### **12. Cost**

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

### **14. Proposal Submission Form**

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

### **15. Technical Proposal Format and Content**

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.
- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP's policies and procedures. All proposers are therefore required to submit the following in their proposals:

- a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and

**15.3 Management Structure and Key Personnel** – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

**15.4** Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
- c) In the case the successful Proposer fails:
  - i. to sign the Contract after UNDP has awarded it;
  - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
  - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

## **16. Financial Proposals**

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

## 17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

## 18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

## 19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the

lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

## **20. Alternative Proposals**

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

## **21. Validity Period**

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

## **22. Proposer's Conference**

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

- 23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as "Original Proposal" and "Copy of Proposal" as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS No. 19). The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.
- 23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

### 24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

### 25. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information

furnished by UNDP.

- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

## **26. Proposal Opening**

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

## **27. Confidentiality**

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

# **E. EVALUATION OF PROPOSALS**

## **28. Preliminary Examination of Proposals**

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

## 29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.

29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

$$\text{TP Rating} = (\text{Total Score Obtained by the Offer} / \text{Max. Obtainable Score for TP}) \times 100$$

Rating the Financial Proposal (FP):

$$\text{FP Rating} = (\text{Lowest Priced Offer} / \text{Price of the Offer Being Reviewed}) \times 100$$

Total Combined Score:

$$\begin{aligned} & (\text{TP Rating}) \times (\text{Weight of TP, e.g. 70\%}) \\ & + (\text{FP Rating}) \times (\text{Weight of FP, e.g., 30\%}) \\ & \hline & \text{Total Combined and Final Rating of the Proposal} \end{aligned}$$

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on

- what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
  - d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
  - e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
  - f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
  - g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

### **30. Clarification of Proposals**

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

### **31. Responsiveness of Proposal**

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

### **32. Nonconformities, Reparable Errors and Omissions**

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall

- be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
  - c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

## **F. AWARD OF CONTRACT**

### **33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals**

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See [http://www.undp.org/content/undp/en/home/operations/procurement/procurement\\_protest/](http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/) for details)

### **34. Award Criteria**

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the **Data Sheet** (DS nos. 25 and 32).

### **35. Right to Vary Requirements at the Time of Award**

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

### **36. Contract Signature**

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

### **37. Performance Security**

A performance security, if required, shall be provided in the amount and form provided in Section 9

and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

### **38. Bank Guarantee for Advanced Payment**

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

### **39. Vendor Protest**

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures:

### Hiring Consultancy/Research Firm for Study of Determinants of Women Voter's Choice and Facilitating Women's Participation in Elected Offices

**Project Title:** Strengthening Election Management in Bangladesh (SEMB)

**Description of the Assignment:**

Consultancy to assist the Election Commission Bangladesh (ECB) in preparation of a study of Determinants of Women Voter's Choice and Facilitating Women's Participation in Elected Offices.

Women's voices are indispensable for embracing the plurality of needs and interests of the whole society, and participation of women in electoral process is an important marker of the maturity and efficacy of an inclusive democracy. Recognizing the principle of gender equality, the national legal framework guarantees women and men of Bangladesh equal rights including universal suffrage with equal rights to participate in electoral competition. Further, the Constitution of Bangladesh was recently amended to increase a provision for seats reserved for women from 45 to 50 to be distributed among political parties in proportion to their numerical strength in the Parliament.

Even though there are no legal obstacles to women's participation as candidates, they remain under-represented in the ballot lists: in the 2014 Parliamentary elections out of 543 competing candidates only 27 were women (less than five percent). Women continue to face numerous barriers participating in the election process as candidates with various social, cultural and religious factors contributing to their under-representation in this role. Among factors affecting women's aspirations and involvement in public life are patriarchal society, poverty, and high level of illiteracy. Further, high levels of competition, lack of funding and the often-violent nature of politics in Bangladesh dissuade women from running as candidates.

This concern over women's political participation was expressed and recognized by the Forum of Election Management Bodies of South Asia (FEMBoSA) as being verily evident across South Asia. At its 4<sup>th</sup> Meeting (2013) the Forum encouraged its member EMBs to undertake a detailed and scientific study of the determinants of women voter's choice and explore appropriate ways to facilitate women's political participation in the respective countries.

The objectives of the study include the following:

- Identify the reasons why more women do not come forward/or are not nominated to stand as candidates and contest elections;
- Assess what are the determinants of voters choice and the reasons for nominated female Candidates not being elected;
- Identify the area of support needed in order to enthuse women in politics and leadership roles; and
- Recommend strategies and procedures to facilitate overcoming of the constraints and bottlenecks in relation to women's political participation.

Note: while UNDP will be contracting for (and monitoring the delivery) of these services, the lead GoB client is the Election Commission Bangladesh (ECB).

**Project Description:**

**Background**

In line with the United Nations Development Programme's (UNDP) mandate to work in developing countries in the areas of professional development and democratic governance, the Bangladesh country office has had long standing cooperation with the Election Commission Bangladesh (ECB). Since 1997 UNDP Bangladesh has been providing support to ECB with a view to strengthening the democratic electoral process in Bangladesh through institutional capacity building which promoted an efficient and transparent electoral system.

Since 2011, UNDP has implemented a 5-year technical assistance project to provide support to ECB. The

<sup>9</sup> This document serves as a guide to Requestor on how to write the TOR for the RFP, by suggesting contents. This document is not to be shared with Proposers in this current state and form. The TOR actually written by the Requestor shall be the TOR that will be attached to this part of the RFP.

project Strengthening Election Management in Bangladesh (SEMB) is focused on supporting greater capacity of the ECB by strengthening institutional and professional capacity. It therefore recognizes the ECB is at a key juncture in its development and it will be vital for it to consolidate and systematize the advances it has made. The outline of project components that follows may be modified and refined to take account of changing circumstances and requests from stakeholders. This 5-year electoral support project consists of technical assistance designed to enhance and further consolidate the institutional and professional capacities of the ECB, its Secretariat and local offices to deliver its mandated functions of conducting fair, credible and transparent elections and further consolidating itself as a permanent, professional, credible and independent institution of governance. Specifically, the following outcomes are now envisaged for the programme:

- Professionalised and strengthened training by the ECB
- Strengthened ECB capacity to efficiently manage decentralisation and institutional growth
- Reformed communications department and outreach to stakeholders
- Professionalised and strengthened ICT wing of the ECB
- Enhanced capacities to prepare and disseminate a credible and accurate photo voter register

### **Purpose of the situational analysis**

Several reports on women's political participation in Bangladesh consistently highlighted that the electoral environment did not facilitate the participation of women as candidates. However, a comprehensive assessment of women's participation in the electoral process is significantly inhibited by insufficient gender-disaggregated statistical data on key election-related indicators, and shortage of high quality analysis of underlying causes of women being under-represented in legislative bodies and within political parties, as well as possible measures to strengthen the country's adherence to the national legislation and international commitments with regard to women's political participation.

Despite the existing legal provisions that guarantee women's political participation and some degree of parity between men and women as voters, women's opportunities to proactively engage in electoral politics are severely constrained. The level of female participation in electoral competition as candidates and elected representatives remains very low: in the latest legislative polls less than five percent of candidates were women. Thereby, the proposed study aims to examine the factors that act as barriers and impediments to women proactively engaging in electoral politics and activities, and provide recommendations for enhancing women's participation in elections.

### **Geographical coverage**

The targeted geographical area is total Bangladesh covering 7 divisional cities.

### **Target respondents**

Views and opinions need to be collected from representatives of different segment of society which includes electorates, nominated and elected women candidates, leaders of political parties, and representatives of ethnic groups and women leaders.

From each division 300 respondents can be interviewed which covers both rural and urban settings of the society.

### **Scope of Work:**

#### **Proposed Information to be gathered**

#### **Methodology**

A triangulation methodology will be applied in compiling the study. In particular, it will include (1) a desk review of the relevant documentation; (2) collection of information and perceptions on women's political participation through survey, key informant interviews and focus group discussions with a broad range of stakeholders; and (3) validation of information through these two means, as well as through the use of additional data sources.

## Desk Review of Documentation

- Documents that constitute electoral legal and regulatory framework in Bangladesh (including the Constitution, the People Representation Order (RPO), instructions and regulations issued by the Election Commission of Bangladesh, etc.) as relevant to women's political participation.
- Election data (turnout of women voters, number of nominated / registered / winning women candidates, etc.) from the 10th Parliamentary and the 4th Upazila Parishad elections.
- Publicly available information on gender and elections such as media reports (both national and foreign), documentation prepared by election authorities, national agencies and institutions, international organizations and donors, and election observation missions.
- Reports on training and educational programmes aimed at enhancing women's participation in elections.
- Study and research reports conducted by national and international organizations on the issues of gender and electoral competition;
- Relevant findings from the desk review will provide an input for the Questionnaire Survey.

## Questionnaire Survey

A Questionnaire Survey will be developed and administered with nominated and elected women candidates, along with a sample of voters to elicit their views and reasons for their decisions at the time of polls to support or not to support women candidates in elections, as well as suggestions that they may have for future elections.

## Focus Group Discussion

Focus Group Discussion (FGDs) will be undertaken with targeted groups including the nominated and elected women parliamentarians, political party functionaries, general voters, etc. Such close-up interactions will seek to probe various aspects of women's participation in elections, and is expected to provide qualitative input into the study.

Expected Outputs	Timeline (from date of contract signing)
Detailed action plan over the whole implementation period to be agreed to by the SEMB project	5 days
Detailed Survey methodology for the study agreed by ECB/SEMB project before proceeding.	5 days
Survey Questionnaires including other documents related to survey management.	5 days

## Impact of Results:

While recent elections in Bangladesh witnessed an increase in women's voter turnout, women continue to be under-represented as candidates and elected representatives. The proposed study aims to review and analyze access of female candidates to elections through the legal and administrative framework; assess the extent to which women candidates had an opportunity to be treated fairly and run freely and successfully as candidates; document the gender perspectives of the 10<sup>th</sup> Parliamentary and 4<sup>th</sup> Upazila Parishad elections and their outcomes; outline challenges that affect women's effective participation in electoral competition; and recommend measures that can be undertaken in order to ensure women's access to electoral processes and, ultimately, to political power.

**Scope of Bid Price and Schedule of Payments**

Remuneration of the successful contractor will be fixed and bids should be submitted on this basis. No adjustment will be given for the period and determined by the specified outputs as per this TOR. The price

should take into account all HR costs and professional fees, travel costs, DSA, subsistence and ancillary expenses.

UNDP shall effect payments, by bank transfer to the consultancy firm's bank account, upon acceptance by UNDP of the deliverables specified in the ToR. Payments will be made in tranches based on the following percentages and milestones:

- First Installment: 10% of the contract amount upon submission of the survey plan and accepted by the UNDP Contract Administrator.
- Second Installment: 50% of the contract amount upon finalizing the survey methodology and questionnaire and accepted by the UNDP Contract Administrator.
- Final Payment: 40% of the contract amount upon submission of the final report and accepted by the UNDP Contract Administrator.

Invoices shall indicate the milestones achieved and corresponding amount payable.

The contracting agency should follow the plan and procedures as outlined in the work contract. Payment will be made through Electronically Fund Transfer (EFT) to the account of the consulting firm. For each installment the firm has to submit a request letter duly signed and describing the agreed accomplishment. The final payment will be made upon acceptance of the final reports, soft files and hard data.

### **Recommended Presentation of Proposal**

Interested firms must submit the following: a detailed proposal made up of documentation to demonstrate the qualifications of the prospective firm, to enable appraisal of competing bids. This should include technical and financial proposals, details of which are listed below.

### **Technical Proposal**

- Name of Firm and details of registration, address and bank account; business registration certificate and corporate documents (Articles of Association or other founding authority); description of present activities and most recent annual report (including audited financial statements);
- Description of experience in projects of a comparable nature, with specific description of technical specialization of the Firm in the required area;
- List of current and past assignments of the Firm;
- Methods and approaches to be adopted in delivering this assignment, including implementation timelines;
- CVs of the proposed team leader and experts to be included within the team. Please note that proposing firms will be expected to deploy the consultants listed within the proposal; substitutions will only be accepted with the prior consent of UNDP and GED.

### **Financial Proposal (including fee, travel cost, DSA, and other relevant expenses)**

- The financial proposal shall specify a total delivery amount (in USD or BDT) including consultancy fees and all associated costs) i.e. travel cost, subsistence per-diems, printing costs, consultation workshop costs and overhead recharges.
- In order to assist UNDP in the comparison of financial proposals, the financial proposal will include a breakdown of this amount, disclosing the key assumption employed in costing the working. This must at least specify: the daily rates and number of anticipated working days (for each professional team member), any travel costs and overhead recharges. Payments will be based upon output, i.e. upon delivery of the services specified in the ToR.

The cost of preparing a proposal and of negotiating a contract, including any related travel, is not reimbursable as a direct cost of the assignment.

### **Evaluation**

A cumulative analysis weighted-scoring method will be applied to evaluate the firm. The award of the contract will be made to the tenderer whose offer has been evaluated and determined as:

- a) Responsive/ compliant/ acceptable with reference to this ToR, and;
- b) Having received the highest score out of a pre-determined set of weighted technical and financial criteria specific to the solicitation, with the ratio set at 70: 30 respectively (this is to reflect the high level skills mix required).

Only firms obtaining a minimum of 70% of maxim achievable score (i.e. 49 points) in the technical analysis would be considered for financial appraisal, and ultimately therefore, for contracting.
