TERMS OF REFERENCE

Review and Support Platform of the Joint SDG Fund on Catalyzing Strategic Investments (SDG Financing)

1. Background

The UN Joint SDG Fund (the Fund) supports countries as they accelerate their progress toward the Sustainable Development Goals (SDGs). The Fund operates through a series of Calls for the United Nations (UN) system that lead to the implementation of transformative Joint Programmes (JPs), under the leadership of Resident Coordinators (RCs). In doing so the Fund is committed to forge paths and partnerships that unlock public and private capital for the SDGs at scale.

The Fund is administratively hosted by the Multi-Partner Trust Fund Office (MPTFO), the UN center of expertise on pooled financing that supports development effectiveness and UN coherence with a current portfolio of over US\$8 billion and 120 funding mechanisms.

In December 2019 the Fund announced a Call for Proposals to operationalizes its “Terms of Reference” under the theme of SDG Financing, namely (for a total envelope of US\$100 million) to:

- **Reinforce the SDG financing architecture (Component 1 of the call):** The Fund will support the development of financing strategies for SDG investment. This work will include the strengthening the capacities of the national and sub-national SDG financing architecture and the production of SDG-aligned financing strategies.
- **Catalyze strategic investments (Component 2 of the call):** The Fund will support UN Country Teams in investing in key initiatives that leverage public and private financing in order to advance the SDGs. These initiatives will provide a demonstration of concept and will be scalable both in country and elsewhere.

This RFP focuses on two core tasks around the operationalization of Component 2 of the call (Catalyzing Strategic Investments): assessment of the proposals (concept notes) received via the Call, and support to a smaller group of selected UNCTs to strengthen their submissions. The details, including examples, of what constitute the content of the call should inform the response to this RFP ([link to the Call](#)). Background information on the Fund operations manual and ToR can be downloaded [here](#).

Services are required to perform the following tasks and functions:

1. Organize in March/April 2020 an independent assessment of proposals (concept notes) from UN Country Teams in response to the Component 2 of the Call on SDG Financing ([link to call text](#)). The scope of the assessment consists of a desk-based review and assessment of relevant documentation and submitted templates containing a limited number of questions based on the scoring Criteria included in the template. Each proposal should be evaluated by minimum 3 experts. **The number of proposals will be known by March 15, 2020 with an expectation of 40-50 proposals.** The Company will be responsible to procure/manage the reviewers, including the identification of pro-bono and paid Consultant(s) selected by the Company according to the submitted methodology.² The Company will be responsible to deliver an assessment of all proposals with enough detail as to

² The group of experts reviewing the proposal is expected to be a mix of seconded UN staff (to be provided/selected by the Secretariat), paid consultants/staff of the Company and/or pro-bono experts.

allow the [Secretariat] to make a recommendation on proposal selection to the Operational Steering Committee of the Fund.

2. Provide remote technical assistance to qualified proposals selected from the assessment process described above from April 2020 till the end of the 2020. The scope of activities includes: 1. Support in the selection of partners and experts for the preparation of joint programme documents³ at country level, including technical direction; 2. Quality assurance to be provided over the country-led process (e.g. review of documents provided by locally hired consultants, preparation of ToRs) and 3. Coaching and mentoring (remote) of UN staff and partners at the country level. The Fund expects a pipeline of 7 to 12 joint programme documents. The Company will also be responsible to organize a second and final evaluation round over the joint programme documents submitted in October 2020 to allow the [Secretariat] to make a recommendation on final funding decisions to the Operational Steering Committee.
3. Support the Secretariat in the collection, organization and processing of data, information and knowledge on the above through the year.
4. Based on the experience of the first call and the above provisions, to provide the Secretariat options for developing a future-forward Strategy for the Fund on financing the SDGs in the form of a technical white paper by November 2020.

The operational structure envisioned for this arrangement consists of a Client Relations and Quality Assurance liaison at a senior management level appointed by the service provider that will be Responsible along with the Fund's Secretariat for service provision and provide timely and quality assured services related to the above. This role will interact directly with the Investment Advisor of the Fund under the overall leadership of the Head of the Secretariat. All staff of the Fund are based in New York, USA.

2. Timing and Schedules

Services are required throughout 2020, as outlined below. The Fund will provide notice of any changes. The following schedules are to be respected:

1. Independent assessment of Concept Notes – April 2020
2. Provision of (remote) technical assistance for the development of Joint Programmes – from April 2020 to October 2020
3. Independent assessment of the final Joint Programmes submitted in October 2020
4. Technical (concise) white paper - November 2020

The service provider will plan accordingly and ensure resources are available to meet the needs as required. The service provider is responsible to organize evidence and supporting documents (all electronic) in the Fund's OneDrive storage.

3. Duration of the Work

For the successful offeror, the contract shall enter into force on the date of the last signature by the representatives of the Parties and shall remain in force for a period of one year and may be extended by mutual agreement of the Parties.

³ A Joint Programme is a set of activities contained in a joint work plan and budgetary framework, involving two or more UN organizations and (sub-) national governmental partners, intended to achieve results aligned with national priorities. The work plan and budgetary framework form part of a Joint Programme Document, which details roles and responsibilities of partners in coordinating and managing the joint activities. While the arrangement is only between UN organizations, government entities, civil society organizations and the private sector can be engaged as implementing partners. [Link to source.](#)
