

**INSTITUTIONAL PROCUREMENT NOTICE**  
**Request for Quotations**

**Description:** Supply, Installation, Testing, Commissioning, verification of savings, and warranty of light emitting diode (LED) lights at various health institutions in Jamaica  
**Project Title:** Deployment of Renewable Energy and Improvement of Energy Efficiency in the Public Sector  
**Country:** Jamaica

**Pre-bid Conference:**

Date : November 4, 2019 10:00 AM at Bellevue Hospital

Date : November 5, 2019, 9 :30 AM at National Chest Hospital

Date November 5, 2019, 1 :00 PM at Sir John Golding Hospital

**Note: Interested bidders must register prior to attending the Pre-bid conference. Failure to register will result in persons being unable to participate in the pre-bid conference.**

**Register by sending an e-mail to:** [procurement.jamaica@undp.org](mailto:procurement.jamaica@undp.org)

**Deadline for Submission of Proposals:** Monday, November 18, 2019 (please observe time stated in the e-Tendering system)

**Background**

The Petroleum Corporation of Jamaica (PCJ) has commissioned and finalized investment grade energy audits (IGA) for the facilities at six hospitals. The objective of each IGA was to identify, analyze, and propose a series of energy conservation measures (ECM) tailor-made for each hospital to reduce their energy consumption and replace their aging equipment. Amongst the proposed retrofits, replacement of inefficient lamps with high-quality, long-lasting and energy-efficient LEDs was recommended for all hospitals.

UNDP, as part of their “*Deployment of Renewable Energy and Improvement of Energy Efficiency in the Public Sector Project*” has decided to support PCJ by procuring and financing the implementation of LED lighting in the facilities of three (3) of the six hospitals: Bellevue, National Chest, and Sir John Hospitals.

Overall, the objectives of the procurement process are:

1. Replace the old lighting system in three (3) hospitals named above with new LED lamps;
2. Save costs through reduced energy consumption, and
3. Demonstrate the implementation of a guaranteed savings model for energy efficiency projects.

**Summary of Services:**

Supply, Installation, Testing, Commissioning, verification of savings, and warranty of light emitting diode (LED) lights at various health institutions in Jamaica
