The Financial Proposals corresponding to Technical Proposals that were rendered non-responsive shall remain unopened, and, in the case of manual submission, be returned to the Bidder unopened. For emailed Proposals and e-tendering submissions, UNDP will not request for the password of the Financial Proposals of bidders whose Technical Proposal were found not responsive.</p> <p>30.3 The evaluation method that applies for this RFP shall be as indicated in the BDS, which may be either of two (2) possible methods, as follows: (a) the lowest priced method which selects the lowest evaluated financial proposal of the technically responsive Bidders; or (b) the combined scoring method which will be based on a combination of the technical and financial score.</p>

- 30.4 When the BDS specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

$$\text{TP Rating} = (\text{Total Score Obtained by the Offer} / \text{Max. Obtainable Score for TP}) \times 100$$

Rating the Financial Proposal (FP):

$$\text{FP Rating} = (\text{Lowest Priced Offer} / \text{Price of the Offer Being Reviewed}) \times 100$$

Total Combined Score:

$$\text{Combined Score} = (\text{TP Rating}) \times (\text{Weight of TP, e.g. 70\%}) + (\text{FP Rating}) \times (\text{Weight of FP, e.g., 30\%})$$

### 31. Due Diligence

- 31.1 UNDP reserves the right to undertake a due diligence exercise, also called post qualification, aimed at determining to its satisfaction, the validity of the information provided by the Bidder. Such exercise shall be fully documented and may include, but need not be limited to, all or any combination of the following:
- a) Verification of accuracy, correctness and authenticity of information provided by the Bidder;
  - b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
  - c) Inquiry and reference checking with Government entities with jurisdiction on the Bidder, or with previous clients, or any other entity that may have done business with the Bidder;
  - d) Inquiry and reference checking with previous clients on the performance on on-going or contracts completed, including physical inspections of previous works, as necessary;
  - e) Physical inspection of the Bidder's offices, branches or other places where business transpires, with or without notice to the Bidder;
  - f) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

### 32. Clarification of Proposals

- 32.1 To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Bidder for a clarification of its Proposal.
- 32.2 UNDP's request for clarification and the response shall be in writing and no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP.
- 32.3 Any unsolicited clarification submitted by a Bidder in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

### 33. Responsiveness of Proposal

- 33.1 UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself. A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.
- 33.2 If a Proposal is not substantially responsive, it shall be rejected by UNDP and

may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.

**34. Nonconformities, Repairable Errors and Omissions**

- 34.1 Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.
- 34.2 UNDP may request the Bidder to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Bidder to comply with the request may result in the rejection of its Proposal.
- 34.3 For Financial Proposal that has been opened, UNDP shall check and correct arithmetical errors as follows:
- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price; in which case the line item total as quoted shall govern and the unit price shall be corrected;
  - b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
  - c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail.
- 34.4 If the Bidder does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

**E. AWARD OF CONTRACT**

**35. Right to Accept, Reject, Any or All Proposals**

- 35.1 UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Bidder(s) of the grounds for UNDP's action. UNDP shall not be obliged to award the contract to the lowest priced offer.

**36. Award Criteria**

- 36.1 Prior to expiration of the proposal validity, UNDP shall award the contract to the qualified Bidder based on the award criteria indicated in the BDS.

**37. Debriefing**

- 37.1 In the event that a Bidder is unsuccessful, the Bidder may request a debriefing from UNDP. The purpose of the debriefing is to discuss the strengths and weaknesses of the Bidder's submission, in order to assist the Bidder in improving its future proposals for UNDP procurement opportunities. The content of other proposals and how they compare to the Bidder's submission shall not be discussed.

**38. Right to Vary Requirements at the Time of Award**

- 38.1 At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

**39. Contract Signature**

- 39.1 Within fifteen (15) days from the date of receipt of the Contract, the successful

Bidder shall sign and date the Contract and return it to UNDP. Failure to do so may constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security, if any, and on which event, UNDP may award the Contract to the Second Ranked Bidder or call for new Proposals.

<b>40. Contract Type and General Terms and Conditions</b>	40.1 The types of Contract to be signed and the applicable UNDP Contract General Terms and Conditions, as specified in BDS, can be accessed at <a href="http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html">http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html</a>

Where a performance security is required, the receipt of the performance security by UNDP shall be a condition for rendering the contract effective.
<b>42. Bank Guarantee for Advanced Payment</b>	42.1 Except when the interests of UNDP so require, it is UNDP's preference to make no advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per BDS, and exceeds 20% of the total contract price, or USD 30,000, whichever is less, the Bidder shall submit a Bank Guarantee in the full amount of the advance payment in the form available at <a href="https://popp.undp.org/layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&amp;action=default">https://popp.undp.org/layouts/15/WopiFrame.aspx?sourcedoc=/UNDP_POPP_DOCUMENT_LIBRARY/Public/PSU_Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&amp;action=default</a>
<b>43. Liquidated Damages</b>	43.1 If specified in BDS, UNDP shall apply Liquidated Damages resulting from the Contractor's delays or breach of its obligations as per the Contract.

Payment will be effected by bank transfer in the currency of contract.
<b>45. Vendor Protest</b>	45.1 UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a contract through a competitive procurement process. In the event that a Bidder believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures: <a href="http://www.undp.org/content/undp/en/home/operations/procurement/business/protest-and-sanctions.html">http://www.undp.org/content/undp/en/home/operations/procurement/business/protest-and-sanctions.html</a>
<b>46. Other Provisions</b>	46.1 In the event that the Bidder offers a lower price to the host Government (e.g. General Services Administration (GSA) of the federal government of the United States of America) for similar services, UNDP shall be entitled to same lower price. The UNDP General Terms and Conditions shall have precedence.  46.2 UNDP is entitled to receive the same pricing offered by the same Contractor in contracts with the United Nations and/or its Agencies. The UNDP General Terms and Conditions shall have precedence.

### Provision of lean data (mobile signal) for research on perceptions in the Arab States

**Lead Unit:** RBAS

**Location:** New York, United States of America

**Project:** Fostering Knowledge for human development in the Arab Region

#### **A. Background**

The Arab Human Development Reports (AHDRs), published by UNDP since 2003, have contributed substantially to inform the regional and global debate showing that Arab countries can achieve a significant leap forward in development, reinforce stability and secure gains in a sustainable manner, if they prioritize adopting policies that ensure the well-being, productivity, self-determination and good citizenship of their population.

The 2030 Agenda and the Sustainable Development Goals have, based on their integrated and multi-dimensional nature, the potential to help governments and other stakeholders in the region to identify policy bottlenecks and innovative solutions to overcome previous grievances and build a more sustainable future. Nevertheless, gaps in data availability and reliability necessitate concentrated efforts and partnerships to make Agenda 2030 a useful tool for advocacy and policymaking. Beyond official statistics and internationally agreed targets, there is a need to look at the specific challenges of the region, understand how people cope with unequal access to resources and in prolonged crisis, and how they devise solutions which are context-specific and can address the needs of those left behind.

The AHDR and other related research, publications and analytical materials are aimed at informing the regional and international as well as national debate on development challenges and sustainable solutions in the Arab region. The proposed analysis and research will do so through innovative approaches linking the concept of citizenship as it emerges from world-wide relevant literature to the implementation of the 2030 agenda. The initiative also intends to contribute to and complement existing efforts to strengthen and broaden data availability in the region, to facilitate the use of evidence to identify development solutions tailored to the local context. Citizens' perceptions and experiences related to their needs, as well as their expectations on what public and other institutions can provide to satisfy those needs can be critical to the understanding of what citizenship entails in the Arab region.

Under the direct guidance and supervision of the Senior Strategic Advisor and the Policy Specialist, UNDP will contract an experienced software service provider -commercial or non-commercial- to help UNDP in collecting and analysing lean data to inform research on citizenship. The additional data will add value to the AHDR and potentially to other UNDP interventions in the region by providing innovative and quickly available information on citizens' perspectives on the implications of inclusive and sustainable citizenship, which can be used to support the efforts of governments and other stakeholders in the region to make progress towards the SDGs.

#### **B. Objective of the Assignment**

The overall objective for the contract is to collect and analyse lean data obtained through mobile signal that will inform on-going research on the role of citizenship in achieving the Sustainable Development Goals in Arab countries. The assignment will help to complement available official statistics that measure social and economic achievements with ongoing, short term feedback loops to assess needs and expectations of Arab citizens to deepen context analysis, test new hypothesis, and seek new insights.

### C. Scope of Work

The nature of the assignment will be to develop analytical models for the collection, analysis and production of data on Arab citizens' perception from mobile signal. The provider needs to develop a relevant questionnaire in cooperation with UNDP, establish when, or how frequently to measure indicators, defining the beneficiaries and, if necessary, the enumerators, where, and how the indicators are changing over space and time, etc.

The preliminary areas identified for the scope of the questionnaire include:

1. **State-Society relations** - What sources of institutions people perceive as more authoritative, legitimate and accountable to help citizens meet basic needs and demands and mediate competing interests and conflicts? (central and *local authorities* – *judiciary, police, the military, parliament, the executive* -, civil society, non-state actors, religious institutions, etc.)
2. **Fragility and Conflict** – what are the perceived major sources of insecurity? This should include both internal sources of tensions and conflict and external sources (e.g. markets, IMF, the World Bank, the UN support in crisis settings, etc.)
3. **Exclusion and inequality** – what is perceived to cause exclusions across different dimensions (e.g. economic, social, cultural, environmental, etc.)? What does “social justice” entail and what are the characteristics determining who is left behind (e.g. identity, ethnicity, religion, class, poverty, displacement, geography, etc.).

This list of topics will be finalized upon the completion of the conceptual framework for the AHDR. While the scope is potentially broad, the selected provider will be requested to help UNDP identify a few key questions, keeping the survey lean, manageable and informative for the intended research. It should also be possible to tailor the questionnaire to specific country contexts.

Samples are expected to cover the following countries: Algeria, Djibouti, Egypt, Iraq, Jordan, Lebanon, Libya, Morocco, Palestine, Tunisia, Sudan, Syria, and Yemen. Based on feasibility, a sub-set of those countries is acceptable, provided it comprises both crisis and non-crisis middle income countries.

### D. Expected Outputs

A lean data strategy for measuring perceptions on citizenship and the role of institutions, including:

1. One or more questionnaires to derive context-specific indicators based on the conceptual framework provided by UNDP;
2. Targeted local networks for data collection;
3. Perception data collection; and
4. Data analysis and visualization facility to inform the analysis.

### E. Institutional Arrangement

- The contractor will deliver the expected outputs under the general guidance of the Senior Strategic Advisor and in collaboration with the Policy Specialist.
- UNDP will provide approval/acceptance of the contractor's deliverables based on the scope of work identified in previous sections.
- The contractor is expected to provide all the necessary facilities, support personnel, support services, and/or logistics identified in the engagement.

- Periodical consultations with UNDP are expected throughout the duration of the assignment as considered appropriate to ensure consistency with UNDP expectations and standards and to monitor progress. In the event of any delay, the institution will inform UNDP promptly so that decisions and remedial action may be taken accordingly.
- UNDP will retain final rights on the publication and dissemination of data generated for this assignment. Should UNDP deem it necessary, it reserves the right to commission additional outputs as needed to ensure the quality and relevance of the work.
