1. BACKGROUND

Project Description:

In Asia and the Pacific, UNDP is increasingly requested to provide support services to governments and private sector on developing transparent and accountable solutions that contribute to sustainable development in the region. These services are part of UNDP’s Bangkok Regional Hub’s signature solutions on good governance and partnerships with the private sector to achieve the Sustainable Development Goals.

In 2018, BRH has launched a regional project on “Promoting a fair business environment in ASEAN” (2018-2021) targeting 6 countries: Indonesia, Malaysia, Myanmar, the Philippines, Thailand and Viet Nam. The multi-year regional project- Promoting a fair business environment in ASEAN is carried out by UNDP in cooperation with the British government and aims to promote fair, transparent and predictable business environments by working with both governments and the private sector in a collaborative manner.

UNDP supports governments in building open and transparent public procurement systems that ensure effective service delivery, promote an enabling environment for businesses, maximize the use of domestic resources for development and contribute to the achievement of the SDGs at
country level. In addition we support governments in aligning with their obligations under article 9 of the United Nations Convention Against Corruption on Public Procurement And Management of Public Finances. UNDP’s approach to transparent and open government contracting focuses on strengthening the national ecosystem of actors in which:

- Government capacities on open procurement and corruption risks management are developed.
- Citizens’ participation mechanisms exist to monitor and report red flags throughout the procurement cycle.
- Oversight institutions (audit institutions or anti-corruption bodies) have strong prevention function and capacities to identify red flags and ensure the integrity of government contracts.
- The private sector upholds high standards of integrity and responsible business practices throughout their engagement in the public procurement cycle.
- Government contracts adhere to sustainable procurement practices that can also benefit under-represented and vulnerable groups.
