9.3 Technical Proposal (see prescribed form in RFP Section 6);

UNDP will respond in writing, transmitted by electronic means and will transmit copies of the response (including an explanation of
the query but without identifying the source of inquiry) to all Proposers who have provided confirmation of their intention to submit a Proposal.

10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Proposals

11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. All prospective Proposers will be notified in writing of all changes/amendments and additional instructions through Supplemental Information to the RFP and through the method specified in the Data Sheet (DS No. 18).

11.2 In order to afford prospective Proposers reasonable time to consider the amendments in preparing their Proposals, UNDP may, at its discretion, extend the deadline for submission of Proposals, if the nature of the amendment to the RFP justifies such an extension.

C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

13. Language

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the Data Sheet (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the Data Sheet, must be accompanied by a translation in the preferred language indicated in the Data Sheet. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

15. Technical Proposal Format and Content
Unless otherwise stated in the Data Sheet (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.

15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer’s response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the Data Sheet (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP’s policies and procedures. All proposers are therefore required to submit the following in their proposals:

a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and

b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be rendered the most responsive.

15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP’s acceptance of the justification for substitution,
and UNDP’s approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

15.4 Where the Data Sheet requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the Data Sheet (DS no. 11), or;
b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the Data Sheet (DS no. 9), or;
c) In the case the successful Proposer fails:
   i. to sign the Contract after UNDP has awarded it;
   ii. to comply with UNDP’s variation of requirement, as per RFP clause 35; or
   iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the Data Sheet (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per Data Sheet (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP’s preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

a) they have at least one controlling partner, director or shareholder in common; or
b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
c) they have the same legal representative for purposes of this RFP; or
d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;

e) they are subcontractors to each other’s Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or

f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP’s satisfaction. These include, but are not limited to, the following:

a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods’ manufacturer or producer to supply the goods in the country of final destination;

b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and

c) That, to the best of the Proposer’s knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP’s list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that: (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

a) Submit another proposal, either in its own capacity; nor

b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as
those required in the RFP, it should present such information in the following manner:

   a) Those that were undertaken together by the joint venture; and
   b) Those that were undertaken by the individual entities of the joint venture expected to be
      involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently
or were temporarily associated with any of the member firms cannot be claimed as the experience
of the joint venture or those of its members, but should only be claimed by the individual experts
themselves in their presentation of their individual credentials.

If a joint venture’s Proposal is determined by UNDP as the most responsive Proposal that offers
the best value for money, UNDP shall award the contract to the joint venture, in the name of its
designated lead entity. The lead entity shall sign the contract for and on behalf of all other
member entities.

20. Alternative Proposals

Unless otherwise specified in the Data Sheet (DS nos. 5 and 6), alternative proposals shall not be
considered. Where the conditions for its acceptance are met, or justifications are clearly
established, UNDP reserves the right to award a contract based on an alternative proposal.

21. Validity Period

Proposals shall remain valid for the period specified in the Data Sheet (DS no. 8), commencing on
the submission deadline date also indicated in the Data Sheet (DS no. 21). A Proposal valid for a
shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may
request Proposers to extend the period of validity of their Proposals. The request and the
responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer’s Conference

When appropriate, a proposer’s conference will be conducted at the date, time and location
specified in the Data Sheet (DS no. 7). All Proposers are encouraged to attend. Non-attendance,
however, shall not result in disqualification of an interested Proposer. Minutes of the proposer’s
conference will be either posted on the UNDP website, or disseminated to the individual firms
who have registered or expressed interest with the contract, whether or not they attended the
conference. No verbal statement made during the conference shall modify the terms and
conditions of the RFP unless such statement is specifically written in the Minutes of the
Conference, or issued/posted as an amendment in the form of a Supplemental Information to the
RFP.

D. SUBMISSION AND OPENING OF PROPOSALS

23. Submission
23.1 The Financial Proposal and the Technical Proposal Envelopes MUST BE COMPLETELY SEPARATE and each of them must be submitted sealed individually and clearly marked on the outside as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”, as appropriate. Each envelope MUST clearly indicate the name of the Proposer. The outer envelopes shall bear the address of UNDP as specified in the Data Sheet (DS no. 20) and shall include the Proposer’s name and address, as well as a warning that state “not to be opened before the time and date for proposal opening” as specified in the Data Sheet (DS no. 24). The Proposer shall assume the responsibility for the misplacement or premature opening of Proposals due to improper sealing and labeling by the Proposer.

23.2 Proposers must submit their Proposals in the manner specified in the Data Sheet (DS nos. 22 and 23). When the Proposals are expected to be in transit for more than 24 hours, the Proposer must ensure that sufficient lead time has been provided in order to comply with UNDP’s deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Proposal is the actual date and time when the said Proposal has physically arrived at the UNDP premises indicated in the Data Sheet (DS no. 20).

23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as “Original Proposal” and “Copy of Proposal” as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the Data Sheet (DS No. 19). In the event of any discrepancy between the contents of the “Original Proposal” and the “Copy of Proposal”, the contents of the original shall govern. The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.

23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the Data Sheet (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

25. Withdrawal, Substitution, and Modification of Proposals

25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the
Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.

25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked “WITHDRAWAL,” “SUBSTITUTION,” or MODIFICATION”.

25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.

25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

26. Proposal Opening

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the Data Sheet (DS no. 23).

The Proposers’ names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP’s decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer’s submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer’s submission shall not be discussed.
E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements as per DS C15.1, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the Data Sheet (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the Data Sheet (DS no. 32) after all Proposals have been received.

29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the Data Sheet (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:
Rating the Technical Proposal (TP):

\[ TP \text{ Rating} = \left( \frac{\text{Total Score Obtained by the Offer}}{\text{Max. Obtainable Score for TP}} \right) \times 100 \]

Rating the Financial Proposal (FP):

\[ FP \text{ Rating} = \left( \frac{\text{Lowest Priced Offer}}{\text{Price of the Offer Being Reviewed}} \right) \times 100 \]

Total Combined Score:

\[
\frac{(TP \text{ Rating}) \times (\text{Weight of TP, e.g. 70\%})}{1} + \frac{(FP \text{ Rating}) \times (\text{Weight of FP, e.g., 30\%})}{1}
\]

Total Combined and Final Rating of the Proposal

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the Data Sheet (DS No.33), may include, but need not be limited to, all or any combination of the following:

a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;

b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;

c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;

d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;

e) Physical inspection of the Proposer’s offices, branches or other places where business transpires, with or without notice to the Proposer;

f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and

g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP’s request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.
Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP’s determination of a Proposal’s responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;

b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and

c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals
UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP’s action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN’s Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/ for details)

34. Award Criteria

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the Data Sheet (DS nos. 25 and 32).

35. Right to Vary Requirements at the Time of Award

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

36. Contract Signature

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

37. Performance Security

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the Data Sheet (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

38. Bank Guarantee for Advanced Payment

Except when the interests of UNDP so require, it is the UNDP’s preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that
the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

39. Vendor Protest

UNDP’s vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures:
http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/

Section 3: Terms of Reference (TOR)

Terms of Reference (TORs)

Consultancy: Entrepreneurship and business advisory training, South Sudan
Unit: Human Development and Inclusive Growth
Duration: October 2017 - March 2018
Duty Station: Aweil and Yambio, South Sudan
Project Title: Livelihoods and Entrepreneurship Development Project

Project Description

As South Sudan prepares to implement the Agreement on the Resolution of the Conflict in South Sudan (ARCISS) signed in August 2015, the Government of South Sudan faces imperatives of state and nation building, deepening peace building, preventing conflict, improving security, and bringing about a process for rapid economic development to reduce poverty.

The country faces the challenge of achieving rapid rural transformation to improve livelihoods and expand employment opportunities both in the urban and rural settlements. Thus, the creation of jobs and employment including self-employment for the many youths who constitute 70% of the population, women and ex-combatants is widely acknowledged as a good foundation to peace building and a valuable step towards building enabling conditions for security.

The ARCISS recognizes the need to improve productivity and efficiency through capacity enhancement and makes provisions for the development of Micro, Small and Medium Enterprises (MSMEs) among rural populations and the urban poor, including but not limited to South Sudan farmers’ associations, dairy producers’ associations, poultry producers’ associations, national private companies in the areas of supply, general trade, construction, and others.

The Government of South Sudan is committed to development of a robust and growing MSMEs to spearhead the revitalization of the local economy, contribute to the structural transformation of the economy and lead to creation of self-employment particularly amongst the women and youth. However, the current state of affairs on the development and incentivization of entrepreneurship is afflicted with a number of policy and programmatic issues including the lack of an overarching vision, deficiencies in policy, regulatory and operational aspects and other systemic weaknesses including in the financial sector. There is a need for rolling out a context specific and customized model of entrepreneurship development together with a full complement of integrated services which has been tried and tested in settings across Africa in similar settings within the sub-region. Given the unique development context where the vast majority of the people are yet not exposed to the attitudinal and behavioural mindset which is
a precondition for entrepreneurship development, EMPRETEC model offers to be a practical and viable strategy.

There is therefore an urgent need to establish and implement a robust entrepreneurship development programme such as EMPRETEC that provides creative interventions that adopts attitudinal and behavioral mind-set change approach to the entrepreneurship development. This is accomplished with a coordinated and programmed package comprising a mix of entrepreneurial and management skills development, delivery of follow ups and customized business advisory services for enterprise establishment. The EMPRETEC methodology aims to correct the deficiencies in the other systems by aiming at developing high flying, achievement minded, internationally competitive enterprises within the shortest possible time.

The overall objective of the project is to bring about a transformational change in the development of the youth and women for self-employment and growth of micro, small and medium scale enterprises (MSMSEs) by 2019 through entrepreneurial skills training and provision of a comprehensive range of business advisory services whilst simultaneously providing technical support to development of policy and regulatory aspects. The Entrepreneurship Development Programme will identify and select growth oriented enterprises as well as potential entrepreneurs, and unemployed youth and women entrepreneurs, and provide them with entrepreneurship training and a comprehensive and integrated range of business development services in selected locations across the country including at Juba. This service mix shall include entrepreneurial and management training, technical assistance in the preparation and review of business plans, business counselling, assistance in sourcing credit, and assistance in identifying backward and forward linkages including local subcontracting opportunities between small enterprises and large local companies. It is expected that the programme will stimulate economic growth, create self and wage employment and income generating opportunities lay a foundation for industrial development and poverty reduction in the country. A pilot was implemented in Juba and based on successful implementation of the activities in Juba, the project is extending the pilot to two locations (Aweil and Yambio) outside Juba before it is fully scaled up in the country.

As such, UNDP South Sudan is looking for a reputed consultancy firm to scale up the entrepreneurship skills development, provide business development advisory support in the two selected locations, and train more core team of potential entrepreneurship trainers in the country working in close partnership with key stakeholders.

**Scope of Work**

The objective of this consultancy is to extend entrepreneurship and enterprise development concept beyond Juba as well as test suitability of the EMPRETEC entrepreneurship at the state level, with the object of establishing long-term partnership while engaging with concerned line ministries and government counterparts including Ministry of Trade and Industry, Ministry of labour Public Service and Human Resources Development, development partners, private sector such as Equity Bank, the South Sudan Chamber of Commerce and Industry and Agriculture and the donors.
The focus of this phase will be on providing entrepreneurship capacity development including businesses start-up, help identify core business advisor’s providers, and help setup small enterprises. The below table presents the proposed activities with tentative timelines:

**Expected Outputs**

This phase of the entrepreneurship and enterprise development project is expected to achieve the following key results which are presented below along with an indicative description:

**Interviews/ Selection of Participants:** Entrepreneurship Training Workshops (ETW) training would begin with Selection and Interview of the trainees. Eight National Advisors selected from the group trained for BDS services would be deployed to Yambio and Aweil for 5 days in each location to enlist 80 participants each for the two sessions in each town.

**Four entrepreneurship training sessions conducted for a total of 150 trainees:** The training is expected to unlock the growth potential of new start-up and existing enterprises that have failed to overcome constraints that have inhibited their growth and migrate them into competitive medium and large enterprises based on good practices established on the entrepreneurship competencies needed especially by potential start-ups. It is expected that all relevant training materials will be supplied by the applicant firm.
75 businesses Started: The success of the entrepreneurship development and business development training will critically depend on achievement of results viz. actual startup of businesses by the trainees which will be supported including through preparation of high quality, bankable investment business ideas.

One week refresher course for the 17 BDS Advisors already trained: With regards to BDS follow up action, it is proposed to provide a refresher course for One week for the 17 BDS Advisors already trained and prepare them in terms of allocation of the 150 clients and modalities of providing the BDS follow up services.

BDS Services provided by Trained Advisors. The 150 ETW Participants would be divided to the 17 advisors each handling 8-9 persons at both location of Yambio and Aweil. Whilst recognizing the evidence and propensity of new businesses to fail in the first year itself, a critical component of support would be the provision of systematic, dedicated and personalized business support services tailored to the development stage of the enterprise to those that graduate from the entrepreneurial training programs to enable them to set-up new enterprises. It is expected that all relevant training materials will be supplied by the applicant firm.

Institutional and Reporting Arrangement

The contractor will report to the Team Leader Human Development and Inclusive Growth on the overall performance including at the strategic positioning of the project with the stakeholders, whilst on a day-to-day basis the contractor will be supervised by the Programme Analyst (HDIGU).

The contractor will work in close partnership with the Ministry of Trade and Industry, Ministry of Labour, Public Service and Human Resource Development, the South Sudan Chamber of Commerce, Industry and Agriculture, Equity Bank, Multiservice Training Center (MTC), Juba City Council, the UNWOMEN, youth and women associations.

The contractor will submit to UNDP a progress output report as per the contract milestones explained above. Also, the contractor will submit a final report [as per UNDP template] highlighting the key achievements, challenges, and recommendations.

The successful consultancy firm will focus on delivering and ensuring that the intended outputs are achieved in the indicated timeframe positively. The project will ensure adequate logistics support towards effective implementation including the procurement of the training venues, catering, transportation, and procurement of the training materials. The project will also support in ensuring coordination with the key stakeholders and relevant partners through the implementation period.
