

Dear valuable Bidder,

Please note the below summary for clarifications that we have received so far

1. Extension of delivery period

The delivery period will be 5-8 weeks rather than 3 to 5 weeks.

Bid closing date will be amended for 3 more days to accommodate that change. For bidders who has already submitted quotation, they have the option to keep it or update it accordingly

2. Technical differences between the bids and the requirement

Bidders are encouraging to comply with all the specification and to highlight the deviation – if any.

3. Discrepancies in information in RFQ

Please note that the required warrantee is for 2 years not 1 year.
