* Revision No. 2: UNDP is answering the clarification received on the ITB in the following:

Q1: "notebook   Qty 57 with docking station ", but there is extra 52 docking station dos it for the same model that we will offer or for an old model already you have it in this case we need the model number /part number , because not all docking station can be fit all type of dell notebooks:

A1: Please ignore the Docking station listed within the laptop specs. The required quantity of docking stations is 52 and it should be compatible with the laptop provisioned

Q2: item "Battery charger AA with 4x rechargeable batteries "dos this related to notebook (USB) or stand alone for other purposes:

A2: Battery charger AA with 4x rechargeable batteries are mainly to be used for the provisioned wireless mouse& Keyboard.

Q3: Regarding items No. 4 and No. 5, as your asked for (Mouse and keyboard uses the same receiver), do you accept both items in one package (merged)?

A3: It is required that the mouse and the keyboard are from the same brand and in the same package for them to use the same wireless receiver. Merged Keyboard and mouse are Not acceptable.

Q4: Regarding items No. 6, do you want with Monitor or without? if yes kindly mention the size:

A4: No Monitors required with the Desktops, Monitors are requested separately, please refer to Item # 1 for required quantities and specifications.

Q5: Regarding the batteries: are they external batteries for laptops, or small batteries for mouse & keyboards?

A5: The AA battery charger with rechargeable batteries are intended to be used for the wireless mouse and keyboard.
