- 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

## 11. Amendment of Proposals

## C. PREPARATION OF PROPOSALS

### 12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

### 13. Language

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the **Data Sheet** (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

#### 14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

#### 15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.

15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP's policies and procedures. All proposers are therefore required to submit the following in their proposals :

- a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and
- b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be rendered the most responsive.

15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
- c) In the case the successful Proposer fails:
  - i. to sign the Contract after UNDP has awarded it;
  - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
  - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

## 16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

## 17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's

preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following :

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

#### **18. Documents Establishing the Eligibility and Qualifications of the Proposer**

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

#### **19. Joint Venture, Consortium or Association**

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor

- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

## **20. Alternative Proposals**

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

## **21. Validity Period**

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

## **22. Proposer's Conference**

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and

conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

## D. SUBMISSION AND OPENING OF PROPOSALS

### 23. Submission

- 23.1 The Financial Proposal and the Technical Proposal Envelopes MUST BE COMPLETELY SEPARATE and each of them must be submitted sealed individually and clearly marked on the outside as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”, as appropriate. When the Proposals are expected to be in transit for more than 24 hours, the Proposer must ensure that sufficient lead time has been provided in order to comply with UNDP’s deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Proposal is the actual date and time when the said Proposal has physically arrived at the UNDP premises indicated in the **Data Sheet** (DS no. 20).
- 23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as “Original Proposal” and “Copy of Proposal” as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS No. 19). In the event of any discrepancy between the contents of the “Original Proposal” and the “Copy of Proposal”, the contents of the original shall govern. The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.
- 23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

### 24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals.

Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

## **25. Withdrawal, Substitution, and Modification of Proposals**

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

## **26. Proposal Opening**

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

## **27. Confidentiality**

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

## E. EVALUATION OF PROPOSALS

### 28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

### 29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.

29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

--

<p><u>Rating the Technical Proposal (TP):</u></p> <p><b>TP Rating</b> = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100</p> <p><u>Rating the Financial Proposal (FP):</u></p> <p><b>FP Rating</b> = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100</p> <p><u>Total Combined Score:</u></p> $\frac{(TP \text{ Rating}) \times (\text{Weight of TP, e.g. 70\%}) + (FP \text{ Rating}) \times (\text{Weight of FP, e.g., 30\%})}{\text{Total Combined and Final Rating of the Proposal}}$
--

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

### 30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

### **31. Responsiveness of Proposal**

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

### **32. Nonconformities, Reparable Errors and Omissions**

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

## **F. AWARD OF CONTRACT**

### **33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals**

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See <http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/> for details)

#### **34. Award Criteria**

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the **Data Sheet** (DS nos. 25 and 32).

#### **35. Right to Vary Requirements at the Time of Award**

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

#### **36. Contract Signature**

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

#### **37. Performance Security**

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

#### **38. Bank Guarantee for Advanced Payment**

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that

the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

### **39. Vendor Protest**

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures:

### **Section 3: Terms of Reference (TOR)<sup>8</sup>**

#### **TERMS OF REFERENCE**

##### **INTRODUCTION OF FINANCIAL EDUCATION AT TVET**

##### **Development, implementation and monitoring of a Financial Education programme within the curriculum for selected rural training centres/TVET in the Solomon Islands**

#### **1 Introduction**

1.1 There has been unprecedented regional and national policy support and commitment to inculcate Pacific Islanders with the knowledge, skills and habit of good personal financial management. These include:

- 2008 Coombs Declaration on strengthening financial capability in the Pacific promulgated by Pacific finance ministers, central bank governors, PIFS and donors.
- 2009 Forum Education Ministers Meeting, in noting the success of the Samoa Enterprise and Financial Education Curriculum (EFEC), requested UNDP Pacific Centre and the Pacific Islands Forum Secretariat (PIFS) to work with donors to assist other PICs to implement EFEC.
- 2009 Regional Financial Literacy Workshop organised by PFIP where central bank governors, finance ministry officials and practitioners identified financial education in schools as a regional priority.
- 2009 Forum Economic Ministers Meeting endorsed the four 2020 Money Pacific regional goals which, among others, called for all children to receive financial education through the core curricula.
- 2009 South Pacific Central Bank Governors Meeting (SAM, VAN, SOL, PNG, FIJ, TON, NZ & AUS) endorsed the Money Pacific 2020 regional goals and made commitment to lead action on building financial competency in their respective countries.

#### **2020 Money Pacific Goals**

In each Pacific Island nation by 2020, through the combined actions of public and private sectors, our goals are :

- All schoolchildren to receive financial education through core curricula.

---

<sup>8</sup> This document serves as a guide to Requestor on how to write the TOR for the RFP, by suggesting contents. This document is not to be shared with Proposers in this current state and form. The TOR actually written by the Requestor shall be the TOR that will be attached to this part of the RFP.

- All adults to have access to financial education.
- Simple and transparent consumer protection to be in place.
- To halve the number of households without access to basic financial services.

- The Solomon Island's Maya Commitments in 2012, committed to *"integrate financial education into the existing Solomon Islands national curriculum"* with Goal No. 2 of the Money Pacific goals being that *'All adults to have access to financial education.'* Financial Education is essentially learning on personal money management and investment towards the development of financial competency.
- These global and regional commitments, have been supported at the national level via the National Financial Inclusion Strategies 2011-2015 and the 2016-2020. Both National Strategies have specifically prioritised Financial Education and Financial Literacy as a key objective.

## 1.2 Low-financial competency of low-income population

- 1.2.1 In 2012, a National Financial Competency Survey was administered under the National Financial Inclusion Strategy 2011-2015. As part of the survey, in the testing of 13 financial competencies, it was found that low-income households do not demonstrate financial behaviours and the overall level of adult financial competence is low and low-moderate (see Table 1 below).

Table 1 – Levels of Financial Competence by Competency Area

Competency Score	Competency Area
<b>High</b>	Nil
<b>Moderate – High</b>	Managing essential expenditure
<b>Low-Moderate</b>	Managing regular and one-off expenditure
	Managing household income
	Setting household goals and plans
	Managing savings
	Managing long term savings
	Managing requests for financial assistance
	Keeping household records
	Identifying and recording household expenditure
<b>Low</b>	Managing borrowing
	Household budgeting
	Non-cash transactions
	Managing cost of money

- 1.2.2 Other key findings of the survey include:

- (i) Whilst low income households are monetised, they have limited understanding of financial terms and conditions.
- (ii) Rural households appear to face constraints to financial competence due to lack of access to financial services (in particular, transaction services);
- (iii) Men in urban communities are more likely to identify themselves as financially competent. This may be due to higher English language ability and easier access to financial services (in particular through employment). Women appear to be less involved in the management of the household's finances;
- (iv) Cash continues to be the dominant mode of payment across both urban and rural households;
- (v) Households identified as most competent at managing immediate activities and less competent at managing more sophisticated activities, in particular planned activities and non-cash transactions; and
- (vi) Low competence in managing cost of money make low-income people especially vulnerable to predator lending and other scams.

### ***1.3 Prior PFIP Engagement in the Solomon Islands in Financial Education***

- 1.3.1 PFIP has been involved with the Ministry of Education and Human Resource Development (MEHRD) since 2011 around the introduction of Financial Education within the education system. A scoping mission was undertaken through the joint efforts of the MEHRD, CBSI and PFIP to ascertain the best form for the introduction of Financial Education within the Solomon Islands school curriculum and Technical and Vocational Education and Training (TVET) institutions [commonly known as Rural Training Centres (RTCs) in the Solomon Islands], together with assisting MEHRD to identify ways to achieve this goal through the development of a detailed implementation plan. Due to a restructure of MEHRD, Financial Education was put on the back-burner for some time.
- 1.3.2 In May 2016, a technical assistance mission was provided to MEHRD by PFIP. As part of the technical assistance mission, a national Financial Education definition, curriculum framework and points of intervention across the primary school, secondary school and TVET (RTC) levels keeping in mind the outcomes based approach of the Solomon Islands national curriculum were developed and finalised. The mission also reported on existing synergies for the timely introduction of Financial Education within the core curriculum. The key items of the mission were officially endorsed by MEHRD senior management on 28 March 2017.
- 1.3.3 The following definition and diagrammatic framework of Financial Education (FinEd) has been endorsed by MEHRD:

#### ***Solomon Islands Definition of Financial Education***

Financial Education empowers learners to demonstrate financial competency as an individual, within their community and their cultural context.

#### ***Solomon Islands Framework for Financial Education***

*Financial Education provides learners with the knowledge, skills, competencies and values (inputs) that assist them to become financially competent individuals (outputs). This is achieved through a holistic approach to teaching and learning in educational organisations (via the Learning Outcomes) keeping in mind the community and cultural context, and the ability for the learner to be impacted by and to impact these. The learner, their family, community and the nation all benefit from improved financial competency.*

#### **1.4 The Recipient Education Authority and RTCs**

1.4.1 In May 2017, the Anglican Church of Melanesia (ACOM), which is an approved education authority under the Solomon Islands Education Act, was identified as the Financial Education pilot partner for piloting Financial Education at the TVET/RTC level. The ACOM Education Board based in Honiara, is the body within the Church that looks after the day-to-day work of Church-owned schools in the Solomon Islands. The ACOM has identified three of their six, RTCs/TVET institutions, within which to pilot Financial Education.

1.4.2 Within the three identified ACOM RTCs for pilot, existing courses are taught over two to three years, with carpentry, mechanical engineering, agriculture, life skills, business studies and electrical studies being the primary courses offered. Further details are provided below.

No	RTC	Province	Total Students	Male Students	Female Students	Courses	Duration	Staff
1	Airahu	Malaita	249	207	42	Carpentry, Mechanical, Agriculture, Life Skill, Business studies	2 years	14
2	Garanga	Isabel	271	234	37	Same as above	3 years	13
3	Pamua	Makira	211	181	30	Same as above + Electrical	2 years	12

1.4.3 A formal agreement is being endorsed between the Pacific Financial Inclusion Programme and ACOM on the Financial Education activity. This agreement will be endorsed prior to the commencement of work under this Terms of Reference.

## **2 Tasks**

- 2.1 The activity covers the development of a Financial Education curriculum providing targeted and comprehensive Financial Education learning within the three RTCs to as many students as possible in a sustained manner. The curriculum will be responsive to areas of weakness in financial competencies at the national level. The development of the curriculum, will be followed by resource development, rigorous teacher training, implementation and review. A set of comprehensive assessment and impact tools will be designed, to be administered and monitored during the piloting and implementation stages. Reporting will be required over the duration of the initiative.
- 2.2 The activity involves firstly, a stocktake of Financial Education across the existing TVET/RTC curriculum for the subjects being taught at the three RTCs and documentation and classroom materials available within the three RTCs.
- 2.3 The activity involves, secondly the development of a complete set of detailed framework of learning outcomes, the identification of the method and means of introduction and the embedding within curriculum documentation and documents. The learning outcomes must be worded in the appropriate language for introduction taking into consideration existing curriculum documents and be developed using a consultative approach. How such an initiative would be replicated/introduced beyond the three RTCs must also be considered when designing the framework of learning outcomes.
- 2.4 In order to prepare the detailed framework of learning outcomes for the three RTCs, the broad areas of review and assessment will include, but will not be limited to:
- (i) National policy, vision, and expectations of Financial Education;
  - (ii) A review of the current education curriculum of the three RTCs and the proposed and approved Financial Education curriculum design pre-established under prior PFIP activity with MEHRD;
  - (iii) Teaching and learning resources available at the three RTCs;
  - (iv) Processes for introducing or integrating new learning into the curriculum of the three RTCs; and
  - (v) Financial and budgetary situation of the three RTCs, the ACOM Educational Board and the ACOM to support this initiative in the medium to long term.
- 2.5 In undertaking curriculum design and development, the following must be seriously considered and appropriate strategies designed to enhance opportunities and to mitigate risks:
- (i) To make available Financial Education learning to as many students as possible (regardless of subject streaming) over a sustained period;
  - (ii) The existing human capacities and institutional structures within the three RTCs and available to the three RTCs;
  - (iii) Ensure sustainability;
  - (iv) Optimize ownership and buy-in by the three RTCs staff members, provincial administration, students, parents, the private sector, and other key stakeholders; and
  - (v) Address national financial competency areas of weakness.

- 2.6 The third aspect of the activity involves the development of a suite of contextualised, sustainable, user-friendly and pilot-tested teacher and student resources with which to deliver the Financial Education learning. A consultative approach to the development of resources must be used. Where translation of these resources may be needed, these must be factored into the teacher and student resources development timelines and costing.
- 2.7 The fourth aspect of the activity is the development and application of a set of easy to use, sustainable and comprehensive student impact assessment and monitoring and evaluation tools, which will be used to respond to assess the effectiveness of the initiative on an ongoing basis. The set of tools must be developed in consideration of national financial competency areas of interest. During the period of the activity, the set of tools must be developed, used, results reported on an ongoing basis and at completion a revised set of tools must be handed over to the three RTCs and the ACOM Education Board on behalf of the ACOM.
- 2.8 The fifth aspect of the activity is the development of and conduct of a series of teacher familiarisation and teacher training workshops for all relevant teachers at the three RTCs. Teacher familiarisation will assist with the consultations on curriculum and resource development, whilst the teacher training is to ensure that the teachers are able to effectively use the teacher resources to meet Financial Education learning objectives. The successful tender will be responsible for the necessary approvals for the teacher familiarisation and teacher training workshops.
- 2.9 A key part of the activity is a six-month pilot across all areas of introduction, this piloting activity will inform curriculum edits, teacher and student resource edits, the set of tools to measure effectiveness and the teacher training and familiarisation. Learning from the six-month pilot will result in the review of the aforementioned areas for full scale implementation in the three RTCs thereafter. Reporting during this pilot period must be made directly to the Pacific Financial Inclusion Programme (PFIP) as well as to three RTCs and the ACOM Education Board on behalf of the ACOM.
- 2.10 The seventh aspect of the activity is the provision of Technical Assistance to the three RTCs to facilitate the three RTCs to move forward independently with the Financial Education teaching and learning, which it may also be interested in providing in an amended form via short courses to their wider community.
- 2.11 The successful tenderer will consult with, but is not limited to, the following stakeholders:
- (i) The ACOM and the ACOM Education Board;
  - (ii) The three pre-identified RTCs;
