Terms of Reference for Key Expert on Individual and Institutional Capacity Building (KE3) Within the Scope of Strengthening the Civilian Oversight of Internal Security Forces Phase III Project (aka CO III)

1 Background

The Project for the Civilian Oversight of Internal Security Sector Phase I, which was implemented jointly by Ministry of Interior (MoI) and UNDP in 2007-2010, aimed to raise the awareness of the MoI about the concept of civilian oversight. The 1st Phase also assessed the gaps vis-à-vis EU standards in MoI and developed the concept of “local governance of ISFs”. The 2nd Phase of the Project was implemented in 2012-2014 and designed to expand and institutionalise the introduced approaches and piloted structures of 1st Phase.

Second Phase was implemented from the perspective of improving (1) the capacity of MoI staff and provincial-sub provincial administrators to exercise oversight of policing and the homogeneity of the laws regulating the internal security forces; (2) the coherence of oversight arrangements that govern interactions between, on the one hand, the civilian administrators at provincial levels, sub provincial levels and, on the other hand, the Police and the Gendarmerie and Coast Guards; and, (3) the temporary coordination and consultation mechanisms by the Governors and District Governors so that the current oversight systems can expand rights and freedoms enjoyed by citizens.

The two phases of the Project have identified the main requirements for an effective and human centred civilian oversight mechanism over the internal security sector. Building on the recommendations and results of the former phases, the 3rd Phase of the Project at hand is designed to deepen Phase I and II results in terms of organisational changes and put pilot local boards into practice in most provinces of Turkey. This new Phase will also support the Government in establishing the best model for ISF and its effective functioning under MoI in line with international principles and best practices in the EU. This new Phase is also in conformity with the priorities of the Accession Partnership and EU/Commission policies by supporting the ongoing work of Turkey. Assessment of various progress reports of the European Commission along with the policy endeavours of Turkey to address gaps in the civilian oversight and the outputs of the partnership of Turkey jointly achieved with UNDP and the Delegation of the European Union to Turkey (EUD) are the basis of the Project. The Project (CO III) is accepted under the 2014 Action Document for Fundamental Rights Sub-Field prepared by the Directorate for EU Affairs (DEUA) Department of Political Affairs under the Ministry of Foreign Affairs as the Lead Institution. The target groups are the Ministry of Interior, including provincial administrations and internal security forces and the Grand National Assembly of Turkey. The MoI General Directorate for Provincial Administrations is the main beneficiary of the Project, whereas the UNDP will provide technical assistance to the MoI for efficient and effective implementation of the Project. The Project is composed of 4 components:

**Component A - Legislative and Institutional Framework:** This component aims to improve, the training curriculum, strategies and the basic legislative and regulatory framework governing the Police, Gendarmerie and Coast Guard as well as the Local Security System in the light of civilian/democratic oversight and accountability principles. It is also planned that the performance evaluation system of MoI over ISFs will be strengthened through the Project.

**Component B - Parliamentary Oversight:** This component aims to develop a strategy to systematically oversee the work of ISFs through the work of relevant Commissions of the Grand National Assembly of Turkey.

**Component C - Scaling Up of the Pilot Security Governance Structures:** This component aims to scale up the pilot security governance structures nationwide and support their effective functioning through capacity development and technical assistance.
Component D - Individual and Institutional Capacity Building: This component aims to build institutional and individual capacities of the Governors, District Governors and citizens to enhance the understanding and internalisation of citizen-focused security services.

With a view to implement the project activities in an effective and efficient way and achieve the expected results of the Project, composed of a Chief Technical Advisor (CTA) and 2 (two) Key Experts; a Technical Assistance Team (TAT) will be established within the scope of the Project. The CTA holds the overall responsibility for development of the project results whereas the key experts will mainly be responsible for component-based activities. A Project Manager, a Project Associate and a Project Assistant will also be mobilized within the scope of the Project for delivery of project outputs in a timely and effective manner.

2 Objective(s) of the Assignment

Overall objective of this assignment is to perform as the Key Expert (KE3) of the Technical Assistance Team of the Strengthening the Civilian Oversight of Internal Security Forces Phase III Project and contribute to the effective delivery of the project outputs at the highest potential quality in a timely manner. KE3 will be working under the coordination of CTA and providing technical expertise for the achievement of the results under Component D (Individual and Institutional Capacity Building) of the Project. S/he will provide technical inputs, guidance and support for conduct of all Component D activities, coordinate work of related short-term experts, act in collaboration and continuous communication with project partners, TAT and UNDP. KE3 is also expected to provide technical inputs to the other activities of the Project through injecting lessons learned to other components and vice versa.

3 Duties and Responsibilities
