UNDP Lebanon Procurement Unit has received several questions regarding the subject Tendering Procedure. All questions received to-date are documented below with respective answers.

| Questions and Answers |    |   |
|-----------------------|----|---|
| 1                     | Q. | In the (objective) of the requirements it is mentioned that (7 garbage trucks of 7 tons needed, and 1 garbage truck of 15 ton needed) however in the compliance it is mentioned that the volume of the first compactor should be 7m3 including the Hooper, and 15m3 for the second one.<br>Please advise so we can proceed either according to the weight or according to the volume. |
|                       | A. | <b>We asked for 7m3 and not 7 tons , which is the net volume inside the compactor, in addition to the hopper capacity which is 0.8-1 m3 , so in total the volume is around 5 tons</b>   |
| 2                     | Q. | Please confirm that you are looking for 8 Garbage /compactors in Total  |
|                       | A. | <b>We are looking for 7 trucks of 7m3 capacity and 1 truck of 15 m3.</b>  |
| 3                     | Q. | The volume of the compactor is mentioned as 7 metric cube & 15 Metric cube. Which is the exact model we need to quote for?  |
|                       | A. | <b>We are asking for 7m3 and not 7 tons , which is the net volume inside the compactor, in addition to the hopper capacity which is 0.8-1 m3 , so in total the volume is around 5 tons</b>  |

|   |    |   |
|---|----|---|
| 4 | Q. | Kindly confirm that the delivery term is DAP. (Customs and clearance will be done by UNDP.)                                       |
|   | A. | <b>The requested Incoterms are DDP and that the clearance shall be done by the supplier in coordination with UNDP, if needed.</b> |
