

Bid Bulletin-1

IRQ10-ITB-131/18

Subject: Supply of Medical Equipment for Telkef and Battnya PHCC in East Mosul, Iraq

Questions and Answers

	Bidder sent written questions	UNDP answers
1.	<p>1. The project looks to require installation and training in Iraq, however only one item (number 17 Microscope) specifically states that installation is required. Can you please confirm this is correct?</p> <p>2. We note that you have a number of tenders, with identical specifications, but different quantities and delivery locations. Will you be awarding all 4x projects to the same supplier?</p>	<p>1. Installation and on-job training during installation are required for all the items supplied.</p> <p>2. UNDP will be awarding separate bidders for each ITB who are lowest priced; technically responsive and qualified and meets all the requirements mentioned in the ITB.</p>
