1. BACKGROUND INFORMATION

The United Nations Development Programme (UNDP) has been actively working in eastern Ukraine for the past decade, focusing on community and civil society development, and environmental protection.

Since 2015, upon request from the Government of Ukraine, UNDP started its work on addressing conflict-related challenges by early engagement, establishing partnerships through the United Nations Recovery and Peacebuilding Programme (UN RPP). The UN RPP is a multi-donor funded framework programme, jointly implemented by four UN partnering agencies: UNDP, UN Women, FAO, and UNFPA in cooperation with the government of Ukraine.

The UN RPP was designed to respond to and mitigate the causes and effects of the conflict. The UN RPP is an integral component of the UNDP Country Programme. It is fully aligned with the United Nations Partnership Framework (UNPF), closely interlinked with the Democratic Governance and Reform Programme, operating national-wide and in all Ukraine's regions.

UN RPP is implemented under the following key Programme components which reflect the region's priority needs:

Component 1: Economic Recovery and Restoration of Critical Infrastructure

Component 2: Local Self-Governance and Decentralization Reform

Component 3: Community Security and Social Cohesion.

The Programme is pooling funds employing a multi-sectoral programme-based approach and is implemented using an area-based methodology and unifying interventions framework for 12 projects funded by 12 international partners. In October 2018, four UN agencies (UNDP, UN Women, FAO and the UNFPA) had countersigned a new joint project document, funded by the EU. The overall objective of the project is to restore effective governance and promote reconciliation in the crisis-affected communities of Donetsk and Luhansk oblasts of Ukraine, thereby enhancing credibility and legitimacy of local governments in the government-controlled areas (GCAs) of the oblasts. It will contribute to peacebuilding and prevent further escalation of conflict in Ukraine through effective and accountable decentralization, gender-responsive recovery planning and equal access to services, as well as enhanced community security and social cohesion.

This endeavor will be achieved through the pursuit of the following specific objectives:

- 1. To enhance local capacity for gender-responsive decentralization and administrative reforms to improve governance, local development and delivery of services.
- 2. To stimulate employment and economic growth by assisting in Micro-, Small- and Medium Enterprise (MSME) development through demand-driven business development services and professional skills training.
- 3. To enhance social cohesion and reconciliation through the promotion of public initiatives.
- 4. To support sectoral reforms and structural adjustments in health, education and critical public infrastructure to mitigate direct impacts of the conflict.

Centers for Administrative Services Provision (CASP) – are governmental agencies for the provision of various administrative services following the principle of "single window" and "transparent office". They are created at local councils for the purpose of comfort and counteraction to corruption in the provision of services to individuals and legal entities. In addition to improving the availability and quality of public services, the creation of an extensive network of CASPs contributes to the creation of a transparent and accountable multilevel system of governance, that responds to the needs of citizens, as well as increasing the number of jobs even in small settlements. Following the active implementation of the decentralization reform, capable united communities have been given greater powers, resources and responsibilities. This has led to opening of CASPs in communities, where you can get the most necessary administrative services in a comfortable environment. The list of services that can be provided on the ground is constantly expanding.

Currently, the CASP of the Svatove community is located in two adjacent premises.

In order to establish the CASP Service Center, it is necessary to overhaul the premises and create the necessary conditions for the issuance of passports of citizens of Ukraine in the form of ID - card and foreign passports and start work on issuing driver's licenses and technical passports.

All this will expand the number of services that community residents will be able to receive in one place.

In this regard, it is planned to select a qualified contractor for the Overhaul of the premises of the Center for Administrative Services of the Executive Committee of the Svatove City Council at the address: 92600, Luhansk region, Svatove, Zlagoda Square, 43

1. KOHTEKCT

Програма розвитку ООН (ПРООН) активно працює на сході України протягом останнього десятиліття, зосереджуючи увагу на розвитку громад та громадянського суспільства та захисті навколишнього середовища. Починаючи з 2015 року, на запит уряду України, ПРООН розпочала роботу над вирішенням проблем, пов'язаних із конфліктами, шляхом раннього залучення, встановлення партнерських відносин в рамках реалізації Програми ООН із відновлення та розбудови миру (UN RPP). UN RPP — це рамкова програма, що фінансується за рахунок донорів, спільно впроваджується чотирма агенціями-партнерами ООН: ПРООН, Жінки ООН, ФАО та ЮНФПА у співпраці з урядом України.

UN RPP була розроблена з метою реагування на причини та наслідки конфлікту та їх пом'якшення. Вона є невід'ємною складовою Загальнодержавної Програми ПРООН і, таким чином, повністю узгоджується з Рамковою угодою партнерства ООН. Вона тісно пов'язана з програмою «Демократичне управління та реформи», що діє на національному рівні та в усіх регіонах України.

Імплементація UN RPP відбувається за такими ключовими компонентами Програми, які відображають пріоритетні потреби регіону:

Компонент 1: Відновлення економіки та відбудова критичної інфраструктури

Компонент 2: Місцеве самоврядування та реформа децентралізації влади в Україні

Компонент 3: Громадська безпека та соціальна згуртованість.

Програма працює на основі механізму об'єднаного фінансування дотримується багатосекторного програмного підходу та впроваджується з використанням методології, акцентованої на розвитку території, що використовує єдину універсальну структуру для 12 проектів, що фінансуються 12 міжнародними партнерами.

У жовтні 2018 року чотири агенції ООН (ПРООН, ООН Жінки, Продовольча та сільськогосподарська організація ООН і Фонд ООН у галузі народонаселення) підписали новий спільний проектний документ, що фінансується ЄС. Загальна мета проекту - відновити ефективне управління та сприяти примиренню в постраждалих від кризи громадах Донецької та Луганської областей України, підвищуючи таким чином довіру та легітимність органів місцевого самоврядування у контрольованих урядом районах областей. Це сприятиме зміцненню миру та допоможе запобігти подальшій ескалації конфлікту в Україні через ефективну та відповідальну децентралізацію, ґендерно-орієнтоване планування відновлення та рівний доступ до послуг, а також підвищену безпеку громад та соціальну згуртованість.

Ці зусилля будуть досягнуті шляхом досягнення наступних конкретних цілей:

- 1. Посилення місцевого потенціалу для ґендерно-відповідальної децентралізації та адміністративних реформ для покращення управління, місцевого розвитку та надання послуг.
- 2. Стимулювання зайнятості та економічне зростання шляхом надання допомоги мікро-, малим- та середнім підприємствам (ММСП) через послуги з розвитку бізнесу, орієнтовані на попит, та професійне навчання.
- 3. Посилити соціальну згуртованість та примирення шляхом просування громадських ініціатив.
- 4. Підтримка секторальних та структурних змін у сфері охорони здоров'я, освіти та критичної громадської інфраструктури з метою пом'якшення прямих наслідків конфлікту.

Центри надання адміністративних послуг (ЦНАП) — державні установи з надання різноманітних адміністративних послуг за принципом «єдиного вікна» та «прозорого офісу». Створюються при місцевих радах з метою комфортності та протидії корупції в наданні послуг фізичним та юридичним особам. Окрім підвищення доступності та якості державних послуг, створення розгалуженої мережі ЦНАПів сприяє створенню прозорої і підзвітної багаторівневої системи врядування, яка реагуватиме на потреби громадян, а також сприяє зростанню кількості робочих місць навіть в невеликих населених пунктах. Після початку активного впровадження реформи

децентралізації спроможні об'єднані громади отримали більш широкі повноваження, ресурси і відповідальність. Це призвело до того, що в громадах почали відкриватись ЦНАПи, в яких можна отримати найнеобхідніші адміністративні послуги у комфортних умовах. Перелік послуг, що можуть надаватися на місцях, постійно розширюється.

На даний час ЦНАП Сватівської громади розміщується в двох приміщеннях, які знаходяться поряд. 3 метою створення Сервісного Центру ЦНАП необхідно провести капітальний ремонт приміщення та створити необхідні умови для надання паспортів громадянина України у формі ID - картки та закордонних паспортів та розпочати роботу в видачі водійських прав та технічних паспортів.

Все це дозволить розширити кількість послуг, які жителі громади зможуть отримувати в одному місці.

В зв'язку з цим, планується вибрати кваліфікованого підрядника для проведення Капітального ремонту приміщень Центру надання адміністративних послуг виконавчого комітету Сватівської міської ради за адресою: 92600, Луганська обл., м. Сватове, майдан Злагоди, 43

In case you already have the right to apply this VAT allowance, on the date of UNDP prepayment receipt you should prepare and register a tax invoice (hereinafter - TI) in the United Register of Tax Invoices (URTI), filled in as follows:

- the column "Comprised on the operation, exempted from taxation" on the upper left part with the mark "Without VAT";

According to the Tax Code paragraph #198.5, goods and services supply operations, exempted from VAT based on the Tax Code paragraph #197.11, the rules for calculating tax liabilities do not apply.
