PROGRAMME:

Lebanese Host Communities Support Programme Support to Integrated Service Supporting Host Communities Provision at the Local Level

PROJECT NAME:

RENOVATION OF SOUK MARAASH

<u>LEGEND:</u>

NOTES:

1. Building facades along SOUK MARAASH that shall be painted are drawn in yellow and extend along their corners into streets that are intersecting SOUK MARAASH. The limit of this extension into intersecting streets is defined in yellow (lengthwise) in this drawing and those limits are supposed to be the end of walls or balconies. 2. Balconies are green hatched, and painting works is supposed to cover its walls, ceilings, parapets (both sides) and steel balustrades. 3. All wooden (mostly louvered) or steel windows and balcony doors and Ground Floor shops doors (hinged or rolling shutters) shall be painted as per BOQ painting item description. 4. Numbers of floors indicated for each plot are those above the Ground Floor Level.

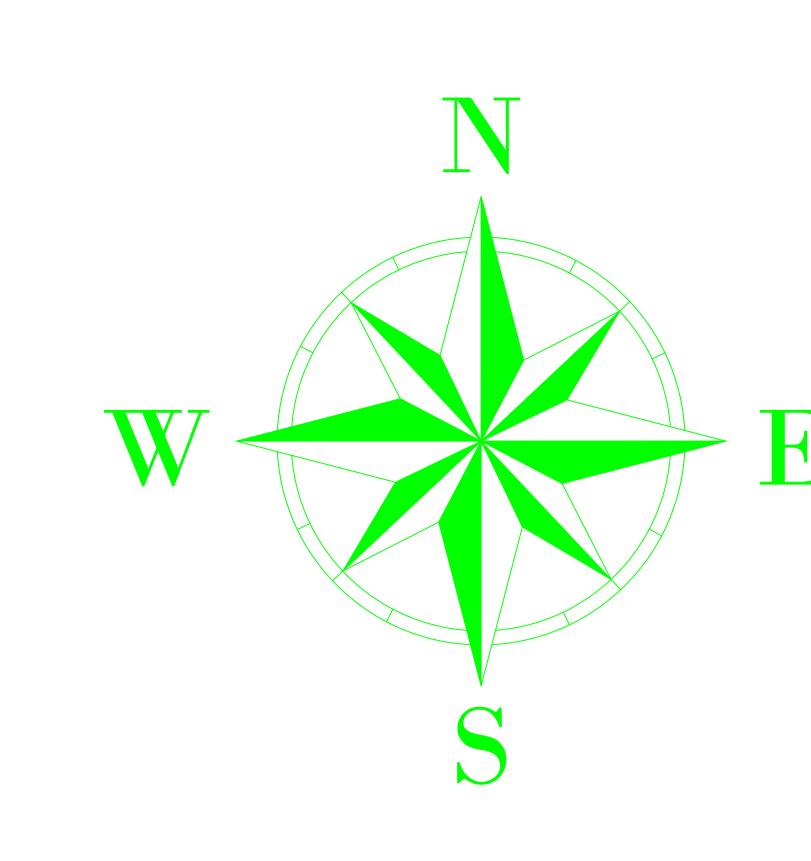

5. Length x Height dimensions recorded are for visible top side walls of higher buildings next to lower buildings. These walls will be painted and are measured in the BOQ painting item quantity. Dimensions are indicative only and must be verified by the Contractor.
