**1. BACKGROUND**

UNDP was requested by the DG/ECD (Myanmar GCF Nationally Designated Authority, NDA) to prepare a submission to the GCF for a project to implement REDD+.

In late 2018 the GCF opened a new funding window for a pilot period: the "Simplified Approval Process" (SAP). SAP submissions can be for all-grant financing. Conditions to be satisfied for SAP submissions include a funding request to the GCF of less than USD 10 million; and a project with no social or environmental risks.

UNDP will therefore prepare a SAP submission with the following features:

- A "sustainable landscape" approach, working in a landscape with significant rubber production, in Mawlamyaing District, Mon State.
- As large-scale agribusiness concessions are not common in Mawlamyaing District, there will be a focus on community forests.

To ensure compliance with the "no social or environmental risks" condition, a major emphasis on Free Prior and Informed Consent (FPIC) will be required early in 2019, with provisions to support FPIC throughout the process of project development.
