1. BACKGROUND

When it comes to trafficking in persons and smuggling of migrants, FIA is the lead agency and plays a central role in efforts to combat it. For a comprehensive response, a broad range of information about trafficking victims and traffickers is required. The purpose is to continue with and build up policy and programmatic responses, as well as to evaluate anti-trafficking and smuggling interventions. The consultant will support Immigration wing of the Federal Investigation Agency in the collection, management and, ultimately, the analysis of this very important data on trafficking in persons and smuggling of migrants

This assignment is envisaged as a starting and upgrading point for data collection and information management in Pakistan from both the trafficked/smuggled and trafficker/smuggler's perspective. The intention is not merely to have standardized data collection. Rather it is a step in supporting the process of data collection and analysis on trafficking in persons and smuggling of migrants within the Pakistan. The incumbent hired for the assignment will be based at the Federal Investigation Agency.

2. MAIN OBJECTIVES OF THE ASSIGNMENT.

The overall objective of the assignment is to contribute to improved quality and reliability of data related to trafficking in persons and smuggling of migrants in the areas of prevention, protection and prosecution. More specifically:

1. To support the development of common criteria to collect data and information, in consultation with all relevant stakeholders, on 1) trafficked persons and smuggled migrants and 2) data related to alleged/convicted trafficker and smugglers and 3) investigations and prosecutions undertaken as part of the criminal justice process;

2. To develop data collection indicators/variables to collect victim-centred and trafficking-centred data and concrete tools for the collection, management and analysis of the two sets of indicators/variables;
3. To build FIA internal capacity in efficient data collection and data analysis on trafficking in persons and smuggling of migrants;

3. SCOPE OF WORK, RESPONSIBILITIES AND DESCRIPTION OF THE PROPOSED ANALYTICAL WORK

Scope of work:

To this end, the assignment will involve the development of two distinct data collection systems to assist FIA in their anti-trafficking and anti-smuggling data collection work. Significantly, the two sets of indicators/variables are not operational tools – for example, for case management or investigations – but rather for collecting, managing and analyzing information at a national level, information which, when shared, can help to guide programmatic and policy responses.

Set of indicators/variables for trafficked or smuggled person: The users of this set of indicators/variables will collect data about trafficked and smuggled persons. The objective is to support the development of prevention and protection efforts. The type of information to be collected is specifically about trafficked and smuggled persons (those who have been detected/“flagged”, and thus who are presumed to be trafficking victims and those who have been identified/assisted) – personal backgrounds, recruitment, transportation/movement, trafficking exploitation and exit from trafficking. The type of information collected is essentially that which can be helpful in prevention work and the protection and assistance.

Trafficker and smuggler centered sets of indicators/variables: The users of the trafficker and smuggler-centered, criminal justice set of indicators/variables will collect information about both alleged and convicted perpetrators of the crimes of human trafficking and migrants smuggling and track their cases through the full legal and judicial process. This is intended as a tool for developing profiles of traffickers and smugglers and tracking, monitoring and evaluating the investigation and prosecution of cases. The type of information being collected is that which can clarify who is involved in the crimes, their role in this process, and the work of legal and judicial actors in the area of investigation and prosecution.

To develop one holistic tool with all indicators, so if a case is first reported to the police or any other first responder, they have victim indicators and the perpetrator indicators at first stage, collected information under those indicators should shed light on the issue in the areas of prevention, protection and prosecution, the victim-centered data set is intended to support the development of victim-centered prevention and protection efforts.

The data set is intended to better understand the activities of traffickers and the legal/judicial efforts. There is victim-center data which may be of relevance and importance for legal, criminal justice actors; equally, there is trafficker/smuggler-centered data which is of relevance for assistance programmes and policies. Ideally the users of the two sets of indicators/variables will work together and share information and findings from their respective data sets, albeit with careful attention to legal, ethical and security issues.

Description of the tasks:

Under the supervision of UNODC's programme Officer, human trafficking and migrant smuggling, the consultant will:

1. Develop set of indicators/variables as defined in scope of work
2. Gather the data and statistics on the developed variables/indicators
3. Manage and compile data to keep track of all trafficking and irregular migration cases from all provinces
4. Attend meetings when required and represent UNODC
5. Develop quarterly newsletters with graphs and figures which clearly illustrate emerging trends and patterns and get it approved from relevant authorities for printing and distribution

9. Follow-up with FIA management on nominations related to trainings and workshops

Accordingly, nothing within or relating to the Contract shall establish the relationship of employer and employee, or of principal and agent, between UNDP and the Individual contractor. The officials, representatives, employees or subcontractors of UNDP and of the Individual contractor, if any, shall not be considered in any respect as being the employees or agents of the other, and UNDP and the Individual contractor shall be solely responsible for all claims arising out of or relating to its engagement of such persons or entities.

2. **STANDARDS OF CONDUCT:** In General: The Individual contractor shall neither seek nor accept instructions from any authority external to UNDP in connection with the performance of its obligations under the Contract. Should any authority external to UNDP seek to impose any instructions on the Contract regarding the Individual contractor’s performance under the Contract, the Individual contractor shall promptly notify UNDP and shall provide all reasonable assistance required by UNDP. The Individual contractor shall not take any action in respect of its performance of the Contract or otherwise related to its obligations under the Contract that may adversely affect the interests of UNDP, and the Individual contractor shall perform its obligations under the Contract with the fullest regard to the interests of UNDP. The Individual contractor warrants that it has not and shall not offer any direct or indirect benefit arising from or related to the performance of the Contract or the award thereof to any representative, official, employee or other agent of UNDP. The Individual contractor shall comply with all laws, ordinances, rules and regulations bearing upon the performance of its obligations under the Contract. The Individual contractor acknowledges and agrees that any breach of any of the provisions hereof shall constitute a breach of an essential term of the Contract, and, in addition to any other legal rights or remedies available to any person, shall give rise to grounds for termination of the Contract. In addition, nothing herein

shall limit the right of UNDP to refer any alleged breach of the foregoing standards of conduct to the relevant national authorities for appropriate legal action.

3. TITLE RIGHTS, COPYRIGHTS, PATENTS AND OTHER PROPRIETARY RIGHTS: Title to any equipment and supplies that may be furnished by UNDP to the Individual contractor for the performance of any obligations under the Contract shall rest with UNDP, and any such equipment shall be returned to UNDP at the conclusion of the Contract or when no longer needed by the Individual contractor. The Recipient shall not be precluded from disclosing Information that is obtained by the Recipient from a third party without restriction, is disclosed by the Discloser to a third party without any obligation of confidentiality, is previously known by the Recipient, or at any time is developed by the Recipient completely independently of any disclosures hereunder. These obligations and restrictions of confidentiality shall be effective during the term of the Contract, including any extension thereof, and, unless otherwise provided in the Contract, shall remain effective following any termination of the Contract.

The terms or conditions of any supplemental undertakings, licences or other forms of Contract concerning any goods or services to be provided under the Contract shall not be valid and enforceable against UNDP nor in any way shall constitute an Contract by UNDP thereto, unless any such undertakings, licences or other forms of Contract are the subject of a valid written undertaking by UNDP. No modification or change in the Contract shall be valid and enforceable against

UNDP unless provided by means of a valid written amendment to the Contract signed by the Individual contractor and an authorized official or appropriate contracting authority of UNDP.

7. **SUBCONTRACTORS:** In the event that the Individual contractor requires the services of subcontractors to perform any obligations under the Contract, the Individual contractor shall obtain the prior written approval of UNDP for any such subcontractors. UNDP may, in its sole discretion, reject any proposed subcontractor or require such subcontractor's removal without having to give any justification therefore, and such rejection shall not entitle the Individual contractor to claim any delays in the performance, or to assert any excuses for the non-performance, of any of its obligations under the Contract. 10. **INSURANCE:** The Individual contractor shall pay UNDP promptly for all loss, destruction or damage to the property of UNDP caused by the Individual contractor, or of any subcontractor, or anyone directly or indirectly employed by them in the performance of the Contract. The Individual contractor shall be solely responsible for taking out and for maintaining adequate insurance required to meet any of its obligations under the Contract, as well as for arranging, at the Individual contractor's sole expense, such life, health and other forms of insurance as the Individual contractor may consider to be appropriate to cover the period during which the Individual contractor provides services under the Contract. The Individual contractor acknowledges and agrees that none of the insurance arrangements the Individual contractor may make shall, in any way, be construed to limit the Individual contractor's liability arising under or relating to the Contract.

11. **ENCUMBRANCES AND LIENS:** The Individual contractor shall not cause or permit any lien, attachment or other encumbrance by any person to be placed on file or to remain on file in any public office or on file with UNDP against any monies due to the Individual contractor or to become due for any work done or against any goods supplied or materials furnished under the Contract, or by reason of any other claim or demand against the Individual contractor.

The Individual contractor shall also notify UNDP of any other changes in conditions or the occurrence of any event, which interferes or threatens to interfere with its performance of the Contract. Not more than fifteen (15) days following the provision of such notice of *force majeure* or other changes in conditions or occurrence, the Individual contractor shall also submit a statement to UNDP of estimated expenditures that will likely be incurred for the duration of the change in conditions or the event. On receipt of the notice or notices required hereunder, UNDP shall take such action as it considers, in its sole discretion, to be appropriate or necessary in the circumstances, including the granting to the Individual contractor of a reasonable extension of time in which to perform any obligations under the Contract.

The period of notice shall be five (5) days in the case of Contracts for a total period of less than two (2) months and fourteen (14) days in the case of contracts for a longer period. The initiation of conciliation or arbitral proceedings, as provided below, shall not be deemed to be a "cause" for or otherwise to be in itself a termination of the Contract. In the event of any termination of the Contract, UNDP shall only be liable to pay the Individual contractor compensation on a pro rata basis for no more than the actual amount of work performed to the satisfaction of UNDP in accordance with the requirements of the Contract. Additional costs incurred by UNDP resulting from the termination of the Contract by the Individual contractor may be withheld from any amount otherwise due to the Individual contractor from UNDP..

UNDP shall be entitled to a refund from the Individual contractor for any amounts shown by such audits to have been paid by UNDP other than in accordance with the terms and conditions of the Contract.

The Individual contractor acknowledges and agrees that, from time to time, UNDP may conduct investigations relating to any aspect of the Contract or the award thereof, the obligations performed under the Contract, and the operations of the Individual contractor generally relating to performance of the Contract.
