Please be advised that UNDP's vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a purchase order or contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link: <http://www.undp.org/procurement/protest.shtml>.

SPECIFICATION / REQUIREMENTS

RFQ/UNDP/EU-PBDE/073/ 16151/2017 – Provision of ICT Equipment (3rd Re-Advertisement)

Proyek Pembangunan *Integrated Network Tracking System of PBDE* (INTracS-PBDE)

TERM OF REFERENCE**A. BACKGROUND**

Technology and information are two things that cannot be separated at this time. It is evident that one needs sophisticated technology to obtain information quickly. The current condition forces institutions and organizations to use computer-based technology. With the technology an organization/institution will increase their performance.

To ensure that one institution use the right technology, it is important that the institution choose the perfect software and hardware. Related to PBDE project, the hardware used to support the activities must comply with the minimum requirement. PBDE is working on the information system to detect the distribution of PBDE. This effort involves BPPI and some laboratories under BPPI (Badan Penelitian dan Pengembangan Industri - Agency for Industrial Research and Development). Some of the laboratories under BPPI are BBKK, BBPK, BBTPI, BBKKP, and B4T. Other than those institutions there is another laboratory, BP Batam, that is involved in this effort of system integration.

Knowing that those laboratories are located in separate areas, it necessary for PBDE project to develop an integrated system which connects all those laboratories. The scheme that will be used for this system is one centered server which serves the units in those laboratories. Connected with the internet, it is important for the system to be secure and protected from hackers and virus.

To ensure the excellent performance, it is compulsory to have similar minimum specification in each location. In this way, the performance effectiveness in location is guaranteed. For this development of PBDE processing and testing information system, there should some steps to follow:

1. The phase of database system designing. This phase requires equipment and tools which will be used for the programming process.
2. Installation phase. In this phase there will be a process of hardware and software installation in each location.

With the minimum specifications it is hoped that the development process and the use of information system will run effectively. There should be time schedule for procurement that must be met in accordance with plan.

B. OUTPUT

Two procurement packages to support the development of data management information system of PBDEs.

C. SCOPE OF WORK

1. Package 1 is the procurement of equipment for the process of developing application.
2. Package 2 is the procurement and installation of equipment in six locations and at BPPI.

Proyek Pembangunan *Integrated Network Tracking System of PBDE* (INTracS-PBDE)

D. LOCATION

1. The equipment will be handed over in several locations: Jakarta, city of Bandung, Bandung Regency, Yogyakarta, Batam, and Semarang. The handing over process in these areas should be done in order to facilitate the installation process and to prevent the equipment damage.

E. METHOD

1. The equipment specification is determined by the technical team of BPPI with UNDP.
2. The procurement activities are conducted by UNDP based on the agreed specification.

F. TIME

1. Procurement for equipment to support the development of information system (Marc 2018)
2. Procurement for information system implementation (March 2018)

General Terms and Conditions

1. ACCEPTANCE OF THE PURCHASE ORDER

This Purchase Order may only be accepted by the Supplier's signing and returning an acknowledgement copy of it or by timely delivery of the goods in accordance with the terms of this Purchase Order, as herein specified. Acceptance of this Purchase Order shall effect a contract between the Parties under which the rights and obligations of the Parties shall be governed solely by the terms and conditions of this Purchase Order, including these General Conditions. No additional or inconsistent provisions proposed by the Supplier shall bind UNDP unless agreed to in writing by a duly authorized official of UNDP.

2. PAYMENT

- 2.1 UNDP shall, on fulfillment of the Delivery Terms, unless otherwise provided in this Purchase Order, make payment within 30 days of receipt of the Supplier's invoice for the goods and copies of the shipping documents specified in this Purchase Order.
- 2.2 Payment against the invoice referred to above will reflect any discount shown under the payment terms of this Purchase Order, provided payment is made within the period required by such payment terms.
- 2.3 Unless authorized by UNDP, the Supplier shall submit one invoice in respect of this Purchase Order, and such invoice must indicate the Purchase Order's identification number.
- 2.4 The prices shown in this Purchase Order may not be increased except by express written agreement of UNDP.

3. TAX EXEMPTION

- 3.1 Section 7 of the Convention on the Privileges and Immunities of the United Nations provides, inter alia, that the United Nations, including its subsidiary organs, is exempt from all direct taxes, except charges for utilities services, and is exempt from customs duties and charges of a similar nature in respect of articles imported or exported for its official use. In the event any governmental authority refuses to recognize UNDP's exemption from such taxes, duties or charges, the Supplier shall immediately consult with UNDP to determine a mutually acceptable procedure.
- 3.2 Accordingly, the Supplier authorizes UNDP to deduct from the Supplier's invoice any amount representing such taxes, duties or charges, unless the Supplier has consulted with UNDP before the payment thereof and UNDP has, in each instance, specifically authorized the Supplier to pay such taxes, duties or charges under protest. In that event, the Supplier shall provide UNDP with written evidence that payment of such taxes, duties or charges has been made and appropriately authorized.

4. RISK OF LOSS

Risk of loss, damage to or destruction of the goods shall be governed in accordance with Incoterms 2010, unless otherwise agreed upon by the Parties on the front side of this Purchase Order.

5. EXPORT LICENCES

Notwithstanding any INCOTERM 2010 used in this Purchase Order, the Supplier shall obtain any export licences required for the goods.

The Supplier warrants that the goods, including packaging, conform to the specifications for the goods ordered under this Purchase Order and are fit for the purposes for which such goods are ordinarily used and for purposes expressly made known to the Supplier by UNDP, and are free from defects in workmanship and materials. The Supplier also warrants that the goods are contained or packaged adequately to protect the goods.

7. INSPECTION

7.1 UNDP shall have a reasonable time after delivery of the goods to inspect them and to reject and refuse acceptance of goods not conforming to this Purchase Order; payment for goods pursuant to this Purchase Order shall not be deemed an acceptance of the goods.

7.2 Inspection prior to shipment does not relieve the Supplier from any of its contractual obligations.

8. INTELLECTUAL PROPERTY INFRINGEMENT

The Supplier warrants that the use or supply by UNDP of the goods sold under this Purchase Order does not infringe any patent, design, trade-name or trade-mark. In addition, the Supplier shall, pursuant to this warranty, indemnify, defend and hold UNDP and the United Nations harmless from any actions or claims brought against UNDP or the United Nations pertaining to the alleged infringement of a patent, design, trade-name or trade-mark arising in connection with the goods sold under this Purchase Order.

9. RIGHTS OF UNDP

In case of failure by the Supplier to fulfil its obligations under the terms and conditions of this Purchase Order, including but not limited to failure to obtain necessary export licences, or to make delivery of all or part of the goods by the agreed delivery date or dates, UNDP may, after giving the Supplier reasonable notice to perform and without prejudice to any other rights or remedies, exercise one or more of the following rights:

9.1 Procure all or part of the goods from other sources, in which event UNDP may hold the Supplier responsible for any excess cost occasioned thereby.

9.2 Refuse to accept delivery of all or part of the goods.

9.3 Cancel this Purchase Order without any liability for termination charges or any other liability of any kind of UNDP.

10. LATE DELIVERY

Without limiting any other rights or obligations of the parties hereunder, if the Supplier will be unable to deliver the goods by the delivery date(s) stipulated in this Purchase Order, the Supplier shall (i) immediately consult with UNDP to determine the most expeditious means for delivering the goods and (ii) use an expedited means of delivery, at the Supplier's cost (unless the delay is due to Force Majeure), if reasonably so requested by UNDP.

11. ASSIGNMENT AND INSOLVENCY

11.1. The Supplier shall not, except after obtaining the written consent of UNDP, assign, transfer, pledge or make other disposition of this Purchase Order, or any part thereof, or any of the Supplier's rights or obligations under this Purchase Order.

11.2. Should the Supplier become insolvent or should control of the Supplier change by virtue of insolvency, UNDP may, without prejudice to any other rights or remedies, immediately terminate this Purchase Order by giving the Supplier written notice of termination.

12. USE OF UNDP OR UNITED NATIONS NAME OR EMBLEM

The Supplier shall not use the name, emblem or official seal of UNDP or the United Nations for any purpose.
