Date: 27th March 2019

ADDENDUM 01 - RESPONSES TO QUESTIONS ASKED DURING SITE VISIT:

ITB 076-19 Rehabilitation of Police Station in Tel'afer – Ninawa Governorate, Iraq

Based on the site visit, the following questions were asked and with responses given during the site visit.

All

#	BIDDER QUESTIONS	UNDP RESPONSES
1.	Are the quantities in the BOQ adequate?	Yes, the quantities are sufficient and meet the required purpose.
2.	What is purpose of the soil investigation item?	The purpose of this is to find out the Bearing capacity of soil and to determine the depth of drilling for soil replacement (if needed) to match the dimension of the foundation we have placed.
3.	Is the duration of the project sufficient to complete the work?	Yes, is it sufficient if the commitment to the progress schedule is met.
4.	What materials should be tested in laboratory?	All materials used in the work are subject to laboratory testing according to Iraqi standard.
5.	Is the site safe to work?	Yes, it is.

This Addendum I form an integral part of the ITB-076/19.

All other Terms and Conditions in this ITB will remain unchanged.

Yours sincerely

Piero Emanuele Franceschetti
Head of Service Center – UNDP Iraq
