Subject: RE: RFP Promoting Participatory Urban Development. Inquiry.

Dear Louise,

Please find the answer to your question below.

Q: Should the grants' amount to be awarded to the winning youth projects be covered by the service provider i.e should it be allocated in the financial proposal or is it expected to be covered otherwise?

A: No, the grants for the implementation of the winning projects shall not be included in the financial proposal of bidders. As noted in the RFP, it is envisioned that the target municipalities will submit winning projects to the Regional Development Fund for funding.

Kind regards,
Anna

Dear Louise,

Thank you for your email.

Could you please clarify what type of grant do you mean? Grants for the implementation of the winning projects or possible prizes for the winning teams?

Kind regards,

Anna

Dear Anna,

Thank you for a very informative pre-bid meeting. I have only once question that still requires clarification:

Should the grants' amount to be awarded to the winning youth projects be covered by the service provider i.e should it be allocated in the financial proposal or is it expected to be covered otherwise?

Thank you in advance for your prompt response.

Kind regards,
louise
