Context of the Requirement	The Government of Lesotho (GoL) through the Ministry of Local Government, Chieftainship and Parliamentary Affairs (MoLG) with funding from the European Union (EU), in partnership with United Nations Development Programme (UNDP) and United Nations Capital Development Fund (UNCDF) has embarked on implementing the Deepening Decentralization Programme (DDP). The main purpose of the programme is to promote decentralized service delivery for social and economic growth through the development of transparent funding mechanisms and by improving the accountability of local authorities. Specific components of the programme are: 1) improving development funding through local authorities, 2) promoting decentralization and accountability systems at the local level and 3) enhancing capacities of line ministries and local authorities to decentralize functions. One of the major components of the programme is providing Local Authorities with a performance based discretionary LDG. However, the Local Authorities have to meet agreed minimum conditions in the functional area of development planning and budgeting, financial management and local administration to safeguard utilization and management of public resources. The minimum conditions are derived from the Constitution, 1993, Local Government Act, 1997 as amended, Public Financial Management Act, 2011; Financial Regulations 1973; and Public Procurement regulations, 2007. In 2014, the first national assessment of local authorities on minimum conditions to qualify for the Local Development Grant was conducted. This will be the second assessment of the local authorities.
