

Annex 4 – Minimum Requirements

Requirements	Yes/No
<p>a) A first-level university degree in civil engineering, technology or other relevant field of studies is required. An advanced university degree (Master's degree or equivalent) in business administration, management, or a related field is desirable. How first level university will match this high salary? At least the requirement should be Master degree. A first level university degree with a combination of three years professional and academic qualifications maybe accepted in lieu of the advanced degree.</p>	
<p>b) A minimum of seven years experience in civil engineering, project management or a related field is required. Experience conflict and/or disaster-affected field environment is required. Experience within the United Nations common system is desirable.</p>	
<p>c) Proficiency in both spoken and written English is required. Knowledge of a second UN language is an asset.</p>	
<p>d) Willingness to obtain Basic Security in the Field II course BSIF-II and Advanced Security in the Field ASIF through the following links:</p> <p>https://training.dss.un.org/consultants/index.php</p> <p>The consultant must pass the Security Awareness Induction Training (SAIT) in case if any travel is required to Iraq.</p>	
<p>e) If you are of 62 years old and more, please confirm your willingness to go through a full medical exam including x-rays at your own cost from a recognized UN doctor. Address of doctor will be provided by UNDP.</p>	
<p>f) Acceptance of Individual Consultant General Terms and Conditions.</p>
