

BBRFQ78381 – Provision and Installation of 3kW Solar PV System

| No. | Question | Response |
|-----|--|---|
| 1. | Should we include these (taxes) in our quotation, or is UNDP exempted from these? | All local taxes that may be incurred should be included in the cost proposal. |
| 2. | What Type of roof, or surface are the Solar Panels to be installed on? Could you send some pictures? | The system is for a greenhouse and will need to be ground mounted. We will have a stand built once we have an idea of the dimensions of the panels. |
| 3. | A manual transfer switch is to be provided by UNDP as it is part of site preparation, or should we include in our quotation? | If it is required for the system it should be included in the quotation. UNDP will not be providing any auxiliary components. |
| 4. | As it relates to the attached file, Annex 2 - Breakdown of Costs - Supporting The All-inclusive Financial Proposal - Item A, should we include costs for everything or just the ones we know/have? We are not sure we understand all the items (in A). | Please disregard the template that was included with the notice as this was provided in error. Kindly submit a full quotation for all components inclusive of shipping and other applicable charges under company letter head guided by the requirements in the <u>Request for Quotation table on pages 1 and 2 of the tender document and by the TOR in Annex 1.</u> |

****NB.** Vendors will need to quote for the items that are outlined in the solicitation document.
