Title *[Position(s), vacancy]*

- **A Consultancy Firm for EPI Data collection and calculation (land degradation and biodiversity in Viet Nam)**

Description *[includes background information, brief description indicating the purpose(s) etc...Maximum 250 words]*

The Institute of Strategy and Policy on Natural Resources and Environment (ISPONRE) is implementing a UNDP - GEF funded project entitled “**Enhancing Capacity for Implementing Rio Conventions**” (**Rio Project**) from 2015 - 2017. The project will provide support to advance the implementation of the Rio Conventions and Sustainable Development Goals (SDGs) in Viet Nam, through proposing a set of environmental indicators, application of Environmental Performance Indices (EPI) and supporting environmental and natural resources planning. This will be achieved through the following two Outcomes: (i) Viet Nam has the environmental management tools that fully address global environmental concerns and (ii) Viet Nam is integrating global environmental concerns into its national strategic planning and development processes.

The project is now looking for:

- **A Consultancy Firm for EPI Data collection and calculation (land degradation and biodiversity in Viet Nam)**
