Questions: 8	<p>UNDP : General Conditions of Contract for Services :</p> <p>Page 5 :</p> <p>Clause 8.3: It is mentioned we have to maintain liability insurance in an adequate amount to cover third party claims for death or bodily injury etc. What is the adequate amount required? So far, our clients do not request such coverage (we only have about 70 – 80 contractors and careful in accepting orders from clients).</p> <p>Clause 8.5: When do we need to provide the evidence to UNDP on the insurance, e.g. after 2 months for the date of award? As far as I know, the minimum cost of premium will be pretty high and that will be taken into consideration in providing you the costing.</p> <p>Clause 8.5: As mentioned, we are in the midst of being acquired but have yet to be finalised. Is there possibility to use the other party's insurance coverage (if they have) for the insurance requirements?</p>
Answer:	<p>The provision applies. The vendor should be able to provide it at the request of UNDP. The cap of liability might be decided during the contract negotiation stage.</p>
