

Bid Bulletin No. 1
Supply and Delivery of 2 Way Radio (RFQ-015-PHL-2020)

Dear All,

Please be informed of the following responses to the clarification:

	Clarifications	UNDP's reply
1	NTC License, from experience this process vary per country. We strongly recommend that this part is administered directly between the local UNDP office and the licensing authority in the Philippines, which makes it far easier to manage	UNDP is not the end-user. Please provide a quote for the license.
2	There are no radios in the 134-174Mhz available in the market, as they all start from 136Mhz. will these be accepted	Acceptable.
3	Is a radio programming kit needed with the radios	Brochure/manual is acceptable.

Please be guided accordingly.

Thank you.
