Goods offered shall be reviewed based on completeness and compliance of the quotation with the minimum specifications described above and any other annexes providing details of UNDP requirements.

The quotation that complies with all of the specifications, requirements and offers the lowest price, as well as all other evaluation criteria indicated, shall be selected. Any offer that does not meet the requirements shall be rejected.

Any discrepancy between the unit price and the total price (obtained by multiplying the unit price and quantity) shall be re-computed by UNDP. The unit price shall prevail and the total price shall be corrected. If the supplier does not accept the final price based on UNDP's re-computation and correction of errors, its quotation will be rejected.

After UNDP has identified the lowest price offer, UNDP reserves the right to award the contract based only on the prices of the goods in the event that the transportation cost (freight and insurance) is found to be higher than UNDP's own estimated cost if sourced from its own freight forwarder and insurance provider.

At any time during the validity of the quotation, no price variation due to escalation, inflation, fluctuation in exchange rates, or any other market factors shall be accepted by UNDP after it has received the quotation. At the time of award of Contract or Purchase Order, UNDP reserves the right to vary (increase or decrease) the quantity of services and/or goods, by up to a maximum twenty five per cent (25%) of the total offer, without any change in the unit price or other terms and conditions.

Any Purchase Order that will be issued as a result of this RFQ shall be subject to the General Terms and Conditions attached hereto. The mere act of submission of a quotation implies that the vendor accepts without question the General Terms and Conditions of UNDP herein attached as Annex 3.

UNDP is not bound to accept any quotation, nor award a contract/Purchase Order, nor be responsible for any costs associated with a Supplier's preparation and submission of a quotation, regardless of the outcome or the manner of conducting the selection process.

Please be advised that UNDP's vendor protest procedure is intended to afford an opportunity to appeal for persons or firms not awarded a purchase order or contract in a competitive procurement process. In the event that you believe you have not been fairly treated, you can find detailed information about vendor protest procedures in the following link: <http://www.undp.org/procurement/protest.shtml>.

UNDP encourages every prospective Vendor to avoid and prevent conflicts of interest, by disclosing to UNDP if you, or any of your affiliates or personnel, were involved in the preparation of the requirements, design, specifications, cost estimates, and other information used in this RFQ.

UNDP implements a zero tolerance on fraud and other proscribed practices, and is committed to identifying and addressing all such acts and practices against UNDP, as well as third parties involved in UNDP activities. UNDP expects its suppliers to adhere to the UN Supplier Code of Conduct found in this link :http://www.un.org/depts/ptd/pdf/conduct_english.pdf

Thank you and we look forward to receiving your quotation.

Sincerely yours,

TERMS OF REFERENCE

Provision of TOYOTA Camry Hybrid to Support the Implementation of Badan Restorasi Gambut (BRG)

A. BACKGROUND

The BRG is mandated to restore 2 million hectares of degraded peatland by 2020, but no decision on where and how has been made yet. The President has appointed one Agency Head, four Deputies and one Secretary to lead the agency and its undertakings. In addition, both a government appointed Steering Committee and an Expert Committee guides the work of the Agency. Provincial work units will coordinate the implementation of activities at the local level. Gradually the state budget will provide necessary funding, but to allow the Agency a head start, the government has invited partners to provide assistance. The Government has pledged to address the underlying problems immediately. As the peatland fires are a recurring seasonal event, it is paramount that preventive measures are put in place quickly, to avoid in the fall of 2016 a repeat of the 2015 fire season. Expert panel group has important role to provide technical inputs to BRG strategic plan, basic policies, and peat mapping as well as peat restoration related activities.

Based on earlier agreement with the head of BRG and UNDP, it was decided to purchase 1 unit of Camry Hybrid to support the implementation of BRG. The unit will be handed over to Head of BRG.
