Starting date of the assignment: April 2021.

Duration of the assignment: up to 9 months.

Name and position of the Supervisor:

Primary supervisor is Community Mobilization Officer.

Secondary supervisor is Community Security and Social Cohesion Component Lead.

I. Context and Background Information on the Project:

The ongoing conflict in eastern Ukraine has had a direct and highly negative impact on social cohesion, resilience, livelihoods, community security, and the rule of law. Recognizing the need to urgently address reconstruction, economic recovery and peacebuilding needs in areas affected both directly and indirectly by the conflict, in late 2014 the Government of Ukraine requested technical assistance and financial support from the international community to assess priority recovery needs. In late 2014, the United Nations, the World Bank and the European Union conducted a Recovery and Peacebuilding Assessment, which was endorsed by the Cabinet of Ministers in mid-2015.

UNDP has been active and present in eastern Ukraine for the past decade, prior to the conflict, with a focus on community development, civil society development, and environmental protection. Work on addressing the specific conflict-related development challenges discussed above built on this earlier engagement and established partnerships and started in 2015 through the United Nations Recovery and Peacebuilding Programme (UN RPP), a multi-donor funded framework programme jointly implemented by four UN partnering agencies (UNDP, UN Women, FAO, UNFPA) in cooperation with the Government of Ukraine.

The United Nations Recovery and Peacebuilding Programme (UN RPP) is being implemented by four United Nations agencies: the United Nations Development Programme (UNDP), the UN Entity for Gender Equality and the Empowerment of Women (UN Women), the United Nations Population Fund (UNFPA) and the Food and Agriculture Organisation of the United Nations (FAO).

As an area-based programme specifically developed for the conflict-affected areas of eastern Ukraine, the UN RPP addresses the key stabilization, peacebuilding, economic and governance priority needs in eastern Ukraine following the start of the conflict. It takes into account the opportunities that have arisen from the Minsk Protocol of September 2014 and the renewal of its cease-fire provisions (the latest cease-fire having been agreed in March 2018) and is also fully adjusted to the humanitarian-development nexus.

The Programme's interventions are grouped under the following key Programme components, which reflect the region's priority needs:

Component I: Economic Recovery and Restoration of Critical Infrastructure

Component II: Local Governance and Decentralization Reform

Component III: Community Security and Social Cohesion (CSCC).

The Programme, which operates on the basis of a pooled funding arrangement, follows a multi-sectoral programme-based approach and is implemented using an area-based methodology. With the current project, it is a unifying interventions framework for 12 projects funded by 12 international partners.

The financial management of the following assignment is entrusted to the United Nations Development Programme (UNDP).

The UN RPP recognizes the importance of young people's role in peacebuilding and promoting community security and social cohesion. To increase young people's participation in community life and strengthen their capacity to implement youth-driven projects, the Programme is planning to develop a tailored innovative solution that will utilize the potential of a gamified web-platform "FUNdraiser" by applying edutainment methodology to learning and implementing local initiatives, such as social impact challenges.

In this regard, this specific assignment is focused on implementing a number of interconnected activities utilizing the resources of the digital edutainment platform for youth "FUNdraiser" using gamification techniques and a concept of Community Security and Social Cohesion Working Groups (CSCCWGs) established in the UN RPP target communities. This platform as well as activities implemented under this assignment are expected to help young people to build fundraising strategies for their own initiatives in the areas of community security and social cohesion, to raise funds and resources for their projects as well as to contribute to connectivity between youth and local stakeholders.

II. Main objectives of the assignment

It is expected that the potential Contractor will organize their work in two main directions:

- Providing an educational environment to build the capacity of youth to elaborate their community projects, raise resources for their implementation, build partnerships and sustain the outcomes of these initiatives. The learning path should be translated into practical tasks for web-platform users (youth teams) applying the gamified elements and incentives.
- Providing a step-by-step guidance for web-platform users (youth teams) to help them gain practical experience while applying their fundraising skills, mobilizing support and funds for their projects, establishing community partnerships, and project implementation.

In this regard, the UN RPP is looking for a Contractor who will:

- 1) Develop and run a fundraising challenge for youth teams on the FUNdraiser web-platform (already developed under a separate assignment and to be launched in early April 2021) for youth community security and social cohesion initiatives, enhancing youth civic engagement in the communities, and popularizing CSCCWGs among young people;
- 2) Provide mentorship support to the winning teams in implementation of their projects. Moreover, it is envisaged that the winners will be granted additional financial support to complement the funds raised during the challenge. Note that the grants pool for the winners will be subject of a separate grant contract between UNDP and winning teams / organizations. Thus, the Contractor should not include these sub-grants into their Financial Proposal;
- 3) Popularize the fundraising challenge among the target audiences, prepare and disseminate success stories of its participants and conduct an information campaign aimed to promote the "FUNdraiser" web-platform.

The Contractor's Technical Proposal has to provide a clear vision of how a fundraising challenge for youth should be gamified and implemented to sustain active youth engagement and community development, while also fulfilling its operational objectives, i.e. strengthening young people's capacity in fundraising and project management. A suggested gamification mechanism should also foster effective cooperation between different players during the learning process through discussions, feedback sessions, partnership building and joint work towards a common goal. The fundraising challenge should employ the scope of the

“FUNdraiser” web-platform instruments: such as the library of templates and useful materials, “Find a partner” tool and its educational component (training modules, competitions, tasks from the Treasury box).

III. Description of Responsibilities/Scope of work

Under the direct supervision of the Community Mobilization Officer and the overall supervision of the Component Lead, the Contractor will be responsible for the following key tasks:

1. Develop and run a fundraising challenge for youth teams on the FUNdraiser web-platform for youth community security and social cohesion initiatives, enhancing youth civic engagement in the communities, and popularizing CSSCWGs among young people:

1a. Develop a concept of a fundraising challenge, clearly indicating how the functionality of the “FUNdraiser” web-platform will be utilized (among the main functions: “Find a partner” option; “Find a project” option; “Library” with useful templates, guides, fundraising vocabulary, and instructional videos; and a play-and-learn game with 15 training modules, competitions and battles), how a constant feedback to the participants on how to complete the challenge will be provided, and how the winning youth teams will be determined (at least 2-3 pages, Ukrainian language, Word format, A4, Times New Roman, font size 12). The concept must be approved by UNDP;

1b. Prepare a daily calendar plan of the fundraising challenge, clearly indicating concrete deadlines (milestones) and duration of different activities. The calendar plan must be approved by UNDP;

1c. Run the fundraising challenge according to the approved concept and calendar plan and prepare a free-form report (at least 3 pages, Ukrainian language, Word format, A4, Times New Roman, font size 12).

2. Provide mentorship support to the winning teams in implementation of their projects:

2a. Prepare the concept for mentoring and providing consultations to the winning teams (i.e. support in promotion, implementation, procurements, as well as project-management capacity building, etc.) (at least 2-3 pages, Ukrainian language, Word format, A4, Times New Roman, font size 12). The potential Contractor is expected to propose their vision on the number of mentors involved in the consultation process and their functions as well as the minimum requirements to be applied for the potential mentors. Also the potential Contractor should clearly indicate in their technical proposal whether mentors will be engaged on a fee-for-services or pro bono basis. The concept must be approved by UNDP. Minimum requirements for a Mentors Coordinator are listed in Section VII. “Experience and Qualification Requirements” of this ToR;

2b. Prepare a daily calendar plan for mentoring and providing consultations to the winning teams. The calendar plan must be approved by UNDP;

2c. Provide mentoring and consultations to each winning team according to the approved concept and calendar plan and prepare a free-form report (at least 3 pages, Ukrainian language, Word format, A4, Times New Roman, font size 12).

3. Popularize the fundraising challenge among the target audiences, prepare and disseminate success stories of its participants and conduct an information campaign aimed to promote the “FUNdraiser” web-platform:

3a. Prepare a PR strategy document (which is descriptive and detailed (at least 3 pages, Ukrainian language, Word format, A4, Times New Roman, font size 12). PR strategy must be approved by UNDP;

3b. Implement activities indicated in the PR strategy. It is planned that as a result of PR-campaign: at least 100 young people will create their profiles on the “FUNdraiser” web-platform and take part in the fundraising challenge (at least 40% from each of the target oblast); at least 15 youth-led organizations and NGOs working with youth will create their profiles on the “FUNdraiser” web-platform; at least 15

Evaluation and comparison of proposals

A two-stage procedure is utilized in evaluating the proposals, with evaluation of the technical proposal being completed prior to any price proposal being opened and compared. The price proposals will be opened only for submissions that:

- compliant with all the minimum evaluation criteria;
- passed the technical score of 70% (or 490 points) of the obtainable score of 700 points in the evaluation of the technical proposals.

In the First Stage, the technical proposal is evaluated on the basis of its responsiveness to the Terms of Reference (TOR) and as per below Evaluation Criteria.

In the Second Stage, the price proposals of all offerors, who have attained a minimum 70% score in the technical evaluation, will be reviewed.

Overall evaluation will be completed in accordance with cumulative analysis scheme, under which the technical and financial aspects will have pre-assigned weights on 70% and 30% of the overall score respectively. The lowest cost financial proposal (out of technically compliant) will be selected as a baseline and allocated the maximum number of points obtainable for the financial part (i.e. 300). All other financial proposals will receive a number of points inversely proportional to their quoted price; e.g. 300 points x lowest price / quoted price.

The winning proposal will be the one with the highest number of points after the points obtained in both technical and financial evaluations, respectively, are added up. The contract will be devoted to the bidder that submitted the winning proposal.

Evaluation and comparison of proposals:
