1. BACKGROUND

UNDP Social and Local Development Programme focuses on eradicating poverty, strengthening local capacities and supporting government policies for development. The Programme targets four regions across Lebanon with solid and diversified networks and partnerships within the four targeted-regions (South Lebanon, North Lebanon, Bekaa region and Mount Lebanon).

UNDP's support in the area of poverty reduction focuses on policy and operational support. At the upstream level, UNDP provides policy advice for the development of national policies for social development and poverty reduction, in addition to building the country statistical database for poverty measurement and monitoring. At the downstream level, UNDP supports the implementation of local development/ local governance initiatives in four areas of the country.

2. SCOPE OF WORK, RESPONSIBILITIES AND DESCRIPTION OF THE PROPOSED ANALYTICAL WORK

UNDP Social and Local Development Programme wishes to make a long-term agreement with three Civil Engineer consultant for the Bekaa region. The Civil Engineers shall provide the technical support by providing technical follow-up on the implementation of community infrastructure rehabilitation projects. The required tasks will be fulfilled under direct supervision of the Senior Civil Engineer and in close coordination with the Area Manager. The Civil Engineers are expected to undertake site visits, follow up technically with the local authorities to ensure proper implementation, and submit reports afterwards.

For detailed information, please Refer to Annex I – Terms of Reference.
