Subject: RE: Campaign Advancing Decentralization

Dear Ms. Kakoulli,

Thank you for your interest in RFP for Campaign Advancing Decentralization, Good Governance at Local Level, Self-Governance and Local Economic Development announced by UNDP.

Below please find the detailed information in answer to your question:

If the Bidder is a group of legal entities that will form or have formed a Joint Venture (JV), Consortium or Association for the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the JV, Consortium or Association jointly and severally, which shall be evidenced by a duly notarized Agreement among the legal entities, and submitted with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

The description of the organization of the JV, Consortium or Association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the JV, Consortium or Association Agreement. **All entities that comprise the JV, Consortium or Association shall be subject to the eligibility and qualification assessment by UNDP.**

A JV, Consortium or Association in presenting its track record and experience should clearly differentiate between:
Those that were undertaken together by the JV, Consortium or Association; and
Those that were undertaken by the individual entities of the JV, Consortium or Association.

For JV/Consortium/Association, all Parties cumulatively should meet requirements stipulated in RFP.

In case further clarification is needed please do not hesitate to get in touch.

Subject: RFP: Campaign Advancing Decentralization

Dear Ms. Tserediani,

Regarding the above mentioned RFP, can you kindly advise on the following?

In case of a consortium between two companies, do you require the relevant documentation (i.e. licenses, financial statements, etc.) for both companies or just the lead?

Thank you very much in advance.
Maria
