

**Responses to the requests for clarifications #2 received from the potential Bidders under to
ITB No. BLR/1307/2015 for the
Supply, installation and commissioning of basic and auxiliary equipment, automatic process
control systems for pulp and recirculated pulpwater cleaning, storage and transportation for
the office paper production from wastepaper on a turnkey basis, Borisov, Republic of Belarus**

**ITB No. BLR/1307/2015 is hereby modified and the following amendments are introduced into
the BLR/1307/2015 document:**

1. Question: Section 3a: Schedule of Requirements and Technical Specifications TECHNICAL SPECIFICATIONS, I. Main equipment, item 1.5.(Flat cover with vent, with man walking possibility). Is man walking possibility required if the inspection door is located not on the cover of the chest but on the sidewall of the chest?

Answer: In case when the inspection door is located on sidewall of the chest and not on the cover of the chest there is no requirement of man walking possibility. The corresponding changes were introduced to the technical specification:

1.5. Flat cover with vent;

Available;

Man walking possibility is required in case the inspection window is located on the cover of the chest.

Please, see Supplemental Information #3 to ITB.
