

UNITED NATIONS DEVELOPMENT PROGRAMME

CLARIFICATION #2

REFERENCE: 11546 RSC 2017 – *Programme Management  
and Communications Support Consultancy*

Date: October 25, 2017

---

The following inquiries have been received in relation to the above-mentioned process:

Question #1: Regarding the qualification requirements as per TORs described in Evaluation Matrix - Annex 4:

- *A Bachelor's degree in Economics, Development, Environment Science or other related fields  
(max 5 points)*

What exactly is Development? Engineering? Other related area?

Answer to question #1: Development is a field of study belonging to Social Sciences, not related to Engineering.

As with other related fields of study, examples of them may be Business, Management, International Development, International Relations, Engineering, Political Science, etc.

End of clarification.
