## SECTION 5. TERMS OF REFERENCE

---

### TERMS OF REFERENCE

Duration:	November 2019 - February 2020
Contract Type:	Professional Services Contract
Title of Consultancy:	Sub-National Governance Mapping in Kachin State
Reporting Line:	Chief Technical Advisor, Local Governance
Duty Station:	Home based, with travels to Yangon, Nay Pyi Taw, and Kachin State with travel to other locations if required.

#### 1) GENERAL BACKGROUND

##### Overall Context

Myanmar is in transition, with numerous reforms underway to strengthen the democratization process. The 2008 Constitution provides basic principles of democracy, rule of law and human rights, and the separation of powers. There is a strong commitment of the Government of Myanmar to further roll out and implement a complex reform agenda at multiple levels including and with a specific emphasis at the local and sub national level. Kachin state government faces several challenges in regard to Internally Displaced Persons (IDPs) and how it can provide basic public services at the IDPs place of origin, resettlement or relocation areas. This assignment will contribute to innovative solutions at the local level regarding the return, relocation or resettlement of the Kachin IDPs.

To contribute to an enhanced basis for policy dialogue, and to support decision making, planning and engagement for national stakeholders and development partners, UNDP will conduct an analysis of the current situation or ‘state’ of Sub-national Governance in Kachin state building on a similar the Local governance mapping exercise that was conducted in 2014.

##### Specific Context for this Assignment

The purpose of the mapping exercise is to better understand the specific governance dynamics in Kachin state at both state and township level, from both the supply and demand side perspective, i.e., from the institutional and people’s perspectives. The mapping will identify the opportunities and challenges that exist in the area of sub-national governance, in order to contribute to policy discussions at the state level and in relation to local governance in an informed manner. It is expected that this mapping exercise will build on the momentum of reforms and contribute to a further consolidation of the democratic transition process in Kachin state.

The Local Governance Mapping exercise will therefore provide different stakeholders with the necessary data and information to make better informed decisions, produce better informed policies and better plans for improved service delivery and democratic governance at the local level. The people of Myanmar (including the poor and most vulnerable) will provide much of the content as part of the mapping exercise and it will provide them with an opportunity to express their perceptions of how local governance institutions carry out their mandates in the provision of public service delivery across a range of contextual aspects of Kachin State. Additionally, it will provide UNDP and other International Development Partners with relevant baseline data to improve programming and inform indicator development and progress monitoring. The outcome of this mapping exercise will be used as a basis to design UNDPs (and other development partners) future work on local governance and other programmatic areas in Kachin state.

## **2) OBJECTIVES OF THE ASSIGNMENT**

The objective of the assignment is to implement a Local Governance Mapping exercise in Kachin state building on the nationwide mapping UNDP conducted in collaboration with General Administrations Department (GAD) in 2013/14. The methodology will be similar as in 2013 (see Annex A).
