- 10.2 UNDP shall endeavor to provide such responses to clarifications in an expeditious manner, but any delay in such response shall not cause an obligation on the part of UNDP to extend the submission date of the Proposals, unless UNDP deems that such an extension is justified and necessary.

11. Amendment of Proposals

- 11.1 At any time prior to the deadline of Proposal submission, UNDP may for any reason, such as in response to a clarification requested by a Proposer, modify the RFP in the form of a Supplemental Information to the RFP. All prospective Proposers will be notified in writing of all changes/amendments and additional instructions through Supplemental Information to the RFP and through the method specified in the Data Sheet (DS No. 18).
- 11.2 In order to afford prospective Proposers reasonable time to consider the amendments in preparing their Proposals, UNDP may, at its discretion, extend the deadline for submission of Proposals, if the nature of the amendment to the RFP justifies such an extension.

C. PREPARATION OF PROPOSALS

12. Cost

The Proposer shall bear any and all costs related to the preparation and/or submission of the Proposal, regardless of whether its Proposal was selected or not. UNDP shall in no case be responsible or liable for those costs, regardless of the conduct or outcome of the procurement process.

13. Language

The Proposal, as well as any and all related correspondence exchanged by the Proposer and UNDP, shall be written in the language (s) specified in the Data Sheet (DS No 4). Any printed literature furnished by the Proposer written in a language other than the language indicated in the Data Sheet, must be accompanied by a translation in the preferred language indicated in the Data Sheet. For purposes of interpretation of the Proposal, and in the event of discrepancy or inconsistency in meaning, the version translated into the preferred language shall govern. Upon conclusion of a contract, the language of the contract shall govern the relationship between the contractor and UNDP.

14. Proposal Submission Form

The Proposer shall submit the Proposal Submission Form using the form provided in Section 4 of this RFP.

15. Technical Proposal Format and Content

Unless otherwise stated in the Data Sheet (DS no. 28), the Proposer shall structure the Technical Proposal as follows:

- 15.1 Expertise of Firm/Organization – this section should provide details regarding management structure of the organization, organizational capability/resources, and experience of organization/firm, the list of projects/contracts (both completed and on-going, both domestic and international) which are related or similar in nature to the requirements of the RFP, and proof of financial stability and adequacy of resources to complete the services required by the RFP (see RFP clause 18 and DS No. 26 for further details). The same shall

apply to any other entity participating in the RFP as a Joint Venture or Consortium.

- 15.2 Proposed Methodology, Approach and Implementation Plan – this section should demonstrate the Proposer’s response to the Terms of Reference by identifying the specific components proposed, how the requirements shall be addressed, as specified, point by point; providing a detailed description of the essential performance characteristics proposed; identifying the works/portions of the work that will be subcontracted; and demonstrating how the proposed methodology meets or exceeds the specifications, while ensuring appropriateness of the approach to the local conditions and the rest of the project operating environment. This methodology must be laid out in an implementation timetable that is within the duration of the contract as specified in the Data Sheet (DS nos. 29 and 30).

Proposers must be fully aware that the products or services that UNDP requires may be transferred, immediately or eventually, by UNDP to the Government partners, or to an entity nominated by the latter, in accordance with UNDP’s policies and procedures. All proposers are therefore required to submit the following in their proposals :

- a) A statement of whether any import or export licences are required in respect of the goods to be purchased or services to be rendered, including any restrictions in the country of origin, use or dual use nature of the goods or services, including any disposition to end users; and
- b) Confirmation that the Proposer has obtained license of this nature in the past, and have an expectation of obtaining all the necessary licenses, should their Proposal be rendered the most responsive.

- 15.3 Management Structure and Key Personnel – This section should include the comprehensive curriculum vitae (CVs) of key personnel that will be assigned to support the implementation of the proposed methodology, clearly defining the roles and responsibilities vis-à-vis the proposed methodology. CVs should establish competence and demonstrate qualifications in areas relevant to the TOR.

In complying with this section, the Proposer assures and confirms to UNDP that the personnel being nominated are available for the Contract on the dates proposed. If any of the key personnel later becomes unavailable, except for unavoidable reasons such as death or medical incapacity, among other possibilities, UNDP reserves the right to consider the proposal non-responsive. Any deliberate substitution arising from unavoidable reasons, including delay in the implementation of the project of programme through no fault of the Proposer shall be made only with UNDP’s acceptance of the justification for substitution, and UNDP’s approval of the qualification of the replacement who shall be either of equal or superior credentials as the one being replaced.

- 15.4 Where the Data Sheet requires the submission of the Proposal Security, the Proposal Security shall be included along with the Technical Proposal. The Proposal Security may be forfeited by UNDP, and reject the Proposal, in the event of any or any combination of the following conditions:

- a) If the Proposer withdraws its offer during the period of the Proposal Validity specified in the Data Sheet (DS no. 11), or;

- b) If the Proposal Security amount is found to be less than what is required by UNDP as indicated in the Data Sheet (DS no. 9), or;
- c) In the case the successful Proposer fails:
 - i. to sign the Contract after UNDP has awarded it;
 - ii. to comply with UNDP's variation of requirement, as per RFP clause 35; or
 - iii. to furnish Performance Security, insurances, or other documents that UNDP may require as a condition to rendering the effectivity of the contract that may be awarded to the Proposer.

16. Financial Proposals

The Financial Proposal shall be prepared using the attached standard form (Section 7). It shall list all major cost components associated with the services, and the detailed breakdown of such costs. All outputs and activities described in the Technical Proposal must be priced separately on a one-to-one correspondence. Any output and activities described in the Technical Proposal but not priced in the Financial Proposal, shall be assumed to be included in the prices of other activities or items, as well as in the final total price.

17. Currencies

All prices shall be quoted in the currency indicated in the Data Sheet (DS no. 15). However, where Proposals are quoted in different currencies, for the purposes of comparison of all Proposals:

- a) UNDP will convert the currency quoted in the Proposal into the UNDP preferred currency, in accordance with the prevailing UN operational rate of exchange on the last day of submission of Proposals; and
- b) In the event that the proposal found to be the most responsive to the RFP requirement is quoted in another currency different from the preferred currency as per Data Sheet (DS no. 15), then UNDP shall reserve the right to award the contract in the currency of UNDP's preference, using the conversion method specified above.

Proposals submitted by two (2) or more Proposers shall all be rejected if they are found to have any of the following:

- a) they have at least one controlling partner, director or shareholder in common; or
- b) any one of them receive or have received any direct or indirect subsidy from the other/s; or
- c) they have the same legal representative for purposes of this RFP; or
- d) they have a relationship with each other, directly or through common third parties, that puts them in a position to have access to information about, or influence on the Proposal of, another Proposer regarding this RFP process;
- e) they are subcontractors to each other's Proposal, or a subcontractor to one Proposal also submits another Proposal under its name as lead Proposer; or
- f) an expert proposed to be in the team of one Proposer participates in more than one Proposal received for this RFP process. This condition does not apply to subcontractors being included in more than one Proposal.

18. Documents Establishing the Eligibility and Qualifications of the Proposer

The Proposer shall furnish documentary evidence of its status as an eligible and qualified vendor,

using the forms provided under Section 5, Proposer Information Forms. In order to award a contract to a Proposer, its qualifications must be documented to UNDP's satisfaction. These include, but are not limited to, the following:

- a) That, in the case of a Proposer offering to supply goods under the Contract which the Proposer did not manufacture or otherwise produce, the Proposer has been duly authorized by the goods' manufacturer or producer to supply the goods in the country of final destination;
- b) That the Proposer has the financial, technical, and production capability necessary to perform the Contract; and
- c) That, to the best of the Proposer's knowledge, it is not included in the UN 1267/1989 List or the UN Ineligibility List, nor in any and all of UNDP's list of suspended and removed vendors.

19. Joint Venture, Consortium or Association

If the Proposer is a group of legal entities that will form or have formed a joint venture, consortium or association at the time of the submission of the Proposal, they shall confirm in their Proposal that : (i) they have designated one party to act as a lead entity, duly vested with authority to legally bind the members of the joint venture jointly and severally, and this shall be duly evidenced by a duly notarized Agreement among the legal entities, which shall be submitted along with the Proposal; and (ii) if they are awarded the contract, the contract shall be entered into, by and between UNDP and the designated lead entity, who shall be acting for and on behalf of all the member entities comprising the joint venture.

After the Proposal has been submitted to UNDP, the lead entity identified to represent the joint venture shall not be altered without the prior written consent of UNDP. Furthermore, neither the lead entity nor the member entities of the joint venture can:

- a) Submit another proposal, either in its own capacity; nor
- b) As a lead entity or a member entity for another joint venture submitting another Proposal.

The description of the organization of the joint venture/consortium/association must clearly define the expected role of each of the entity in the joint venture in delivering the requirements of the RFP, both in the Proposal and the Joint Venture Agreement. All entities that comprise the joint venture shall be subject to the eligibility and qualification assessment by UNDP.

Where a joint venture is presenting its track record and experience in a similar undertaking as those required in the RFP, it should present such information in the following manner:

- a) Those that were undertaken together by the joint venture; and
- b) Those that were undertaken by the individual entities of the joint venture expected to be involved in the performance of the services defined in the RFP.

Previous contracts completed by individual experts working privately but who are permanently or were temporarily associated with any of the member firms cannot be claimed as the experience of the joint venture or those of its members, but should only be claimed by the individual experts themselves in their presentation of their individual credentials.

If a joint venture's Proposal is determined by UNDP as the most responsive Proposal that offers

the best value for money, UNDP shall award the contract to the joint venture, in the name of its designated lead entity. The lead entity shall sign the contract for and on behalf of all other member entities.

20. Alternative Proposals

Unless otherwise specified in the Data Sheet (DS nos. 5 and 6), alternative proposals shall not be considered. Where the conditions for its acceptance are met, or justifications are clearly established, UNDP reserves the right to award a contract based on an alternative proposal.

21. Validity Period

Proposals shall remain valid for the period specified in the Data Sheet (DS no. 8), commencing on the submission deadline date also indicated in the Data Sheet (DS no. 21). A Proposal valid for a shorter period shall be immediately rejected by UNDP and rendered non-responsive.

In exceptional circumstances, prior to the expiration of the proposal validity period, UNDP may request Proposers to extend the period of validity of their Proposals. The request and the responses shall be made in writing, and shall be considered integral to the Proposal.

22. Proposer's Conference

When appropriate, a proposer's conference will be conducted at the date, time and location specified in the Data Sheet (DS no. 7). All Proposers are encouraged to attend. Non-attendance, however, shall not result in disqualification of an interested Proposer. Minutes of the proposer's conference will be either posted on the UNDP website, or disseminated to the individual firms who have registered or expressed interest with the contract, whether or not they attended the conference. No verbal statement made during the conference shall modify the terms and conditions of the RFP unless such statement is specifically written in the Minutes of the Conference, or issued/posted as an amendment in the form of a Supplemental Information to the RFP.

D. SUBMISSION AND OPENING OF PROPOSALS

23. Submission

23.1 The Financial Proposal and the Technical Proposal Envelopes **MUST BE COMPLETELY SEPARATE** and each of them must be submitted sealed individually and clearly marked on the outside as either "TECHNICAL PROPOSAL" or "FINANCIAL PROPOSAL", as appropriate. Each envelope **MUST** clearly indicate the name of the Proposer. The outer envelopes shall bear the address of UNDP as specified in the Data Sheet (DS no.20) and shall include the Proposer's name and address, as well as a warning that state "*not to be opened before the time and date for proposal opening*" as specified in the Data Sheet (DS no. 24). The Proposer shall assume the responsibility for the misplacement or premature opening of Proposals due to improper sealing and labeling by the Proposer.

23.2 Proposers must submit their Proposals in the manner specified in the Data Sheet (DS nos. 22 and 23). When the Proposals are expected to be in transit for more than 24 hours, the

Proposer must ensure that sufficient lead time has been provided in order to comply with UNDP's deadline for submission. UNDP shall indicate for its record that the official date and time of receiving the Proposal is the actual date and time when the said Proposal has physically arrived at the UNDP premises indicated in the Data Sheet (DS no. 20).

23.3 Proposers submitting Proposals by mail or by hand shall enclose the original and each copy of the Proposal, in separate sealed envelopes, duly marking each of the envelopes as "Original Proposal" and "Copy of Proposal" as appropriate. The 2 envelopes shall then be sealed in an outer envelope. The number of copies required shall be as specified in the Data Sheet (DS No. 19). In the event of any discrepancy between the contents of the "Original Proposal" and the "Copy of Proposal", the contents of the original shall govern. The original version of the Proposal shall be signed or initialed by the Proposer or person(s) duly authorized to commit the Proposer on every page. The authorization shall be communicated through a document evidencing such authorization issued by the highest official of the firm, or a Power of Attorney, accompanying the Proposal.

23.4 Proposers must be aware that the mere act of submission of a Proposal, in and of itself, implies that the Proposer accepts the General Contract Terms and Conditions of UNDP as attached hereto as Section 11.

24. Deadline for Submission of Proposals and Late Proposals

Proposals must be received by UNDP at the address and no later than the date and time specified in the Data Sheet (DS nos. 20 and 21).

UNDP shall not consider any Proposal that arrives after the deadline for submission of Proposals. Any Proposal received by UNDP after the deadline for submission of Proposals shall be declared late, rejected, and returned unopened to the Proposer.

25. Withdrawal, Substitution, and Modification of Proposals

25.1 Proposers are expected to have sole responsibility for taking steps to carefully examine in detail the full consistency of its Proposals to the requirements of the RFP, keeping in mind that material deficiencies in providing information requested by UNDP, or lack clarity in the description of services to be provided, may result in the rejection of the Proposal. The Proposer shall assume the responsibility regarding erroneous interpretations or conclusions made by the Proposer in the course of understanding the RFP out of the set of information furnished by UNDP.

25.2 A Proposer may withdraw, substitute or modify its Proposal after it has been submitted by sending a written notice in accordance with Clause 23.1, duly signed by an authorized representative, and shall include a copy of the authorization (or a Power of Attorney). The corresponding substitution or modification of the Proposal must accompany the respective written notice. All notices must be received by UNDP prior to the deadline for submission and submitted in accordance with RFP Clause 23.1 (except that withdrawal notices do not require copies). The respective envelopes shall be clearly marked "WITHDRAWAL," "SUBSTITUTION," or "MODIFICATION".

25.3 Proposals requested to be withdrawn shall be returned unopened to the Proposers.

- 25.4 No Proposal may be withdrawn, substituted, or modified in the interval between the deadline for submission of Proposals and the expiration of the period of proposal validity specified by the Proposer on the Proposal Submission Form or any extension thereof.

26. Proposal Opening

UNDP will open the Proposals in the presence of an ad-hoc committee formed by UNDP of at least two (2) members. If electronic submission is permitted, any specific electronic proposal opening procedures shall be as specified in the Data Sheet (DS no. 23).

The Proposers' names, modifications, withdrawals, the condition of the envelope labels/seals, the number of folders/files and all other such other details as UNDP may consider appropriate, will be announced at the opening. No Proposal shall be rejected at the opening stage, except for late submission, for which the Proposal shall be returned unopened to the Proposer.

27. Confidentiality

Information relating to the examination, evaluation, and comparison of Proposals, and the recommendation of contract award, shall not be disclosed to Proposers or any other persons not officially concerned with such process, even after publication of the contract award.

Any effort by a Proposer to influence UNDP in the examination, evaluation and comparison of the Proposals or contract award decisions may, at UNDP's decision, result in the rejection of its Proposal.

In the event that a Proposer is unsuccessful, the Proposer may seek a meeting with UNDP for a debriefing. The purpose of the debriefing is discussing the strengths and weaknesses of the Proposer's submission, in order to assist the Proposer in improving the proposals presented to UNDP. The content of other proposals and how they compare to the Proposer's submission shall not be discussed.

E. EVALUATION OF PROPOSALS

28. Preliminary Examination of Proposals

UNDP shall examine the Proposals to determine whether they are complete with respect to minimum documentary requirements, whether the documents have been properly signed, whether or not the Proposer is in the UN Security Council 1267/1989 Committee's list of terrorists and terrorist financiers, and in UNDP's list of suspended and removed vendors, and whether the Proposals are generally in order, among other indicators that may be used at this stage. UNDP may reject any Proposal at this stage.

29. Evaluation of Proposals

29.1 UNDP shall examine the Proposal to confirm that all terms and conditions under the UNDP General Terms and Conditions and Special Conditions have been accepted by the Proposer without any deviation or reservation.

29.2 The evaluation team shall review and evaluate the Technical Proposals on the basis of their responsiveness to the Terms of Reference and other documentation provided, applying the evaluation criteria, sub-criteria, and point system specified in the Data Sheet (DS no. 32). Each responsive Proposal will be given a technical score. A Proposal shall be rendered non-responsive at this stage if it does not substantially respond to the RFP particularly the demands of the Terms of Reference, which also means that it fails to achieve the minimum technical score indicated in the Data Sheet (DS no. 25). Absolutely no changes may be made by UNDP in the criteria, sub-criteria and point system indicated in the Data Sheet (DS no. 32) after all Proposals have been received.

29.3 In the second stage, only the Financial Proposals of those Proposers who achieve the minimum technical score will be opened for evaluation for comparison and review. The Financial Proposal Envelopes corresponding to Proposals that did not meet the minimum passing technical score shall be returned to the Proposer unopened. The overall evaluation score will be based either on a combination of the technical score and the financial offer, or the lowest evaluated financial proposal of the technically qualified Proposers. The evaluation method that applies for this RFP shall be as indicated in the Data Sheet (DS No. 25).

When the Data Sheet specifies a combined scoring method, the formula for the rating of the Proposals will be as follows:

Rating the Technical Proposal (TP):

TP Rating = (Total Score Obtained by the Offer / Max. Obtainable Score for TP) x 100

Rating the Financial Proposal (FP):

FP Rating = (Lowest Priced Offer / Price of the Offer Being Reviewed) x 100

Total Combined Score:

(TP Rating) x (Weight of TP, e.g. 70%)

+ (FP Rating) x (Weight of FP, e.g., 30%)

Total Combined and Final Rating of the Proposal

29.4 UNDP reserves the right to undertake a post-qualification exercise aimed at determining, to its satisfaction the validity of the information provided by the Proposer. Such post-qualification shall be fully documented and, among those that may be listed in the Data Sheet (DS No.33), may include, but need not be limited to, all or any combination of the following:

- a) Verification of accuracy, correctness and authenticity of information provided by the Proposer on the legal, technical and financial documents submitted;
- b) Validation of extent of compliance to the RFP requirements and evaluation criteria based on what has so far been found by the evaluation team;
- c) Inquiry and reference checking with Government entities with jurisdiction on the Proposer, or any other entity that may have done business with the Proposer;

- d) Inquiry and reference checking with other previous clients on the quality of performance on ongoing or previous contracts completed;
- e) Physical inspection of the Proposer's offices, branches or other places where business transpires, with or without notice to the Proposer;
- f) Quality assessment of ongoing and completed outputs, works and activities similar to the requirements of UNDP, where available; and
- g) Other means that UNDP may deem appropriate, at any stage within the selection process, prior to awarding the contract.

30. Clarification of Proposals

To assist in the examination, evaluation and comparison of Proposals, UNDP may, at its discretion, ask any Proposer for a clarification of its Proposal.

UNDP's request for clarification and the response shall be in writing. Notwithstanding the written communication, no change in the prices or substance of the Proposal shall be sought, offered, or permitted, except to provide clarification, and confirm the correction of any arithmetic errors discovered by UNDP in the evaluation of the Proposals, in accordance with RFP Clause 32.

Any unsolicited clarification submitted by a Proposer in respect to its Proposal, which is not a response to a request by UNDP, shall not be considered during the review and evaluation of the Proposals.

31. Responsiveness of Proposal

UNDP's determination of a Proposal's responsiveness will be based on the contents of the Proposal itself.

A substantially responsive Proposal is one that conforms to all the terms, conditions, TOR and other requirements of the RFP without material deviation, reservation, or omission.

If a Proposal is not substantially responsive, it shall be rejected by UNDP and may not subsequently be made responsive by the Proposer by correction of the material deviation, reservation, or omission.

32. Nonconformities, Reparable Errors and Omissions

Provided that a Proposal is substantially responsive, UNDP may waive any non-conformities or omissions in the Proposal that, in the opinion of UNDP, do not constitute a material deviation.

Provided that a Proposal is substantially responsive, UNDP may request the Proposer to submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial nonconformities or omissions in the Proposal related to documentation requirements. Such omission shall not be related to any aspect of the price of the Proposal. Failure of the Proposer to comply with the request may result in the rejection of its Proposal.

Provided that the Proposal is substantially responsive, UNDP shall correct arithmetical errors as follows:

- a) if there is a discrepancy between the unit price and the line item total that is obtained by multiplying the unit price by the quantity, the unit price shall prevail and the line item total shall be corrected, unless in the opinion of UNDP there is an obvious misplacement of the decimal point in the unit price, in which case the line item total as quoted shall govern and the unit price shall be corrected;
- b) if there is an error in a total corresponding to the addition or subtraction of subtotals, the subtotals shall prevail and the total shall be corrected; and
- c) if there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail subject to the above.

If the Proposer does not accept the correction of errors made by UNDP, its Proposal shall be rejected.

F. AWARD OF CONTRACT

33. Right to Accept, Reject, or Render Non-Responsive Any or All Proposals

UNDP reserves the right to accept or reject any Proposal, to render any or all of the Proposals as non-responsive, and to reject all Proposals at any time prior to award of contract, without incurring any liability, or obligation to inform the affected Proposer(s) of the grounds for UNDP's action. Furthermore, UNDP shall not be obliged to award the contract to the lowest price offer.

Section 3: UNDP
TERMS OF REFERENCE
External MONITORING of livelihoods and community reconciliation activities in Newly Liberated Areas

1. Introduction

UNDP Iraq is supporting the newly liberated areas in Iraq through its stabilization and resilience programs. The overall objective is to create the conditions for sustainable, spontaneous and voluntary returns of the Internally Displaced Persons (IDPs) to their homes. The Funding Facility for Immediate Stabilization (FFIS) was created on 11 June 2015 with support by donor community to assist the local authorities in the liberated areas to respond to its stabilization priorities that were identified through consultations following quick stabilization and recovery assessments. In light of the assessment results, UNDP has managed to engage rapidly in light infrastructure rehabilitation projects, predominantly focusing on water supply, electricity, health services and education sectors. Additionally, UNDP has partnered with local NGOs to carry out cash-for-work projects and small cash grants to newly re-opened businesses with aim to jump-starting the local economy and generating income for local households, particularly families returning to their homes. FFIS focuses on 9 newly liberated areas (Tikrit, Al Dour, Mkeishifa, Beji, Saadiyah, Ramadi, Rabia, Sinuni and Sinjar) while 4 new areas will be added once liberated (Shirqat, Hatra, Qayyrat and Heet). In addition to FFIS, UNDP has set up the Iraq Crisis Response and Resilience Program (ICRRP) which focuses on areas of high tension. Currently, ICRRP focuses on 9 areas in newly liberated areas (Zummar, Wana, Jalawla, AlDhaim, Kifri, Khanaqin, Yathrib, Hajjaaj and Duloeiya).

This monitoring terms of reference provides guidance to the organization on the scope of work and objective of monitoring implementation of UNDP activities in newly liberated areas. It is with the understanding that the monitoring team will put this frame into the context of the respective activities taking into consideration the specific objectives and interventions of the particular programme. The external monitoring will not evaluate impact nor achievement of the outcomes of the program. A separate external evaluation is foreseen in May/June.

2. Purpose

The UNDP program teams are committed to ensuring the quality of the project implementation under FFIS and ICRRP to ensure proper implementation. However, with limited access, UNDP requires an external entity to monitor implementation, in particular the livelihoods and community reconciliation activities. These projects are implemented through local and international nongovernmental implementing partners. Monitoring helps UNDP answer the following questions to guide program design and planning:

- Are the outputs and activities being produced as planned?
- Do the implementing partners have sufficient mechanisms in place to ensure transparency and fairness when implementing the activities, in particular beneficiary selection and payment modalities to beneficiaries
- Is the quality of the implementation of the implementing partners up to standard.
- What are the issues, risks, and challenges faced during implementation that need to be accounted for to achieve intended results?

UNDP has committed itself to an external monitoring of the livelihoods and social cohesion aspects of the program which will measure the program's overall effectiveness. UNDP envisions forward deployment of monitors for livelihoods and community reconciliation activities while those activities are being implemented to help UNDP answer the questions outlined above. The monitoring reports will guide UNDP's organizational learning at the programmatic level, allow for necessary adjustments in strategy, and inform key partners of the direct and indirect impact of stabilization activities.

3. Target Areas

FFIS has targeted priority areas that have been liberated from ISIL within the governorates of Anbar, Salah al-Din, Diyala, and Ninewah. Monitoring of FFIS activities for livelihoods would be conducted in the areas where operations are currently ongoing: Rabiya and Sinuni in Ninewah, and Al Dour and Mkeishifah in Salah al-Din. Livelihoods activities in Tikrit already finalized. Livelihoods work is expected to begin in Anbar, notably Ramadi, as soon as security conditions allow, and monitors should be employed to ensure high quality implementation. Also, livelihoods activities in Beji are starting soon. For community reconciliation, monitoring will take place in areas where social cohesion activities are taking place, which includes Yathrib in Salah al-Din and possible other areas in Diyala. Community reconciliation activities are also expected to expand to Anbar in 2016, once security conditions improve. ICRRP is also working in certain areas close to Baghdad as well as Kirkuk governorate. Although not considered strictly liberated areas, the monitoring could include some livelihoods activities in these areas. The monitoring team will work with the project team to determine where monitoring activities can take place. Bi-monthly monitoring reports will be produced by the monitoring company. It is expected that around 20 days in the field are required during each quarter.

The monitoring reports should inform UNDP about the progress the project is making against the recovery and stabilization outputs to support IDPs that are returning to their areas of origin, as outlined in the project document. The project documents states that UNDP stabilization interventions vis-à-vis FFIS should facilitate the following output:

"The Iraqi Government is supported to address the immediate stabilization and recovery needs in newly accessible areas which allow for the sustainable return of IDPs."

- Livelihoods interventions are measuring the following indicators to assess project outputs:
 - Number of job opportunities for individuals, including women and youth, created in liberated areas and number of rehabilitated sites/buildings/public infrastructure
 - Number of small business grants, including women-owned businesses, are awarded in liberated areas of target provinces.
- Community reconciliation interventions are measuring the following indicators to assess project outputs:
 - Number of local facilitators trained in conflict resolution, community dialogue, and best practices on community restorative processes;
 - Number of structured dialogues within and between communities at risk of violence conducted.

The ICRRP has a longer term focus while FFIS has a short term focus. ICRRP will also look at sustainability of actions.

Beyond measuring project outputs and indicators stated in the results frameworks of projects implemented by partners, monitoring reporting should provide insights into the following:

- Are the projects targeting returnees and vulnerable groups?
- Is the project support the restoration of public service? How was the selection of the activity site?
- For small grants to businesses, how was the selection process done and the payment modalities for beneficiaries of the small business grants?
- For livelihoods, who were the beneficiaries of the cash for work projects? How were they selected and did they receive their payments on time? To what extent have the cash for work activities improved lives of the targeted group?
- For community reconciliation, who are the participants? Are they representative of the communities experiencing social tensions? Is there substantive participation of target groups during the dialogues?
- Are the projects ensuring a do no harm approach?
- To what extent the project address gender mainstreaming/equality matters?
- Any recommendations to UNDP in order to improve monitoring standards

4. Methodology

Livelihoods and community reconciliation activities will require distinct approaches. At a minimum, the monitoring activities will track beneficiaries, ensure the intended beneficiaries outlined in the project agreements are targeted, and provide regular feedback on the effects of the intervention. Monitoring will require site visits for livelihoods and social cohesion activities on a regular basis. A bi-monthly report to UNDP is required. Monitoring will predominantly provide or validate quantitative data (number of beneficiaries, demographic profile, gender, etc.) for both activity sets, but also qualitative observations through interviews with implementing partners and a sample of beneficiaries will need to be factored into the reporting. Collect and submit evidence to substantiate the observations at the project sites (e.g., photos, GPS data, official documentations)

5. Key Documents

The following documents will be provided by UNDP:

- Project document
- Project quarterly reports
- List of project lists
- Site visit reports
- RPA of implementing partners with results framework/work plans
- UNDP Handbook on Planning, Monitoring and Evaluating for Results

6. Key Tasks

Work with the project staff and other stakeholders to do the following:

- Design the monitoring plan, developing the planning matrix for monitoring
- Plan, design, and coordinate the data collection process

- Identify stakeholders who are associated with the program to be interviewed, such as the direct beneficiaries, implementing partners, key local government representatives, and other service providers
- Develop composition of survey team and hire monitors
- Select activities and locales to be monitored and collect data
- Develop criteria for data collection
- Prepare checklists and other tools for data collection
- Assign and deploy monitors to project sites
- Collect data on bi-weekly/monthly basis as agreed upon by monitoring team and project staff. Data collection will include site visits, surveys, and interviews with beneficiaries, implementing partners, and other stakeholders
- Prepare and submit field visit reports to UNDP
- Prepare consolidated quarterly reports to UNDP based on data collected from field visit reports

7. Output

Produce quarterly monitoring report to UNDP in accordance with agreed upon monitoring plan.
Prepare and submit site visit report

8. Monitoring Firm Selection Criteria

UNDP is seeking a monitoring firm to cover the project lifespan through June 2017 (with possibility of extension). The monitoring firm will be selected on the basis of relevant experience in crisis countries, previous monitoring experience in Iraq is desirable. A minimum of five years of project monitoring and/or evaluation at the outcome and output level is preferred. Ability to monitor and collect data in liberated areas of Iraq, notably key sites in Ninewah, Anbar, Salah al-Din, and Diyala are essential.

9. Implementation Arrangements

The company will produce a monitoring plan on quarterly basis and submit to UNDP focal point for review and approval. It will be the responsibility of the monitoring firm to cover all costs related to data collection, travel, and other costs related to travel and accommodation at project sites. UNDP cannot provide any logistical support to the company.

UNDP will work closely with monitoring team to provide program details required for monitoring on quarterly basis. Further, UNDP and the monitoring team will agree upon the monitoring framework and data collection criteria.

10. List of areas for monitoring

Here below is the tentative list of locations, though this may change. Some areas are included which are currently under ISIL control but UNDP activities will only start once areas are liberated. Also, some limited livelihoods activities in Baghdad or Kirkuk may need to be monitored.
