Research on the economic return to investment in education and technical vocational education and training (TVET) for national skill set development and entrepreneur development in Cambodia

Questions	Answers
In TOR, it seems that UNDP requires an international team leader. Can a Cambodian be a team leader?	As this is not a mandatory requirement, the Offeror have option to propose national or international key staffs for this assignment.
We think that the timeframe is too short, especially for economic analysis and field research. It should be much longer, so we would propose a longer overall timeframe (i.e. From July 2018-Feb 2019) . Would this proposed timeframe be ok for UNDP?	The Offeror can propose the timeframe in the proposal and this shall be discussed after the conclusion of the process
