

National Human Rights Commission's Strategic Plan Support Project (SPSP)

**Baseline Survey on the Human Rights Situation of Persons with Mental Disability
Correction**

Reference to REQUEST FOR PROPOSAL (RFP) (REFERENCE: SPSP/RFP/2018/001) issued **National Human Rights Commission's Strategic Plan Support Project (SPSP)** for Baseline Survey on the Human Rights Situation of Persons with Mental Disability issued on 25 April 2018, corrections have been made in page no. 5: footnote ⁽²⁾, Page no.: 6 footnotes ⁽³⁾ and page no. 8 footnote ⁽⁸⁾. "ROLHR/UNDP" has been replaced by **SPSP/UNDP** therein.

**Response from SPSP/NHRC over clarification requested by the interested service provider on survey
assignment**

1. Clarify definition and target group in regard with Mental Disability.

Please refer to national and international standard and framework for definition of mental disability. We follow the same.

2. What is minimum sample size should be determined from each province? In other words, whether sample size is based on the unknown population?

The service provider shall purpose survey design, sample size, survey coverage districts and methodology preparing specific indicators in the study areas that would sufficiently be abundant to reflect the objectives of the survey. Sampling shall be done from mentally disabled population.

3. It seems difficult to determine sample size as mentioned on the TOR in addressing province, ecological zone, district, regional.

As mentioned in the ToR, the institution/NGO shall propose the survey design, the sample size and sampling procedures in their proposal. A sample should cover at least seven provinces including Terai, hill and mountain geographical coverage to estimate population percentage of the country within 5% error margin with 95% confidence coefficient. Please use your technical expertise on it.

4. We need to be clarified on the target group whether should it be child/adult/old age group/by gender/ caste/ethnicity group.

Please see the Section 4.2 and 4.2.1 of ToR for this.

5. Total budget of this project

If the question is referred to the proposed survey/assignment, shall we remind you that this an opening bidding process and abided by procurement policies.

6. Logistic support from project side

The service provider should carry out the survey managing all logistics as mentioned in the ToR. SPSP/NHRC will intensively monitor the survey activities to assure quality.
