Each document shall include the Proposer's name and address. Once a Proposal has been found to be responsive by passing the technical evaluation stage, UNDP shall request the Proposer to submit the password to open the Financial Proposal. The Proposer shall assume the responsibility for not encrypting the financial proposal..
- 23.2 In the unlikely and exceptional event that the Proposers encounter technical problems when submitting the proposal in the system, then the Proposal can be sent via email as instruction in the Data Sheet (DsNo. XX). Proposers are however strongly advised to undertake all necessary efforts, including requesting support from UNDP, to submit the Proposal through the online system. In all cases, email submission must be authorized and accepted by UNDP prior to the submission deadline indicated . *Proposals submitted via email which does not have prior authorization by UNDP will not be accepted.*
- 23.3 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

24. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. - 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by cancelling or editing their bid in the system.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

26. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

27. Evaluation of Proposals

29.1 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.

29.2 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

$$\text{TP Rating} = (\text{Total Score Obtained by the Offer} / \text{Max. Obtainable Score for TP}) \times 100$$

Rating the Financial Proposal (FP):

$$\text{FP Rating} = (\text{Lowest Priced Offer} / \text{Price of the Offer Being Reviewed}) \times 100$$

Total Combined Score:

$$\begin{aligned} & (\text{TP Rating}) \times (\text{Weight of TP, e.g. 70\%}) \\ & + (\text{FP Rating}) \times (\text{Weight of FP, e.g., 30\%}) \end{aligned}$$

Total Combined and Final Rating of the Proposal

29.3 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

28. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

29. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

30. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

31. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Section 3: Terms of Reference (TOR)

A. *Project Title: Access to Information - II*

B. *Project Description*

Access to Information (a2i) programme is a special programme of the UNDP that catalyzes citizen-friendly public service innovations simplifying government and bringing it closer to people. The primary goal is to ensure easy, affordable and reliable access to quality public services for all citizens of Bangladesh. The strategies are:

- I. Empower civil servants with the tools, expertise, knowledge, and resources they need for experimenting and innovating citizen-centric solutions to public service challenges.
- II. Establish both physical and online one-stop access points that scale innovative services and make them available to citizens easily, reliably and in an affordable manner.
- III. Encourage and support non-government actors, including small entrepreneurs, teachers, and the youth, to partner with government actors.

Citizens need to pay government dues (as taxes or fees) in order to receive various services from various organizations of Government, through Treasury *Chalan*, (a form prescribed by the Treasury Rules). The current process for submitting Chalan is cumbersome, time consuming and prone to malpractices. Due to the current manual system, fraud and lack of transparency, persons/organizations submitting Treasury Chalan to receive a service has to wait for the formal verification of authenticity of the Chalan submitted by them, which requires many days before they could enjoy those services. Such delays often results in sufferings for the citizens and has many disadvantageous consequences for him/her. As part of the process, government receipt of cash is also delayed and government needs to borrow money to cover the cash mismatch incurring additional cost due for interest. Fast, hassle free payment and its verification is a long felt need of the citizens.

Finance Division, Ministry of Finance has undertaken an initiative to install online Chalan (Government Receipt) Submission System for the citizens of the country. The initiative will include an integrated automated system, which will allow the citizens to submit Chalan online (web or smart phone) including electronic payments. To retain user's comfort, existing process of submitting Chalan over the counter at different branches of Sonali Bank/Bangladesh Bank will also continue for the benefit of the citizens. Therefore, this online Chalan (Government Receipt) Submission System is expected to become a more accessible alternative to the existing systems. The proposed automated Chalan payments will ensure quicker submission and validation through the use of appropriate ICT tools (such as Web-based and app based system) that is available 24x7. Already a prototype version of this platform has been tested with 3 government services. Based on the experience, Finance Division and a2i now wants to develop a full version of Chalan Management Platform. Access to Information (a2i) will provide technical support to Finance Division to implement the system.

C. *Scope of Services, Expected Outputs and Target Completion*

1. **Main Objectives:** The main objective of the initiative is to create an automated Chalan process that provides functional ease and reduce transaction time for the citizens/organizations who need to pay to government in order to receive different services. Once installed, direct outcomes of the initiative will be reduction of transaction time and hassle, faster, reliable and timely reporting of government cash, reduction of cash mismatch related borrowing cost, better cash forecasting, escalation accountability and transparency of the system, significant

reduction of fraud and misappropriation and overall restoration of fiscal discipline. The specific objectives to develop the systems are

- Enable citizens to have verification/confirmation of their submitted Chalan at a minimal cost or no cost.
- Enable citizens to submit their Chalan from any location and anytime without the hassle of going through the banking process, thus reducing their time, effort and transportation expenses to and from the banks
- Enable Government offices to receive their relevant statements of submitted Chalan daily/periodically
- Ensure better treasury and expenditure management of Bangladesh Government.

2. **Scope of Work:** Establish an online Chalan submission, tracking and management system for the citizens who submit Chalan at government offices.
