# SECTION 2. INSTRUCTION TO BIDDERS

A. GENERAL PROVIS	SIONS	
1. Introduction	1.1	Bidders shall adhere to all the requirements of this RFP, including any amendments in writing by UNDP. This RFP is conducted in accordance with the UNDP Programme and Operations Policies and Procedures (POPP) on Contracts and Procurement which can be accessed at <a href="https://popp.undp.org/SitePages/POPPBSUnit.aspx?TermID=254a9f96-b883-476a-8ef8-e81f93a2b38d">https://popp.undp.org/SitePages/POPPBSUnit.aspx?TermID=254a9f96-b883-476a-8ef8-e81f93a2b38d</a>
	1.2	Any Proposal submitted will be regarded as an offer by the Bidder and does not constitute or imply the acceptance of the Proposal by UNDP. UNDP is under no obligation to award a contract to any Bidder as a result of this RFP.
	1.3	As part of the bid, it is desired that the Bidder registers at the United Nations Global Marketplace (UNGM) website ( <a href="www.ungm.org">www.ungm.org</a> ). The Bidder may still submit a bid even if not registered with the UNGM. However, if the Bidder is selected for contract award, the Bidder must register on the UNGM prior to contract signature.
2. Fraud & Corruption, Gifts and Hospitality	2.1	UNDP strictly enforces a policy of zero tolerance on proscribed practices, including fraud, corruption, collusion, unethical or unprofessional practices, and obstruction of UNDP vendors and requires all bidders/vendors observe the highest standard of ethics during the procurement process and contract implementation. UNDP's Anti-Fraud Policy can be found at <a href="http://www.undp.org/content/undp/en/home/operations/accountability/audit/officeof audit andinvestigation.html#anti">http://www.undp.org/content/undp/en/home/operations/accountability/audit/officeof audit andinvestigation.html#anti</a>
	2.2	Bidders/vendors shall not offer gifts or hospitality of any kind to UNDP staff members including recreational trips to sporting or cultural events, theme parks or offers of holidays, transportation, or invitations to extravagant lunches or dinners.
	2.3	In pursuance of this policy, UNDP  (a) Shall reject a proposal if it determines that the selected bidder has engaged in any corrupt or fraudulent practices in competing for the contract in question;  (b) Shall declare a vendor ineligible, either indefinitely or for a stated period of time, to be awarded a contract if at any time it determines that the vendor has engaged in any corrupt or fraudulent practices in competing for, or in executing a UNDP contract.
	2.4	All Bidders must adhere to the UN Supplier Code of Conduct, which may be found at <a href="http://www.un.org/depts/ptd/pdf/conduct_english.pdf">http://www.un.org/depts/ptd/pdf/conduct_english.pdf</a>
3. Eligibility	3.1	A vendor should not be suspended, debarred, or otherwise identified as ineligible by any UN Organization or the World Bank Group or any other international Organization. Vendors are therefore required to disclose to UNDP whether they are subject to any sanction or temporary suspension imposed by these organizations.
	3.2	It is the Bidder's responsibility to ensure that its employees, joint venture members, sub-contractors, service providers, suppliers and/or their employees meet the eligibility requirements as established by UNDP.

# 4. Conflict of Interests

- 4.1 Bidders must strictly avoid conflicts with other assignments or their own interests, and act without consideration for future work. Bidders found to have a conflict of interest shall be disqualified. Without limitation on the generality of the above, Bidders, and any of their affiliates, shall be considered to have a conflict of interest with one or more parties in this solicitation process, if they:
  - a) Are or have been associated in the past, with a firm or any of its affiliates which have been engaged by UNDP to provide services for the preparation of the design, specifications, Terms of Reference, cost analysis/estimation, and other documents to be used for the procurement of the goods and services in this selection process;

  - b) All other circumstances that could potentially lead to actual or perceived conflict of interest, collusion or unfair competition practices.

Failure to disclose such an information may result in the rejection of the proposal or proposals affected by the non-disclosure.

4.4 The eligibility of Bidders that are wholly or partly owned by the Government shall be subject to UNDP's further evaluation and review of various factors such as being registered, operated and managed as an independent business entity, the extent of Government ownership/share, receipt of subsidies, mandate and access to information in relation to this RFP, among others. In the case of e-Tendering submission, bidders will receive an automatic notification once their proposal is opened.
D. EVALUATION OF	PROPOSALS
26. Confidentiality	26.1 Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Bidders or any other persons not officially concerned with such process, even after publication of the contract award.
	26.2 Any effort by a Bidder or anyone on behalf of the Bidder to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal and may be subject to the application of prevailing UNDP's vendor sanctions procedures.
27. Evaluation of Proposals	27.1 The Bidder is not permitted to alter or modify its Proposal in any way after the proposal submission deadline except as permitted under Clause 24 of this RFP. UNDP will conduct the evaluation solely on the basis of the submitted Technical and Financial Proposals.
	<ul> <li>Evaluation of proposals is made of the following steps:</li> <li>a) Preliminary Examination</li> <li>b) Minimum Eligibility and Qualification (if pre-qualification is not done)</li> <li>c) Evaluation of Technical Proposals</li> <li>d) Evaluation of Financial Proposals</li> </ul>
28. Preliminary Examination	28.1 UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP reserves the right to reject any Proposal at this stage.
29. Evaluation of Eligibility and Qualification	29.1 Eligibility and Qualification of the Bidder will be evaluated against the Minimum Eligibility/Qualification requirements specified in the Section 4 (Evaluation Criteria).
	<ul><li>29.2 In general terms, vendors that meet the following criteria may be considered qualified:</li><li>a) They are not included in the UN Security Council 1267/1989 Committee's</li></ul>

- list of terrorists and terrorist financiers, and in UNDP's ineligible vendors' list:
- b) They have a good financial standing and have access to adequate financial resources to perform the contract and all existing commercial commitments,
- They have the necessary similar experience, technical expertise, production capacity where applicable, quality certifications, quality assurance procedures and other resources applicable to the provision of the services required;
- d) They are able to comply fully with UNDP General Terms and Conditions of Contract;
- e) They do not have a consistent history of court/arbitral award decisions against the Bidder; and
- f) They have a record of timely and satisfactory performance with their clients.

#### 30. Evaluation of Technical and Financial Proposals

- 30.1 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other RFP documents, applying the evaluation criteria, sub-criteria, and point system specified in the Section 4 (Evaluation Criteria). A Proposal shall be rendered non-responsive at the technical evaluation stage if it fails to achieve the minimum technical score indicated in the BDS. When necessary and if stated in the BDS, UNDP may invite technically responsive bidders for a presentation related to their technical proposals. The conditions for the presentation shall be provided in the bid document where required.
- 30.2 In the second stage, only the Financial Proposals of those Bidders who achieve the minimum technical score will be opened for evaluation. The Financial Proposals corresponding to Technical Proposals that were rendered non-responsive shall remain unopened, and, in the case of manual submission, be returned to the Bidder unopened. For emailed Proposals and e-tendering submissions, UNDP will not request for the password of the Financial Proposals of bidders whose Technical Proposal were found not responsive.
- 30.3 The evaluation method that applies for this RFP shall be as indicated in the BDS, which may be either of two (2) possible methods, as follows: (a) the lowest priced method which selects the lowest evaluated financial proposal of the technically responsive Bidders; or (b) the combined scoring method which will be based on a combination of the technical and financial score.
- 30.4 When the BDS specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

#### Rating the Technical Proposal (TP):

**TP Rating** = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100

#### Rating the Financial Proposal (FP):

**FP Rating** = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100

#### **Total Combined Score:**

**Combined Score** = (TP Rating) x (Weight of TP, e.g. 70%) + (FP Rating) x (Weight of FP, e.g., 30%)

31. Due Diligence	<ul> <li>31.1 UNDP reserves the right to undertake a due diligence exercise, also called post qualification, aimed at determining to its satisfaction, the validity of the information provided by the Bidder. Such exercise shall be fully documented and may include, but need not be limited to, all or any combination of the following: <ul> <li>a) Verification of accuracy, correctness and authenticity of information provided by the Bidder;</li> <li>b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;</li> <li>c) Inquiry and reference checking with Government entities with jurisdiction on the Bidder, or with previous clients, or any other entity that may have done business with the Bidder;</li> <li>d) Inquiry and reference checking with previous clients on the performance on on-going or contracts completed, including physical inspections of previous works, as necessary;</li> <li>e) Physical inspection of the Bidder's offices, branches or other places where business transpires, with or without notice to the Bidder;</li> <li>f) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.</li> </ul> </li></ul>
32. Clarification of Proposals	32.1 To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Bidder for a clarification of its Proposal.
	32.2 UNDP's request for clarification and the response shall be in writing and no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP.
	32.3 Any unsolicited clarification submitted by a Bidder in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.
33. Responsiveness of Proposal	33.1 UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself. A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.
	33.2 If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Bidder by correction of the material deviation, reservation, or omission.
34. Nonconformitie s, Reparable Errors and	34.1 Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.
Omissions	34.2 UNDP may request the Bidder to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Bidder to comply with the request may result in the rejection of its Proposal.
	34.3 For Financial Proposal that has been opened, UNDP shall check and correct arithmetical errors as follows:
	<ul> <li>if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion</li> </ul>

		of UNDP there is an obvious misplacement of the decimal point in the unit price; in which case the line item total as quoted shall govern and the unit price shall be corrected;
		b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
		c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail.
	34.4	If the Bidder does not accept the correction of errors made by UNDP, its Proposal shall be rejected.
E. AWARD OF CONT	RACT	
35. Right to Accept, Reject, Any or All Proposals	35.1	UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Bidder(s) of the grounds for UNDP's action. UNDP shall not be obliged to award the contract to the lowest priced offer.
36. Award Criteria	36.1	Prior to expiration of the proposal validity, UNDP shall award the contract to the qualified Bidder based on the award criteria indicated in the BDS.
37. Debriefing	37.1	In the event that a Bidder is unsuccessful, the Bidder may request a debriefing from UNDP. The purpose of the debriefing is to discuss the strengths and weaknesses of the Bidder's submission, in order to assist the Bidder in improving its future proposals for UNDP procurement opportunities. The content of other proposals and how they compare to the Bidder's submission shall not be discussed.
38. Right to Vary Requirements at the Time of Award	38.1	At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty-five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.
39. Contract Signature	39.1	Within fifteen (15) days from the date of receipt of the Contract, the successful Bidder shall sign and date the Contract and return it to UNDP. Failure to do so may constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security, if any, and on which event, UNDP may award the Contract to the Second Ranked Bidder or call for new Proposals.
40. Contract Type and General Terms and Conditions	40.1	The types of Contract to be signed and the applicable UNDP Contract General Terms and Conditions, as specified in BDS, can be accessed at <a href="http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html">http://www.undp.org/content/undp/en/home/procurement/business/how-we-buy.html</a>
41. Performance Security	41.1	40.1 A performance security, if required in BDS, shall be provided in the amount specified in BDS and form available at

		effective.
42. Bank Guarantee for Advanced Payment	42.1	Except when the interests of UNDP so require, it is UNDP's preference to make no advance payment(s) (i.e., payments without having received any outputs). If an advance payment is allowed as per BDS, and exceeds 20% of the total contract price, or USD 30,000, whichever is less, the Bidder shall submit a Bank Guarantee in the full amount of the advance payment in the form available at <a doc.asp?symbol='ST/SGB/2006/15&amp;referer"' en="" ga="" href="https://popp.undp.org/layouts/15/WopiFrame.aspx?sourcedoc=/UNDP POPP_DOCUMENT_LIBRARY/Public/PSU Contract%20Management%20Payment%20and%20Taxes_Advanced%20Payment%20Guarantee%20Form.docx&amp;action=default&lt;/a&gt;&lt;/td&gt;&lt;/tr&gt;&lt;tr&gt;&lt;td&gt;43. Liquidated&lt;br&gt;Damages&lt;/td&gt;&lt;td&gt;43.1&lt;/td&gt;&lt;td&gt;If specified in BDS, UNDP shall apply Liquidated Damages resulting from the Contractor's delays or breach of its obligations as per the Contract.&lt;/td&gt;&lt;/tr&gt;&lt;tr&gt;&lt;td&gt;44. Payment&lt;br&gt;Provisions&lt;/td&gt;&lt;td&gt;44.1&lt;/td&gt;&lt;td&gt;Payment will be made only upon UNDP's acceptance of the work performed. The terms of payment shall be within thirty (30) days, after receipt of invoice and certification of acceptance of work issued by the proper authority in UNDP with direct supervision of the Contractor. Payment will be effected by bank transfer in the currency of contract.&lt;/td&gt;&lt;/tr&gt;&lt;tr&gt;&lt;td&gt;45. Vendor Protest&lt;/td&gt;&lt;td&gt;45.1&lt;/td&gt;&lt;td&gt;UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a contract through a competitive procurement process. In the event that a Bidder believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures:  http://www.undp.org/content/undp/en/home/operations/procurement/business/protest-and-sanctions.html&lt;/td&gt;&lt;/tr&gt;&lt;tr&gt;&lt;td&gt;46. Other&lt;br&gt;Provisions&lt;/td&gt;&lt;td&gt;46.1&lt;/td&gt;&lt;td&gt;In the event that the Bidder offers a lower price to the host Government (e.g. General Services Administration (GSA) of the federal government of the United States of America) for similar services, UNDP shall be entitled to same lower price. The UNDP General Terms and Conditions shall have precedence.  UNDP is entitled to receive the same pricing offered by the same Contractor in contracts with the United Nations and/or its Agencies. The UNDP General Terms and Conditions shall have precedence.&lt;/td&gt;&lt;/tr&gt;&lt;tr&gt;&lt;td&gt;&lt;/td&gt;&lt;td&gt;46.3&lt;/td&gt;&lt;td&gt;The United Nations has established restrictions on employment of (former) UN staff who have been involved in the procurement process as per bulletin ST/SGB/2006/15  &lt;a href=" http:="" search="" view="" www.un.org="">http://www.un.org/en/ga/search/view doc.asp?symbol=ST/SGB/2006/15&amp;referer</a> er

# FOR THE APPOINTMENT OF A SERVICE PROVIDER TO DESIGN AN SMME INCUBATOR, DEVELOP TRAINING TOOLS, AND OFFER TRAINING IN KEY AREAS OF SMME SUPPORT AND SUPPLIER DEVELOPMENT

#### I. INTRODUCTION AND BACKGROUND

Under the remit of the UNDP- GEF5 Project, *Improving Management Effectiveness of the Protected Area Network* that is currently being implemented by the South African National Parks (SANParks), we seek to identify and pursue forms of technical assistance to address the financial sustainability of protected areas. Of concern in South Africa's protected areas is the need for capacity building of land claimants and post-settlement beneficiation support. A case in point is the Kruger National Park (KNP) where almost quarter of the total park has been claimed successfully.

In December 2008, Cabinet approved equitable redress as the only means of settling land claims within the Kruger National Park. This decision was based on the following principles:

- That a beneficiation scheme must form part of the equitable redress model in order to ensure fair and equitable compensation for the claimant communities,
- Beneficiation should be tangible, realistic and optimal,
- Settlement should uphold the principles of economic viability, financial sustainability and holistic management of protected areas (conservation),
- · Post settlement phase should be compatible with conservation and protected areas legislation; and
- Broad Based Black Economic Empowerment is essential.

In 2016, the Kruger National Park settlement agreements signed with the land claimants comprised of 1) financial compensation and 2) Beneficiation Scheme aimed at creating economic development opportunities for the claimants and stimulating much needed economic activities for the affected municipal areas in which they reside. Following the signing of a settlement agreement, the Minister of Environmental Affairs tasked SANParks to develop the Beneficiation Scheme to be informed by potential opportunities available within and outside the Kruger National Park as part of the Restitution Award. This was to be done in consultation with the Minister of Rural Development and Land Reform and the land claim beneficiaries. A Beneficiation Scheme has now been developed. It is envisaged that the Beneficiation Scheme will address the following objectives:

- Synthesis and planning to develop integrated land claimant programmes as part of the Greater Kruger Integrated Development Plan (IDP), and in support of the implementation programmes.
- Establish Beneficiation Scheme Agreements to facilitate the acquisition of direct and indirect benefits
  to be derived by the land and restitution beneficiaries from the potential opportunities inside and
  adjacent to KNP to improve their livelihoods and facilitate contractual agreements.
- Governance and capacity building for community leadership and building appropriate institutional arrangements for proper governance and for commercial business engagements.
- Inform, develop and implement biodiversity economy and socio-economic programmes in land claimant areas outside KNP.
- Communication and awareness Campaigns using appropriate tools, such as exchange visits, theatre, toolkit, newsletter etc.
- Enterprise and Supplier Development (ESD) to facilitate SMME training and development, market accesses, contractual arrangements and resource mobilisation.

SANParks through the Kruger National Park Project Management Unit (hereinafter referred to 'KNP-PMU') has been assisting the Kruger National Parks land claim beneficiaries to form the respective legal entities (Trusts) in order to actively participate and implement the elements of the Settlement Agreements and the Beneficiation Scheme. Through this process, it has become clear that the assistance required for them goes beyond social facilitation, and includes a need for capacity building, skills development and mentorship. Equally, enterprise and supplier development has also emerged as a necessary vehicle for realising sustainable and inclusive economic growth and development in Kruger National Park.

It is estimated that the failure rate of SMMEs in South Africa is between 70-80%. This happens whether the entrepreneur had a good idea or not. Similarly, whether start-ups are established, the SMMEs around the KNP are not immune to these challenges which in many cases are avoidable. Even when commercial opportunities inside the KNP are readily available, there are no robust community-owned businesses with the necessary experience and capacity to engage. Specifically, their challenges include lack of appropriate skills, insufficient managerial capacity, low productivity levels, poor or lack of access to technology and market, bad business decision-making, lack of understanding of business principles etc.

The focus of this assignment will be on the following six (6) Land Claims Beneficiary Communities: Ngirivani/Mathebula, Gobondwane, Mahashi and Mhanganisweni are located in Mpumalanga Province; and Madonsi/Nwadzekudzeku, Muyexe and Ndindani located in Limpopo Province. Each community has formed a Trust with an average of 11 executive members including traditional council representatives.

The ESD process will be implemented through the KNP-PMU which is responsible for the day to day running of the programme.

#### 2. OBJECTIVE OF ASSIGNMENT

As part of the implementation of the Beneficiation Scheme of KNP emanating from the settlement agreement, which communities signed with government in 2016, SANParks as an implementing agent to the beneficiation scheme identified a need to assist with the upskilling of SMMEs in order to accelerate their development and ensure sustainability and ultimate financial and operational independence.

On behalf of SANParks, UNDP would like to appoint a service provider to conduct a value chain analysis study to identify and quantify business and procurement opportunities and design a project to assist SMME in and around KNP to leverage those business opportunities and markets. Specifically, UNDP requires the assistance of a suitably qualified and experienced service provider for the following:

- To guide KNP-PMU to design an ESD incubation programme which is geared towards establishing and supporting SMMEs, reducing their transaction costs, increasing their confidence and capacity while linking them to resources, networks and markets for successful business venturing in order to achieve sustainable results, overcome obstacles and increase their competitiveness in the market with the end result being job creation and poverty alleviation.
- Develop and package a simple user-friendly guideline/toolkit with a high quality of learning content while maintaining a realistic ambition level with regard to both scope and content and expressing a balance between the identified needs and the capacity of the users.
- Offer training and technical support to at least 50% of the initial 60 SMMEs for continued learning, coaching and mentorship.

#### 3. SCOPE AND EXTENT OF WORK

The toolkit and the project should respond to the needs of the Beneficiation Scheme and shall be developed to assist in improving the planning and implementation and reduce implementation constraints of the Programme. The Toolkit should enhance availability and quality of support from KNP- PMU and other concerned stakeholders for implementation of the Beneficiation Scheme and strengthened operational decision-making at local level. Furthermore, it should be geared to bring the beneficiation scheme to the implementation level and contribute to an efficient use of resources and skills available.

It will need to accommodate the new KNP expansion policy, regularisation, monitoring and technical support role of the KNP planning. It will also serve as a mechanism that ensures that information derived from experience on the ground informs practice throughout the KNP. The appointed service providers will therefore be expected to implement and coordinate various enterprise support and development in line with opportunities provided by the KNP and surrounding tourism and procurement opportunities. Among others, the service provider is expected to implement the following:

- Training Start up in strategies for financial resources mobilisation as well as financial management;
