

## REQUEST FOR QUOTATION

## Procurement of Medium Scale Machineries

(RFQ - GLED/2016/06)

The United Nations Development Programme in Sri Lanka invites eligible National and or international manufacturers, authorized dealers and or distributors to submit quotations for the following on an *urgent basis*.

Lot #	Description of Goods	Quantity	Delivery Location
1	Machineries for Rice Mill	1 set	Batticaloa
	a) Huller for Rice processing		
	b) Polisher for Rice processing		
	c) De stoner for Rice processing		
	d) Grader		
	e) Separator		
	f) Bag sewing machine		
	g) Scale -Electric		
2	Disk Mill	2 Units	Batticaloa
3	Paddy Mill	2 Units	Batticaloa

The Specifications and solicitation bid documents can be downloaded free of charge from 09th May – 30th May 2016 from [www.lk.undp.org](http://www.lk.undp.org) > Operations > Procurement. Any supplier who submits a quotation without conforming to the bidding documents will be considered as technically noncompliant and the offer will be rejected. No partial quotation within a lot will be accepted. All quotations must be clearly marked with (RFQ - GLED/2016/06) on the top left corner of the envelope.

The deadline for the submission of the quotations is **30<sup>th</sup> May 2016, 2.00 pm** and all quotations must be sealed and delivered to the addresses below. All late offers will be rejected and returned to the bidder unopened.

### **Technical Specifications**

#### ***1. Specification for Machineries for Rice Mill***

#	Description of Goods	Quantity
a)	Huller for Rice processing	1
b)	Polisher for Rice processing	1
c)	De stoner for Rice processing	1
d)	Grader	1
e)	Separator	1
f)	Bag sewing machine	1
g)	Scale -Electric	1

#### ***a) Specifications for Huller for Rice processing (Medium Scale machine)***

Item	Minimum Specifications
Type	Rubber roller
Hulling capacity	900 kg /hr
Motor	7.5 hp
Operating voltage/frequency	420V, 50 Hz
After sales services	Required, Pls specify if conditions apply
Warranty	1 year

#### ***b) Specifications for Polisher for Rice processing (Medium Scale machine)***

Item	Minimum Specifications
Capacity	800 kg/hr
Type	Cylinder , iron roller
Motor	15 Hp
Operating voltage/frequency	420 V, 50 Hz
Phase	Three phase
After sales services	Required, Pls specify if conditions apply
Warranty	1 year

*c) Specifications for De stoner for Rice processing (Medium Scale machine)*

Item	Minimum Specifications
Capacity	500 kg/h
Type	Oscillating
Motor	2 Hp
Operating voltage/frequency	420 V, 50 Hz
Phase	Three phase
After sales services	Required, Pls specify if conditions apply
Warranty	1 year

*d) Specifications for Grader for Rice processing (Medium Scale machine)*

Item	Minimum Specifications
Capacity	800kg /h
Type	Gravity
Motor	Manufacture specific
Operating voltage/frequency	230 V
Phase	Three phase
After sales services	Required, Pls specify if conditions apply
Warranty	1 year

*e) Specifications for Separator for Rice processing (Medium Scale machine)*

Item	Minimum Specifications
Capacity	800kg /h
Type	Gravity
Motor	Manufacturer specific
Operating voltage/frequency	230 V
Phase	Three phase
After sales services	Required, Pls specify if conditions apply
Warranty	1 year

*f) Specifications for bag sewing machine*

Item	Minimum Specifications
Capacity	150 bag/hr
Type	Portable/triple thread
Motor	Manufacturer specific
Operating voltage/frequency	230 V
Phase	Single
After sales services	Required, Pls specify if conditions apply
Warranty	1 year

**g) Specifications for Scale -Electric:**

Digital weighing bench scales

Electronic precision balance, Red LED display, rechargeable

Item	Minimum Specifications
Capacity	150kg
Accuracy	Up to 5g
Pan size	400*500mm
Power supply	AC:220V DC:4V

**2. Specification for Disk Mill**

Item	Minimum Specifications
Power	Single Phase Motor Driven – 220V
Output Capacity	50 Kg per hour or more
Disk Type	Workable for wet and dry form of Grains

**3. Specification for Paddy Mill**

Item	Minimum Specifications
Power	Single Phase Motor Driven – 220V
Output Capacity	Minimum 200 Kg per hour
The unit needs to be adequate to undertake whole rice milling; hulling, polishing and de-stoning in an integrated system. Compact designed to install in a smaller space.	

**Terms and Conditions:**

- Local supplier must be an authorized agent, reseller/distributor of the brands/models on offer and must show proof of such original authorization.
- Supplier must be a reputable agent, reseller/distributor with a minimum of 5 years in commercial operation.
- Awarded bidder must deliver and install equipment at identified location and obtain delivery note as well as acceptance of equipment in acceptable working order. No payments will be released until such documentation has been received.
- All test certificates/country of origin/catalogues/brochures/technical literature/minimum international standards must be included in the quotation.
- All warranties on parts, labour and material must be clearly indicated.
- Delivery period of equipment must be indicated (Minimum requirement: within one month of the purchase order). Ex-stock availability of equipment will be an added advantage and will be factored in to the evaluation.
- Partial biddings within the lot will not be accepted.
- Penalty charges and or cancellation of PO's will result for those bidders who have been awarded contracts and cannot deliver as per terms/conditions of Purchase Order.
- Payment Terms: Full/partial payment upon satisfactory completion of installation and commissioning.
- All quoted prices should be valid for 120 days from bid closing date.
- Provide list of client references within the last one year with contact details. UNDP will carry out client reference checking as part of the evaluation process.
