S/RES/2451 (2018) Endorsement by UN Security Council

# **Overall Objective**

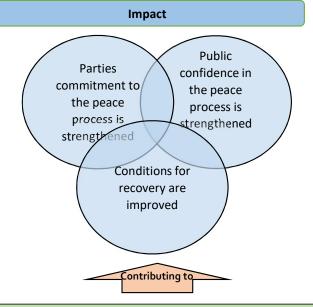

**Support the peace process** by accelerating the **implementation of agreements** reached by the parties to the conflict during negotiations led by the UN Secretary General's Special Envoy to Yemen.

The Facility also aims to **build public support** for the peace process by achieving tangible, rapid improvement in the daily lives of people in **priority areas identified by the UN Special Envoy** 

## Theory of Change

#### Output

The peace process in Yemen is supported with fast, flexible initiatives, agreed by the parties, that deliver tangible, rapid improvements in the daily lives of people, and reinforce and build public support for the political process.

#### Component 1

Initiatives agreed by the parties, in direct support of priorities discussed during the peace consultations, are implemented to build confidence in the peace process

#### Component 2

Initiatives identified by the Special Envoy that further support broad peace efforts and the peace process are implemented.

# Component 1

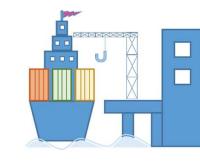

Initiatives agreed by the parties, in direct support of priorities discussed during the peace consultations, are implemented to build confidence in the peace process

### **Examples**

Rehabilitation of Aden airway

Restoring functioning of the port(s)

Rehabilitation of power plants (e.g. Hodeida, Marib)

#### **Hodeidah Port**

Upgrade port cranes and storage

Install port berth guards

Install lights for entry/exit buoys

Rehabilitate entrance gate

Rehabilitate control tower

Rehabilitate meeting facilities & clinic

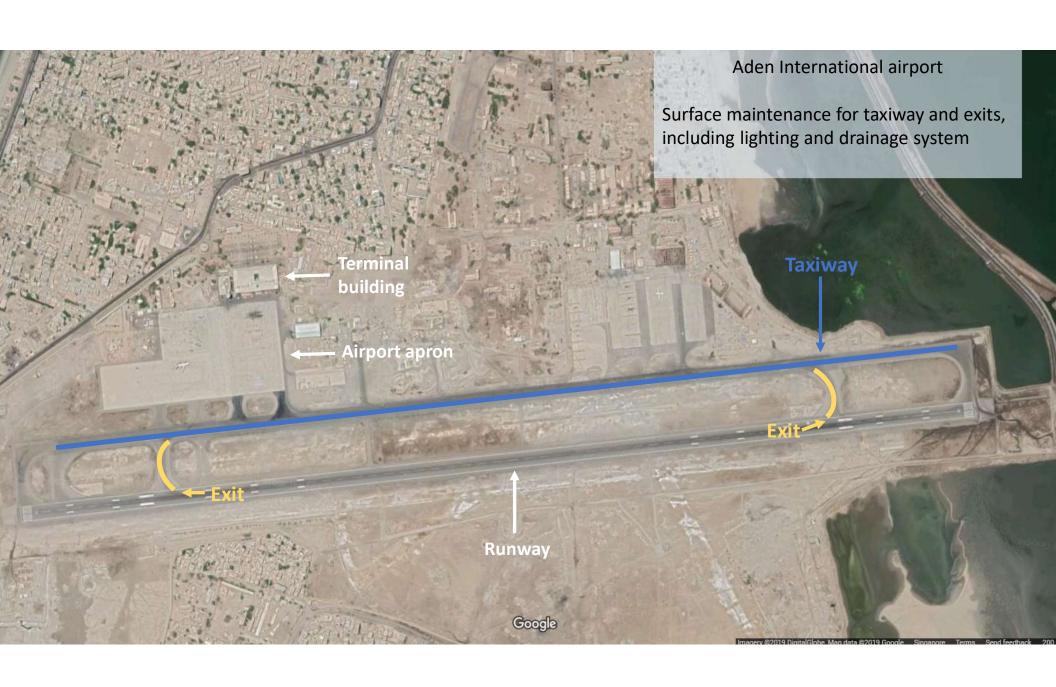

Reinforcement of perimeter watch towers

#### Key:

Port premises almost all block walls

Wharf area protected by standard wire fencing and partly blocked wall

# Component 2

Initiatives identified by the Special Envoy that further support broad peace efforts and the peace process are implemented

Public works schemes

.... generating demand for the peace process, particularly in neglected geographical areas and among underrepresented groups.

By rebuilding or rehabilitating key infrastructure
