Thank you for your interest in our call for ITB-017-18 and delivered questions about it.

Below are our answers.

1. Contract duration: BDS No.: 20. - 90 calendar days

The estimated time for implementation of the contract is 90 days as stated in the tender documentation. In relation to the implementation of contractual obligations and all procedures that arise in the process of implementing the contract, there is, of course, the possibility of its extension. The extension must be justified and acceptable to both parties that are in contractual relationship.

2. Qualification Criteria: Minimum Eligibility and Qualification Criteria, Other: - Minimum 15 employees -

Certainly, the bidder may have a smaller number of trained employees if by his work plan and organization of work he can prove that he is able to perform all the planned actions and operations within the timeframe foreseen.

Best regards,
