- 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Proposals

- 11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. All prospective Proposers will be notified in writing of all changes/amendments and additional instructions through Supplemental Information to the RFP and through the method specified in the **Data Sheet** (DS No. 18).
- 11.2 In order to afford prospective Proposers reasonable time to consider the amendments in preparing their Proposals, UNDP may, at its discretion, extend the deadline for submission of Proposals, if the nature of the amendment to the RFP justifies such an extension.

C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

13. Language

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the **Data Sheet** (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the **Data Sheet**, must be accompanied by a translation in the preferred language indicated in the **Data Sheet**. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

15. Technical Proposal Format and Content

Unless otherwise stated in the **Data Sheet** (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall apply to any other entity participating in the RFP as a Joint Venture or Consortium.

15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer's response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the **Data Sheet** (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP's policies and procedures. All proposers are therefore required to submit the following in their proposals :

- a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and
- b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be rendered the most responsive.

15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP's acceptance of the justification for substitution, and UNDP's approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

15.4 Where the **Data Sheet** requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the **Data Sheet** (DS no. 11), or;
- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the **Data Sheet** (DS no. 9), or;
- c) In the case the successful Proposer fails:
 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the **Data Sheet** (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per **Data Sheet** (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's

preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following :

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor, using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor

- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

20. Alternative Proposals

Unless otherwise specified in the **Data Sheet** (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

21. Validity Period

Proposals shall remain valid for the period specified in the **Data Sheet** (DS no. 8), commencing on the submission deadline date also indicated in the **Data Sheet** (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the **Data Sheet** (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and

conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

D. SUBMISSION AND OPENING OF PROPOSALS

23. Submission

- 23.1 The Financial Proposal and the Technical Proposal Envelopes MUST BE COMPLETELY SEPARATE and each of them must be submitted sealed individually and clearly marked on the outside as either “TECHNICAL PROPOSAL” or “FINANCIAL PROPOSAL”, as appropriate. When the Proposals are expected to be in transit for more than 24 hours, the Proposer must ensure that sufficient lead time has been provided in order to comply with UNDP’s deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Proposal is the actual date and time when the said Proposal has physically arrived at the UNDP premises indicated in the **Data Sheet** (DS no. 20).
- 23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as “Original Proposal” and “Copy of Proposal” as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the **Data Sheet** (DS No. 19). In the event of any discrepancy between the contents of the “Original Proposal” and the “Copy of Proposal”, the contents of the original shall govern. The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.
- 23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the **Data Sheet** (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals.

Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

25. Withdrawal, Substitution, and Modification of Proposals

- 25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.
- 25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".
- 25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.
- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

26. Proposal Opening

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the **Data Sheet** (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the **Data Sheet** (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the **Data Sheet** (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the **Data Sheet** (DS no. 32) after all Proposals have been received.

29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the **Data Sheet** (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

--

<p><u>Rating the Technical Proposal (TP):</u></p> <p>TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100</p> <p><u>Rating the Financial Proposal (FP):</u></p> <p>FP Rating = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100</p> <p><u>Total Combined Score:</u></p> $\frac{(TP \text{ Rating}) \times (\text{Weight of TP, e.g. 70\%}) + (FP \text{ Rating}) \times (\text{Weight of FP, e.g., 30\%})}{\text{Total Combined and Final Rating of the Proposal}}$

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the **Data Sheet** (DS No.33), may include, but need not be limited to, all or any combination of the following :

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;
- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

UNDP shall also verify, and immediately reject their respective Proposal, if the Proposers are found to appear in the UN's Consolidated List of Individuals and Entities with Association to Terrorist Organizations, in the List of Vendors Suspended or Removed from the UN Secretariat Procurement Division Vendor Roster, the UN Ineligibility List, and other such lists that as may be established or recognized by UNDP policy on Vendor Sanctions. (See http://www.undp.org/content/undp/en/home/operations/procurement/procurement_protest/ for details)

34. Award Criteria

Prior to expiration of the period of proposal validity, UNDP shall award the contract to the qualified Proposer with the highest total score based on the evaluation method indicated in the **Data Sheet** (DS nos. 25 and 32).

35. Right to Vary Requirements at the Time of Award

At the time of award of Contract, UNDP reserves the right to vary the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

36. Contract Signature

Within fifteen (15) days from the date of receipt of the Contract, the successful Proposer shall sign and date the Contract and return it to UNDP.

Failure of the successful Proposer to comply with the requirement of RFP Clause 35 and this provision shall constitute sufficient grounds for the annulment of the award, and forfeiture of the Proposal Security if any, and on which event, UNDP may award the Contract to the Proposer with the second highest rated Proposal, or call for new Proposals.

37. Performance Security

A performance security, if required, shall be provided in the amount and form provided in Section 9 and by the deadline indicated in the **Data Sheet** (DS no. 14), as applicable. Where a Performance Security will be required, the submission of the said document, and the confirmation of its acceptance by UNDP, shall be a condition for the effectivity of the Contract that will be signed by and between the successful Proposer and UNDP.

38. Bank Guarantee for Advanced Payment

Except when the interests of UNDP so require, it is the UNDP's preference to make no advanced payment(s) on contracts (i.e., payments without having received any outputs). In the event that

the Proposer requires an advanced payment upon contract signature, and if such request is duly accepted by UNDP, and the said advanced payment exceeds 20% of the total proposal price, or exceed the amount of USD 30,000, UNDP shall require the Proposer to submit a Bank Guarantee in the same amount as the advanced payment. A bank guarantee for advanced payment shall be furnished in the form provided in Section 10.

39. Vendor Protest

UNDP's vendor protest procedure provides an opportunity for appeal to those persons or firms not awarded a purchase order or contract through a competitive procurement process. In the event that a Proposer believes that it was not treated fairly, the following link provides further details regarding UNDP vendor protest procedures:

Clinical Legal Education

⁸ This document serves as a guide to Requestor on how to write the TOR for the RFP, by suggesting contents. This document is not to be shared with Proposers in this current state and form. The TOR actually written by the Requestor shall be the TOR that will be attached to this part of the RFP.

Background

The ‘Strengthening the Rule of Law and Human Rights Protection System in Nepal’ Programme (ROLHR) focuses on supporting systemic changes to national legislative, policy, institutional frameworks and structures, and on delivering tangible results at the local level.

To improve the administration of justice in Nepal, ROLHR will further strengthen communication, coordination and cooperation amongst justice sector institutions, and support the development of core institutional capacities as well as support better implementation of protective legislation in Nepal.

To enable vulnerable groups to access justice, ROLHR will support the Ministry of Law, Justice, Constituent Assembly and Parliamentary Affairs (MoLJCAPA) to lead reforms in the legal aid regime of Nepal towards the establishment of an integrated system which coordinates and regulates relevant, accessible socio-legal aid service provision throughout Nepal.

To promote accountability for due process and human rights violations, ROLHR will also support the revision of legislation in line with international human rights instruments, and the development of the institutional capacities needed to effectively implement revised legislation.

ROLHR is also aiming at increasing the representation of vulnerable groups in the legal profession and strengthening the capacities of legal professionals in addressing the needs of those groups through various programmes such as a scholarship programme, an internship programme, and a clinical education programme.

Clinical legal education (CLE) is a method of practical teaching of law school students. CLE can have different forms such as simulations or moot courts, placements (students can be sent out to work with practicing lawyers for short periods to encounter real problems, clients, etc.), or hands-on experience with real cases by providing services to various (typically indigent) clients.

While law schools can establish law clinics on corporate law, they are more often used to provide experience on issues related to social justice and human rights. CLE is therefore a strategic tool to make sure that students will have more practical experience about the main concerns in their society, especially for poor and disadvantaged people. It will also enable them to increase their professional ethics.

1. RATIONALE FOR THE CLE COMPONENT

While UN interventions in rule of law and access to justice are key to seeing improved implementation of human rights legislation in Nepal, it is critical to strive for long term, and even permanent, impacts to ensure success. Therefore, a key part of UNDP’s ROLHR Programme is training the future legal professionals of Nepal and having an impact on what their priorities and expertise will be. Legal professionals whose interests and expertise are focused on human rights legislation will be the frontline responsible for overseeing the future of the rule of law and human rights protection system in Nepal.

Legal education in Nepal has been criticized for not providing students with enough context, choice, and connection to the realities of their profession. When legal education does not provide students with hands-on experience in applying the law, then legal concepts remain theoretical and abstract, and lawyers’ capacity to create change in society and in the lives of individuals remains undiscovered. Many graduates from law school are therefore unaware of what they want to do with their career and what options are available to them.

Clinical legal education programmes are one among a number of possible remedies for the need for skills-based legal training and legal ethics, pro bono value development. Through such programmes, as an integrated part of the legal curriculum, students are trained in core practical legal skills and then have an opportunity, under appropriate supervision, to practice them through advising clients in free legal advice centres which are operated by the programme. Such Clinical legal education programmes also have the advantage of enhancing citizens’ and local access to justice, and of enhancing links between law schools and their local communities.

While some law schools in Nepal, such as the Kathmandu School of Law, have already developed some form of CLE

(e.g. moot court) and others have not, the ROLHR programme is aiming at setting up a national network of law schools interested in setting up or strengthening a CLE programme that will include high quality curriculum, adequately trained faculty, and opportunities for exchange both at national and regional level. It is expected that the students who will benefit from the CLE programme, namely the future lawyers, prosecutors, government officials and other legal professional of Nepal, will have an enhanced sensitivity towards the interests and needs of different segments of Nepal's society, and in particular the most vulnerable peoples.

The strengthening of legal education in Nepal is particularly necessary since new legislations that protects vulnerable groups' interest generally do not feature in legal education in the country. As such, in conjunction with the legal scholarship programme which will aim to increase the representation of vulnerable groups in legal education in Nepal, ROLHR will partner with local public and private universities in Kathmandu to implement a clinical legal education programme focusing on penal, anti-GBV and anti-discrimination legislation, and provide the opportunity to have practical experience with legal issues and processes while in school so that, upon graduation, they have the expertise and skills required to begin their careers immediately.

By implementing a clinical legal education programme based on the successful experiences of UNDP's support in the Asia region, ROLHR will, in collaboration with national and international experts, assist the future lawyers of Nepal to realize the empowerment that can result from working on human rights issues and ensuring better implementation of protective legislation for the benefit of Nepal's vulnerable communities. CLE will not only allow students to engage in an in-depth and comparative study of domestic human rights legislation, international human rights treaties, and other nation's legislative schemes, but will also give students the opportunity to have hands-on experience while still in school. Students will have the opportunity to meet with clients from vulnerable communities, and will therefore be able to better empathize with vulnerable communities' concerns and better understand the challenges that vulnerable communities face when trying to access justice in Nepal. Participants of the clinical legal education programmes can also benefit from placements with Legal Aid Centers, NGOs, judges and relevant Government Offices, like the Ministry of Law, Justice, Constituent Assembly and Parliamentary Affairs (MoLJCAPA).

Additionally, with ROLHR's support, the Clinical legal education programme will bring in international and national experts to conduct "guest lectures", including NHRI Commissioners, senior UN officials and visiting experts. It will also connect the national network of universities implementing the CLE programme with a regional network, therefore facilitating South-South exchange. In this way, the clinical legal education programme will provide students with a practical vision for their career, networking opportunities, and better resources to enhance their capacity to participate in strengthening the rule of law and human rights protection system in Nepal.

2. OBJECTIVES:

The primary objective of establishing the clinical legal education programme is to enhance legal education in Nepal and thereby contribute to creating a new cadre of legal professionals in the country who can better serve the needs of Nepal's vulnerable communities. In creating this cadre, the clinical legal education programmes will play a role in improving the implementation of human rights and other protective legislation in the country.

While some law schools have already developed some form of CLE, the specific objectives of this activity will be to:

- Establish a partnership between several law schools to develop/increase capacity in clinical education methodology and pedagogy;
- Test and evaluate the implementation of different forms of support to CLE with the partners universities to contribute to the enhancement of legal education in Nepal;
- Ensure sustainability by integrating CLE as a credit-bearing course in the curriculum of these law schools;
- Establish a national network, not only between the involved universities, but also with legal practitioners and communities;
- Participate in the regional and international networks to exchange experience and collaborate

The main objective of this assignment will therefore be to assess the value of different forms of support to clinical legal education programmes in Nepal to contribute to the enhancement of legal education in the country, in order to provide evidence-based, objective, and realistic recommendations to assist the Government of Nepal, law faculties, UNDP and other partners to formulate longer-term programmes of support.

3. SCOPE OF WORK:

The selected contractor will pilot the implementation of different forms of support for the development of clinical legal education with a number of participating law faculties in Nepal. Based on the agreement of each participating law clinic, and to the extent possible given their needs and stage of development, the support should include the following:

- Carry out a comparative study on similar clinical programmes in other countries to identify best practices for establishing/strengthening law clinics and designing curriculum with the partner universities;
- Assess each partner's current capacity on CLE and faculty strengths/weaknesses;
- Develop a feasible action plan in collaboration with MoLJCAPA and relevant partners (including for accreditation of CLE programme), including Monitoring & Evaluation plan;
- Support existing and pilot new clinical legal education programmes with partner universities;
- Assist with development of administration procedures and policies for clinics, including clinic manuals ;
- Assist with development of credit-bearing legal clinical curriculum, teaching modules and teaching syllabi (including integration of professional ethics);
- Develop a cadre of trainers - through training of trainers program - to increase capacity in clinical education methodology and pedagogy;
- Identify placements opportunities for clinical law students and develop institutional partnerships with the organizations providing placements;
- Facilitate visiting foreign clinic experts to share/exchange experiences with Nepal clinics;
- Organize study visits and exchanges for professors and students to other regional and international university legal clinics;
- Organize and deliver national and (if feasible) regional workshops for clinics;
- Support establishment of national, regional and international networks between clinics;
- Support establishment of peer-to-peer mentor relationship between existing clinics in Nepal and newly established clinics;
- Provide general organizational capacity development support to clinics;
- Assist universities to develop policies and processes for provision of clinical legal assistance, including criteria for clinic case selection (prioritizing cases of poor and marginalized based on needs assessment of service area), and code of ethics (of provision of free legal assistance rather than charging, conflict of interests);
- Support development of linkages between university clinics and legal stakeholders and organizations that provide legal aid.
- Assist the clinics in developing and delivering advocacy programmes.

4. Proposed location and duration

ROLHR will partner with universities within the Kathmandu Valley in order to establish the clinical legal education programme.

The piloting of the CLE programme is expected to be conducted for one year. Additional support and possible expansion will be determined upon evaluation of the results of the pilot phase.

5. EXPECTED OUTCOMES

- Provision of a wide range of support, tailored to the specific needs and requirements, for the establishment and/or operation of law clinics based in partner universities;

- Improved teaching skills and participatory methodologies implemented by law clinic professors;
- Increased understanding and acceptance of law clinic programs in universities and across the legal and judicial sector;
- Delivery of legal assistance to the poor and marginalized by law clinics;
- Delivery of community advocacy programs by law clinics;
- Increased knowledge of communities of their legal rights and obligations and how to access justice through ongoing community programs delivered by law clinics;
- A multi-stakeholder and evidence-based evaluation of the results of the pilot support in order to provide recommendations for university law faculties, the Government of Nepal, UNDP and other donors on further support to law clinics in the country through development cooperation.

Bidders are expected to set out clearly in their technical proposal the **methodology** to be adopted and the concrete activities to be performed in support of these outcomes. However, in line with the background, objectives and scope stated above, ROLHR expects proposals to include the following forms of support, or to explain why it is not regarded as feasible to provide such support in the framework of this project:

- Capacity building/training programs developed and delivered for clinical legal education programmes of partner universities;
- Organization of national (and, if possible, regional) workshops/forums for law clinics;
- Appropriate study visits and exchange for law professors and students;
- Support to development of administrative and operational procedures for clinical legal education programmes;
- Support to development of training curriculum, teaching modules and syllabi for law clinic programs;
- Support to development of accredited clinic programs
- Support to run the clinical law education programme for the students from poor and vulnerable communities;
- Facilitate identification and documentation of best practices in clinical legal education
- Develop and implement methodology to ensure that law clinics are serving the poor, marginalized and most vulnerable, particularly those lacking access to justice;
- Develop and implement a monitoring and evaluation system (including feedback and evaluation from the participating law schools) to enable assessment of the different pilot support activities to provide a sound evidential foundation for the formulation of a second phase of support.

A final report will be expected which will comprehensively document each of the pilot activities conducted with the partner law schools, evaluating the results achieved and making recommendations for the formulation of a second phase of support.

6. MONITORING:

The successful bidder will be required to provide:

- A detailed workplan for the implementation of the research pilot within one month of signing the contract, based on consultation meetings with the MoLJCAPA, the RoLHR Programme Team and UNDP;
- Thereafter, quarterly progress reports, which will provide information on the activities carried out in the previous quarter, and the work plan for the following quarter;
- A detailed research report on conclusion of the project, detailing the activities conducted, a multi-stakeholder evaluation of the results of the pilots, and recommendations on the formulation of a second phase of support

Level of engagement:
