Shelter Rehabilitation Project in Kalaseh Neighborhood

1. BACKGROUND

Kallaseh neighborhood is one of prioritized neighborhoods in Aleppo for both WASH and SHELTER sectors, and needs support to improve living conditions and encourage people to return to their original houses.

While IDPs (Internally Displaced Persons) have begun returning to Kallaseh, they often return to homes with structural damage making them uninhabitable, in addition to posing a risk to the population safety due to the building's hazards.

Hence, UN-HABITAT has supported the Syndicate of Engineers in Aleppo to conduct detailed structural assessment targeting 48 buildings with structural damages, consisting of 55 housing units, through a selection process which took into consideration the vulnerability of targeted families and the level of damage in the targeted housing units.
