**Question No.1:**

Referring to the lote n. 15

Similar question is for the lote n. 15; can you please specify which is the minimum dimension you can accept for the quatro, bandola and bandolim fingerboard?

We understand that the description "guitar findgerboard" is for the ebony wood blank for making a guitar fingerboard and not a finished (or semi-finished) fingerboard. can you please confirm.

**Answer No. 2:**

Please see the previous answer for the dimensions of the fingerboard. We are ordering pieces of wood without finishing the Fingerboard or any other piece.
