

**ITB- 250/19: Supply and Installation of Medical Equipment in 15 PHCCs in Ninawa Plain, Ninawa Governorate, Iraq.**

Clarification to Bidder's Responses		
S. No	Question	Answer
1	Regarding to ITB_250_19, You have mentioned in your BOQ brands and model names, are other brands with same or higher specification are accepted or not?	Brands provided in the subject ITB are preferred brands, but you can quote for the higher specifications subject to availability of consumables of those brands in the local market.
2	<p>Could there be a joint venture arrangement between two branches of the same company? If the two branches are named differently but are under the same ownership?</p> <p>If the tendering account is under one branch of the same company would it be possible to apply from the other branch as if it is the same company?</p>	Regarding joint venture, please refer to Section 2" Instructions to Bidders" clause 14 in the ITB.
3	<p>The UNDP/ GPU Health Unit published last week a RFQ with almost identical items, which covers most of the items in these two ITBS 250/ 19 and 253/ 19.</p> <p>Would you please elaborate on the background of these ITBs?</p> <p>As the LTA holder, we would usually submit our bid to the GPU Health.</p>	To address the urgent needs of health equipment and ensure timely delivery, CO has launched multiple ITBs through competitive bidding process outside the scope of UNDP global LTAs.
4	<p>We are currently preparing a bid for the above tender and would please appreciate your clarification on quantities required.</p> <p>There appear to be some discrepancies between the quantity of items listed on the BOQ and the Distribution of Equipment spreadsheets, which are as per below:</p>	We have corrected the error in specified quantities as indicated in your below email. Addendum # 1 is issued with revised BOQ which is posted on the UNDP e-tendering portal. You can work on your bid with revised quantities as follows;
