- 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Proposals

- 11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. All prospective Proposers will be notified in writing of all changes/amendments and additional instructions through Supplemental Information to the RFP and through the method specified in the **Data Sheet** (DS No. 18).
- 11.2 In order to afford prospective Proposers reasonable time to consider the amendments in preparing their Proposals, UNDP may, at its discretion, extend the deadline for submission of Proposals, if the nature of the amendment to the RFP justifies such an extension.

C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

13. Language

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the **Data Sheet** (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of

this RFP.

15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.
- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer’s response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP’s policies and procedures. All proposers are therefore required to submit the following in their proposals :

- a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and
 - b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be rendered the most responsive.
- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death

or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
- c) In the case the successful Proposer fails:
 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following :

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements

of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

20. Alternative Proposals

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

21. Validity Period

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

D. SUBMISSION AND OPENING OF PROPOSALS

23. Submission

- 23.1 The Financial Proposal and the Technical Proposal Envelopes MUST BE COMPLETELY SEPARATE and each of them must be submitted sealed individually and clearly marked on the outside as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”, as appropriate. Each envelope MUST clearly indicate the name of the Proposer. The outer envelopes shall bear the address of UNDP as specified in the **Data Sheet** (DS no.20) and shall include the Proposer’s name and address, as well as a warning that state “*not to be opened before the time and date for proposal opening*” as specified in the **Data Sheet** (DS no. 24). The Proposer shall assume the responsibility for the misplacement or premature opening of Proposals due to improper sealing and labeling by the Proposer.
- 23.2 Proposers must submit their Proposals in the manner specified in the **Data Sheet** (DS nos. 22 and 23). When the Proposals are expected to be in transit for more than 24 hours, the Proposer must ensure that sufficient lead time has been provided in order to comply with UNDP’s deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Proposal is the actual date and time when the said Proposal has physically arrived at the UNDP premises indicated in the **Data Sheet** (DS no. 20).
- 23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as “Original Proposal” and “Copy of Proposal” as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS No. 19). In the event of any discrepancy between the contents of the “Original Proposal” and the “Copy of Proposal”, the contents of the original shall govern. The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.
- 23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

25. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

26. Proposal Opening

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to

UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.

29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100

Rating the Financial Proposal (FP):

$$\text{FP Rating} = (\text{Lowest Priced Offer} / \text{Price of the Offer Being Reviewed}) \times 100$$

Total Combined Score:

$$\frac{(\text{TP Rating}) \times (\text{Weight of TP, e.g. 70\%}) + (\text{FP Rating}) \times (\text{Weight of FP, e.g., 30\%})}{\text{Total Combined and Final Rating of the Proposal}}$$

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the

Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

Parliament (Hluttaw) Support Programme

Train The Trainer: Myanmar Parliamentary Learning Centre

Title	Train the Trainer: Myanmar Parliamentary Learning Centre
Type of Contract	Institutional contract for services (international)
Start/End Dates	14 August to 17 November 2017
Working Days	65 estimated
Supervisor	Chief Technical Advisor, Parliamentary Strengthening Programme
Location	Nay Pyi Taw, Myanmar

1. Summary

The Myanmar Parliamentary Learning Centre is seeking a Contractor to deliver an accredited Train the Trainer (TTT) programme to qualify a cadre of parliamentary staff as certified trainers. Up to 20 parliamentary staff will be selected by the Parliament of Myanmar (the Hluttaw) to participate in accredited TTT to be delivered in Nay Pyi Taw, Myanmar. This group of parliamentary staff will be trained to lead the design and development of capacity development initiatives with MPs and parliamentary service personnel. The TTT programme will involve up to four consecutive weeks of face-to-face training, followed by a further 20 days of on-the-job mentoring, and concluding with an assessment of competencies to certify the participants.

2. Project Description

2.1 UNDP support for capacity development in the Parliament of Myanmar

The development of effective, accountable and inclusive institutions of parliament is essential to the realization of democratic reform in Myanmar. Capacity development focuses on building robust, people-centered parliamentary institutions at national and sub-national levels that can accommodate and address the key challenges in Myanmar's ongoing democratic transition, such as peace building, federalism and constitutional reform.

The United Nations Development Programme (UNDP) Parliamentary Strengthening Programme is delivered in partnership with the Inter-Parliamentary Union (IPU). One of its key initiatives has been to support the Union Parliament of Myanmar to develop its 2015-2018 Strategic Plan. A primary objective of the plan is establishing a Parliamentary Learning Centre to provide professional development and capacity building for MPs and parliamentary staff. To date, over 800 staff have benefited from specialized capacity development programmes delivered with the support of UNDP and IPU. In this way, the Learning Centre has instituted professional development to meet the priority needs identified by MPs and parliamentary staff.

UNDP and IPU have been providing introductory TTT with selected parliamentary staff. Introductory sessions have included: planning and delivering a lesson; setting aims and objectives for lessons and activities; participatory teaching and learning strategies; materials adaptation, and assessing learning outcomes. TTT has helped embed sustainable capacity in the Parliament to induct and support new MPs, support international engagements by the Parliament, and to deliver learning services in response to requests from MP. Having established the Learning Centre, the Parliament is focused on sustaining its capacity to provide professional development activities to MPs and parliamentary staff.

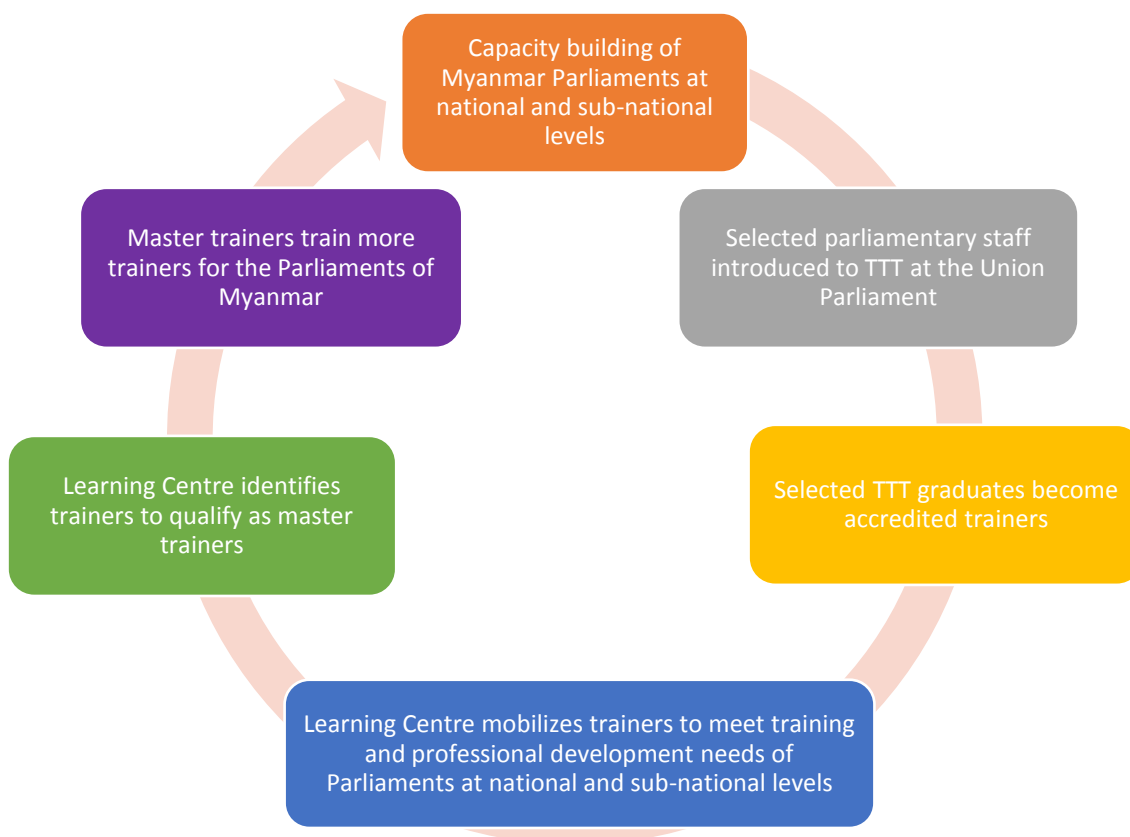

The strategic goals of the Learning Centre focus on enhancing the capacity of MPs and staff, resulting in improved performance of the Parliament and increased public trust. The Parliament intends that the Learning Centre will be fully self-sustaining by 2018. Establishing a cadre of qualified trainers capable of designing and delivering capacity enhancement and ongoing professional development is pivotal to achieving this aim and intrinsic to achieving the Learning Centre's three goals, namely:

- Strengthening skills, knowledge, capabilities and effectiveness of MPs;
- Strengthening skills, knowledge and effectiveness of staff to support institutional capability, effectiveness and responsiveness;
- Strengthening public awareness and knowledge of the Hluttaw and supporting capacity development of State and Regional Hluttaws.

2.2 Programme Rationale

The TTT programme will establish a cadre of accredited trainers specialized in planning and delivering training. By participating in certified training, parliamentary staff become qualified trainers, acquiring the skills and knowledge to design and deliver training initiatives in response to learning needs identified by MPs and parliamentary departments. Critically, this group will be able to lead the delivery of training to support the institutional development and reform agenda of Parliaments at the Union and the Regions & States of Myanmar.

Becoming certified as trainers opens career pathways for staff to progress to advanced training to qualify as master trainers, able to conduct TTT programmes. The long-term vision of the Parliament is to build its capacity to support MPs and parliamentary staff to continuously improve practices and professional capabilities. The diagram below illustrates this vision:

3. Scope of Services

The Contractor will design and deliver an accredited Train the Trainer programme for up to 20 parliamentary service staff of the Parliament of Myanmar. The table presents services to be delivered by the Contractor:

5. Approach

5.1 Goal and outcome

The goal of the programme is to qualify a cadre of trainers by delivering accredited Train the Trainer certification to support sustainable capacity development of the Parliament in Myanmar.

The outcome of the training is to sustain training and capacity building with MPs and parliamentary staff at national and sub-national levels in Myanmar.

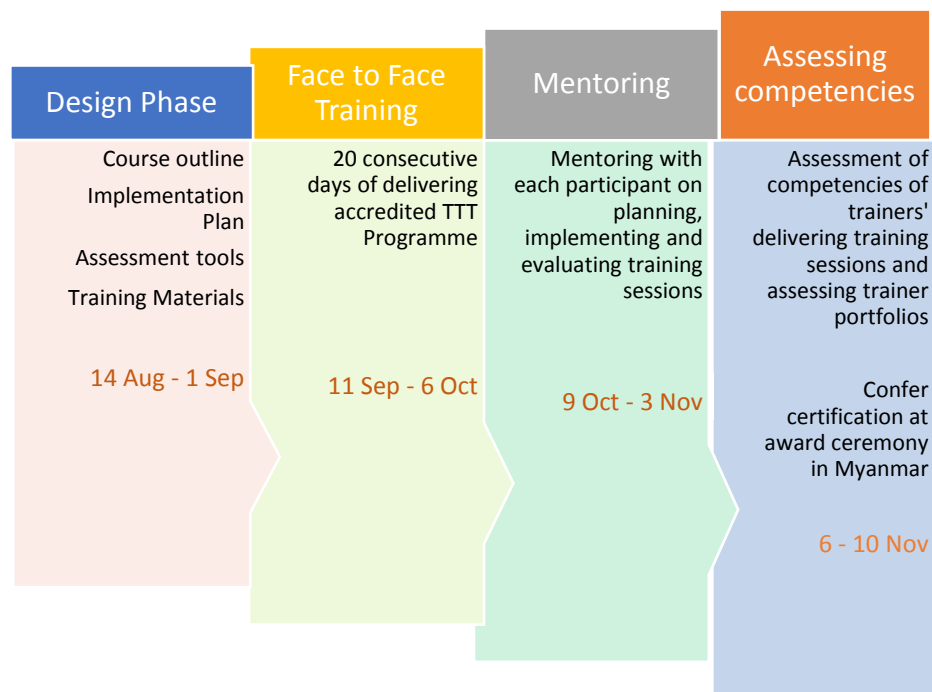

5.2 Expected learning results of TTT

Participating in this course will enable parliamentary staff to develop the following skills and knowledge to deliver training:

- Understanding competency-based training (CBT)
- Organising and delivering group-based learning
- Planning, organizing and facilitating learning in the workplace
- Designing and developing learning programmes
- Planning assessment activities and processes
- Designing and developing assessment tools
- Assessing competence
- Participating in assessment validation
- Mentoring in the workplace
- Coordinating and facilitating e-learning
- Maintaining training and assessment information and records

5.3 Stages of inputs by the Contractor

The table below illustrates the inputs required from the Contractor to implement the TTT programme in 2017:

As can be seen from the above diagram, there are four stages of inputs that the Contractor will fulfil.

5.3.1 Design Phase

In this phase the Contractor will:

- Develop an implementation schedule of modules for an accredited TTT programme
- Develop training materials that are tailored and contextualized for delivery in Myanmar
- Develop assessment tools

The Contractor is to submit an implementation plan of accredited modules and a schedule of sessions with team members by the end of week 1.

Review and feedback to the Contractor will be provided within 3 working days.

On conclusion of the design phase, training materials for participants and PowerPoint slides for use by trainers are to be submitted to UNDP. The Contractor will contract personnel for translation of materials.

5.3.2 Face-to-Face Training

The Contractor will deliver an accredited TTT programme in Nay Pyi Taw for up to 20 selected parliamentary staff of Myanmar's Parliament.

Face-to-face training will be delivered over 20 consecutive days in Myanmar. During this time, participants will be engaged in theory and practice sessions, developing skills, knowledge and practice of the cycle of competency-based training.

Participants will then develop a training plan to guide their own delivery of training sessions with MPs and parliamentary service staff.

5.3.3 Mentoring

Following face-to-face training the contracted agency will conduct mentoring of participants over a period of 20 days as they put into practice the training plans developed during face-to-face training. Consultations with participants will take place individually or in small groups throughout the mentoring period. Mentoring will focus on coaching the application of skills in practice, the planning and delivery of training sessions, and compiling portfolios of materials and training records.

5.3.4 Assess competencies of trainers

In November, the contracted team will assess the competencies of the trainers over 5 working days. Participants will deliver training sessions and present their portfolios of training materials and records for assessment by the Contractor towards accreditation.

The Contractor will mobilize sufficient qualified assessors to carry out individual assessment of competencies of each participant.

An Award Ceremony is to be scheduled to present Certificates of Accreditation to those deemed competent.

5.3.5 Reporting

The Contractor is required to deliver an interim report on delivery of TTT face-to-face training.

A final report will cover the phases of face-to-face training, mentoring and competency assessments and report any findings from the experience of delivering the programme. Recommendations are to focus on opportunities to enhance delivery and interventions recommended to continue building human resource capabilities to strengthen institutional development.

Quality assurance of this output by the Contractor will be carried out by the UNDP Chief Adviser for the Parliamentary Strengthening Programme.

6 Duration

The work is expected to be conducted between 14 August – 17 November 2017.

7 Location

Inputs and deliverables for this contract will be made at the Contractor's home base and in Myanmar. Please see the table in Section 3 above for details of the delivery phases and locations.

8 Implementation arrangement

The UNDP Chief Technical Adviser and the Programme Specialist for the Parliamentary Strengthening Programme will coordinate institutional arrangements to support the training programme. UNDP will coordinate with the Hluttaw Executive Managers regarding implementation of the TTT Programme. Arrangements will be coordinated through the Hluttaw Learning Centre to provide services relating to this project:

8.1 Quality assurance

Technical appraisal of documentation and reporting as required of this project will be carried out by the UNDP Learning Specialist for the Parliamentary Strengthening Programme.

8.2 Personnel to support online learning

Parliamentary Specialist Trainers, supported by UNDP and IPU, will provide mentoring support to trainers following face-to-face training. Specifically, support will focus on subject specific content areas as may be available over the period.

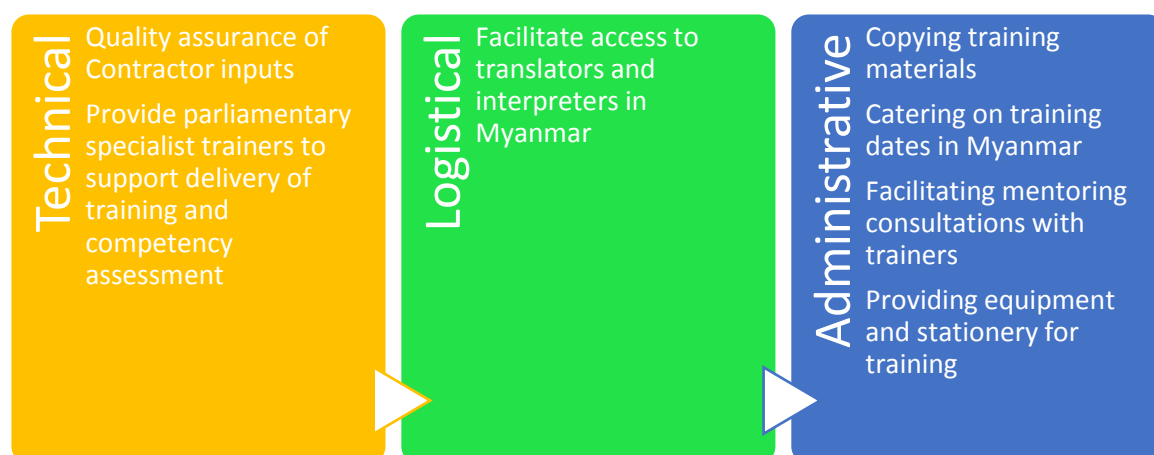

8.3 Translation and Interpreting

Translation and interpreting services are to be arranged by the Contractor. UNDP and IPU can facilitate identification of appropriately qualified and experienced personnel for these roles.

8.4 Administrative arrangements

UNDP will provide administrative support for reproduction of training materials, and provision of training equipment and supplies to deliver the TTT programme, mentoring and competency assessments.

The table below illustrates UNDP contributions to support implementation of the TTT programme through the Hluttaw Learning Centre:

9 Qualifications of the successful Contractor

The successful Contractor will be selected against the following criteria:

- Demonstrated experience in designing and delivering accredited TTT programmes, preferably including in countries of the Association of South East Asian Nations (ASEAN)
- Demonstrated experience customizing accredited TTT programmes in countries whose public sector training systems are undergoing significant reform
- Demonstrated experience applying a training approach that develops both practical skills and knowledge of design and delivery of competency-based training
- Demonstrated experience delivering training in English with support of interpreters.

Appendix C - *Union Hluttaw Strategic Plan 2015 - 2018*

Appendix A - Context of democratic governance in Myanmar

Myanmar is undergoing a triple transition to peace, democracy and the market economy since 2011, nominally bringing an end to a decades-long military regime, isolation from global markets, and restricted international channels for diplomacy and finance. Although the reforms mark a new era for the country, the legacies of the past- shaped by feudalism, colonialism, war and ethnic conflict, erratic authoritarianism, and military rule- continue to influence how Myanmar builds a renewed society governed by democratic institutions and the rule of law.

The development of effective, accountable and inclusive institutions at all levels is essential to the realization of democratic reform in Myanmar. The trajectory of state formation in Myanmar has left institutions which tend to rule by directive, with highly centralized decision making and with incomplete understanding and practices to ensure transparency and accountability. Capacity of civil servants in Myanmar to operate independently has been restricted, limiting the ability to implement institutional development objectives and carry out necessary reforms.

The Constitution of the Republic of the Union of Myanmar (the Constitution) came into force in 2008. Chapter 4 of the Constitution establishes the Pyidaungsu Hluttaw (Union Legislature) comprising two Hluttaws that are generally equal in status:

- the Pyithu Hluttaw (People's Assembly) formed with representatives elected based on township as well as population and representatives being the Defence Services Personnel nominated by the Commander-in-Chief of the Defence Services. Section 109 provides that the Pyithu Hluttaw will have a maximum of 440 representatives with not more than 330 elected representatives and 110 nominated, as prescribed above;
- the Amyotha Hluttaw (Nationalities Assembly) formed with representatives elected in equal numbers from Regions and States and representatives being the Defence Services Personnel nominated by the Commander-in-Chief of the Defence Services. Section 141 provides that the Amyotha Hluttaw will have a maximum of 224 representatives with 168 representatives elected in an equal number of 12 representatives from each Region or State inclusive of relevant Union territories and 1 representative from each Self-Administered Division or Self-Administered Zone and 56 nominated, as prescribed above.

The term of the Union Hluttaw is five years from the day of the first session of the Pyithu Hluttaw. Following the Myanmar election held on 8 November 2015, newly elected MPs were sworn in as Members of the Pyithu Hluttaw on Monday 1 February 2016, and of the Amyotha Hluttaw on Wednesday 3 February 2016.

The Republic of the Union of Myanmar comprises seven regions and seven states and there are 14 Region and State parliaments ('Hluttaw'). The Region and State Hluttaws manage their institutional development as a group, coming together in the framework of the Myanmar Parliamentary Union (MPU). Upon the request of a number Speakers and Deputy Speakers of Region a Hluttaw administration reform was agreed in the framework of the MPU. The new administrative structure will be part of the Union civil service under the authority of the Pyidaungsu Hluttaw administration. The number of staff under the new structure will double over time. This will give the Region and State Hluttaw administrations the necessary resources to expand the services they provide to the Hluttaw Members, which will improve the performance of the Region and State Hluttaws.

Appendix B - Background on administration of the Hluttaw

The Hluttaw Offices (often referred to as Secretariats in other jurisdictions) with separate structures have been established in the Pyidaungsu Hluttaw, Pyithu Hluttaw and the Amyotha Hluttaw [Hluttaw Office] under the direction of the Permanent Secretary of the Pyidaungsu Hluttaw and Directors General of the Pyithu Hluttaw and Amyotha Hluttaw. The Hluttaw Office provides advisory and support services to the Speaker, Plenary, Committees and Members.

The heavy demands on the respective Houses place enormous pressure on the Hluttaw Offices in relation to supporting the Speaker, Plenary, its Committees and MPs undertake their respective functions efficiently and effectively.

In the first Hluttaw a consistent message delivered from the Speaker, Chairs of Committees, Members and the Director Generals and senior officers was that despite having established the relevant structures, the Parliament did not have sufficient experienced, skilled and knowledgeable human resources to meet the demands of the institution. This placed untenable demands on experienced managers who were (and continue to be) responsible for both managing and responding directly to the urgent requirements of the Hluttaw. In these circumstances there has also been considerable unmet demand for important services by Members (such as, research, briefings, legal drafting advice, procedural support and access to information) that cannot be met.

In 2013, the Speakers and the Union Assembly leadership began planning a phased approach to increase staffing levels. At the time, there was approximately 500 staff or about one 'support' staff for two members. The leadership's goal is to, as soon as possible, match international standards² with a ratio of up to four support staff per member. There are currently approximately 572 staff in the Pyithu Hluttaw, 346 in the Amyotha Hluttaw and 222 in the Pyidaungsu Hluttaw which represents approximately one staff member per MP in each of the two Houses.

Recruitment has commenced, however managers have identified a number of key challenges:

- ❖ Market forces are attracting the best trained and experienced candidates, especially the relatively small number of internationally trained candidates, into more highly paid jobs in the private sector or with international organisations;
- ❖ Personal preference by a number of candidates to find jobs in Yangon or other major cities rather than Nay Pyi Taw;
- ❖ The educational standards of undergraduate students are not sufficiently high to address many of the immediate demands for services such as quality research and report writing;
- ❖ The number of law graduates has declined due to student preferences to seek qualifications in higher demand in the private sector;
- ❖ Skills and knowledge most relevant to a Parliament, such as knowledge of parliamentary law and practice, legal drafting principles, minute taking, and evidence based report writing, to name a few, are not part of university curricula;

² Note on Staffing for Parliaments, based on data sourced from IPU figures, 2011.

- ❖ There is a general lack of computer skills at all levels, from the use of computers in office work to more specialist computer skills required to support the ICT infrastructure and manage content of a digital Parliament; and
- ❖ English language skills are not well enough developed to support the Hluttaws need to engage with other Parliaments and the international community more generally.

Taking these factors into account and given that the Union Hluttaw has only limited parliamentary tradition and institutional development, senior staff became increasingly concerned that staff recruitment alone would not result in the service delivery improvements required. Clearly staff development and training was and continues to remain an institutional priority in the short and medium term.

To address these needs, a Learning Centre was established in 2015, with the following aims and objectives:

To create a world class Parliamentary Learning Centre that enhances the capacity of MPs and Staff resulting in improved performance of the Hluttaw and increased public trust in the Institution.

To be a fully self-sustained and managed Centre of excellence by 2018.

- GOAL 1: Strengthen skills, knowledge, capabilities and effectiveness of MPs.
- GOAL 2: Strengthen skills, knowledge and effectiveness of staff to support institutional capability, effectiveness and responsiveness.
- GOAL 3: Strengthen public awareness and knowledge of the Hluttaw and support capacity development of State and Regional Hluttaws.

In alignment with the Hluttaw Strategic Plan 2015-2018, the Learning Centre has been supporting capacity development programmes for MPs and staff since December 2016. A comprehensive professional development programme for MPs has been established that meets knowledge and skills needs and delivers personalised support. Sustainable capacity has been built amongst Hluttaw staff to support key priorities including induction and orientation of new MPs, international engagements and ICT literacy. The development of a cadre of 50 staff trainers has built institutional strength and helped ensure sustainability of support to the Learning Centre.

A 2015 study mission on Human Resources³ met with Directors General and Deputy Directors General of the Union Hluttaw regarding Human Resources priorities in the 2nd Hluttaw. The Deputy Directors General mentioned that a key objective was for the Myanmar Parliament to have strong and skillful staff to deliver required services for Members of Parliament and to support the effective and flexible functioning of Parliament's administration. Priority areas identified for the development of Human Resources were:

1. Competency-based Position Descriptions that specify duties, skills, experience, attributes and expected behaviours so there is clarity of common language for managers and staff
2. Processes for merit-based recruitment
3. Improved training and induction
4. Introduce a process to evaluate individual performance against work plans
5. Management skills: delegation, leadership and prioritising
6. Staff transfers between departments
7. Relevant HR management practices for current system
8. Planning, budgeting, auditing and finance for Admin and Finance Departments
