engineer for approval prior to implementation as follows:	m2	460	0.00	0.00

<p>تجهيز جميع المواد والأيدي العاملة وانجاز اعمال التسطیح كاملا وتحسب الذرعة للمساحات الأفقية فقط يجب مصادقة المهندس المشرف على النماذج المقدمة قبل تنفيذ الفقرات. ويشمل السعر الفقرات وكما ما يلي :</p>			
<p>Clean up the concrete surface completely then to fill the connection area between parapet and slab Chamfer, then paint the slab with bitumen emulsion.</p>			
<p>تنظيف السطح الكونكريتي بشكل جيد جداً وعمل الحشوة المثلثية من مونة السمنت عند التقاء الستائر بالسطح والطلاء بمادة الفلنكوت.</p>			
<p>Spread 2 layers of liquid asphalt grade 20/30 oppositely on the roof and parapet up to 30 cm.</p>			
<p>طلاء سطح السقف الكونكريتي بطبقتين متعاكسة من القير السيالي درجة (30/20) وترفع حافات القير مع مرد السطح الكونكريتي وبارتفاع 30سم .</p>			
<p>Lay down 2 layers of roofing membrane 2mm thick, perpendicularly to each other. Membrane edges treated by hot asphalt. Membrane raised with the parapet.</p>			
<p>فرش طبقتين من اللباد الجيد سمك 2 ملم لكل طبقة بصورة متعامدة فوق طبقتي القير على ان تدرز حافات اللباد بالقير الحار وترفع حافات اللباد مع مرد السطح الكونكريتي</p>			
<p>Paint by 1 layer of liquid asphalt grade 20/30 above the membrane with the thickness 5mm and the edges of tar to be in the same level of the concert surface.</p>			
<p>الطلاء بطبقة من القير السيالي درجة (30/20) فوق طبقتي اللباد بسمك 5 ملم وترفع حافات القير مع مرد السطح الكونكريتي</p>			
<p>5 cm layer of Styrofoam with 20kg/m3 density covered by 2 layers of nylon layer (polyphone sheets 500 Micron) both sides</p>			
<p>فرش طبقة من الواح مادة الستايروبور العازلة ذات كثافة 20 كغم/م3 وبسمك 5 سم تغطي بطبقتين من النايلون السميك من الاسفل (فوق الزفت) ومن الاعلى.</p>			
<p>Spread layer of river sand not less than 5 cm</p>			
<p>فرش طبقة من الزميج النهري التنظيف الخالي من الشوائب وبسمك لا يقل عن 5 سم لعمل التساريح المطلوبة</p>			
<p>Install 80x80x5 cm concrete tiles, joints to filled with mastic after approval from the supervising engineer. Cement mortar to be used between tiles and parapets</p>			
<p>تنبيت بلاطات كونكريتية جاهزة قياس 80 × 80 × 4 سم ثم مليء الفواصل بمادة الماستك الموافق عليه من قبل المهندس المشرف بعد اجراء الفحص , شاملا عمل حشوات من مونة السمنت عند التقاء البلاطات الكونكريتية مع الستائر</p>			

2	<p>Supply materials, tools and manpower to remove Concrete ground yards and slabs including removing debris and all remnant construction subject to destruction with all work requirements to grading and compacting and transfer the debris to a specified location out of the site by local authorities under the instruction of the Supervisor Engineer.</p> <p>تجهيز العدد والادوات لرفع صبات الساحات والارضيات وبموجب المواصفات الفنية بما في ذلك رفع الانقاض ورفع المواد التي تعترض الهدم ثم التعديل والتسوية ورفع الانقاض خارج موقع العمل للمناطق المسموح بها وحسب توجيهات المهندس المشرف</p>	m2	841	0	0.00
2.1	<p>Supply the required tools and materials to cast the school's yards by using sulphate resisting cement with 2 layers of BRC reinforced steel bars Dia not less than 6mm thick (15x15)cm wire mesh layers, (1:1.5:3) mixing ratio, with manholes each 50 m2 connected by 4 inches pipes (PVC SN8, Pressure :10 Bars) to the sewage system. Price includes spreading 2 thick nylon layer (polyphone sheets 500 Micron) , adequate elevations, required excavations and back fillings, metal side shutters.</p> <p>تجهيز مواد والمعدات للقيام بأعمال صب الساحات بسمك 15 سم مع وضع طبقتين من مشبك حديد التسليح (BRC) بقطر لا يقل عن 6 ملم محرز و لا تزيد ابعاد الفتحات عن 15 سم باستخدام السمنت المقاوم للأملاح و خلطة الرمل و الحصى 1:1.5:3 مع اخذ المناسب مع عمل منبهولات لكل 50 م2 باستخدام انابيب قطر 4 انج بلاستيك نوع سعودي ضغط 10 بار حصرا وربطها مع منظومة تصريف خارجية شاملا السعر اعمال التساريح و الحفر و الدفن و الصب و كذلك فرش طبقتين من النايلون الزراعي السميك تحت الصب و باستخدام قوالب حديدية المستخدمة في صب الطرق حسب الحاجة و حسب توجيهات المهندس المشرف</p>	m2	841	0	0
3	<p>Supply tools and materials to remove walk ways to be prepared for cast new one with foundations including debris and obstacles removal away to the permitted area , preparations and leveling as directed by Supervising Engineer.</p> <p>تجهيز العدد والادوات لرفع الممرات وصبة المماشي واسسها وبموجب المواصفات الفنية بما في ذلك رفع الانقاض ومخلفات البناء ورفع المواد التي تعترض الهدم ثم التعديل والتسوية ورفع الانقاض خارج موقع العمل للمناطق المسموح بها وحسب توجيهات المهندس المشرف</p>	m2	180	0	0
4	<p>Pour 15 cm thick of concrete C26 reinforced by 5mm wire mesh, mix portions 1:1.5:3. Price includes (but not limited to) pouring steps, slopes, joints filled with sand and bituminous filler each 2m, laying 2 layers of thick nylon layer (polyphone sheets 500 Micron) under the slab on grade</p> <p>صب طبقة من الكونكريت المسلح (C26) بوجه صقيل وباستعمال السمنت المقاوم للأملاح وبنسبة خلط 1:1.5:3 وبسمك 15 سم باستخدام طبقة من مشبك حديد التسليح 5 ملم وكما في المخططات شاملا السعر صب ادراج المماشي والتساريح مع عمل المفاصل المطوبة كل 2م وملئها بالرمل والمادة المائلة للمفاصل (ماسك) وكذلك فرش طبقتين من النايلون الزراعي السميك بين طبقة الحصى الخابط وصبة الارضية.</p>	m2	180	0	0
C	Plastering and Painting Works				

1	Supply and plastering the interior walls and ceilings with gypsum 20mm Thickness, using the grid for each 1m, with all work requirements including (but not limited to) using wire mesh in the damaged areas, treating walls and ceiling with liquid cement mortar before plastering. All works should be performed according to the directions of Supervising Engineer	m2	2150	0.00	0.00
	تجهيز المواد والبياض بالجص للأوجه الداخلية للجدران وللسقف الصف المتضرر سمك 20 ملم باستخدام المساطر كل 1 متر مع الانتهاء بطبقة من الجص الفني وبموجب المواصفات شاملا السعر نثر اوجه البناء بشربت السمنت قبل عملية البياض مع استخدام الاسلاك (الجبك واير) في الاماكن المتضررة				
2	Supply and paint emulsion paint (Pentalite paint - type Yoqout , Marjan, Atlas or equivalent) the works include one prime coat, two putty coats for the entire painted areas and three finishing coats with the color as per supervising engineering instruction.	m2	2150	0.00	0.00
	تجهيز المواد والطلاء بثلاث طبقات من الصبغ المستحلب (البنتلايت) من النوعية الممتازة وصبغ الجدران وكذلك السقوف المبيضة بالجص باستخدام البنتلايت 3 طبقات محلي المنشاء الى حد الاشباع ويكون اختيار اللون والتكنيك بحسب توجيهات المهندس المشرف باستخدام اصباغ نوع ياقوت او مرجان او اطلس او مايعادلها من ناحية الجودة وحسب المواصفات الفنية (يشمل السعر كافة المعالجات اللازمة للسطوح بما يظهرها بمظهر صقيل)				
3	Supply materials and tools required for complete removal of the old damaged cement mortar for the interior and exterior walls and ceilings. Cement mortar removal must not affect walls and ceiling structure, and according the directions of the Supervising Engineer	m2	2650	0.00	0.00
	تجهيز مواد والعدد اللازمة لقلع الليخ القديم المتضرر للجدران الداخلية والخارجية والسقوف والاسيجة ولحد ظهور الطابوق او الكونكريت شاملا السعر استخدام كافات الالات الخاصة بقلع الليخ مع مراعاة عدم تضرر البناء وحسب توجيهات المهندس المشرف				
4	Cement Mortar plastering: - 20mm thick smooth-finished ready mixed plastering (cement -sand 1:3) in two coats over one slurry coat, including to POLISH cement mortar all the areas which will be painted by emulsion and liquid cement mortar all necessary angle beads and wire mesh, thickness gage. Price includes spraying all building faces with Mortar Cement before plastering	m2	2650	0.00	0.00
	الليخ تجهيز مواد واكساء الجدران الخارجية للمدرسة وبضمنها الستائر والمظلات (الكاسرات) بالليخ بمونة السمنت والرمل (3:1) بسمك 20 ملم وبموجب المواصفات , ويكون الليخ صقيل لجميع الواجه التي يكون انهاها بالصبغ المستحلب .شاملا السعر نثر اوجه البناء بشربت السمنت قبل عملية الليخ				
5	Supply and paint the exterior walls, columns and walk ways by plastic paint; type Spies, BTEC or equivalent. price includes paint with prime layer basis of the same type, appropriate color. Price must include all work requirements of refining	m2	2650	0.00	0.00

	surfaces and as directed by the Supervising Engineer.				
	تجهيز المواد والعدد اللازمة والقيام بصيغ الجدران والاعمدة والممرات الخارجية بالاصباغ البلاستيكية (خارجي) نوع سابيس او بيتيك او ما يعادلها ويشمل السعر الطلاء بطبقة اساس اولية من نفس منشاء الصيغ وبلون مناسب وكل ما يتطلبه العمل من تصفيه وصقل السطوح وحسب توجيهات المهندس المشرف				
6	Supply and paint the skirting walls up to 1.2 m height with oil paint (local paint or equivalent), of one prime coat(Pentalite paint) ,two putty coats for the entire painted areas undercoat layer and three finishing coats, including preparation works, putty coats all needed to complete the work تجهيز المواد والعدد اللازمة والقيام بالصيغ بالاصباغ الدهنية (البوية المطفية او اللماعة) بثلاث طبقات او حد التغطية للجدران بارتفاع 1.2 م باستخدام اصباغ الحديثة او ما يعادلها .ويشمل السعر طبقة اساس من البنتالايت العراقي المحلي واجراء كافة اعمال التصليح والصقل للجدران المتضررة قبل عمليه الصيغ وحسب المواصفات الفنية وتوجيهات المهندس المشرف.(للجدران و لسقوف المجاميع الصحية والحائوت والمطابخ)	m2	1920	0.00	0.00
D	Tiling Works أعمال الكاشي				
1	Supply materials, tools and manpower to remove ground (regular or mosaic) including removing debris with all work requirements to complete the Job. تجهيز العدد والادوات لرفع كاشي الارضيات (عادي او موزائيك) وبموجب المواصفات الفنية بما في ذلك رفع الانقاض ومخلفات الهدم خارج موقع العمل للمناطق المسموح بها وحسب توجيهات المهندس المشرف	m2	1060	0	0.00
2	Supply and cast reinforced concrete (BRC) 10 cm thick for floor under tiles (15cm *15 cm) and Dia 5 mm with mix ratio (1:2:4)and ,using sulphate resistant cement. Price includes laying 2 layers of appropriate Nylon and all the required works to complete the Job. تجهيز مواد وصب طبقة كونكريت المسلح تحت الكاشي بنسبة مزج (4:2:1) وبسبك 10 سم وباستخدام الاسمنت المقاوم للاملاح شاملا" السعر فرش طبقتين من النايلون الزراعي السميك بين طبقة الحصى الخابط وطبقة صبة الارضية وحسب توجيه المهندس المشرف	m2	841	0	0.00
3	Supply and install Mosaic tiles of (40X40X2)cm number 4 , the price include but not limited to fill the joints with white cement , polishing the mosaic tiles and installation of 10 cm ceramic skirting, with all the required works complete the Job. تجهيز مواد وتطبيق كاشي موزائيك قياس (2x40x40) سم مجلي للارضيات بمونة السمنت والرمل (4:1) شاملا السعر الشربت بالسمنت الابيض مع الجلي الموقعي على ان يقوم المهندس المشرف بتحديد اللون وحجم الحجر المستخدم	m2	1060	0	0.00

4	Supply and install ceramic tiles (10X30X1cm) for the skirting walls the water absorption shall be 10 to 15 % the price include all the material needed to install , filling with white cement and polishing	l.m.	500	0	0.00
	تجهيز مواد وعدد وتثبيت ازارة من السيراميك بابعاد (30×10) سم باستعمال مونة السمنت والرمل (3:1) مع الشربة بمونة السمنت الابيض. ويراعى قص السيراميك بدقه وبصوره مستقيمه وفي حالة عدم توفر الابعاد المثبتة في الكشف والمخططات على المهندس المشرف تحديد الابعاد والالوان				
5	Supply tools, materials and man power to install staircase steps covers made of industrial granite with standard length applied by cement mortar with mix ratio (1:3) and white cement grout. Edges to be cut-off accurate with straight	Ea	23	0	0
	تغليف بابيات الادراج تجهيز وتغليف بابيات الادراج بأطوال قياسية (3××× سم) مع المرايا بقطع جاهزة وكاملة من الكرانيت الصناعي والتطبيق بمونة السمنت والرمل(3:1) مع الشربة بمونة السمنت الابيض. ويراعى قص القطع بدقه وبصوره مستقيمه				
6	Supply and install ceramic tiles (25X40X1cm) for the sanitary, kitchen and cafeteria walls. The water absorption shall be 10 to 15 % the price include all the material needed to install , filling with white cement and polishing	m2	230	0.00	0.00
	تجهيز مواد واكساء جدران وقواطع المرافق الصحية الداخلية والمطبخ والحانوت بالكاشي السيراميك باستعمال مونة السمنت والرمل (3:1) مع الشربة بمونة السمنت الابيض. شاملا السعر تجهيز وتثبيت شرائط اركان من الالمنيوم الخاص بركان جدران السيراميك. ويراعى قص الكاشي بدقه وبصوره مستقيمة . وفي حالة عدم توفر الابعاد المثبتة في الكشف والمخططات على المهندس المشرف تحديد الابعاد والالوان				
7	Supply and install porcelain tiles anti slip for the sanitation unit floors size (30X30X0.8 cm) , the water absorption shall be 0.5 to 0.9% , the price include the all the material needed to install , filling with white cement and polishing the porcelain tiles and installation of 10 cm ceramic skirting, with all the required works complete the Job. . Price includes Aluminum strips at walls corners	m2	150	0.00	0.00
	تجهيز مواد وعدد وتثبيت ارضية للحمامات من السيراميك الذي يمنع الانزلاق باستعمال مونة السمنت والرمل (3:1) مع الشربة بمونة السمنت الابيض. ويراعى قص السيراميك بدقه وبصوره مستقيمة. وفي حالة عدم توفر الابعاد المثبتة في الكشف والمخططات على المهندس المشرف تحديد الابعاد والالوان				
E	Sanitation Works				
1	Supply, installation, testing and commissioning of UPVC of SN8 drainage 10 bar and ventilation pipes down to manholes with all required fittings including excavation, back filling, incasing with Supleplate resistant cement concrete and roof vent caps, including connections as follow				
	تجهيز وتركيب وفحص انابيب مجاري بلاستيكية UPVC تتحمل ضغط 10 جو على الأقل من نوعية جيدة, مع كافة الملحقات والتقسيم والعكوس.(سعودي او مصري الامل شريف الاصلي او ما يعادلها)				

	يتضمن العمل الحفريات والتغليف بالرمل النظيف من كافة الجوانب. والصب بالكونكريت وكما يلي :-				
	Plastic pipes, UPVC, Dia 50ml (2 inches) انابيب بلاستيك UPVC قطر 50 ملم (2 انج)	I.m.	25	0	0
	Plastic pipes, UPVC, Dia 100ml (4 inches) انابيب بلاستيك UPVC قطر 110 ملم (4 انج)	I.m.	50	0	0
	Plastic pipes, UPVC, Dia 160 ml (6 inches) انابيب بلاستيك UPVC قطر 160 ملم (6 انج)	I.m.	30	0	0
2	Supply tools and materials to remove the old sewer pipes, toilet seats and all related accessories and any damaged or undesired old sanitary works. Price includes concrete demolition and removing trash off-side as directed by the supervising engineer. تجهيز المواد والعدد اللازمة لقلع المجاري القديمة والمقاعد وملحقاتها من كليات وتقاسيم وعكوس وتوصيلات للمرافق الصحية واي تاسيسات صحية غير مرغوب فيها او متضررة شاملا السعر تكسير الصب ورفع المخلفات خارج موقع العمل وحسب توجيهات المهندس المشرف	no.	8	0	0
3	Supply and install White Vitreous with semi pedestal/ with stand Wash Basin, size (40 *56) cm complete with all fittings, valves, waste pipes to nearest floor traps , connection to water system, the price also includes the chrome mixer ,mirror, and soap holder or any other necessary parts. تجهيز وتركيب مغاسل فرفرية بيضاء مع السداد والسلسلة والتثبيت والتوصيلات مع وضع قفلين براص/ مطلي بالكروم والخلاط منشأ تركي اصلي ثقيل والصونده والبالوعة وتكون المغاسل من مصنوعات جيدة توافق عليها لجنة الاشراف وتكون المغاسل بالقياسات والملحقات المبينة ادناه :-مغسلة(40*56)سم مع خلاط وبراكيتات مع المرايا وحمالة الصابون	no.	6	0	0
4	Supply and Install eastern type Toilet (52 * 60) cm, White, complete with galvanized flush tank with 32mm galvanized water pipes, chrome tap 15mm for each toilet, fitting, chrome plated 13mm stop and valve . Price to include waste pipes to nearest manhole, water pipe from the system, painting the water tank and water pipes by oil paint and thermal white color تجهيز وتركيب وفحص مراحيض شرقية فرفرية من النوع العميق بيضاء او ملونة طول(52) سم على الاقل مع الكلي خزان الماء العالي من الحديد المغلوق النازل من الخزان قطر (32) ملم وحنفية كروم قطر (15) ملم لكل مرحاض يطلي خزان الماء والانبوب النازل بالصيغ الدهني وباللون الابيض الحراري وتكون المراحيض من مصنوعات جيدة وبموافقة المهندس.	no.	8	0	0
5	Supply materials to pour concrete manholes as the dimensions below by using SRC and mix ratio (1:1.5:3), Poly-Ethylene covers. Price includes sulphate resistance cement plastering for the exterior side before painting with asphalt 20/30 Grade, slope works in the manhole base per the required specifications				

	تجهيز المواد وصب احواض تفتيش بابعاد المبينة ادناه ذات قاعدة وجدران كونكريتية مسلحة وباستعمال السمنت المقاوم وبنسبة خلط 3:1.5:1 مع اغطية محكمة من الالاهين او البلاستيك المضغوط , شاملا السعر انهاء الاسطح الخارجية بالليخ بمونة السمنت المقاوم للاملاح والرمل ثم الطلاء بمادة الفير السيليالي درجة 30/20 وعمل الانحدارات اللازمة في قاعدة المنهول وكما مبين في المواصفات				
a	40x40 cm سم 40*40	no.	8	0	0
b	50x50 cm سم 50*50	no.	5	0	0
6	Supply and install hot and cold galvanized steel pipes sch40 first class for the (hot & cold) water supplied for Washbasins and bathrooms. Pipes installed inside walls after painting covering by glass fiber and painting with anti-corrosion with all work requirements and accessories. Samples to be submitted prior to work . Work includes walls/concrete digging if required <u>انابيب فولاذية مغلوقة</u> <u>اولا.</u> تأسيس ماء حار وبارد للمغاسل والحمامات باستعمال انابيب مغلوقة درجة اولى مدفونة ضمن الجدران والارضيات ومغلقة بالصوف الزجاجي مع صبغها قبل التغليف بصبغ مانع للصدأ مع استخدام كافة المتطلبات من عكوس وتقاسيم واقفال. <u>ثانيا.</u> تقدم نماذج من المواد المستعملة للموافقة المسبقة عليها. <u>ثالثا.</u> يشمل السعر الحفريات مع تكسير الجدران والكونكريت اذا تطلب الامر.				
a	Galvanized pipes with diameter 1/2 inch انابيب مغلوقة قطر 1/2 انج -	l.m.	80	0	0
b	Galvanized pipes with diameter 3/4 inch انابيب مغلوقة قطر 3/4 انج -	l.m.	40	0	0
7	Supply and install galvanized water tank of 1000-liter capacity and gage 16 plate, at the height 50 cm from the ground floor. Work includes all installation and connections with sanitary unit, cover diameter 50 cm, replacing the damaged tap, pipes, with all the required works to complete the Job. Tank dimensions (1x1x1)m تجهيز ونصب وفحص خزان ماء من صفائح الحديد المغلون كيج(16) على الاقل مع قواعد خرسانية مع الشيلمان بارتفاع 50 سم عن سطح الارض او توضع على الابراج مع انبوب تفريغ وانبوب الماء الفائض مع غطاء بابعاد (قطر 50) سم مع طوافة اعتيادية مع عمل قفل خروج وقفل دخول لكل خزان علما ان ابعاد الخزان (1*1*1) م	no.	6	0	0
8	Supply and Install Water tap - regular type- as approved by the supervisor engineer. حنفيات ماء اعتيادية (Water tap) نوع تركي براص وبموافقة المهندس المشرف	no.	23	0	0
9	<u>Rain drainage and ventilation pipes:</u> Supply and install, 6 Bars plastic pipes for the rain drainage and ventilation pipes with all required fixtures and accessories. Rain drainage pipes to be installed vertically down from the roof, a sufficient slope to be set in the conection points of roof with the pipe. Pipes must be fixed metal fixers				

	تجهيز وتثبيت انابيب من البلاستيك 6 جو لتصريف مياه الامطار والتهوية للمجاري مع كافة التراكييب والملحقات المطلوبة للربط على ان تمر انابيب تصريف المياه بصورة شاقولية من السطح وعمل الميل المناسب للسطح عند نقاط الالتقاء بين هذه الانابيب وسطح البناية.مع التثبيت بقفائص كل 1.5 متر باستخدام الجوي				
a	Pipes for the ventilation (50)mm انابيب قطر (50) ملم للتهوية	l.m.	4	0	0
b	Pipes for the rain water (100)mm انابيب قطر (100) ملم لمياه الامطار	l.m.	75	0	0
10	supply, install, test and operation water heater isolated type cover with painted enclosure, with heater element and heat regulator ,safety valve installing all required pipe line with Crum locks valve to be ready to connect to electrical source trough electrical cable 3*4mm2 with earthing line and 32 amps operation switch with power indications lamp as below تجهيز ونصب وتشغيل سخانات ماء كهربائية من النوع المعزول المغلف بغلاف مطلي بالمينا مع عنصر التسخين ومنظم الحرارة وصمام الامان وتوصيلات الماء المرنة واقفال كروم زاوية ,بحيث تكون جاهزة للربط بالمصدر الكهربائي القريب منها باستخدام كابل 4×3 ملم مع التأريض مع مفتاح التشغيل 32 امب يحتوي على مصباح اشارة وكما يلي .				
	120liter water heater سخان نوع الطحان 120 لتر	no.	3	0.00	0.00
11	Supply and install steel tower for the water toilets tanks by using 5 inches I section as columns and 3 inches angle shape as horizontal beams steel sections, 50 cm cantilevers from sides with guard rail at 70 cm height for the tanks maintenance, paint by anti rust and 3 layers of oil paint. Base fixed to the ground by concrete base (1.5x3x0.15) m, mix ratio (1:2:3) with wire mesh Tower dimensions from bottom (2.5x1.2) with service ladder. service area will be concerned by jagger plate.as instructed and approved by the Supervising Engineer. عمل برج من الحديد لخزانات مياه المرافق الصحية للطلاب باستخدام حديد الشيلمان (5) انج ثقيل كاعمدة وحديد الزاوية (3) انج ثقيل كمفاصل رابطة وجسور عرضية مع عمل حافات بعرض (50) سم لجوانب البرج مع عمل محجر بارتفاع (70) سم لغرض صيانة الخزانات شاملا السعر الصبغ بمانع الصدأ والبوية والتثبيت بالارض بواسطة حفر اساس بعمق (60 سم) وبابعاد (3*1.5) والتربيع بالجلمود بسمك (10)سم ووضع طبقة تسويه بنسبة خلط (3:1) سمك (5سم) وعمل صبة كونكريتية بنسبة خلط (3:2:1) سمك (15 سم) مع وضع طبقة من ال(بي ار سي) سمك (6ملم) محرز ويكون البرج من الاسفل بابعاد (2.5* 1.2) م مع وجود سلم خدمي (cat leader) مع تغليف المنطقة الخدميه باستخدام حديد الجكر بليت وحسب توجيه وموافقة المهندس المشرف	l.s.	2	0.00	0.00

12	Supply and build the septic tank 2 rooms (3X2.55x4)m, price should include soil excavations, casting the foundation , walls and slab with 21 Mpa Sulphate resistance Concrete , Foundation 20 cm in addition to the 10cm lean concrete and 2 steel layers of 12mm every 15cm (both direction) , the walls of 30 cm with 2 steel layers of 12mm every 15cm (both direction) and roof 20 cm with two steel layers of 12mm every 15 cm (both direction) , also installation manhole steel covers of (60 x 60) cm and maintenance ladders with all the required works to complete the Job	l.s.	1	0.00	0.00
	انشاء وفحص خزانات التعفين للابعاد المبينة ادناه من الخرسانة المسلحة للقاعدة والجدران والسقف وتطلى من الخارج والداخل بطبقتين من مادة القير درجة 30/20 وباستخدام السمنت المقاوم شاملا السعر اعمال الحفريات الترابية والتربيع والقوالب وغطاء السقف وسلم داخلي للصيانة وسحب المياه عند عملية الحفر وكافة المعالجات لتنفيذ هذه الفقرة مع اغطية من الالاهين قياس 60*60 سم. (3*2.55*4) م				
F	Steel and Wooden work :				
1	Supply and install hollow metal coated sliding steel door (2X3.6)m dimension partitioning every 20cm (4cm X 4cm x 2mm) , and covered with steel plate 1.5mm thickness on both sides the frame shall be 1.5 inch and 2mm thickness. the work including all necessary fixings,, hinges fittings, locks with key, glazing, insulation foam, accessories, mastic, hardware and painting with anti-rust paint and 3 layers of oil paints, locks, connections accessories, , concrete columns (50X50)cm and all the required to complete the work..	no.	1	0	0
	ابواب من الحديد مع الاطار يشمل العمل كلفة ملحقات التثبيت والزمادات والكيلون مع الطلاء وطبقة واحدة بمانع الصدأ وثلاث طبقات من الاصباغ الدهنية وبموجب المخططات والمواصفات الفنية بابعاد (2*3.6) م للباب (فردة والاخرى سلايد) مع نقشة من الحديد تحدد بموجب مرسوم يقدم من المهندس المشرف مع السكة والبولبرينات مع صب اعمدة كونكريتية مسلحة (50 * 50) سم للتثبيت مع انتهاءاتها وكل ما يتطلبه العمل الجيد وحسب توجيهات المهندس المشرف				
2	Supply and install hollow metal coated sliding steel door gauge 16 (2X3.6)m dimension with 4 mm class until the middle ,partitioning every 20cm (4cm X 4cm x 2mm) , and covered with steel plate thickness on both sides the frame shall be 1.5 inch and 2mm thickness. the work including all necessary fixings, hinges fittings, locks with key, glazing, insulation foam, accessories, mastic, hardware and painting with anti-rust paint and 3 layers of oil paints, locks, connections accessories, , concrete columns (50X50)cm and all the required to complete the work.	m2	23	0	0

	تجهيز وتثبيت ابواب حديدية نصف مزججة كبس وجهين (كيج 16) مع اطارات مكبوسة ويشمل السعر مستلزمات التثبيت والنرمادات -على ان لا تقل عن ثلاثة لكل باب واليديات والكيلونات(نوع اصلي) من النوعية الجيدة أو من مناشئ معروفة والزجاج الابيض الشفاف سمك (4 ملم) ومصدات الابواب والصيغ بطبقتين بمانع الصدأ ثم الانتهاء بالصيغ الدهني بثلاث طبقات وطبقة من الفلين كبطانة للابواب وكل ما يتطلبه العمل وبموجب المخططات والمواصفات الفنية ذات العلاقة وبموافقة المهندس المشرف				
3	Supply and install hollow metal coated sliding steel door gauge 16 (2X3.6)m dimension partitioning every 20cm (4cm X 4cm x 2mm) , and covered with steel plate on both sides the frame shall be 1.5 inch and 2mm thickness. the work including all necessary fixings,, hinges fittings, locks with key, glazing, insulation foam, accessories, mastic, hardware and painting with anti-rust paint and 3 layers of oil paints, locks, connections accessories, , concrete columns (50X50)cm and all the required to complete the work.. تجهيز وتثبيت ابواب حديدية كاملة كبس وجهين (كيج 16) مع اطارات مكبوسة ويشمل السعر مستلزمات التثبيت والنرمادات -على ان لا تقل عن ثلاثة لكل باب واليديات والكيلونات(نوع اصلي) من النوعية الجيدة أو من مناشئ معروفة والزجاج الابيض الشفاف سمك (4 ملم) ومصدات الابواب والصيغ بطبقتين بمانع الصدأ ثم الانتهاء بالصيغ الدهني بثلاث طبقات وطبقة من الفلين كبطانة للابواب وكل ما يتطلبه العمل وبموجب المخططات والمواصفات الفنية ذات العلاقة وبموافقة المهندس المشرف	m2	6.5	0	0
4	Supply tools, materials and man power to install wooden doors. Frames to be made of solid wood (Javanese) (3x6) inches, door panel to be made of two formic layers (first one is spruce wood and the final one is teak wood) from each face with filling each 12 cm and javanese wood frame cover, with external covers (3 inch) around the door. Price includes fixing, Door locks, embossing fixed on the two door faces, or ready embossing within the teak layer, door stoppers, Sperto and Damalok finishing, according to the drawing and as directed by Supervising Engineer. الأبواب الخشبية تجهيز وتثبيت ابواب خشبية كاملة. الاطارات من الخشب الصلب (الجاوي) (6×3) انج والفردات كبس طبقتين من خشب المعاكس (الاولية من المعاكس الجام والنهائية الخارجية من الخشب المعاكس الصاج) من كل وجه مع حشوة كل 12 سم مع قبلمة جاوي وتغليف قبقات خارجية (7 سم) (3 انج) حول الباب ويشمل السعر مستلزمات التثبيت والكيلونات (اصلي) من النوعية الجيدة او من مناشئ معروفة ونقشة بسيطة تثبت على الوجهين او نقشة جاهزة من ضمن طبقة المعاكس الصاج ومصدات الابواب ثم الانتهاء بالسيرتو والدملوك بموجب المخططات والمواصفات الفنية ذات العلاقة وبموافقة المهندس المشرف	Ea	19	0	0

5	P.V.C. Doors Supply and install PVC doors minim 30mm thick factory made panel , PVC structure of Seamless Steel tube (M.S) (19x19)mm for stiles , (15x15)mm for the top and bottom rails , Solid frame minimum 5mm thickness and fixing the frame with 100mm long M.S screw the price include locks, hinges, handles, stopper and all the needed accessories to complete the job	m2	13	0	0
	الأبواب P.V.C تجهيز وتثبيت ابواب P.V.C عمل كاملة باستخدام مقاطع تركية المنشاء مع الاطارات مع الزجاج او بدون زجاج ويشمل السعر مستلزمات التثبيت والكيلونات من النوعية الجيدة او من مناشئ معروفة ومصداق الابواب ثم الانتهاء وبموافقة المهندس المشرف واللون الذي يختاره				
6	Supply and install the steel windows with guard frame, the work includes the anti-flies net, handles and glass of 5mm thickness and painting with anti-rust paints and three layers of oil paints with all accessories and work requirements to complete the Job.	m2	120	0	0
	تجهيز وتثبيت شبابيك حديدية كاملة مع الأطارات ويشمل السعر مستلزمات التثبيت واليديات من البراص والزجاج الابيض الشفاف سمك (5 ملم) وسلك مانع الذباب للفردات المتحركة والصبغ بطبقتين بمانع الصدأ ثم الانتهاء بالصبغ الدهني بثلاث طبقات وبموجب المخططات والمواصفات الفنية ذات العلاقة وبموافقة المهندس المشرف				
7	Supply and install window protection frame by using square section steel pipe (1x1) inch, space between pipes 20 cm both sides with frame affixed on corners by (2x2) inches steel section angle shape with (1x2) inches rectangular steel cover for the angle section. price includes two layers of anti rust paint and 3 layers of oil for the final finishing according to the specifications and as directed by the Supervising Engineer.	m2	120	0	0
	كتائب الشبابيك الخارجية تجهيز وتثبيت كتائب حديدية كاملة للشبابيك الخارجية باستخدام بوري مربع 25 ملم المسافة بين بوري واخر 20سم افقيا 20 سم عموديا مع اطار يثبت على اركان الفتحة باستخدام حديد زاوية 2 * 2 انج مع غطاء حديد يخفي حديد الزتوية باستخدام مقطع شخاطة 1 * 2 انج ويشمل السعر مستلزمات التثبيت والصبغ بطبقتين بمانع الصدأ ثم الانتهاء بالصبغ الدهني بثلاث طبقات وبموجب المخططات والمواصفات الفنية ذات العلاقة وبموافقة المهندس المشرف .				
8	Supply tools, materials and man power to install (2x25) cm javanese wood panels above the construction joint for the interior entrance walls. price includes oil painting, covering the fixing bolts from one side and all the necessary details as directed by the Supervising Engineer.	l.m.	10	0	0
	تجهيز المواد لتثبيت الواح من الخشب الجاوي حصرا بسمك (2)سم وعرض (25)سم على المفصل الانشائي لجدران الطارمة من الداخل شاملا السعر الصبغ بالأصباغ الدهنية ويتم التثبيت بواسطة جوي وبرغي غاطس مع غطاء له من جهة وتبقى الجهة الأخرى للمفصل سائبة وحسب توجيهات المهندس المشرف				

9	Supply tools, materials and man power to install (850)mm hand rail by using 5 inches steel pipes with teak wood and steel handles, teak wood section dimensions are (100x50) mm and steel's are (50x40) mm. price includes fixing to the stair by (100x100x4) mm steel plates with all fixing fittings, oil paint, anti rust paint as directed by the supervising engineer.	l.m.	12	0	0
	عمل محجر بارتفاع 850 ملم من الانابيب الحديدية قطر 37.5 ملم مع مقابض المحجرات تتألف من المقاطع الخشبية والمعدنية المقطع الخشبي من خشب الصاج بابعاد 100*50 ملم والمقطع الحديدي بابعاد 40*50 ملم شاملا العمل التثبيت بالدرج بواسطة صفائح معدنية سمك 4 ملم بابعاد 100*100 ملم مع كافة ملحقات التثبيت والطلاء والصيغ مانع الصدأ طبقة واحدة مع الطلاء بالدهان ثلاث طبقات وحسب توجيهات المهندس المشرف				
10	Supply and install ladder; steps made of jagger plate carried by 3 inches angle shape bars with 2 guard rails, painted with anti-rust and oil paint .	l.m.	10	0	0
	تجهيز وعمل سلم حديدي مكون من حديد الجمل قياس (3) انج حامل للبايات من جكرليت سمك 3 ملم والمحجر من الجانبين شاملا السعر التثبيت من الاسفل والاعلى والصيغ يمانع الصدأ قاطين قبل التركيب وبالدهان بعد التركيب وحسب المخطط التفصيلي الخاص				
G	Electrical work : الأعمال الكهربائية				
1	L.T Cables : Feeding cables copper unarmored (PVC) isolated with grounding suspended on the wall using cable clamps , the price including , installation of cables with all accessories ,clamps , terminal , installation according to pithing area, holding on cable tray in all external and internal , or embedding in a suitable conduit size and type 50cm under earth according to technical specification.				
	كابلات الضغط الواطئ: كابيل مغذي نحاسي غير مسلح معزول ومغلف بـ (PVC) مع سلك ارضي يعلق على الجدار بواسطة قفائض ومد الكابل شاملا القفائض وترامل الربط والانهاء حسب تفاصيل المنطقة التي يمر بها يكون محمول فوق كيبيل تري فيجميع المناطق الداخلية والخارجية او يمر داخل بوري بلاستيك مناسب الحجم والنوعية ودفن تحت الارض بعمق 50سم مع كل ما يتطلبه العمل والمواصفات الهندسية.

1. DEFINITIONS

For the purpose of the Contract Documents the words and expressions below shall have the following meanings:

- a) "Employer" means the United Nations Development Programme (UNDP).
- b) "Contractor" means the person whose tender has been accepted and with whom the Contract has been entered into.
- c) "Engineer" means the person whose services have been engaged by UNDP to administer the Contract as provided therein, as will be notified in writing to the Contractor.
- d) "Contract" means the written agreement between the Employer and the Contractor, to which these General Conditions are annexed.
- e) "The Works" means the works to be executed and completed under the Contract.
- f) "Temporary Works" shall include items to be constructed which are not intended to be permanent and form part of the Works.
- g) "Drawings" and "Specifications" mean the Drawings and Specifications referred to in the Contract and any modification thereof or addition thereto furnished by the Engineer or submitted by the Contractor and approved in writing by the Engineer in accordance with the Contract.
- h) "Bill of Quantities" is the document in which the Contractor indicates the cost of the Works, on the basis of the foreseen quantities of items of work and the fixed unit prices applicable to them.
- i) "Contract Price" means the sum agreed in the Contract as payable to the Contractor for the execution and completion of the Works and for remedying of any defects therein in accordance with the Contract.
- j) "Site" means the land and other places on, under, in or through which the Works or Temporary Works are to be constructed.

2. SINGULAR AND PLURAL

Words importing persons or parties shall include firms or companies and words importing the singular only shall also include the plural and vice versa where the context requires.

3. HEADINGS OR NOTES

The headings or notes in the Contract Documents shall not be deemed to be part thereof or be taken into consideration in their interpretation.

4. LEGAL RELATIONSHIPS

The Contractor and the sub-contractor(s), if any, shall have the status of an independent contractor vis-à-vis the Employer. The Contract Documents shall not be construed to create any contractual relationship of any kind between the Engineer and the Contractor, but the Engineer shall, in the exercise of his duties and powers under the Contract, be entitled to performance by the Contractor of its obligations, and to enforcement thereof. Nothing contained in the Contract Documents shall create any contractual relationship between

the Employer or the Engineer and any subcontractor(s) of the Contractor.

5. GENERAL DUTIES/POWERS OF ENGINEER

- a) The Engineer shall provide administration of Contract as provided in the Contract Documents. In particular, he shall perform the functions hereinafter described.
- b) The Engineer shall be the Employer's representative vis-à-vis the Contractor during construction and until final payment is due. The Engineer shall advise and consult with the Employer. The Employer's instructions to the Contractor shall be forwarded through the Engineer. The Engineer shall have authority to act on behalf of the Employer only to the extent provided in the Contract Documents as they may be amended in writing in accordance with the Contract. The duties, responsibilities and limitations of authority of the Engineer as the Employer's representative during construction as set forth in the Contract shall not be modified or extended without the written consent of the Employer, the Contractor and the Engineer.
- c) The Engineer shall visit the Site at intervals appropriate to the stage of construction to familiarize himself generally with the progress and quality of the Works and to determine in general if the Works are proceeding in accordance with the Contract Documents. On the basis of his on-site observations as an Engineer, he shall keep the Employer informed of the progress of the Works.
- d) The Engineer shall not be responsible for and will not have control or charge of construction means, methods, techniques, sequences or procedures, or for safety precautions and programs in connection with the Works or the Temporary Works. The Engineer shall not be responsible for or have control or charge over the acts or omissions of the Contractor (including the Contractor's failure to carry out the Works in accordance with the Contract) and of Sub-contractors or any of their agents or employees, or any other persons performing services for the Works, except if such acts or omissions are caused by the Engineer's failure to perform his functions in accordance with the contract between the Employer and the Engineer.
- e) The Engineer shall at all times have access to the Works wherever and whether in preparation or progress. The Contractor shall provide facilities for such access so that the Engineer may perform his functions under the Contract.
- f) Based on the Engineer's observations and an evaluation of the documentation submitted by the Contractor together with the invoices, the Engineer shall determine the amounts owed to the Contractor and shall issue Certificates for Payment as appropriate.
- g) The Engineer shall review and approve or take other appropriate action upon the Contractor's submittals such as Shop Drawings, Product Data and Samples, but only for conformity with the design concept of the Works and with the provisions of the Contract Documents. Such action shall be taken with reasonable promptness so as to cause no delay. The Engineer's approval of a specific item shall not indicate approval of an assembly of which the item is a component.
- h) The Engineer shall interpret the requirements of the Contract Documents and judge the performance thereunder by the Contractor. All interpretations and orders of the Engineer shall be consistent with the intent of and reasonably inferable from the Contract Documents and shall be in writing or in the form of drawings. Either party may make a written request to the Engineer for such interpretation. The Engineer shall render the interpretation necessary for the proper execution of the Works with reasonable promptness and in accordance with any time limit agreed upon. Any claim or dispute arising from the interpretation of the Contract Documents by the Engineer or relating to the execution or progress of the Works shall be settled as provided in Clause 71 of these General Conditions.

- i) Except as otherwise provided in the Contract, the Engineer shall have no authority to relieve the Contractor of any of his obligations under the Contract nor to order any work involving delay in completion of the Works or any extra payment to the Contractor by the Employer, or to make any variations to the Works.
- j) In the event of termination of the employment of the Engineer, the Employer shall appoint another suitable professional to perform the Engineer's duties.
- k) The Engineer shall have authority to reject work which does not conform to the Contract Documents. Whenever, in his opinion, he considers it necessary or advisable for the implementation of the intent of the Contract Documents, he will have authority to require special inspection or testing of the work whether or not such work be then fabricated, installed or completed. However, neither the Engineer's authority to act nor any reasonable decision made by him in good faith either to exercise or not to exercise such authority shall give rise to any duty or responsibility of the Engineer to the Contractor, any subcontractor, any of their agents or employees, or any other person performing services for the Works.
- l) The Engineer shall conduct inspections to determine the dates of Substantial Completion and Final Completion, shall receive and forward to the Employer for the Employer's review written warranties and related documents required by the Contract and assembled by the Contractor, and shall issue a final Certificate for Payment upon compliance with the requirements of Clause 47 hereof and in accordance with the Contract.
- m) If the Employer and Engineer so agree, the Engineer shall provide one or more Engineer's Representative(s) to assist the Engineer in carrying out his responsibilities at the site. The Engineer shall notify in writing to the Contractor and the Employer the duties, responsibilities and limitations of authority of any such Engineer's Representative(s).

6. CONTRACTOR'S GENERAL OBLIGATIONS/RESPONSIBILITIES

6.1. Obligation to Perform in Accordance with Contract

The Contractor shall execute and complete the Works and remedy any defects therein in strict accordance with the Contract, with due care and diligence and to the satisfaction of the Engineer, and shall provide all labor, including the supervision thereof, materials, Constructional Plant and all other things, whether of a temporary or permanent nature, required in and for such execution, completion and remedying of defects, as far as the necessity for providing the same is specified in or is reasonably to be inferred from the Contract. The Contractor shall comply with and adhere strictly to the Engineer's instructions and directions on any matter, touching or concerning the Works.

6.2 Responsibility for Site Operations

The Contractor shall take full responsibility for the adequacy, stability and safety of all site operations and methods of construction, provided that the Contractor shall not be responsible, except as may be expressly provided in the Contract, for the design or specification of the Permanent Works or of any Temporary Works prepared by the Engineer.

6.3. Responsibility for Employees

The Contractor shall be responsible for the professional and technical competence of his employees and will select for work under this Contract, reliable individuals who will perform effectively in the implementation of the Contract, respect local customs and conform to a high standard of moral and ethical conduct.

6.4. Source of Instructions

The Contractor shall neither seek nor accept instructions from any authority external to the Employer, the Engineer or their authorized representatives in connection with the performance of his services under this Contract. The Contractor shall refrain from any action which may adversely affect the Employer and shall fulfill his commitments with fullest regard for the interest of the Employer.

6.5. Officials Not to Benefit

The Contractor warrants that no official of the Employer has been or shall be admitted by the Contractor to any direct or indirect benefit arising from this Contract or the award thereof. The Contractor agrees that breach of this provision is a breach of an essential term of the Contract.

6.6. Use of Name, Emblem or Official Seal of UNDP or the United Nations

The Contractor shall not advertise or otherwise make public the fact that he is performing, or has performed services for the Employer or use the name, emblem or official seal of the Employer or the United Nations or any abbreviation of the name of the Employer or the United Nations for advertising purposes or any other purposes.

6.7. Confidential Nature of Documents

All maps, drawings, photographs, mosaics, plans, reports, recommendations, estimates, documents and all other data compiled by or received by the Contractor under the Contract shall be the property of the Employer, shall be treated as confidential and shall be delivered only to the duly authorized representative of the Employer on completion of the Works; their contents shall not be made known by the Contractor to any person other than the personnel of the Contractor performing services under this Contract without the prior written consent of the Employer.

7. ASSIGNMENT AND SUBCONTRACTING

7.1. Assignment of Contract

The Contractor shall not, except after obtaining the prior written approval of the Employer, assign, transfer, pledge or make other disposition of the Contract or any part thereof or of any of the Contractor's rights, claims or obligations under the Contract.

7.2. Subcontracting

In the event the Contractor requires the services of subcontractors, the Contractor shall obtain the prior written approval of the Employer for all such subcontractors. The approval of the Employer shall not relieve the Contractor of any of his obligations under the Contract, and the terms of any subcontract shall be subject to and be in conformity with the provisions of the Contract.

7.3. Assignment of Subcontractor's Obligations

In the event of a subcontractor having undertaken towards the Contractor in respect of the work executed or the goods, materials, Plant or services supplied by such subcontractor for the Works, any continuing obligation extending for a period exceeding that of the Defects Liability Period under the Contract, the

Contractor

shall at any time after the expiration of such Period, assign to the Employer, at the Employer's request and cost, the benefit of such obligation for the unexpired duration thereof.

8. DRAWINGS

8.1. Custody of drawings

The drawings shall remain in the sole custody of the Employer but two (2) copies thereof shall be furnished to the Contractor free of cost. The Contractor shall provide and make at his own expense any further copies required by him. At the completion of the Works, the Contractor shall return to the Employer all drawings provided under the Contract.

8.2. One copy of Drawings to be kept on Site

One copy of the Drawings furnished to the Contractor as aforesaid shall be kept by the Contractor on the Site and the same shall at all reasonable times be available for inspection and use by the Engineer and by any other person authorized in writing by the Engineer.

8.3. Disruption of Progress

The Contractor shall give written notice to the Engineer whenever planning or progress of the Works is likely to be delayed or disrupted unless any further drawing or order, including a direction, instruction or approval, is issued by the Engineer within a reasonable time. The notice shall include details of drawing or order required and of why and by when it is required and of any delay or disruption likely to be suffered if it is late.

9. WORK BOOK

The Contractor shall maintain a Work Book at the Site with numbered pages, in one original and two copies. The Engineer shall have full authority to issue new orders, drawings and instructions to the Contractor, from time to time and as required for the correct execution of the Works. The Contractor shall be bound to follow such orders, drawings and instructions.

Every order shall be dated and signed by the Engineer and the Contractor, in order to account for its receipt.

Should the Contractor want to refuse an order in the Work Book, he shall so inform the Employer, through the Engineer, by means of an annotation in the Work Book made within three (3) days from the date of the order that the Contractor intends to refuse. Failure by the Contractor to adhere to this procedure shall result in the order being deemed accepted with no further possibility of refusal.

The original of the Work Book shall be delivered to the Employer at the time of Final Acceptance of the Works. A copy shall be kept by the Engineer and another copy by the Contractor.

10. PERFORMANCE SECURITY

- a) As guarantee for his proper and efficient performance of the Contract, the Contractor shall on signature of the Contract furnish the Employer with a Performance Security issued for the benefit of the Employer. The amount and character of such security (bond or guarantee) shall be as indicated in the Contract.
- b) The Performance Bond or Bank Guarantee must be issued by an acceptable insurance company or accredited bank, in the format included in Appendix I to these General Conditions, and must be valid up to twenty-eight days after issuance by the Engineer of the Certificate of Final Completion. The Performance Bond or Bank

Guarantee shall be returned to the Contractor within twenty-eight days after the issuance by the Engineer of the Certificate of Final Completion, provided that the Contractor shall have paid all money owed to the Employer under the Contract.

- c) If the surety of the Performance Bond or Bank Guarantee is declared bankrupt or becomes insolvent or its right to do business in the country of execution of the Works is terminated, the Contractor shall within five (5) days thereafter substitute another bond or guarantee and surety, both of which must be acceptable to the Employer.

11. INSPECTION OF SITE

The Contractor shall be deemed to have inspected and examined the site and its surroundings and to have satisfied himself before submitting his Tender and signing the Contract as to all matters relative to the nature of the land and subsoil, the form and nature of the Site, details and levels of existing pipe lines, conduits, sewers, drains, cables or other existing services, the quantities and nature of the work and materials necessary for the completion of the Works, the means of access to the Site, and the accommodation he may require, and in general to have himself obtained all necessary information as to risk contingencies, climatic, hydrological and natural conditions and other circumstances which may influence or affect his Tender, and no claims will be entertained in this connection against the Employer.

12. SUFFICIENCY OF TENDER

The Contractor shall be deemed to have satisfied himself before tendering as to the correctness and sufficiency of his Tender for the construction of the Works and of the rates and prices, which rates and prices shall, except in so far as it is otherwise provided in the Contract, cover all his obligations under the Contract and all matters and things necessary for the proper execution and completion of the Works.

13. PROGRAMME OF WORK TO BE FURNISHED

Within the time limit specified in the Contract, the Contractor shall submit to the Engineer for his consent a detailed Programme of Work showing the order of procedure and the method in which he proposes to carry out the Works. In preparing his Programme of Work the Contractor shall pay due regard to the priority required by certain works. Should the Engineer, during the progress of work, require further modifications to the Programme of Work, the Contractor shall review the said program. The Contractor shall also whenever have required by the Engineer submit particulars in writing of the Contractor's arrangements for carrying out the Works and of the Constructional Plant and Temporary Works which the Contractor intends to supply, use or construct as the case may be. The submission of such program, or any modifications thereto, or the particulars required by the Engineer, shall not relieve the Contractor of any of his duties or obligations under the Contract nor shall the incorporation of any modification to the Programme of Work either at the commencement of the contract or during its course entitle the Contractor to any additional payments in consequence thereof.

14. WEEKLY SITE MEETING

A weekly site meeting shall be held between the UNDP Project Coordinator or engineer, if any, the representative of the Contractor and the Engineer or the Engineer's Representative, in order to verify that the Works are progressing normally and are executed in accordance with the Contract.

15. CHANGE ORDERS

- a) The Engineer may instruct the Contractor, with the approval of the Employer and by means of Change Orders, all variations in quantity or quality of the Works, in whole or in part, that are deemed necessary by the Engineer.
- b) Processing of change orders shall be governed by clause 48 of these General Conditions.

16. CONTRACTOR'S SUPERINTENDENCE

The Contractor shall provide all necessary superintendence during the execution of the Works and as long thereafter as the Engineer may consider necessary for the proper fulfillment of the Contractor's obligations under the Contract. The Contractor or a competent and authorized agent or representative of the Contractor approved in writing by the Engineer, which approval may at any time be withdrawn, shall be constantly on the site and shall devote his entire time to the superintendence of the Works. Such authorized agent or representative shall receive on behalf of the Contractor directions and instructions from the Engineer. If the approval of such agent or representative shall be withdrawn by the Engineer, as provided in Clause 17(2) hereinafter, or if the removal of such agent or representative shall be requested by the Employer under Clause 17(3) hereinafter, the Contractor shall as soon as it is practicable after receiving notice of such withdrawal remove the agent or representative from the Site, and replace him by another agent or representative approved by the Engineer. Notwithstanding the provision of Clause 17(2) hereinafter, the Contractor shall not thereafter employ, in any capacity whatsoever, a removed agent or representative again on the Site.

17. CONTRACTOR'S EMPLOYEES

- a) The Contractor shall provide and employ on the Site in connection with the execution and completion of the Works and the remedying of any defects therein:
 - i. Only such technical assistants as are skilled and experienced in their respective callings and such sub-agent foremen and leading hands as are competent to give proper supervision to the work they are required to supervise, and
 - ii. Such skilled, semi-skilled, and unskilled labour as is necessary for the proper and timely execution and completion of the Works.
- b) The Engineer shall be at liberty to object to and require the Contractor to remove forthwith from the Works any person employed by the Contractor in or about the execution or completion of the Works, who in the opinion of the Engineer is misconducting himself, or is incompetent or negligent in the proper performance of his duties, or whose employment is otherwise considered reasonably by the Engineer to be undesirable, and such person shall not be again employed on the Site without the written permission of the Engineer. Any person so removed from the Works shall be replaced as soon as reasonably possible by a competent substitute approved by the Engineer.
- c) Upon written request by the Employer, the Contractor shall withdraw or replace from the Site any agent, representative or other personnel who does not conform to the standards set forth in paragraph (1) of this Clause. Such request for withdrawal or replacement shall not be considered as termination in part or in whole of this Contract. All costs and additional expenses resulting from any withdrawal or replacement for whatever reason of any of the Contractor's personnel shall be at the Contractor's expense.

18. SETTING-OUT

The Contractor shall be responsible for the true and proper setting out of the Works in relation to original points, lines and levels of reference given by the Engineer in writing and for the correctness of the position,

levels, dimensions and alignment of all parts of the Works and for the provision of all necessary instruments, appliances and labor in connection therewith. If, at any time during the progress of the Works, any error shall appear or arise in the position, levels, dimensions or alignment of any part of the Works, the Contractor, on being required so to do by the Engineer, shall, at his own cost, rectify such error to the satisfaction of the Engineer.

19. WATCHING AND LIGHTING

The Contractor shall in connection with the Works provide and maintain at his own cost all lights, guards, fencing and watching when and where necessary or required by the Engineer or by any duly constituted authority for the protection of the Works and the materials and equipment utilized therefor or for the safety and convenience of the public or others.

20. CARE OF WORKS

- a) From the commencement date of the Works to the date of substantial completion as stated in the Certificate of Substantial Completion, the Contractor shall take full responsibility for the care thereof and of all Temporary Works. In the event that any damage or loss should happen to the Works or to any part thereof or to any Temporary Works from any cause whatsoever (save and except as shall be due to Force Majeure as defined in Clause 66 of these General Conditions), the Contractor shall at his own cost repair and make good the same so that, at completion, the Works shall be in good order and condition and in conformity in every respect with the requirements of the Contract and the Engineer's instructions. The Contractor shall also be liable for any damage to the Works occasioned by him in the course of any operations carried out by him for the purpose of complying with his obligations Clause 47 hereof.
- b) The Contractor shall be fully responsible for the review of the Engineering design and details of the Works and shall inform the Employer of any mistakes or incorrectness in such design and details which would affect the Works.

21. INSURANCE OF WORKS, ETC.

Without limiting his obligations and responsibilities under Clause 20 hereof, the Contractor shall insure immediately following signature of this Contract, in the joint names of the Employer and the Contractor (a) for the period stipulated in Clause 20(1) hereof, against all loss or damage from whatever cause arising, other than cause of Force majeure as defined in clause 66 of these General Conditions, and (b) against loss or damage for which the Contractor is responsible, in such manner that the Employer and the Contractor are covered for the period stipulated in Clause 20 (1) hereof and are also covered during the Defects Liability Period for loss or damage arising from a cause occurring prior to the commencement of the Defects Liability Period and for any loss or damage occasioned by the Contractor in the course of any operations carried out by him for the purpose of complying with his obligations under Clause 47 hereof:

- a) The Works, together with the materials and Plant for incorporation therein, to their full replacement cost, plus an additional sum of ten (10) per cent of such replacement cost, to cover any additional costs of and incidental to the rectification of loss or damage including professional fees and the cost of demolishing and removing any part of the Works and of removing debris of whatsoever nature;
- b) The Contractor's equipment and other things brought on to the Site by the Contractor to the replacement value of such equipment and other things;
- c) An insurance to cover the liabilities and warranties of Section 52(4);

Such insurance shall be effected with an insurer and in terms approved by the Employer, which approval shall not be unreasonably withheld, and the Contractor shall, whenever required, produce to the Engineer the policy or policies of insurance and the receipts for payment of the current premiums.

22. DAMAGE TO PERSONS AND PROPERTY

The Contractor shall (except if and so far as the Contract provides otherwise) indemnify, hold and save harmless and defend at his own expense the Employer, its officers, agents, employees and servants from and against all suits, claims, demands, proceedings, and liability of any nature or kind, including costs and expenses, for injuries or damages to any person or any property whatsoever which may arise out of or in consequence of acts or omissions of the Contractor or its agents, employees, servants or subcontractors in the execution of the Contract. The provision of this Clause shall extend to suits, claims, demands, proceedings and liability in the nature of workmen's compensation claims and arising out of the use of patented inventions and devices. Provided always that nothing herein contained shall be deemed to render the Contractor liable for or in respect of or with respect to:

- a) The permanent use or occupation of land by the Works or any part thereof;
- b) The right of the Employer to construct the Works or any part thereof on, over, under, or through any land.
- c) Interference whether temporary or permanent with any right of light, airway or water or other easement or quasi-easement which is the unavoidable result of the construction of the Works in accordance with the Contract.
- d) Death, injuries or damage to persons or property resulting from any act or neglect of the Employer, his agents, servants or other contractors, done or committed during the validity of the Contract.

23. LIABILITY INSURANCE

23.1. Obligation to take out Liability Insurance

Before commencing the execution of the Works, but without limiting his obligations and responsibility under Clause 20 hereof, the Contractor shall insure against his liability for any death, material or physical damage, loss or injury which may occur to any property, including that of the Employer or to any person, including any employee of the Employer by or arising out of the execution of the Works or in the carrying out of the Contract, other than due to the matters referred to in the proviso to Clause 22 hereof.

23.2. Minimum Amount of Liability Insurance

Such insurance shall be effected with an insurer and in terms approved by the Employer, which approval shall not be unreasonably withheld, and for at least the amount specified in the contract. The Contractor shall, whenever required by the Employer or the Engineer, produce to the Engineer the policy or policies of insurance and the receipts for payment of the current premiums.

23.3. Provision to Indemnify Employer

The insurance policy shall include a provision whereby, in the event of any claim in respect of which the Contractor would be entitled to receive indemnity under the policy, being brought or made against the Employer, the insurer shall indemnify the Employer against such claims and any costs, charges and expenses in respect thereof.

24. ACCIDENT OR INJURY TO WORKMEN

- a) The Employer shall not be liable for or in respect of any damages or compensation payable at law in respect or in consequence of any accident or injury to any workman or other person in the employment of the Contractor or any sub-Contractor, save and except an accident or injury resulting from any act or default of the Employer, his agents or servants. The Contractor shall indemnify, hold and save harmless the Employer against all such damages and compensation, save and except as aforesaid, and against all claims, proceedings, costs, charges and expenses whatsoever in respect thereof or in relation thereto.

b) Insurance Against Accident, etc., to Workmen

The Contractor shall insure against such liability with an insurer approved by the Employer, which approval shall not be unreasonably withheld, and shall continue such insurance during the whole of the time that any persons are employed by him for the Works and shall, when required, produce to the Engineer such policy of insurance and the receipt for payment of the current premium. Provided always that, in respect of any persons employed by any subcontractor, the Contractor's obligation to insure as aforesaid under this sub-clause shall be satisfied if the subcontractor shall have insured against the liability in respect of such persons in such manner that the Employer is indemnified under the policy but the Contractor shall require such subcontractor to produce to the Engineer when required such policy of insurance and the receipt for the current premium, and obtain the insertion of a provision to that effect in its contract with the subcontractor.

25. REMEDY ON CONTRACTOR'S FAILURE TO INSURE

If the Contractor shall fail to effect and keep in force any of the insurances referred to in Clauses 21, 23 and 24 hereof, or any other insurance which he may be required to effect under the terms of the Contract, the Employer may in any such case effect and keep in force any such insurance and pay such premium as may be necessary for that purpose and from time to time deduct the amount so paid by the Employer as aforesaid from any monies due or which may become due to the Contractor, or recover the same as a debt due from the Contractor.

26. COMPLIANCE WITH STATUTES, REGULATIONS, ETC.

- a) The Contractor shall give all notices and pay all fees and charges required to be given or paid by any national or State Statutes, Ordinances, Laws, Regulations or By-laws, or any local or other duly constituted authority in relation to the execution of the Works or of any Temporary Works and by the Rules and Regulations of all public bodies and companies whose property or rights are affected or may be affected in any way by the Works or any Temporary Works.
- b) The Contractor shall conform in all respects with any such Statutes, Ordinances, Laws, Regulations, By-laws or requirements of any such local or other authority which may be applicable to the Works and shall keep the Employer indemnified against all penalties and liabilities of every kind for breach of any such Statutes, Ordinances, Laws, Regulations, By-laws or requirements.

27. FOSSILS, ETC.

All fossils, coins, articles of value or antiquity and structures and other remains or things of geological or archaeological interest discovered on the Site of the Works shall as between the Employer and the Contractor be deemed to be the absolute property of the Employer and the Contractor shall take reasonable precautions to prevent his workmen or any other persons from removing or damaging any such article or thing and shall immediately upon discovery thereof and before removal acquaint the Employer of such discovery and carry out at the expense of the Employer the Engineer's orders as to the disposal of the same.

28. COPYRIGHT, PATENT AND OTHER PROPRIETARY RIGHTS, AND ROYALTIES

- a) The Contractor shall hold harmless and fully indemnify the Employer from and against all claims and proceedings for or on account of infringement of any patent rights, design trademark or name or other protected rights in respect of any Plant, equipment, machine, work or material used for or in connection with the Works or Temporary Works and from and against all claims, demands proceedings, damages, costs, charges and expenses whatsoever in respect thereof or in relation thereto, except where such infringement results from compliance with the design or Specification provided by the Engineer.
- b) Except where otherwise specified, the Contractor shall pay all tonnage and other royalties, rent and other payments or compensation, if any, for getting stone, sand, gravel, clay or other materials required for the Works or Temporary Works.

29. INTERFERENCE WITH TRAFFIC AND ADJOINING PROPERTIES

All operations necessary for the execution of the Works and for the Construction of any Temporary Works shall, so far as compliance with the requirements of the Contract permits, be carried on so as not to interfere unnecessarily or improperly with the public convenience, or the access to, use and occupation of, public or private roads and footpaths to or of properties whether in the possession of the Employer or of any other person. The Contractor shall hold harmless and indemnify the Employer in respect of all claims, demands, proceedings, damages, costs, charges and expenses whatsoever arising out of or in relation to any such matters in so far as the Contractor is responsible therefor.

30. EXTRAORDINARY TRAFFIC AND SPECIAL LOADS

- a) The Contractor shall use every reasonable means to prevent any of the roads or bridges communicating with or on the routes to the Site from being damaged by any traffic of the Contractor or any of his sub-contractors and, in particular, shall select routes, choose and use vehicles and restrict and distribute loads so that any such extraordinary traffic as will inevitably arise from the moving of plant and material from and to the Site shall be limited as far as reasonably possible and so that no unnecessary damage may be occasioned to such roads and bridges.
- b) Should it be found necessary for the Contractor to move any load of Constructional Plant, machinery, pre constructed units or parts of units of work, or other thing, over part of a road or bridge, the moving whereof is likely to damage any such road or bridge unless special protection or strengthening is carried out, then the Contractor shall before moving the load on to such road or bridge, save insofar as the Contract otherwise provide, be responsible for and shall pay for the cost of strengthening any such bridge or altering or improving any such road to avoid such damage, and the Contractor shall indemnify and keep the Employer indemnified against all claims for damage to any such road or bridge caused by such movement, including such claim as may be made directly against the Employer, and shall negotiate and pay all claims arising solely out of such damage.

31. OPPORTUNITIES FOR OTHER CONTRACTORS

The Contractor shall in accordance with the requirements of the Engineer afford all reasonable opportunities for carrying out their work to any other contractors employed by the Employer and their workmen and to the workmen of the Employer and of any other duly constituted authorities who may be employed in the execution on or near the Site of any work not included in the Contract or of any contract which the Employer may enter into in connection with or ancillary to the Works. If work by other contractors of the Employer as above-mentioned involves the Contractor in any direct expenses as a result of using his Site facilities, the Employer shall consider payment to the Contractor of such sum or sums as may be recommended by the Engineer.

32. CONTRACTOR TO KEEP SITE CLEAN

During the progress of the Works, the Contractor shall keep the Site reasonably free from all unnecessary obstruction and shall store or dispose of any Constructional Plant and surplus materials and clear away and remove from the Site any wreckage, rubbish or Temporary Works no longer required.

33. CLEARANCE OF SITE ON SUBSTANTIAL COMPLETION

On the substantial completion of the Works, the Contractor shall clear away and remove from the Site All Constructional Plant surplus materials, rubbish and Temporary Works of every kind and leave the whole of the Site and Works clean and in a workmanlike condition to the satisfaction of the Engineer.

34. LABOUR

34.1 Engagement of Labour

The Contractor shall make his own arrangements for the engagement of all labour local or otherwise.

34.2 Supply of Water

The Contractor shall provide on the Site to the satisfaction of the Engineer an adequate supply of drinking and other water for the use of the Contractor's staff and work people.

34.3 Alcoholic Drinks or Drugs

The Contractor shall comply with Government laws and regulations and orders in force as regards the import, sale, barter or disposal of alcoholic drinks or narcotics and he shall not allow or facilitate such importation, sale, gift, barter or disposal by his sub-contractors, agents or employees.

34.4 Arms and Ammunition

The restrictions specified in clause 34.3 above shall include all kinds of arms and ammunition.

34.5 Holiday and Religious Customs

The Contractor shall in all dealings with labour in his employ have due regard to all holiday, recognized festivals and religious or other customs.

34.6 Epidemics

In the event of any outbreak of illness of an epidemic nature the Contractor shall comply with and carry out such regulations, orders, and requirements as may be made by the Government or the local medical or sanitary authorities for the purpose of dealing with and overcoming the same.

34.7 Disorderly Conduct, etc.

The Contractor shall at all times take all reasonable precautions to prevent any unlawful riotous or disorderly conduct by or amongst his employees and for the preservation of peace and the protection of persons and

property in the neighborhood of the Works against the same.

34.8 Observance by Sub-Contractors

The Contractor shall be considered responsible for the observance of the above provisions by his Sub-Contractors.

34.9 Legislation applicable to Labour

The Contractor shall abide by all applicable legislation and regulation with regard to labour.

35 RETURNS OF LABOUR, PLANT, ETC.

The Contractor shall, if required by the Engineer, deliver to the Engineer at his office, a return in detail in the form and at such intervals as the Engineer may prescribe showing the supervisory staff and the numbers of the several classes of labour from time to time employed by the Contractor on the Site and such information respecting Constructional plant as the Engineer may require.

36 MATERIALS, WORKMANSHIP AND TESTING

36.1 Materials and Workmanship

- a) All materials and workmanship shall be of the respective kinds described in the Contract and in accordance with the Engineer's instructions and shall be subjected from time to time to such tests as the Engineer may direct at the place of manufacture or fabrication, or on the Site or at all or any of such places. The Contractor shall provide such assistance, instruments, machines, labour and materials as are normally required for examining, measuring and testing any work and the quality, weight or quantity of any materials used and shall supply samples of materials before incorporation in the Works for testing as may be selected and required by the Engineer. All testing equipment and instruments provided by the Contractor shall be used only by the Engineer or by the Contractor in accordance with the instructions of the Engineer.
- b) No material not conforming with the Specifications in the Contract may be used for the Works without prior written approval of the Employer and instruction of the Engineer, provided always that if the use of such material results or may result in increasing the Contract Price, the procedure in Clause 48 shall apply.

36.2 Cost of Samples

All samples shall be supplied by the Contractor at his own cost unless the supply thereof is clearly intended in the Specifications or Bill of Quantities to be at the cost of the Employer. Payment will not be made for samples which do not comply with the Specifications.

36.3 Cost of Tests

The Contractor shall bear the costs of any of the following tests:

- a) Those clearly intended by or provided for in the Contract Documents.
- b) Those involving load testing or tests to ensure that the design of the whole of the Works or any part of the Works is appropriate for the purpose which it was intended to fulfill.

37 ACCESS TO SITE

The Employer and the Engineer and any persons authorized by either of them shall, at all times, have access to the Works and to the Site and to all workshops and places where work is being prepared or whence materials, manufactured articles or machinery are being obtained for the Works and the Contractor shall afford every facility for and every assistance in or in obtaining the right to such access.

38 EXAMINATION OF WORK BEFORE COVERING UP

No work shall be covered up or put out of view without the approval of the Engineer and the Contractor shall afford full opportunity for the Engineer to examine and measure any work which is about to be covered up or put out of view and to examine foundations before permanent work is placed thereon. The Contractor shall give due notice to the Engineer whenever any such work or foundations is or are ready or about to be ready for examination and the Engineer shall without unreasonable delay unless he considers it unnecessary and advises the Contractor accordingly attend for the purpose of examining and measuring such work or of examining such foundations.

39 REMOVAL OF IMPROPER WORK AND MATERIALS

39.1 Engineer's power to order removal

The Engineer shall during the progress of the Works have power to order in writing from time to time, and the Contractor shall execute at his cost and expense, the following operations:

- a) The removal from the Site within such time or times as may be specified in the order of any materials which in the opinion of the Engineer are not in accordance with the Contract;
- b) The substitution of proper and suitable materials; and
- c) The removal and proper re-execution (notwithstanding any previous test thereof or interim payment therefore) of any work which in respect of materials or workmanship is not in the opinion of the Engineer in accordance with the Contract.

39.2 Default of Contractor in carrying out Engineer's Instructions

In case of default on the part of the Contractor in carrying out an instruction of the Engineer, the Employer shall be entitled to employ and pay other persons to carry out the same and all expenses consequent thereon or incidental thereto shall be borne by the Contractor and shall be recoverable from him by the Employer and may be deducted by the Employer from any monies due or which may become due to the Contractor.

40 SUSPENSION OF WORK

The Contractor shall on the written order of the Engineer suspend the progress of the Works or any part thereof for such time or times and in such manner as the Engineer may consider necessary and shall, during such suspension, properly protect and secure the Works so far as it is necessary in the opinion of the Engineer. The Employer should be notified and his written approval should be sought for any suspension of work in excess of three (3) days.

41 POSSESSION OF SITE

41.1 Access to Site

The Employer shall with the Engineer's written order to commence the Works, give to the Contractor possession of so much of the Site as may be required to enable the Contractor to commence and proceed with the construction of the Works in accordance with the Programme referred to in Clause 13 hereof and otherwise in accordance with such reasonable proposals of the Contractor as he shall make to the Engineer by notice in writing, and shall from time to time as the Works proceed give to the Contractor possession of such further portions of the Site as may be required to enable the Contractor to proceed with the construction of the Works with due dispatch in accordance with the said Programme or proposals, as the case may be.

41.2 Wayleaves, etc.

The Contractor shall bear all expenses and charges for special temporary wayleaves required by him in connection with access to the Site. The Contractor shall also provide at his own cost any additional accommodation outside the Site required by him for the purpose of the Works.

41.3 Limits of the Site

Except as defined below, the limits of the Site shall be as defined in the Contract. Should the Contractor require land beyond the Site, he shall provide it entirely at his own expense and before taking possession shall supply the Engineer with a copy of the necessary permits. Access to the Site is available where the Site adjoins a public road but it is not provided unless shown on the Drawings. When necessary for the safety and convenience of workmen, public or livestock or for the protection of the Works, the Contractor shall, at his own expense, provide adequate temporary fencing to the whole or part of the Site. The Contractor shall not disturb, damage or pull down any hedge, tree or building within the Site without the written consent of the Engineer.

42 TIME FOR COMPLETION

- a) Subject to any requirement in the Contract as to completion of any section of the Works before completion of the whole, the whole of the Works shall be completed, in accordance with the provisions of Clause 46 and 47 hereof, within the time stated in the Contract.
- b) The completion time includes weekly rest days, official holidays, and days of inclement weather.

43 EXTENSION OF TIME FOR COMPLETION

If, subject to the provisions of the Contract, the Engineer orders alterations or additions in the Works in accordance with Clause 48 hereof, or if circumstances constituting force majeure as defined in the Contract have occurred, the Contractor shall be entitled to apply for an extension of the time for completion of the Works specified in the Contract. The Employer shall, upon such application, determine the period of any such extension of time; provided that in the case of alterations or additions in the Works, the application for such an extension must be made before the alterations or additions in the Works are undertaken by the Contractor.

44 RATE OF PROGRESS

The whole of the materials, plant and labour to be provided by the Contractor and the mode, manner and speed of execution and completion of the Works are to be of a kind and conducted in a manner to the satisfaction of the Engineer. Should the rate of progress of the Works or any part thereof be at any time in

the opinion of the

Engineer too slow to ensure the completion of the Works by the prescribed time or extended time for completion, the Engineer shall so notify the Contractor in writing and the Contractor shall thereupon take such steps as the Contractor may think necessary and the Engineer may approve to expedite progress so as to complete the Works by the prescribed time or extended time for completion. If the work is not being carried on by day and by night and the Contractor shall request permission to work by night as well as by day, then, if the Engineer shall grant such permission, the Contractor shall not be entitled to any additional payment. All work at night shall be carried out without unreasonable noise and disturbance. The contractor shall indemnify the Employer from and against any claims or liability for damages on account of noise or other disturbance created while or in carrying out the work and from and against all claims, demands, proceedings, costs and expenses whatsoever in regard or in relation to such noise or other disturbance. The Contractor shall submit in triplicate to the Engineer at the end of each month signed copies of explanatory Drawings or any other material showing the progress of the Works.

45 LIQUIDATED DAMAGES FOR DELAY

- a) If the Contractor shall fail to complete the Works within the time for completion prescribed in the Contract, or any extended time for completion in accordance with the Contract, then the Contractor shall pay to the Employer the sum specified in the Contract as liquidated damages, for the delay between the time prescribed in the Contract or the extended time for completion, as the case may be, and the date of substantial completion of the Works as stated in the Certificate of Substantial Completion, subject to the applicable limit stated in the Contract. The said sum shall be payable by the sole fact of the delay without the need for any previous notice or any legal proceedings, or proof of damage, which shall in all cases be considered as ascertained. The Employer may, without prejudice to any other method of recovery, deduct the amount of such liquidated damages from any monies in its hands due or which may become due to the Contractor. The payment or deduction of such damages shall not relieve the Contractor from his obligation to complete the Works or from any other of his obligations and liabilities under the Contract.
- b) If, before the time for completion of the whole of the Works or of a Section of the Works, a Certificate of Substantial Completion has been issued for any part or Section of the Works, the liquidated damages for delay in completion of the remainder of the Works or of that Section may, for any period of delay after the date stated in such Certificate of Substantial Completion, and in the absence of alternative provisions in the Contract, be reduced in the proportion which the value of the part or Section so certified bears to the total value of the whole of the Works or Section, as applicable. The provisions of this Sub-Clause shall only apply to the rate of liquidated damages and shall not affect the limit thereof.

46 CERTIFICATE OF SUBSTANTIAL COMPLETION

46.1 Substantial Completion of the Works

When the whole of the Works have been substantially completed and have satisfactorily passed any test on completion prescribed by the Contract, the Contractor may give a notice to that effect to the Engineer accompanied by an undertaking to finish any outstanding work during the Defects Liability Period. Such notice and undertaking shall be in writing and shall be deemed to be a request by the Contractor, for the Engineer to issue a Certificate of Substantial Completion in respect of the Works. The Engineer shall, within twenty-one (21) days of the date of delivery of such notice either issue to the Contractor, with a copy to the Employer, a Certificate of Substantial Completion stating the date on which, in his opinion, the Works were substantially completed in accordance with the Contract or give instructions in writing to the Contractor specifying all the work which, in the Engineer's opinion, requires to be done by the Contractor before the issuance of such Certificate. The Engineer shall also notify the Contractor of any defects in the Works affecting substantial completion that may appear after such instructions and before completion of the work specified therein. The Contractor shall be entitled to receive such Certificate of Substantial Completion

within twenty-one (21) days of completion, to the satisfaction of the Engineer, of the work so specified and making good any defect so notified. Upon issuance of the Certificate of Substantial Completion of the Works, the Contractor shall be deemed to have undertaken to complete with due expedition any outstanding work during the Defects Liability Period.

46.2 Substantial Completion of Sections or Parts of the Works

In accordance with the procedure in Sub-Clause (1) of this Clause and on the same conditions as provided therein, the Contractor may request the Engineer to issue, and the Engineer may issue, a Certificate of Substantial Completion in respect of any Section or part of the Works which has been substantially completed and has satisfactorily passed any tests on completion prescribed by the Contract, if:

- a) a separate time for completion is provided in the Contract in respect of such Section or part of the Works;
- b) such Section or part of the Works has been completed to the satisfaction of the Engineer and is required by the Employer for his occupation or use.

Upon the issuance of such Certificate, the Contractor shall be deemed to have undertaken to complete any outstanding work during the Defects Liability Period.

47 DEFECTS LIABILITY

47.1 Defects Liability Period

The expression "Defects Liability Period" shall mean the period of twelve (12) months, calculated from the date of completion of the Works stated in the Certificate of Substantial Completion issued by the Engineer or, in respect of any Section or part of the Works for which a separate Certificate of Substantial Completion has been issued, from the date of completion of that Section or part as stated in the relevant Certificate. The expression "the Works" shall, in respect of the Defects Liability Period, be construed accordingly.

47.2 Completion of Outstanding Work and Remedying of Defects

During the Defects Liability Period, the Contractor shall finish the work, if any, outstanding at the date of the Certificate of Substantial Completion, and shall execute all such work of repair, amendment, reconstruction, rectification and making good defects, imperfections, shrinkages or other faults as may be required of the Contractor in writing by the Engineer during the Defects Liability Period and within fourteen (14) days after its expiration, as a result of an inspection made by or on behalf of the Engineer prior to expiration of the Defects Liability Period.

47.3 Cost of Execution of Work of Repair, etc.

All such outstanding work shall be carried out by the Contractor at his own expense if the necessity thereof shall, in the opinion of the Engineer, be due to the use of material or workmanship not in accordance with the Contract, or to neglect or failure on the part of the Contractor to comply with any obligation expressed or implied, on the Contractor's part under the Contract.

47.4 Remedy on Contractor's Failure to Carry Out Work Required

If the Contractor shall fail to do any such work outstanding on the Works, the Employer shall be entitled to employ and pay other persons to carry out the same, and all expenses consequent thereon or incidental

thereto shall be recoverable from the Contractor by the Employer, and may be deducted by the Employer from any monies due or which may become due to the Contractor.

47.5 Certificate of Final Completion

Upon satisfactory completion of the work outstanding on the Works, the Engineer shall within twenty-eight (28) days of the expiration of the Defects Liability period issue a Certificate of Final Completion to the Contractor. The Contract shall be deemed to be completed upon issuance of such Certificate, provided that the provisions of the Contract which remain unperformed and the Settlement of Disputes provision in the Contract shall remain in force for as long as is necessary to dispose of any outstanding matters or issues between the Parties.

48 ALTERATIONS, ADDITIONS AND OMISSIONS

1 VARIATIONS

The Engineer may within his powers introduce any variations to the form, type or quality of the Works or any part thereof which he considers necessary and for that purpose or if for any other reasons it shall, in his opinion be desirable, he shall have power to order the Contractor to do and the Contractor shall do any of the following:

- (a) increase or decrease the quantity of any work under the Contract;
- (b) omit any such work;
- (c) change the character or quality or kind of any such work;
- (d) change the levels, lines, positions and dimensions of any part of the Works;
- (e) execute additional work of any kind necessary for the completion of the Works, and no such variation shall in any way vitiate or invalidate the Contract.

2 Variations Increasing Cost of Contract or altering the Works.

The Engineer shall, however, obtain the written approval of the Employer before giving any order for any variations which may result in an increase of the Contract Price or in an essential alteration of the quantity, quality or character of the Works.

3 Orders for Variations to be in Writing

No variations shall be made by the Contractor without an order in writing from the Engineer. Variations requiring the written approval of the Employer under paragraph (2) of this Clause shall be made by the Contractor only upon written order from the Engineer accompanied by a copy of the Employer's approval. Provided that, subject to the provisions of the Contract, no order in writing shall be required for any increase or decrease in the quantity of any work where such increase or decrease is not the result of an order given under this Clause but is the result of the quantities exceeding or being less than those stated in the Bill of Quantities.

4 Valuation of Variations

The Engineer shall estimate to the Employer the amount to be added or deducted from the Contract Price in

respect of any variation, addition or omission. In the case of any variation, addition or omission which may result in an increase of the Contract Price, the Engineer shall communicate such estimate to the Employer together with his request for the Employer's written approval of such variation, addition or omission. The value of any variation, addition or omission shall be calculated on the basis of the unit prices contained in the Bill of Quantities.

49 PLANT, TEMPORARY WORKS AND MATERIALS

1 Plant, etc., Exclusive Use for the Works

All Constructional Plant, Temporary Works and Materials provided by the Contractor shall, when brought on the Site, be deemed to be exclusively intended for the construction and completion of the Works and the Contractor shall not remove the same or any part thereof (save for the purpose of moving it from one part of the Site to another) without the consent in writing of the Engineer which shall not be unreasonably withheld.

1 Removal of Plant, etc.

Upon completion of the Works the Contractor shall remove from the Site all the said Constructional Plant and Temporary Works remaining thereon and any unused materials provided by the Contractor.

2 Employer not liable for Damage to Plant

The Employer shall not be at any time liable for the loss of any of the said Constructional plant, Temporary Works or Materials save if such loss results from the act or neglect of the Employer, its employees or agents.

3 Ownership of paid material and work

All material and work covered by payments made by the Employer to the Contractor shall thereupon become the sole property of the Employer, but this provision shall not be construed as relieving the Contractor from the sole responsibility for all material and work upon which payments have been made or the restoration of any damaged work or as waiving the right of the Employer to require the fulfillment of all of the terms of the Contract.

4 Equipment and supplies furnished by Employer

Title to any equipment and supplies which may be furnished by the Employer shall rest with the Employer and any such equipment and supplies shall be returned to the Employer at the conclusion of the Contract or when no longer needed by the Contractor. Such equipment when returned to the Employer, shall be in the same condition as when delivered to the Contractor, subject to normal wear and tear.

50 APPROVAL OF MATERIALS ETC., NOT IMPLIED

The operation of Clause 49 hereof shall not be deemed to imply any approval by the Engineer of the materials or other matters referred to therein nor shall it prevent the rejection of any such materials at any time by the Engineer.

51 MEASUREMENT OF WORKS

The Engineer shall, when he requires any part or parts of the Works to be measured, give notice to the Contractor or the Contractor's authorized agent or representative who shall forthwith attend or send a qualified agent to assist the Engineer in making such measurement and shall furnish all particulars required by either of them. Should the Contractor not attend or neglect or omit to send such agent, then the measurement made by the Engineer or approved by him shall be taken to be the correct measurement of the work. The purpose of measuring is to ascertain the volume of work executed by the Contractor and therefore determine the amount of the monthly payments.

52 LIABILITY OF THE PARTIES

- 1** The Works shall not be considered as completed until a Certificate of Final Completion shall have been signed by the Engineer and delivered to the Employer stating that the Works have been completed and that the Contractor has fulfilled all his obligations under Clause 47 to his satisfaction.
- 2** The Employer shall not be liable to the Contractor for any matter arising out of or in connection with the Contract or the execution of the Works unless the Contractor shall have made a claim in writing in respect thereof before the giving of the Certificate of Final Completion and in accordance with the Contract.
- 3** Unfulfilled Obligations

Notwithstanding the issue of the Certificate of Final Completion, the Contractor shall remain liable for the fulfillment of any obligation incurred under the provisions of the Contract prior to the issuance of the Certificate of Final Completion and which remains unperformed at the time such Certificate is issued. For the purpose of determining the nature and extent of any such obligation the Contract shall be deemed to remain in force between the parties hereto.

4 Contractor Responsible

Notwithstanding any other provisions in the Contract documents, the Contractor shall be totally responsible for and shall bear any and all risks of loss or damage to or failure of the Works or any part thereof for a period of ten years after issuance of the Certificate of Final Completion, provided always that such risks, damage or failure result from acts, defaults and negligence of the Contractor, his agents, employees or workmen and such contractors.

53 AUTHORITIES

- 1** The Employer shall have the right to enter upon the Site and expel the Contractor therefrom without thereby avoiding the Contract or releasing the Contractor from any of his obligations or liabilities under the Contract or affecting the rights and powers conferred on the Employer and the Engineer by the Contract in any of the following cases:
 - (a) If the Contractor is declared bankrupt or claims bankruptcy or court protection against his creditors or if the Contractor is a company or member of a company which was dissolved by legal action;
 - (b) If the Contractor makes arrangements with his creditors or agrees to carry out the Contract under an inspection committee of his creditors;

- (c) If the Contractor withdraws from the Works or assigns the Contract to others in whole or in part without the Employer's prior written approval;
- (d) If the Contractor fails to commence the Works or shows insufficient progress to the extent which in the opinion of the Engineer will not enable him to meet the target completion date of the Works;
- (e) If the Contractor suspends the progress of the Works without due cause for fifteen (15) days after receiving from the Engineer written notice to proceed;
- (f) If the Contractor fails to comply with any of the Contract conditions or fails to fulfill his obligations and does not remedy the cause of his failure within fifteen (15) days after being notified to do so in writing;
- (g) If the Contractor is not executing the work in accordance with standards of workmanship specified in the Contract;
- (h) If the Contractor gives or promises to give a present or loan or reward to any employee of the Employer or of the Engineer.

Then the Employer may himself complete the Works or may employ any other contractor to complete the Works and the Employer or such other contractor may use for such completion so much of Constructional Plant, Temporary Works and Materials, which have been deemed to be reserved exclusively for the construction and completion of the Works under the provision of the Contract as he or they may think proper and the Employer may at any time sell any of the said Constructional Plant, Temporary Works and unused materials and apply the proceeds of sale in or towards the satisfaction of any sums due or which may become due to him from the Contractor under the Contract.

2 EVALUATION AFTER RE-ENTRY

The Engineer shall as soon as may be practicable after any such entry and expulsion by the Employer notify the Contractor to attend the necessary evaluation of the Works. In the event that for any reason the Contractor does not attend such evaluation the Engineer shall undertake the said evaluation in the absence of the Contractor and shall issue a certificate stating the sum, if any, due to the Contractor for work done in accordance with the Contract up to the time of entry and expulsion by the Employer which has been reasonably accumulated to the Contractor in respect of the Works he has executed in such case in accordance with the Contract. The Engineer shall indicate the value of the materials whether unused or partially used and the value of construction equipment and any part of the Temporary Works.

3 PAYMENT AFTER RE-ENTRY

If the Employer shall enter and expel the Contractor under this Clause he shall not be liable to pay the Contractor any money on account of the Contract until the expiration of the Defects Liability Period, and thereafter until the costs of completion and making good any defects of the Works, damages for delay in completion (if any), and all other expenses incurred by the Employer have been ascertained and their amount certified by the Engineer. The Contractor shall then be entitled to receive only such sum or sums (if any) as the Engineer may certify would have been due to him upon due completion by him after deducting the said amount. But if such amount shall exceed the sum which would have been payable to the Contractor on due completion by him, then the Contractor shall upon demand pay to the Employer the amount of such excess. The Employer in such case may recover this amount from any money due to the Contractor from the Employer without the need to resort to legal procedures.

54 URGENT REPAIRS

If by reason of any accident or failure or other event occurring to, in or in connection with the Works or any part thereof either during the execution of the Works or during the Defects Liability Period any remedial or other work or repair shall in the opinion of the Engineer be urgently necessary for security and the Contractor is unable or unwilling at once to do such work or repair, the Employer may by his own or other workmen do such work or repair as the Engineer may consider necessary. If the work or repair so done by the Employer is work which in the opinion of the Engineer the Contractor was liable to do at his own expense under the Contract, all costs and charges properly incurred by the Employer in so doing shall on demand be paid by the Contractor to the Employer or may be deducted by the Employer from any monies due or which may become due to the Contractor provided always that the Engineer shall as soon after the occurrence of any such emergency as may be reasonably practicable notify the Contractor thereof in writing.

55 INCREASE AND DECREASE OF COSTS

Except if otherwise provided by the Contract, no adjustment of the Contract Price shall be made in respect of fluctuations of market, prices of labour, materials, plant or equipment, neither due to fluctuation in interest rates nor devaluation or any other matters affecting the Works.

56 TAXATION

The Contractor shall be responsible for the payment of all charges and taxes in respect of income including value added tax, all in accordance with and subject to the provisions of the income tax laws and regulations in force and all amendments thereto. It is the Contractor's responsibility to make all the necessary inquiries in this respect and he shall be deemed to have satisfied himself regarding the application of all relevant tax laws.

57 BLASTING

The Contractor shall not use any explosives without the written permission of the Engineer who shall require that the Contractor has complied in full with the regulations in force regarding the use of explosives. However, the Contractor, before applying to obtain these explosives, has to provide well-arranged storage facilities. The Engineer's approval or refusal to permit the use of explosives shall not constitute ground for claims by the Contractor.

58 MACHINERY

The Contractor shall be responsible for coordinating the manufacture, delivery, erection and commissioning of plant machinery and equipment which are to form a part of the Works. He shall place all necessary orders as soon as possible after the signing of the Contract. These orders and their acceptance shall be produced to the Engineer on request. The Contractor shall also be responsible for ensuring that all sub-contractors adhere to such programs as are agreed and are needed to ensure completion of the Works within the period for completion. Should any sub-contracted works be delayed, the Contractor shall initiate the necessary action to speed up such completion. This shall not prejudice the Employer's right to exercise his remedies for delay in accordance with the Contract.

59 TEMPORARY WORKS AND REINSTATEMENT

The Contractor shall provide and maintain all temporary roads and tracks necessary for movement of plant and materials and clear same away at completion and make good all works damaged or disturbed. The Contractor shall submit drawings and full particulars of all Temporary Works to the Engineer before commencing same. The Engineer may require modifications to be made if he considers them to be insufficient and the Contractor shall give effect to such modifications but shall not be relieved of his responsibilities. The Contractor shall provide and maintain weather-proof sheds for storage of material pertinent to the Works both for his own use and for the use of the Employer and clear same away at the completion of the Works. The Contractor shall divert as required, at his own cost and subject to the approval of the Engineer, all public utilities encountered during the progress of the Works, except those specially indicated on the drawings as being included in the Contract. Where diversions of services are not required in connection with the Works, the Contractor shall uphold, maintain and keep the same in working order in existing locations. The Contractor shall make good, at his own expense, all damage to telephone, telegraph and electric cable or wires, sewers, water or other pipes and other services, except where the Public Authority or Private Party owning or responsible for the same elects to make good the damage. The costs incurred in so doing shall be paid by the Contractor to the Public Authority or Private Party on demand.

60 PHOTOGRAPHS AND ADVERTISING

The Contractor shall not publish any photographs of the Works or allow the Works to be used in any form of advertising whatsoever without the prior approval in writing from the Employer.

61 PREVENTION OF CORRUPTION

The Employer shall be entitled to cancel the Contract and to recover from the Contractor the amount of any loss resulting from such cancellation, if the Contractor has offered or given any person any gift or consideration of any kind as an inducement or reward for doing or intending to do any action in relation to the obtaining or the execution of the Contract or any other contract with the Employer or for showing or intending to show favour or disfavour to any person in relation to the Contract or any other contract with the Employer, if the like acts shall have been done by any persons employed by him or acting on his behalf whether with or without the knowledge of the Contractor in relation to this or any other Contract with the Employer.

62 DATE FALLING ON HOLIDAY

Where under the terms of the Contract any act is to be done or any period is to expire upon a certain day and that day or that period fall on a day of rest or recognized holiday, the Contract shall have effect as if the act were to be done or the period to expire upon the working day following such day.

63 NOTICES

- 1** Unless otherwise expressly specified, any notice, consent, approval, certificate or determination by any person for which provision is made in the Contract Documents shall be in writing. Any such notice, consent, approval, certificate or determination to be given or made by the Employer, the Contractor or the Engineer shall not be
- 2** unreasonably withheld or delayed.
- 3** Any notice, certificate or instruction to be given to the Contractor by the Engineer or the Employer under the terms of the Contract shall be sent by post, cable, telex or facsimile at the Contractor's principal place of business specified in the Contract or such other address as the Contractor shall nominate in writing for that purpose, or by
- 4** delivering the same at the said address against an authorized signature certifying the receipt.

- 5 Any notice to be given to the Employer under the terms of the Contract shall be sent by post, cable, telex or facsimile at the Employer's address specified in the Contract, or by delivering the same at the said address against an authorized signature certifying the receipt.
- 6 Any notice to be given to the Engineer under the terms of this Contract shall be sent by post, cable, telex or facsimile at the Engineer's address specified in the Contract, or by delivering the same at the said address against an authorized signature certifying the receipt.

64 LANGUAGE, WEIGHTS AND MEASURES

Except as may be otherwise specified in the Contract, English shall be used by the Contractor in all written communications to the Employer or the Engineer with respect to the services to be rendered and with respect to all documents procured or prepared by the Contractor pertaining to the Works. The metric system of weights and measures shall be used in all instances.

65 RECORDS, ACCOUNTS, INFORMATION AND AUDIT

The Contractor shall maintain accurate and systematic records and accounts in respect of the work performed under this Contract.

The Contractor shall furnish, compile or make available at all times to the UNDP any records or information, oral or written, which the UNDP may reasonably request in respect of the Works or the Contractor's performance thereof.

The Contractor shall allow the UNDP or its authorized agents to inspect and audit such records or information upon reasonable notice.

66 FORCE MAJEURE

Force majeure as used herein means Acts of God, war (whether declared or not), invasion, revolution, insurrection or other acts or events of a similar nature or force.

In the event of and as soon as possible after the occurrence of any cause constituting force majeure, the Contractor shall give notice and full particulars in writing to the UNDP and to the Engineer of such force majeure if the Contractor is thereby rendered unable, wholly or in part, to perform its obligations and meet its responsibilities under this Contract. Subject to acceptance by the UNDP of the existence of such force majeure, which acceptance shall not be unreasonably withheld, the following provisions shall apply:

- (a) The obligations and responsibilities of the Contractor under this Contract shall be suspended to the extent of his inability to perform them and for as long as such inability continues. During such suspension and in respect of work suspended, the Contractor shall be reimbursed by the UNDP substantiated costs of maintenance of the Contractor's equipment and of per diem of the Contractor's permanent personnel rendered idle by such suspension;
- (b) The Contractor shall within fifteen (15) days of the notice to the UNDP of the occurrence of the force majeure submit a statement to the UNDP of estimated costs referred to in sub-paragraph (a) above during the period of suspension followed by a complete statement of actual expenditures within thirty (30) days after the end of the
- (c) suspension;

- (d) The term of this Contract shall be extended for a period equal to the period of suspension taking however into account any special condition which may cause the additional time for completion of the Works to be different from the period of suspension;
- (e) If the Contractor is rendered permanently unable, wholly or in part, by reason of force majeure, to perform his obligations and meet his responsibilities under the Contract, the UNDP shall have the right to terminate the Contract on the same terms and conditions as provided for in Clause 68 of these General Conditions, except that the period of notice shall be seven (7) days instead of fourteen (14) days, and
- (f) For the purpose of the preceding sub-paragraph, the UNDP may consider the Contractor permanently unable to perform in case of any suspension period of more than ninety (90) days.

67 SUSPENSION BY THE UNDP

The UNDP may by written notice to the Contractor suspend for a specified period, in whole or in part, payments to the Contractor and/or the Contractor's obligation to continue to perform the Works under this Contract, if in the UNDP's sole discretion:

- (a) any conditions arise which interfere, or threaten to interfere with the successful execution of the Works or the accomplishment of the purpose thereof, or
- (b) the Contractor shall have failed, in whole or in part, to perform any of the terms and conditions of this Contract.

After suspension under sub-paragraph (a) above, the Contractor shall be entitled to reimbursement by the UNDP of such costs as shall have been duly incurred in accordance with this Contract prior to the commencement of the period of such suspension.

The term of this Contract may be extended by the UNDP for a period equal to any period of suspension, taking into account any special conditions which may cause the additional time for completion of the Works to be different from the period of suspension.

68 TERMINATION BY THE UNDP

The UNDP may, notwithstanding any suspension under Clause 67 above, terminate this Contract for cause or convenience in the interest of the UNDP upon not less than fourteen (14) days written notice to the Contractor.

Upon termination of this Contract:

- (a) The Contractor shall take immediate steps to terminate his performance of the Contract in a prompt and orderly manner and to reduce losses and to keep further expenditures to a minimum, and
- (b) The Contractor shall be entitled (unless such termination has been occasioned by the Contractor's breach of this Contract), to be paid for the part of the Works satisfactorily completed and for the materials and equipment properly delivered to the Site as of the date of termination for incorporation to the Works, plus substantiated costs resulting from commitments entered into prior to the date of termination as well as any reasonable substantiated direct costs incurred by the Contractor as a result of the termination, but shall not be entitled to receive any other or further payment or damages.

69 TERMINATION BY THE CONTRACTOR

In the case of any alleged breach by the UNDP of the Contract or in any other situation which the Contractor reasonably considers to entitle him to terminate his performance of the Contract, the Contractor shall promptly give written notice to the UNDP detailing the nature and the circumstances of the breach or other situation. Upon acknowledgement in writing by the UNDP of the existence of such breach and the UNDP's inability to remedy it, or upon failure of the UNDP to respond to such notice within twenty (20) days of receipt thereof, the Contractor shall be entitled to terminate this Contract by giving 30 days written notice thereof. In the event of disagreement between the Parties as to the existence of such breach or other situation referred to above, the matter shall be resolved in accordance with Clause 71 of these General Conditions.

Upon termination of this Contract under this Clause the provisions of sub-paragraph (b) of Clause 68 hereof shall apply.

70 RIGHTS AND REMEDIES OF THE UNDP

Nothing in or relating to this Contract shall be deemed to prejudice or constitute a waiver of any other rights or remedies of the UNDP.

The UNDP shall not be liable for any consequences of, or claim based upon, any act or omission on the part of the Government.

71 SETTLEMENT OF DISPUTES

In the case of any claim, controversy or dispute arising out of, or in connection with this Contract or any breach thereof, the following procedure for resolution of such claim, controversy or dispute shall apply.

NOTIFICATION

The aggrieved party shall immediately notify the other party in writing of the nature of the alleged claim, controversy or dispute, not later than seven (7) days from awareness of the existence thereof.

CONSULTATION

On receipt of the notification provided above, the representatives of the Parties shall start consultations with a view to reaching an amicable resolution of the claim, controversy or dispute without causing interruption of the Works.

CONCILIATION

Where the representatives of the Parties are unable to reach such an amicable settlement, either party may request the submission of the matter to conciliation in accordance with the UNCITRAL Rules of Conciliation then obtaining.

ARBITRATION

Any claim, controversy or dispute which is not settled as provided under clauses 71.1 through 3 above shall be referred to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining. The Parties shall be bound by the arbitration award rendered in accordance with such arbitration as the final adjudication of any such controversy or claim.

72 PRIVILEGES AND IMMUNITIES

Nothing in or relating to this Contract shall be deemed a waiver of any of the privileges and immunities of the United Nations of which the UNDP is an integral part.

73 SECURITY

The Contractor shall:

- (a) put in place an appropriate security plans and maintain the security plan, taking into account the security situation in the country where the services are being provided;
- (b) assume all risks and liabilities related to the Contractor's security, and the full implementation of the security plan.

UNDP reserves the right to verify whether such a plan is in place, and to suggest modifications to the plan when necessary. Failure to maintain and implement an appropriate security plan as required hereunder shall be deemed a breach of this contract. Notwithstanding the foregoing, the Contractor shall remain solely responsible for the security of its personnel and for UNDP's property in its custody as set forth in paragraph 4.1 above.

74 AUDIT AND INVESTIGATIONS

Each invoice paid by UNDP shall be subject to a post-payment audit by auditors, whether internal or external, of UNDP or the authorized agents of the UNDP at any time during the term of the Contract and for a period of three (3) years following the expiration or prior termination of the Contract. The UNDP shall be entitled to a refund from the Contractor for any amounts shown by such audits to have been paid by the UNDP other than in accordance with the terms and conditions of the Contract. Should the audit determine that any funds paid by UNDP have not been used as per contract clauses, the company shall reimburse such funds forthwith. Where the company fails to reimburse such funds, UNDP reserves the right to seek recovery and/or to take any other action as it deems necessary.

The Contractor acknowledges and agrees that, at any time, UNDP may conduct investigations relating to any aspect of the Contract, the obligations performed under the Contract, and the operations of the Contractor generally. The right of UNDP to conduct an investigation and the Contractor's obligation to comply with such an investigation shall not lapse upon expiration or prior termination of the Contract. The Contractor shall provide its full and timely cooperation with any such inspections, post-payment audits or investigations. Such cooperation shall include, but shall not be limited to, the Contractor's obligation to make available its personnel and any documentation for such purposes and to grant to UNDP access to the Contractor's premises. The Contractor shall require its agents, including, but not limited to, the Contractor's attorneys, accountants or other advisers, to reasonably cooperate with any inspections, post-payment audits or investigations carried out by UNDP hereunder.

75 ANTI-TERRORISM

The Contractor agrees to undertake all reasonable efforts to ensure that none of the UNDP funds received under this Contract are used to provide support to individuals or entities associated with terrorism and that the recipients of any amounts provided by UNDP hereunder do not appear on the list maintained by the Security Council Committee established pursuant to resolution 1267 (1999). The list can be accessed via <http://www.un.org/Docs/sc/committees/1267/1267ListEng.htm>. This provision must be included in all sub-contracts or sub-agreements entered into under this Contract.
