

## **Amendment No. 1**

# **For UNDP ITB-032/17**

**Provision of Agricultural Equipment in Al-Hasakah, Homs, Tartus, and Lattakia Governorates**

**Please find below replies for requested clarifications :**

- 1- Could you please clarify whether the delivery period (25 days) is mandatory requirement?**

**Answer:**

**UNDP strict with the delivery date on the base of 25 days for operational issues.**

- 2- Refer to the 4 target destinations, could you please show us the detail address of the warehouse for us to consult with the shipping charge.**

**Answer:**

**It will be specified by UNDP later but within the targeted governorate.**

- 3- Refer to the Water storage tank, item 3 of Lot 2 required, could you please clarify how many flange connections and the exact sizes of them needed and what position hope to place these connections. If possible, could you please show us a design of the tank required.**

**Answer:**

**There will be three flange, two in the button of the tank on for cleaning and the other for water suppling, the third is on the top of the tank for water resource. the diameter of the flange is ¾ inch.**

**All other terms and conditions remain unchanged.**
