

REQUEST FOR PROPOSAL (RFP)

NAME & ADDRESS OF FIRM	DATE: April 1, 2019
	REFERENCE: UNDP/RFP/01/2019 – Round 2

Dear Sir / Madam:

We kindly request you to submit your Proposal for **Assessment of system requirement and development of specification for climate finance information management system** for **Green Climate Fund Readiness & Preparatory Support Programme (GCFRPS)**. The detailed Terms of Reference (ToR) is attached as Annex 4.

Please be guided by the form attached hereto as Annex 2, in preparing your Proposal.

Proposals may be submitted on or before **5:00PM Monday, April 15, 2019** , by hand delivery/courier mail to the address below:

United Nations Development Programme
UNDP/RFP/01/2019 – Assessment of System requirement
UNDP Registry, UN House,
Pulchowk, Lalitpur, Nepal.

Your Proposal must be expressed in the English language, and valid for a minimum period of 90 days.

In the course of preparing your Proposal, it shall remain your responsibility to ensure that it reaches the address above on or before the deadline. Proposals that are received by UNDP after the deadline indicated above, for whatever reason, shall not be considered for evaluation.

Services proposed shall be reviewed and evaluated based on completeness and compliance of the Proposal and responsiveness with the requirements of the RFP and all other annexes providing details of UNDP requirements.

The Proposal that complies with all of the requirements, meets all the evaluation criteria and offers the best value for money shall be selected and awarded the contract. Any offer that does not meet the requirements shall be rejected.

Any discrepancy between the unit price and the total price shall be re-computed by UNDP, and the unit price shall prevail and the total price shall be corrected. If the Service Provider does not accept the final price based on UNDP's re-computation and correction of errors, its Proposal will be rejected.

No price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the Proposal. At the time of Award of Contract or Purchase Order, UNDP reserves the right to vary (increase or decrease) the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

Any Contract or Purchase Order that will be issued as a result of this RFP shall be subject to the General Terms and Conditions indicated herein. The mere act of submission of a Proposal implies that the Service Provider accepts without question the General Terms and Conditions of UNDP in this link: <http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html>

Please be advised that UNDP is not bound to accept any Proposal, nor award a contract or Purchase Order, nor be responsible for any costs associated with a Service Providers preparation and submission of a Proposal, regardless of the outcome or the manner of conducting the selection process.

UNDP's vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a Purchase Order or Contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link:

<http://www.undp.org/content/undp/en/home/operations/procurement/protestandsanctions/>

UNDP encourages every prospective Service Provider to prevent and avoid conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, cost estimates, and other information used in this RFP.

UNDP implements a zero tolerance on fraud and other proscribed practices, and is committed to preventing, identifying and addressing all such acts and practices against UNDP, as well as third parties involved in UNDP activities. UNDP expects its Service Providers to adhere to the UN Supplier Code of Conduct found in this link : http://www.un.org/depts/ptd/pdf/conduct_english.pdf

Thank you and we look forward to receiving your Proposal.

Sincerely yours,

Niraj Shrestha

Operations Manager, UNDP Nepal

Description of Requirements

Context of the Requirement	<p>Government of Nepal has taken various initiatives in devising appropriate policies, programmes, and institutional and financial arrangements to achieve long term solution to address the climate risks. Ministry of Finance has been effectively and efficiently planning to access resources from Green Climate Fund (GCF) and managing public investments on climate change through national system. Ministry of Finance is designated National Designated Authority (NDA) for GCF since 2016 to build core institutional capacity and accelerate direct access to the Fund through national entities.</p> <p>Along with building national capacities, the Project also aims to document all knowledge products along with creating a national database on GCF to ensure proper documentation. The project will aim to create a web portal that will include updated information on the GCF, national processes of application along information on all knowledge products prepared by the project including governance mechanism of the NDA.</p> <p>The project is also supporting the NDA towards creating a national comprehensive Climate Finance Information Management System (CFIMS) in view of tracking of the climate finance accessed by Nepal in terms of the GCF and other climate funds.</p> <p>However, prior to designing of an information system, it is important to understand the basic requirements of the system that is to be built. It is necessary to understand requirements from the stakeholder perspective to ensure that a more technical details are clear prior to designing of the system. Thus, the Terms of Reference is prepared for the procurement of support service to 'Assessing the system requirement specification (SRS) for developing a climate finance information management system' for the Ministry of Finance, the National Designated Authority for GCF.</p>

TERMS OF REFERENCE FOR CONSULTING FIRM

Post Title	Assessment of system requirement and development of specification for climate finance information management system
Type	Consulting Firm
Location:	Kathmandu
Project	Green Climate Fund Readiness & Preparatory Support Programme
Additional Category	Resilience and Climate Change
Starting Date:	May 2019
Duration:	25 days

BACKGROUND INFORMATION

Government of Nepal has taken various initiatives in devising appropriate policies, programmes, and institutional and financial arrangements to achieve long term solution to address the climate risks. Ministry of Finance has been effectively and efficiently planning to access resources from Green Climate Fund (GCF) and managing public investments on climate change through national system. Ministry of Finance is designated National Designated Authority (NDA) for GCF and implemented a first phase of GCF readiness initiative, funded by the Government of Germany (BMU) since 2016 to build core institutional capacity and accelerate direct access to the Fund through national entities.

To continue and strengthen the current efforts to effectively and efficiently plan for, access, manage, deploy and monitor climate financing through GCF, a second phase of readiness support was approved by the GCF Secretariat for Nepal with UNDP as delivery partner. This GCF Readiness and Preparatory Support (GCF RPS) project aims to i). Enhance national ownership process beyond the NDA and engage the inter-ministerial technical committee and other stakeholders for a wider and stronger national ownership; and ii). Strategically and systematically build the national capacity at various levels to ensure that the knowledge, processes and mechanisms are transferred to the extent possible and thus contributing to sustainable capacity building efforts. The project will target private sectors

and capacity building across the government, both of which will require significant preparatory work before GCF financing will be possible at scale. The readiness activities will build up on key achievements, outputs and learnings from previous readiness efforts towards wider engagement of national stakeholders in the GCF process. Some of the key activities proposed interventions under the Readiness & Preparatory Support includes supporting under five key outcomes of the GCF Readiness & Preparatory support in Nepal includes i). Country capacity strengthened; ii). Stakeholders engaged in consultative processes; iii) Direct access realized; iv) Access to finance and v) Private sector mobilization.

In addition to building national capacities, the Project also aims to document all knowledge products along with creating a national database on GCF to ensure proper documentation. The project will aim to create a web portal that will include updated information on the GCF, national processes of application along information on all knowledge products prepared by the project including governance mechanism of the NDA. The website will also serve to ensure that all national organization have access to update information. In addition to creating an open access to information, the project will also be supporting the NDA towards creating a national comprehensive Climate Finance Information Management System (CFIMS) in view of tracking of the climate finance accessed by Nepal in terms of the GCF and other climate funds. Besides, creating a database international climate finance funds flows, the CFMIS managed by the Climate Finance Unit will also document yearly reports from all national Accredited Entities and from International Accredited Entities that have accessed the funds from GCF for Nepal. More importantly, the developed information system will also ensure faster and easy access of information and documents as well as support institutional memory of the processes and documents beyond the current scope of the Readiness Programme.

However, prior to designing of an information system, it is important to understand the basic requirements of the system that is to be built. It is necessary to understand requirements from the stakeholder perspective to ensure that a more technical details are clear prior to designing of the system. Thus, the Terms of Reference is prepared for the procurement of support service to 'Assessing the system requirement specification (SRS) for developing a climate finance information management system' for the Ministry of Finance, the National Designated Authority for GCF.

OBJECTIVES

The main objectives of this consultancy is to perform a detailed analysis of the system requirements for the information management system for the climate finance. The specific objective of the consultancy includes;
