# UNITED NATIONS DEVELOPMENT PROGRAMME

## AMENDMENT #1

**REFERENCE:  13468 RSC 2018 – Monitoring and Evaluation Online Platform Service
for the Implementation of REDD+ Initiatives**

**Date:  September 13, 2018**

We notify all interested bidders the following changes in the bidding documents:

1. On page 23 of 25, Section E – Expected Outputs /Deliverables of the terms of reference, point 13, the Feature Level Data Management /Indexing:

**CHANGES FROM:** The system should have basic information (data attributes, GPS location, area/length), user editable notes, comments/discussion and photo attachments.  All feature data should be indexed in a text search index, so features are instantly findable in a MapHubs portal.  On public sites these pages are indexed by search engines.

**CHANGES TO:** The system should have basic information (data attributes, GPS location, area/length), user editable notes, comments/discussion and photo attachments.

2. On pages 23-24 of 25, Section I – Qualifications of the Successful Contractor of the terms of reference, it will be required that the consulting institution /consortium, as far as possible, have a verifiable background that includes:

## CHANGES FROM:

- Solid and widely recognized specialization in the desirable research in the area of monitoring public policies, sustainable development; particularly in relation to the services requested;

- Previous experience in similar tasks;

## CHANGES TO:

- Substantive experience in the areas of monitoring public policies, sustainable development; particularly in relation to the services requested as demonstrated by at least one product/service developed for another client.

- Substantive experience in mapping supply chains and monitoring deforestation particularly in forest as demonstrated by at least one product/service developed for another client.

- Substantive experience in developing spatial data management and map publishing tools as demonstrated by at least one product/service developed for another client.

End of the amendment.
